OVW Technical Assistance Program (CFDA 16.526)

Overview

This solicitation contains information on how to apply for the Office on Violence Against Women (OVW) Technical Assistance Program. For general information on applying for all OVW grant programs, please see the OVW Fiscal Year 2010 Grant Program Solicitation Reference Guide (Reference Guide) at <http://www.ovw.usdoj.gov/grants-resource-guide.htm>. All applicants should read carefully both this solicitation and the Reference Guide before beginning the application process.

About the OVW Technical Assistance Program

Since 1995, OVW's Technical Assistance Program (TA Program) has provided OVW grantees with the training, expertise, and problem-solving strategies they need to meet the challenges of addressing domestic violence, sexual assault, dating violence, and stalking. OVW's technical assistance projects have offered educational opportunities, conferences, peer-to-peer consultations, site visits, and tailored assistance that has allowed OVW grantees and others to learn from experts and one another about how to effectively respond to crimes of violence against women.

In shaping its technical assistance program, OVW has actively solicited input from its grantees to ensure that efforts are responsive to the needs and concerns of local communities. As part of its commitment to continuous improvement, OVW seeks feedback on a regular basis from its grant recipients so that the technical assistance can be enhanced and refined as necessary to meet the needs of communities.

The primary purpose of the OVW TA Program is to provide direct assistance to grantees and subgrantees to enhance the success of local projects they are implementing with VAWA grant funds. In addition, OVW is focused on building the capacity of criminal justice and victim services organizations to respond effectively to sexual assault, domestic violence, dating violence, and stalking and to foster partnerships between organizations that have not traditionally worked together to address violence against women, such as faith- and community-based organizations.

Deadline: Letter of Intent

If you intend to apply for Fiscal Year (FY) 2010 funding under this program, we encourage you to submit a letter stating that you intend to apply for funding. **The letter will not obligate you to submit an application.** Please see http://www.ovw.usdoj.gov/docs/sample_letter_of_intent.pdf for a sample letter. The letter should be submitted to OVW by July 24, 2010. You may send the letter to: OVW.GrantProgram@usdoj.gov. OVW will use these letters to predict the number of peer review panels needed to review the applications. You **can** still submit an application for funding if you do not submit a Letter of Intent.

Eligibility

It is very important that you review this information carefully. Applications that are submitted by non-eligible entities will be screened out during an initial review process and omitted from further review.

OVW will accept applications from any nonprofit national, tribal, or statewide organization. Organizations must have the capacity to provide training and technical assistance on a national level.

OVW Technical Assistance Program – Specific Information

Types of Applicants

In FY 2010, OVW will accept applications for the OVW Technical Assistance Program from any nonprofit national, tribal, or statewide organization that can demonstrate the capacity to provide training and technical assistance on a national level. OVW will not accept applications from individuals. OVW will accept applications for new projects regardless of whether the organization has previously received funding under this program. Organizations currently funded through the OVW Technical Assistance Program must apply through this solicitation to

be eligible to receive continuation or supplemental funds for an existing project. Organizations with currently-funded TA projects whose project end date occurs before March 31, 2011 may apply to this solicitation for continuation or supplemental funding. Organizations with currently-funded TA projects whose project end date is after March 31, 2011 need not apply for continuation or supplemental funding at this time. However, these organizations may submit an application for a new project that addresses one or more of the targeted topic areas listed in this solicitation.

Availability of Funds

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

Award Period

Applicants should be aware that awards will be made as cooperative agreements, and OVW will play a substantial role in shaping and monitoring the project. The award period for these cooperative agreements will generally be 12, 24, or 36 months. Award periods for a small number of awards will be five years (see *Program Scope- Comprehensive Technical Assistance Initiatives* below). For 12, 24, or 36-month projects, **budgets must reflect 12, 24, or 36 months of project activity and the total “estimated funding” (block 15) on the SF-424 must reflect this amount.**

If a project is funded as a five-year project, it will initially receive 24 months of funding. Depending on the success of the first two years of the project, an organization will non-competitively apply for the remaining 36 months of funds in FY 2012. Therefore, for five year projects, **budgets must reflect 24 months of project activity and the total “estimated funding” (block 15) on the SF-424 must reflect this amount.**

Award Amounts

Applicants should carefully consider the resources needed to successfully implement the proposed project and present a realistic budget that accurately reflects project costs. OVW Technical Assistance Program funds for FY 2010 will be awarded based on the following guidelines:

- Twelve month projects are eligible for up to \$225,000.
- Twenty-four month projects are eligible for up to \$450,000.
- Thirty-six month projects are eligible for up to \$900,000.
- Five-year comprehensive projects are eligible for up to \$1,750,000 for the first 24 months of the project.

Budget caps listed above are “up to” amounts. OVW has the discretion to award cooperative agreements for greater or lesser amounts than requested and to negotiate the scope of work and budget with applicants prior to award of a cooperative agreement. If an applicant can justify an amount higher than the cap listed for a particular project, OVW, at its discretion, may make an award for greater than the cap amount.

Program Scope

Technical assistance activities must be tied to purpose areas of OVW grant programs (see Appendix A), and OVW technical assistance must be provided predominantly to OVW grantees or potential grantees. To learn more about OVW's grant programs, go to www.ovw.usdoj.gov and click on “OVW Grant Programs.”

All OVW technical assistance projects must provide training and technical assistance on a national level. **Local and regional projects will not be considered for funding, nor will projects that focus on the needs of a single tribe. OVW will consider, on a limited basis, projects targeting multi-state or multi-tribal grantees.**

Targeted Technical Assistance Projects

OVW seeks applications that address the targeted topic areas identified below. All applications must be tied to one or more of the purpose areas listed in Appendix A and must predominantly serve the grant recipients or potential grant recipients of one or more OVW grant programs.

In addition, if an applicant wishes to submit an application that does not address one of the topic areas listed below, they may do so, but they will be required to submit additional justification regarding the need for the project, how it relates to an OVW program purpose area (Appendix A) and the intended grantee audience.

Organizations may submit applications covering multiple topic areas; however, they must submit separate and distinct applications for each project. Organizations are highly discouraged from submitting more than one application targeting a single OVW program.

Comprehensive Technical Assistance Initiatives

OVW defines comprehensive projects, for technical assistance purposes, as follows:

- A project which provides a broad range of training and technical assistance supporting the majority of a grant program's purpose areas; or

- A project which addresses the training and technical assistance needs of a particular profession across multiple OVW programs; or

These projects must have the capacity to provide training and technical assistance through a toll-free number, develop and disseminate national resource materials, and deliver in-person training in a variety of venues across the nation. An applicant should be recognized as a national expert on the particular issue.

OVW will support a small number of five-year comprehensive technical assistance initiatives. Organizations applying under this section must show a demonstrated capacity to serve the targeted audience. Those organizations funded to implement five-year technical assistance initiatives will be awarded cooperative agreements with a five-year project period, however, the first award will support 24 months of project activity. Depending on the success of the first two years of the project, an organization may non-competitively apply for the remaining 36 months of funds in FY 2012.

OVW is not interested in supporting any comprehensive initiatives that are not listed below.

OVW is interested in supporting the following comprehensive initiatives:

- Discipline-specific (i.e. law enforcement officers; prosecutors; judges; and nonprofit, nongovernmental victim advocates) comprehensive training and technical assistance on domestic violence and/or sexual assault. Applicants should carefully consider the resources needed to successfully implement the project proposed and present a realistic budget that accurately reflects project costs. Projects targeting the recipients of STOP Violence Against Women Formula Grant Program subgrants or Grants to State Sexual Assault and Domestic Violence Coalitions must include sufficient funds to cover grantee travel expenses. OVW Technical Assistance Program funds for FY 2010 will be awarded based on the following guidelines:

- Twelve month projects are eligible for up to \$225,000

- Five-year comprehensive projects are eligible for up to \$1,750,000 for the first 24 months of the project.

Budget caps listed above are "up to" amounts; applicants should carefully consider the resources necessary to implement the proposed project and apply for less than the cap amount, if that is warranted. If an applicant can justify an amount higher than the cap listed for a particular project, OVW will consider making an award for greater than the cap amount.

OVW has the discretion to award cooperative agreements for greater or lesser amounts than requested and to negotiate the scope of work and budget with applicants prior to award of a cooperative agreement.

Budget Requirements

For budget guidelines, see pages 9-12 of the [Reference Guide](#).

Organizations applying for five year comprehensive initiatives must include a project timeline for the full five years of project activity, however, they should only submit budgets for the first 24 months of project activity.

When preparing the Worksheet and Narrative, please use the Sample Budget Detail Worksheet as a guide and be sure to include all necessary budget categories as outlined in the Worksheet. The budget should clearly describe the proposed amounts and uses of grant funds for the duration of the grant period and how the amounts of the specific budget items were determined.

Letters of support must be included from all project partners. Letters should describe the partners' role in the project, as well as their commitment to the collaboration. XI. Financial Capability Questionnaire

All nonprofit, nongovernmental organizations that apply for funding from OVW and have not previously (or within the last 3 years) received funding from OVW or the Office of Justice Programs (OJP) must complete a Financial Capability Questionnaire. The form can be found at <http://www.ojp.usdoj.gov/oc>. The cognizant federal audit agency and fiscal year should be included on the first page. In addition, the applicant must submit their current year's audit report with the Financial Capability Questionnaire. This should be a separate attachment to the application in Grants.gov or GMS. This document does not need to be included in the hard copy.

XII. Indirect Cost Rate Agreement

Applicants that have established a federally-approved indirect cost rate may request indirect costs to support the project. Please include a copy of a current, signed federally-approved indirect cost rate agreement. If you need additional information on this requirement, you may go to <http://www.ojp.usdoj.gov/FinGuide/part3chap17.htm>. This should be a separate attachment to the application in Grants.gov and a separate section in the hard copy.

Selection Criteria

All applications will be rated on the criteria described in each section above. The total points possible for an application are 100 (5 points for Summary Data Sheet, 70 points for Narrative, 15 points for Budget, and 10 points for the Letters of Support).

Additionally, current projects will be rated by OVW using the following criteria:

- Whether the grantee has demonstrated that past activities supported with OVW grant funds have been limited to program purpose areas;
- Whether the grantee has complied with all special conditions of its existing grant award(s) from OVW;

This fiscal year, OVW is requiring that all discretionary, competitive grant programs be administered through Grants.gov. Application attachments submitted via Grants.gov must be in one of the following formats: Microsoft Word (*.doc), PDF (*.pdf), or text (*.txt).

If you experience difficulties at any point during this process, please call the Grants.gov customer support hotline at **1-800-518-4726**.

The Catalog of Federal Domestic Assistance (CFDA) number for this solicitation 16.529, titled "Education and Technical Assistance Grant to End Violence Against Women with Disabilities."

Step 1: Registering

Note: Registering with Grants.gov is a one-time process; however, if you are a first time registrant **it could take 3-5 business days to have your registration validated, confirmed, and receive your user name and password**. It is highly recommended you start the registration process as early as possible to prevent delays in submitting your application package to our agency by the deadline specified. While your registration is pending, you may continue with steps 2, 3, and 4 of these instructions. Registration must be complete for you to be able to submit (step 5) and track (step 6) an application.

Organization Approval:

- Prior to submitting a grant application package, you must receive approval to submit on behalf of your organization. This requirement prevents individuals from submitting grant

application packages without permission. A notice is automatically sent to your organization's e-Business POC. Then, your e-Business POC approves your request to become an AOR. You may go to www.ccr.gov to search for your organization and retrieve your e-Business POC contact information.

- Once organization approval is complete, you will be able to submit an application and track its status.

Step 2: Downloading the Application Viewer

Note: You may download the PureEdge Viewer while your registration is in process. You also may download and start completing the application forms in steps 3 and 4 below. This application viewer opens the application package needed to fill out the required forms. The download process can be lengthy if you are accessing the Internet using a dial-up connection.

- From the Grants.gov home page, select the "Apply for Grants" tab at the top of the screen.
- Under "Apply Step 1: Download a Grant Application Package and Applications Instructions," click the link for the PureEdge Viewer (www.grants.gov/DownloadViewer). This window includes information about computer system requirements and instructions for downloading and installation.

If you are a Macintosh user, please read the PureEdge Support for Macintosh white paper available at www.grants.gov/GrantsGov_UST_Grantee!/SSL!/WebHelp/MacSupportforPureEdge.pdf.

- Scroll down and click on the link to download the PureEdge Viewer (www.grants.gov/PEViewer/ICSViewer602_grants.exe).
- You will be prompted to save the application. Click the "Save" button and the "Save As" window opens. Select the location where you would like to save PureEdge Viewer and click the "Save" button.
- A window appears to show the progress of the download. When the downloading is complete, click to close the dialog box.
- To install the PureEdge Viewer, locate the file on your computer and click to open it. When you are prompted to run the file, click "RUN." Click "Yes" to the prompt to continue with the installation. The ICS InstallShield Wizard extracts the necessary files and takes you to the "Welcome" page.
- Click "Next" to continue.
- Read the license agreement and click "Yes" to accept the agreement and continue the installation process. This takes you to the "Customer Information" screen.
- Enter a User Name and a Company Name in the designated fields and click "Next."

- The “Choose Destination Location” window prompts you to select the folder in which PureEdge Viewer will be installed. To save the program in the default folder, click “Next.” To select a different folder, click “Browse.” Select the folder in which you would like to save the program, click on “OK,” then click “Next.”
- The next window prompts you to select a program folder. To save program icons in the default folder, click “Next.” To select a different program folder, type a new folder name or select one from the list of existing folders, then click “Next.” Installation will begin.
- When installation is complete, the “InstallShield Wizard Complete” screen will appear. Click “Finish.” This will launch the “ICS Viewer Help Information” window. Review the information and close the window.

Step 3: Downloading an Application Package

- Once you have downloaded the PureEdge Viewer, you may download and view this application package and solicitation instructions.
- From the Grants.gov home page, select the “Apply for Grants” tab at the top of the screen.
- Click “Apply Step 1: Download a Grant Application Package and Application Instructions.”
- Enter either the CFDA number for this announcement, 16.526, or this solicitation’s Funding Opportunity Number, OVW-2007-1396. Then click “Download Package.” This will take you to the “Selected Grants Application for Download” results page.
- To download an application package and its instructions, click the corresponding download link below the “Instructions and Application” column.
- Once you select a grant application, you will be taken to a “Download Opportunity Instructions and Application” screen to confirm that you are downloading the correct application. If you would like to be notified of any changes to this funding opportunity, enter your e-mail address in the corresponding field, then click the “Submit” button.
- After verifying that you have downloaded the correct opportunity information, click the “Download Application Instructions” button. This will open a PDF of this grant solicitation. You may print the solicitation or save it to your computer by clicking either the print icon at the top tool bar or the “File” button on the top tool bar. If you choose to save the file, click on “Save As” and save to the location of your choice.
- Click the “Back” Navigation button to return to the “Download Opportunity Instructions and Application” page. Click the “Download Application Package” button. The application package will open in the PureEdge Viewer.
- Click the “Save” button to save the package on your computer. Because the form is not yet complete, you will see a prompt that one or more fields may be invalid. You will complete these fields in step 4, but for now, select “Yes” to continue. After you click “Yes,” the “Save Form” window will open.

- Save the application package to your desktop until after submission. Select a name and enter it in the “Application Filing Name” field. Once you have submitted the application through Grants.gov, you may then move your completed application package to the file location of your choice.
- Click the “Save” button. If you choose, you may now close your Internet browser and complete your application package offline by double clicking the icon on your desktop. You do not have to be connected to the Internet to complete the application package in step 4 below.

Step 4: Completing the Application Package

Note: This application can be completed entirely offline; however, you will need to log in to Grants.gov to submit the application in step 5.

- Locate the application package you saved on your computer. When you open the package, it will be in PureEdge Viewer. You may save your application at any time by clicking on the “Save” button at the top of the screen.
- Enter a name for your application package in the “Application Filing Name” field. This can be a name of your choice.
- Open and complete all the mandatory and optional forms or documents. To complete a form, click to select the form, and then click the “Open” button. When you open a required form, the mandatory fields will be highlighted in yellow. If you enter incomplete information in a mandatory field, you will receive an error message or the field will turn red, indicating a change needs to be made.

Mandatory forms include the (1) Application for Federal Assistance (SF-424); (2) Assurances for Non-Construction Programs (SF424B); and (3) Disclosure of Lobbying Activities (SF-LLL). These forms can also be viewed at www.ojp.usdoj.gov/forms.htm. Other Mandatory forms are the (1) Project Narrative Attachment Form; and (2) Other Attachments Form. Optional forms required for this solicitation include the Survey on Ensuring Equal Opportunity for Applicants.

- When you have completed a form or document, click the “Close Form” button at the top of the page. Your information will automatically be saved.
- Next, click to select the document in the left box entitled “Mandatory Documents.” Click the “=>” button to move the form or document to the “Mandatory Completed Documents for Submission” box to the right.
- Some mandatory documents will require you to upload files from your computer. To attach a document, select the corresponding form and click “Open.” Click the “Add Mandatory Attachment” button to the left. The “Attach File” box will open. Browse your computer to find where your file is located and click “Open.” The name of that file will appear in the yellow field. Once this is complete, if you would like to attach additional files, click on the “Add Optional Attachment” button below the “Add Mandatory Attachment” button.

- An “Attachments” window will open. Click the “Attach” button. Locate the file on your computer that you would like to attach and click the “Open” button. You will return to the “Attach” window. Continue this process until you have attached all the necessary documents. You may attach as many documents as necessary.
- Once you have finished, click the “Done” button. The box next to the “Attach at Least One Optional Other Attachment” will now appear as checked.

Note: the name of these buttons will vary depending on the name of the form you have opened at that time; i.e., Budget Narrative, Other Attachment, and Project Narrative File.

- To exit a form, click the “Close” button. Your information will automatically be saved.

Step 5: Submitting the Application

Note: Once you have completed all the yellow fields on all the forms and saved the application on your desktop, check the application package for errors. This can be done any time throughout step 4 above and as often as you like.

- When you are ready to submit your final application package, the “Submit” button at the top of your screen will be enabled. This button will not be activated unless all mandatory data fields have been completed. When you are ready to submit your application, click on “Submit.” This will take you to a “Summary” screen.
- If your “Submit” button is not activated, then click the “Check Package for Errors” button at the top of the “Grant Application Package” screen. PureEdge Viewer will start with the first form and scan all the yellow fields to make sure they are complete. The program will prompt you to fix one error at a time as it goes through the scan. Once there are no more errors, the system will allow you to submit your application to Grants.gov.
- Review the application summary. If you wish to make changes at this time, click “Exit Application” to return to the application package, where you can make changes to the forms. To submit the application, click the “Sign and Submit Application” button.
- This will take you to a “Login” screen where you will need to enter the user name and password that you used to register with Grants.gov in “Step 1: Registering.” Enter your user name and password in the corresponding fields and click “Login.”
- Once authentication is complete, your application will be submitted. Print this confirmation screen for your records. You will receive an e-mail message to confirm that the application has been successfully uploaded into Grants.gov. The confirmation e-mail will give you a Grants.gov tracking number, which you will need to track the status of your application. The confirmation e-mail will go to the e-Business POC; therefore, if you are submitting on behalf of someone else, be sure the e-Business POC is aware of the submission and that a confirmation e-mail will be sent.
- When finished, click the “Close” button.

Step 6: Tracking the Application

- After your application is submitted, you may track its status through Grants.gov. To do this, go to the Grants.gov home page at www.grants.gov. At the very top of the screen, click on the “Applicants” link. Scroll down the “For Applicants” page and click the “Login Here” button. Proceed to login with your user name and password that was used to submit your application package.
- Click the “Check Application Status” link to the top left of the screen. A list of all the applications you have submitted through Grants.gov is produced. There are one of four status messages your application can receive in the system:
 1. **Validated:** This means your application has been scanned for errors. If no errors were found, it validates that your application has successfully been submitted to Grants.gov and is ready for the agency to download your application.
 2. **Received by Agency:** This means our agency has downloaded your application into our electronic Grants Management System (GMS) and your application is going through our validation process to be successfully received on our end.
 3. **Agency Tracking Number Assigned:** This means our GMS did not find any errors with your package and successfully downloaded your application into our system.
 4. **Rejected With Errors:** This means your application was either rejected by Grants.gov or GMS due to errors. You will receive an e-mail from Grants.gov customer support, providing details of the results and the next steps required. Most applications are rejected because: (1) a virus was detected; (2) you are using a user name and password that has not yet been authorized by the organization’s e-Business POC; or (3) the DUNS number you entered on the SF-424 form does not match the DUNS number that was registered in the CCR for this organization.
