Dear Applicant:

The Secretary invites applications for new awards for fiscal year (FY) 2011 under the Research Fellowships program (84.133F), also known as the Mary E. Switzer Fellowship authorized under the Rehabilitation Act of 1973, as amended, to carry out either research or development activities. Prior to completing the grant application, please review the Federal Register Notice included in this application package.

Only individuals are eligible for this competition. Institutes of Higher Education (IHE) or other entities cannot submit to this competition for the individual either by Grants.gov (electronically) or by paper. No IHE or institutes should sign these forms; the individual must sign all the forms.

NIDRR is interested in attracting applications for Switzer Research Fellowships from qualified individuals, including those with disabilities, that reflect the breadth of NIDRR's research agenda across the domains of Employment, Health and Function, Community Living and Participation, Technology for Access and Function, and Disability Statistics.

For the Switzer Research Fellowship program there is a restriction on the number of pages. Applicants must include all of their material for the project narrative within 24 double-spaced pages. This page limit does not include the forms, abstract, bibliography, eligibility statement, resume/curriculum vitae, and letters of recommendation/support or information on the protection of human subjects.

The program narrative must address the selection criteria included in this application packet (Section C). To facilitate the peer review process, you should address the criteria in the order presented. Each proposal **must include a one-page abstract**. The abstract is a critical component of the proposal, and it should highlight the purpose, target population to be served during the project period, planned goals and objectives, innovative strategies and research methods to be utilized, project outcomes, and dissemination. The proposal must also include a table of contents, eligibility statement, curriculum vitae, letters of recommendation, and information on human subjects protection (if applicable). No budget is required. You must attach any narrative sections of your application as files in a PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

Your electronic application must comply with any page-limit requirements described in this notice.

APPLICATION PROCEDURES

This application package contains information and the required forms for potential applicants to apply and be considered for a FY 2011 grant award under this competition, including the published Federal Register notice dated **December 27, 2010**.

Potential applicants are advised to read the materials carefully, particularly the information on how to prepare an application, the protection of human subjects, the format and addresses for submitting, and the selection criteria (Section C) used by the reviewers to evaluate each application.

Potential applicants who are non-U.S. residents or who receive certain federal and state benefits are cautioned that acceptance of a Switzer Research Fellowship may adversely affect their immigration or non-immigrant visa status or their eligibility for services such as In-Home Supportive Services under Supplemental Security Income Section 1619. This has occurred in the past because Switzer Research Fellowships are awarded directly to individuals and not to host institutions, and can affect determinations of employment and income status.

You **must** submit your application electronically through the Grants.gov system. www.grants.gov. **See** Section B, Notice Inviting Applications and Section D, Application Transmittal Instructions.

NOTE: You will be uploading sections of your application by heading. There is a heading for: (1) table of contents; (2) project abstract; (3) project narrative; (4) eligibility statement; (5) other – resume/curriculum vitae (6) other - letters of recommendation/support; (7) other. There is a file-size limitation to each section and you may only upload one document under each heading, which means that multiple letters of recommendation/support must be combined into one document before being uploaded.

Electronic copies must be fully uploaded on the Grants.gov site by 4:30:00 pm, Washington DC time on the closing date, **February 25, 2011**. It may take up to several hours for this process. Please allow several hours or a full day to submit your application. If there is a submission error, time will be needed to correct the error and resubmit in paper or electronic format. **We encourage you to read Section D – Grants.gov Submission Procedures and Tips for Applicants**

I. Funding Opportunity Description

Purpose of Program: The purpose of the Research Fellowships Program is to build research capacity by providing support to enable highly qualified individuals, including those who are individuals with disabilities, to conduct research on the rehabilitation of individuals with disabilities.

NOTE: This program is in concert with NIDRR's currently approved long range plan (the Plan). The Plan is comprehensive and integrates many issues relating to disability and rehabilitation research topics. The Plan, which was published

in the Federal Register on February 15, 2006 (71 FR 8165), can be accessed on the Internet at the following site:

<http://www.ed.gov/about/offices/list/osers/nidrr/policy.html>.

Through the implementation of the Plan, NIDRR seeks to:

(1) improve the quality and utility of disability and rehabilitation research; (2) foster an exchange of expertise, information, and training to facilitate the advancement of knowledge and understanding of the unique needs of traditionally underserved populations; (3) determine the best strategies and programs to improve rehabilitation outcomes for underserved populations; (4) identify research gaps; (5) identify mechanisms of integrating research and practice; and (6) disseminate findings.

Priorities: This competition contains one absolute priority and one invitational priority.

Absolute Priority: For FY 2011, this priority is an absolute priority. In accordance with 34 CFR 75.105(b)(2)(ii), these priorities are from the regulations for this program (34 CFR 356.10). Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Research Fellowships Program

Fellows must conduct original research in an area authorized by section 204 of the Rehabilitation Act of 1973, as

Section 204 authorizes research demonstration projects, training, and related activities, the purpose of which are to develop methods, procedures, and rehabilitation technology that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency, of individuals with disabilities, especially individuals with the most significant disabilities, and to improve the effectiveness of services authorized under the Act.

Within this absolute priority, we are particularly interested in applications that address the following invitational priority.

Invitational Priority: Under 34 CFR 75.105(c)(1) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

2. Content and Form of Application Submission:

Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program.

Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the application narrative (Part III) to the equivalent of no more than 24 double-spaced pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other

font (including Times Roman or Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the Application for Federal Assistance; Part IV, the assurances and certifications; or the one-page abstract, the eligibility statement, the curriculum vitae, the bibliography, the letters of recommendation, or the information on the protection of human subjects. However, the page limit does apply to all of the application narrative section (Part III).

We will reject your application if you exceed the page limit or if you apply other standards and exceed the equivalent of the page limit.

3. Submission Dates and Times:

6 Applications Available: December 27, 2010.

Deadline for Transmittal of Applications: February 25, 2011.

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV. 7. Other Submission Requirements of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under For Further Information Contact in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. Intergovernmental Review: This program is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. Funding Restrictions: Applicants are not required to submit a budget with their proposal. The Merit Fellowships and Distinguished Fellowships awards are one Full Time Equivalent (FTE) awards. The Fellow must work principally on the fellowship during the term of the fellowship award. We define one FTE as equal to 40 hours per week. No Fellow is allowed to be a direct recipient of Federal government grant funds in addition to those provided by the Merit or Distinguished Fellowship grant (during the duration of the Fellowship award performance period). Fellows may, subject to compliance with their institution's policy on additional employment, work on a Federal grant that has been awarded to the Fellow's institution.

We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and Central Contractor Registry: To do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the Central Contractor Registry (CCR), the Government's primary registrant database;

c. Provide your DUNS number on your application; and

d. Maintain an active CRR registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one business day.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The CCR registration process may take five or more business days to complete. If you are currently registered with the CCR, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see www.grants.gov/section910/Grants.govRegistrationBrochure.pdf).

7. Other Submission Requirements: Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Research Fellowships Program--CFDA Number 84.133F-1 must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then

upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for Research Fellowships Program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.133, not 84.133F).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application

deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program [competition] to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at <http://www.G5.gov>.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must attach any narrative sections of your application as files in a .PDF (Portable Document) format only. If you upload a file type other than a .PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the

Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues

with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with

the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before

the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Marlene Spencer, U.S. Department of Education, 400 Maryland Avenue, SW., room 5133, PCP, Washington, DC 20202-2700. FAX: (202) 245-7643.

V. Application Review Information

1. Selection Criteria: The selection criteria for this program are from 34 CFR 356.30 through 356.32 and are listed in the application package.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d) (3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Additional factors we consider in selecting an application for an award are as follows:

The Secretary is interested in outcomes-oriented research projects that use rigorous scientific methodologies. To address

this interest applicants are encouraged to articulate goals, objectives, and expected outcomes for the proposed research activities. Proposals should describe how results and planned outputs are expected to contribute to advances in knowledge or improvements in policy and practice. Applicants should propose projects that are optimally designed to be consistent with these goals. Submission of the information identified under this paragraph is not required by law or regulation, but is desired.

3. Special Conditions: Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the

application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: To evaluate the overall success of its research program, NIDRR assesses the quality of its

funded projects through review of grantee performance and products. Each year, NIDRR examines a portion of its grantees to determine the extent to which grantees are conducting high-quality research and related activities that lead to high quality products. Performance measures for the Research Fellowships program include--

- The percentage of NIDRR-supported fellows, post-doctoral trainees, and doctoral students who publish results of NIDRR-sponsored research in refereed journals;

- The percentage of grantee research and development that has appropriate study design, meets rigorous standards of scientific and/or engineering methods, and builds on and contributes to knowledge in the field; and

- The number of publications per award based on NIDRR-funded research and development activities in refereed journals.

NIDRR evaluates the overall success of individual research and development grants through a review of grantee performance and products. NIDRR uses information submitted by grantees as part of their final performance report for these reviews.

Approved final performance report guidelines require grantees to submit information regarding research methods, results, outputs, and outcomes.

SECTION C
SELECTION CRITERIA
RESEARCH FELLOWSHIP PROGRAM

The Secretary evaluates applications for Fellowships according to the following criteria in 34 CFR 356.30.

(a) Quality and level of formal education (worth 15 points), previous work experience (worth 20 points), and recommendations of present or former supervisors or colleagues that include an indication of the applicant's ability to work creatively in scientific research (worth 15 points); and:

(b) The quality of a research proposal of no more than 24 double spaced pages containing the following information: (1) The importance of the problem to be investigated to the purpose of the Rehabilitation Act and the mission of the National Institute on Disability and Rehabilitation Research (NIDRR) (worth 10 points). (2) The research hypotheses or related objectives and the methodology and design to be followed (worth 30 points). (3) Assurance of the availability of any necessary data resources, equipment, or institutional support, including technical consultation and support where appropriate, required to carry out the proposed activity (worth 10 points).

The application should include all required forms, an abstract, a project narrative, an eligibility statement, a curriculum vitae, letters of recommendation, and information on the protection of human subjects (See Section F: "What should be included in the application" for details.)

Any letters of recommendation received separately from the application will not be forwarded to the reviewers. If the applicant proposes to use unique tests or other measurement instruments that are not widely known in the field, it would be helpful to include the instrument in the application.

Many applications contain voluminous appendices that are not helpful and in many cases cannot even be mailed to the reviewers. It is generally not helpful to include such things as brochures, general capability statements of collaborating organizations, maps, copies of publications, or descriptions of other projects completed by the applicant.

SECTION D

Protection of Human Subjects

Protection of Human Subjects

Research activities involving human subjects supported by awards under these programs are subject to Department of Education Regulations for the Protection of Human Subjects.

If you are applying on Grants.gov there is a separate place to include exempt and non-exempt narratives.

Applicants answering "Yes" to item 3 on form ED Supplemental to the SF 424 on Grants.gov or item 13 on form ED 424 whose research activities are nonexempt must complete the seven-point narrative on protection of human subjects. Additionally, seven point narratives are required for each participating partner if research is being conducted at other sites.

Copies of the Department of Education regulations for the Protection of Human Subjects are available from the Grants Policy and Oversight Staff (GPOS), Office of the Chief Financial Officer, Washington, D.C., telephone: (202) 245-6154 and on the Protection of Human Subjects in research Web site at:

<http://www.ed.gov/about/offices/list/ocfo/humansub.html>

YOU DO NOT NEED AN ASSURANCE OR IRB APPROVAL AS A CONDITION OF APPLYING FOR THIS AWARD.

SECTION E
GRANTS.GOV SUBMISSION PROCEDURES
AND TIPS FOR APPLICANTS

IMPORTANT – PLEASE READ FIRST
U.S. Department of Education
Grants.gov Submission Procedures and Tips for Applicants - 2011

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 8.1.2). Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov. We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Applicants will no longer need to use the PureEdge software to create or submit an application. If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

11. **REGISTER EARLY** – Grants.gov registration may take five or more business days to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. For detailed information on the Registration Steps, please go to: http://www.grants.gov/applicants/get_registered.jsp. [Note: Your organization will need to update its Central Contractor Registry (CCR) registration annually.]
12. **SUBMIT EARLY** – **We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when your organization registered with the CCR (Central Contractor Registry).

13. **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov and the Department of Education receive your Grants.gov submission timely and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/applicants/applicant_faqs.jsp#54. For more detailed information on why an application may be rejected, you can review Application Error Tips

<http://www.grants.gov/section910/ApplicationErrorTips.pdf>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/contactus/contactus.jsp>, or use the customer support available on the Web site: http://www.grants.gov/applicants/applicant_help.jsp.

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide on your application the DUNS number that was used when your organization registered with the CCR.**

Please go to http://www.grants.gov/applicants/applicant_help.jsp for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov http://www.grants.gov/help/submit_application_faqs.jsp.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the FAQs for non-windows user at the following Grants.gov link: http://www.grants.gov/help/download_software.jsp. **IfError! Hyperlink reference not valid. electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

6. Ensure that you only attach the Education approved file types detailed in the Federal Register application notice (.doc, .pdf or .rtf). Also, do not upload any password protected files to your application.
7. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
8. When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend you keep your file names to less than 50 characters. In addition, applicants should avoid including special characters in their file names (for example, %, *, /, etc.) Both of these conditions (lengthy file names and/or special characters including in the file names) could result in difficulties opening and processing a submitted application.
9. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

SECTION F

Frequently Asked Questions and Points to Remember in Application Preparation

Frequently Asked Questions

1. CAN I GET AN EXTENSION OF THE DUE DATE?

In the case of most competitions the answer is no. On rare occasions the Department of Education may extend a closing date for all applicants. If that occurs, a notice of the revised due date is published in the Federal Register, this extension applies to all applications for a given competition. There are no extensions or exceptions to the due date made for individual applicants. Additionally, there are provisions for extension for Grants.gov, per the guidance included in the application package.

2. WHAT TOPICAL AREAS SHOULD APPLICATIONS FOCUS ON AND WHAT SHOULD BE INCLUDED IN THE APPLICATION?

NIDRR is interested in attracting applications for Switzer Research Fellowships from qualified individuals, including those who are individuals with disabilities, that reflect the breadth of NIDRR's research agenda across the domains of Employment, Health and Function, Community Living and Participation, Technology for Access and Function, and Disability Statistics.

The application should contain all required forms included in this package: a table of contents, project abstract, a project narrative, an eligibility statement, a resume/curriculum vitae, letters of recommendation/support, and information on the protection of human subjects (if applicable). The abstract should highlight the purpose, target population to be served during the project period, planned goals and objectives, research methods to be utilized, project outcomes, and dissemination. The eligibility statement should identify whether the applicant is applying for the Merit or Distinguished Fellowship and describe the applicant's qualifications for either the Merit or Distinguished Fellowship. It is helpful to highlight evidence of the applicant's training and experience regarding any specialized research methods or data analytic techniques relevant to the proposed study. The curriculum vitae should include, but need not be limited to, information that is specifically pertinent to this proposed project and research experience. If the applicant proposes to use unique tests or other measurement instruments that are not widely known in the field, it would be helpful to include the instrument in the application. Many applications contain voluminous appendices that are not helpful and in many cases cannot even be mailed to the reviewers. It is generally not helpful to include such things as brochures, general capability statements of collaborating organizations, maps, copies of publications, or descriptions of other projects completed by the applicant.

3. WHAT FORMAT SHOULD BE USED FOR THE APPLICATION?

NIDRR generally advises applicants to organize the application to follow the selection criteria that will be used. The project narrative should address the specific selection criteria for the competition. The specific review criteria vary according to the specific programs and are contained in this application package. Additionally, applicants should provide clearly stated goals, hypotheses or research questions, expected outcomes, and public benefit of the research or

development project. The application should be organized to provide a thorough description of the methods and target population(s) and supported by evidence of need for the project, as identified in the relevant literature; citations are useful and may strengthen the proposal. Specific information on the format can be found in the application format section of this application package.

4. THE PAPER APPLICATION FORM CALLS FOR A D-U-N-S NUMBER AND THE ELECTRONIC APPLICATION FORM CALLS FOR AN EMPLOYER IDENTIFICATION NUMBER. HOW DO I RESPOND?

For this grant program, please provide your social security number in lieu of a D-U-N-S number and in lieu of an employer identification number (EIN).

5. ARE THERE PAGE LIMITS TO MY APPLICATION?

For the Switzer Research Fellowship program there is a restriction on the number of pages. Applicants must include all of their material for the project narrative within 24 double-spaced pages. This page limit does not include the forms, abstract, bibliography, eligibility statement, resume/curriculum vitae, and letters of recommendation/support or information on the protection of human subjects.

6. DO I NEED AN ABSTRACT AND WHAT SHOULD IT INCLUDE?

Yes. The abstract is used by both the peer reviewers and the program staff in the review and processing of the application. The ONE-PAGE abstract should be a comprehensive description of the project (all years), not a description of the competency of the institution or project director. It is not an executive summary. The abstract should highlight the purpose, target population to be served during the project period, planned goals and objectives, research methods to be utilized, project outcomes, and dissemination. It can be single or double-spaced. If applying through Grants.gov, upload this document under Abstract attachment.

7. CAN INDIVIDUALS APPLY FOR GRANTS?

The Switzer Research Fellowship program (84.133F) is the only NIDRR funding program that is available only to individuals. Note that for Research Fellowships, the applicant is the legal name, the project director and the authorized representative on all forms. No IHE or institutions should sign these forms. The individual must sign all of the forms. The individual will be disqualified if an institution applies or signs the forms for the application.

Potential applicants who are non-U.S. residents or who receive certain federal and state benefits are cautioned that acceptance of a Switzer Research Fellowship may adversely affect their immigration or non-immigrant visa status or their eligibility for services such as In-Home Supportive Services under Supplemental Security Income Section 1619. This has occurred in the past because Switzer Research Fellowships are awarded directly to individuals and not to host institutions, which can affect determinations of employment and income status.

8. CAN NIDRR STAFF ADVISE ME WHETHER MY PROJECT IS OF INTEREST TO NIDRR OR LIKELY TO BE FUNDED?

No. NIDRR staff can only advise you of the requirements of the program in which you propose to submit your application. However, staff cannot advise you of whether your subject area or proposed approach is likely to receive approval.

9. HOW DO I ENSURE THAT MY APPLICATION WILL BE REVIEWED UNDER THE CORRECT COMPETITION?

Applicants should be sure that their applications are referred to the correct competition by clearly including the competition title and CFDA number, including alphabetical code, on the Standard Form 424, and include a project title that describes the project, based on the competition.

10. WHAT START DATE SHOULD I USE ON MY APPLICATION?

For the purpose of estimating a project start date, the applicant should estimate approximately six to seven months from the closing date, preferably no later than October 1.

11. HOW SOON AFTER SUBMITTING MY APPLICATION CAN I FIND OUT IF IT WILL BE FUNDED?

The time from closing date to grant award date varies from program to program. Generally speaking, NIDRR endeavors to have awards made within six to seven months of the closing date. Unsuccessful applicants generally will be notified within that time frame as well. When NIDRR is able to release information on the status of grant applications, it will notify applicants by letter. The results of the peer review cannot be released except through this formal notification. This information is **not** posted on the NIDRR homepage or the Grants.gov website.

12. WILL ALL APPROVED APPLICATIONS BE FUNDED?

No. Peer review panels can result in more applications being determined to be worthy of consideration for funding than available resources allow. Unsuccessful applicants are encouraged to consider resubmitting applications in future competitions. Funded applications will be notified in the manner described in #11.

13. WHAT DO I NEED TO DO ABOUT HUMAN SUBJECTS PROTECTION IN MY RESEARCH?

If you are planning research involving human subjects at any time during the project period, you check "Yes" in the Human Subjects section of the 424 form. If you checked "Yes," you need to indicate whether the research is exempt or not exempt from the protection of human subjects requirements of EDGAR part 97 and if you have an IRB number. You will need to fill out the human subjects narrative for each site where the research is being conducted. The program and the Department's human subjects staff review the applicant's response against the application itself to determine its accuracy. They contact you for additional information or clarification, if

needed. More information can be found in the instructions for the SF 424 form and in this application package in the Human Subjects section.

14. SHOULD I SUBMIT MY APPLICATION VIA Grants.gov?

The Federal Government is moving towards mandatory electronic submission for its grant applications. The Notice Inviting Applications (NIA) provides information on how to submit via Grants.gov and the application package includes helpful tips. The NIA will also identify if paper submission is allowed. If you do submit by paper, include a disk copy of your application. **We strongly suggest:** (1) Read the Grants.gov instructions carefully; (2) **Do not wait** to set up your account because it can take five or more days to register; (3) Review the form sections before sending the application to ensure that all information has been uploaded correctly and completely; and (4) Submit early; electronic applications must be uploaded on Grants.gov by 4:30:00 pm, Washington, D.C. time on the closing date and processed by Grants.gov successfully. Please allow several hours or a full day for this process; if there is a submission error, time will be needed to correct the error and resubmit to meet the deadline. Applications received/logged in after 4:30:00 pm (Washington, D.C. time) will not be reviewed.

15. MAY I ENGAGE IN ADDITIONAL WORK DURING MY GRANT PERFORMANCE PERIOD IF I AM AWARDED A RESEARCH FELLOWSHIP?

Fellows have been allowed to dedicate additional hours (beyond their 1FTE commitment to the Fellowship) to other work during their Fellowship grant performance period if this is in keeping with the guidelines offered by their home institutions. In other words, NIDRR defers to the guidelines of the Fellows' home institutions regarding the admissibility of work in excess of the 1 FTE dedicated to the Fellowship. NIDRR strongly suggests that any additional hours be limited to .25FTE (or 10 hours per week), but requires that additional hours be limited to .5FTE (or 20 hours per week). The Fellow cannot receive support through any other Federal Government grants during the term of the fellowship award.

POINTS TO REMEMBER IN APPLICATION PREPARATION

RELEVANT TO PROGRAM

1. CFDA Number: In the title block on the 424 form, please note the appropriate CFDA 84.133F.
2. Budget: No budget is required for this program.
3. Organize your narrative in accordance with the selection criterion in SECTION C of this package. Address all criteria. Include a table of contents in your application in order to highlight where the selection criteria can be found in the application. If applying through Grants.gov use the Project Narrative Attachments form to attach your narrative.
4. Page number limitations: There is a strict page limit. The narrative (Part III) must be limited to 24 pages, double-spaced. The page limit does not apply to the cover sheet, the assurances and certifications, the one-page abstract, the eligibility statement, the curriculum vitae, the bibliography, the letters of recommendation, or the information on the protection of human subjects.
5. The applicant is the legal name, project director and the authorized representative on all forms. No IHE or institutions should sign these forms. The individual must sign all of the forms. You will be disqualified if an institution other than yourself applies or signs the forms for the application.
6. Letters of recommendation/support: Letters should be addressed to the applicant. All letters must be included in the application package and not sent separately to NIDRR. The letters of recommendation should attest to the candidate's ability to work creatively in scientific research. This might include (but not necessarily be limited to) the applicant's ability to conduct the quality and level of research that is proposed and the applicant's ability to complete the research independently with access to the proper resources. For electronic submission attach letters under the Other Attachment.
7. Research Methods: Applicants should clearly state the proposed research hypotheses and/or research questions and should adequately describe the proposed research methodologies and data analysis plan.
8. Project Period: The project period for this grant program is one year (12 months).
9. Grant Funds: Fellows are strongly encouraged to draw down grant funds in comparably sized monthly installments. NIDRR staff cannot provide tax advice. Please be clear in your recruitment strategies for underserved populations including students with disabilities.

CLOSING DATE/TRANSMITTAL OF APPLICATION

10. Paper applications must be postmarked by the closing date if a waiver was granted of **February 25, 2011, if submitting in paper**. Follow the transmittal instructions for submitting in paper or electronically. Please include an electronic copy (disk) with your application, if submitting by paper.
11. Electronic copies must be uploaded on Grants.gov by 4:30:00 pm, Washington DC time on the closing date and then processed by Grants.gov successfully. For additional information on electronic submission procedures, see the section B. Do not send a copy of your application by email directly to the Department. To submit electronically, your application must be submitted electronically via Grants.gov. See procedures for registering as an individual. If you are having difficulties with Grants.gov in the afternoon of the closing date, please print and mail an original and two copies to the paper submittal address.

FORMS

SF 424 (USE SAME FORM FOR PAPER OR ELECTRONIC APPLICATIONS)

12. Legal Name: Provide your own legal name in Block #8. **Please note** the CFDA. 84.133, will automatically populate on Block #11 of the SF 424. Do not include any institutional information in any of the blocks.
13. SSN/EIN: Provide your SSN in lieu of the EIN.
14. Project Director: Project director information is on the ED supplemental form in Block #1. Provide your name as the person to contact, as the project director and as the authorized representative.
15. Novice applicant. Leave Block #2 on the ED Supplemental blank. This item does not apply to NIDRR programs.
16. Block #18: Enter the total amount requested as follows: \$65,000 for Merit Fellowships or \$75,000 for Distinguished Fellowships.
17. EO 12372: Mark Block #19, the EO 12372 as b. no and not covered.
18. Human Subjects: Block #3 on the ED Supplemental. You must include a separate narrative for each site where the research is being conducted. If you check “no”, please include a paragraph addressing why it is not required. Provide in a letter from an institution if IRB is being provided.

ABSTRACT/NARRATIVE/APPENDICES

19. Abstract: The ONE-PAGE abstract should be a comprehensive description of the project, not an executive summary. It should highlight the purpose, target population to be served during the project period, planned goals and objectives, research methods to be utilized, project

outcomes, and dissemination. It can be single or double-spaced. If applying through Grants.gov use the ED Abstract form to attach your abstract.

20. Number all pages to make it easier for the reader to refer to a page number if comments are given (including the appendices).
21. Eligibility Statement: Applicants are asked to submit a brief eligibility statement identifying whether you are applying for the Merit or Distinguished Fellowship and describing your qualifications for either the Merit or Distinguished Fellowship. It is helpful to highlight evidence of the applicant's training and experience regarding any specialized research methods or data analytic techniques relevant to the proposed study. This statement can be included in the appendices, preceding the curriculum vitae. This statement is not included in the 24 page limit. If applying through Grants.gov attach this statement under the Other Narrative Attachments form. You will be disqualified if an institution other than yourself applies or signs the forms for the application.
22. Curriculum Vitae or Resume: A curriculum vitae must be included. If applying through Grants.gov attach the vitae under the Other-Resume/Curriculum Vitae Attachments form.

GRANTS.GOV

23. We strongly suggest that applicants: (1) read the instructions carefully; (2) don't wait until close to the due date to set up your account as it can take five or more days to register; (3) review the application before sending the final version to ensure that all information has been uploaded correctly and completely; and (4) submit early.
24. Electronic applications must be uploaded on Grants.gov and validated by Grants.gov by 4:30:00 pm, Washington, D.C. time on the closing date. For additional information on electronic submission procedures, see the transmittal section of the Notice Inviting Applications.
25. The application information will be uploaded in three areas: ED Abstract Form; Program Narrative Attachment Form; and Other Narrative Attachment Form. The ED Abstract Form is to be used for the abstract. The Program Narrative Attachment Form is to be used for the application narrative, which addresses the selection criteria. This section must be limited to 24-pages, doubled spaced. (Pages dedicated to the bibliography are not included in the page limit.). The Other Narrative Attachment is to be used for the eligibility statement, curriculum vitae, letters of recommendation, and any other appendices.

MISCELLANEOUS INFORMATION AND REMINDERS

26. Rehabilitation Act: To find information on the Rehab Act of 1973, as amended, as well as other NIDRR policy & legislation, go to:
<http://www.ed.gov/about/offices/list/osers/nidrr/policy.html> or
<http://www.ed.gov/policy/speced/reg/narrative.html?exp=0>

27. Help in Preparing Applications. NIDRR staff may not participate in the actual writing of an application. NIDRR staff may provide general program information to applicants and may respond to specific questions about application requirements, evaluation criteria, and announced priorities. Applicants should understand that such previous contact is not required, nor does it guarantee the success of an application.
28. Possibility Of Learning The Outcome Of Review Panels Prior To Official Notification. Every year NIDRR is contacted by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions; some need to notify a partner, etc. Regardless of the reason, NIDRR cannot share information about the review with anyone until the Assistant Secretary has approved a slate of projects recommended for funding. You will be notified as quickly as possible either by telephone followed by a letter (if your application is recommended for funding), or through a letter (if your application is not successful).
29. Return of Non-Funded Applications. We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be mailed to all applicants.
30. Eligible Applicants. **Distinguished Fellowships** are awarded to individuals with a doctorate, other terminal degree, or comparable academic qualifications who have seven or more years of research experience in subject areas, methods or techniques directly relevant to rehabilitation research. **Merit Fellowships** are awarded to individuals with advanced professional training or research experience in independent study in appropriate areas which are directly pertinent to disability and rehabilitation, but who are in earlier stages of their research career, with less than the required seven years' experience, or who do not have a doctorate.
31. If you are looking to see what we have funded or are currently funding, we have an on-line program directory at www.naric.com. Once there - click on "NIDRR". Under "grantee resources" click on "search for other research projects". This will connect you to the program directory. Click on "search all fields" and then type in your topic. By clicking on a grant number you will find information on who has the grant, how to contact them, and a brief description of their project. The Fellowship projects will start with H133F. Instead of "search all fields" you can select "search by project type", i.e., Research Fellowship.
32. Reporting Requirements. Successful fellowship applicants are required to submit a final performance report, 90 days after the end of the project period. For NIDRR, the Final Performance Report is submitted electronically via a web-based system. This system is maintained by a contractor and grantees are notified after receiving an award with the appropriate URL and personal password to access the system. The contractor will also send a letter to the successful grantees informing them when and how to submit their final performance report. The final report will demonstrate and document the progress in meeting approved project objectives and the success in addressing the performance measures outlined

in the Notice Inviting Applications. Grantees must also provide the most current performance measure data for the project.

INSTRUCTIONS FOR DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424

1. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

2. Novice Applicant. Check “Yes” or “No” only if assistance is being requested under a program that gives special consideration to novice applicants. Otherwise, **leave blank.**

Check “Yes” if you meet the requirements for novice applicants specified in the regulations in 34 CFR 75.225 and included on the attached page entitled “Definitions for Department of Education Supplemental Information for SF 424.” By checking “Yes” the applicant certifies that it meets these novice applicant requirements. Check “No” if you do not meet the requirements for novice applicants.

3. Human Subjects Research. (See I. A. “Definitions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

3a. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check “Yes” if all the research activities proposed are designated to be exempt from the regulations. Insert the exemption number(s) corresponding to one or more of the six exemption categories listed in I. B. “Exemptions.” In addition, follow the instructions in II. A. “Exempt Research Narrative” in the attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”

3a. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check “No” if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. “Nonexempt Research Narrative” in the page entitled “Definitions for Department of Education Supplemental Information For SF 424

3a. Human Subjects Assurance Number. If the applicant has an approved Federal Wide (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. If the applicant does not have an approved assurance on file with OHRP, enter “None.” In this case, the applicant, by signature on the SF-424, is declaring that it will comply

with 34 CFR 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.

Definitions:

Novice Applicant (See 34 CFR 75.225). For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” *(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of *exemptions* are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]
- (3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.
- (4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.
- (5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.
- (6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects

and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked “Yes” for item 3 a. and designated exemption numbers(s), provide the “exempt research” narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked “No” for item 3 a. you must provide the “nonexempt research” narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

- (1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable
- (2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.
- (3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.
- (4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.
- (5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

- (6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.
- (7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, DC 20202-4250, telephone: (202) 245-6120, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site: <http://www.ed.gov/about/offices/list/ocfo/humansub.html>

NOTE: The **State Applicant Identifier** on the SF 424 is for State Use only. Please complete it on the OMB Standard 424 in the upper right corner of the form (if applicable).

SECTION C - BUDGET NARRATIVE
[Attach separate sheet(s)]

Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at:
<http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

4. Provide other explanations or comments you deem necessary.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and

other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in Braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.
- We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.
