

USAID
FROM THE AMERICAN PEOPLE

Issuance Date: February 1, 2011
Questions Due: **February 11, 2011**
Closing Date: March 18, 2011
Closing Time: 10:00 AM Eastern Standard Time (EST)

Subject: Request for Applications (RFA) No.: RFA-OAA-11-000004
FY-2011 Child Survival and Health Grants Program (CSHGP).

The United States Agency for International Development (USAID) Bureau for Global Health (BGH), Office of Health, Infectious Disease and Nutrition (HIDN) is seeking applications from U.S. Private and Voluntary Organizations (PVOs) and Non-Profit, Non-Governmental Organizations (NGOs), engaged in international health and development, to implement activities under the Child Survival and Health Grants Program (CSHGP).

For the purposes of this RFA, the term "Grant" is synonymous with "Cooperative Agreement"; "Grantee" is synonymous with "Recipient;" and "Grant Officer" is synonymous with "Agreement Officer."

The authority for the RFA is found in the Foreign Assistance Act of 1961, as amended.

For the purposes of this program, this RFA is being issued and consists of this cover letter and the following:

1. Section A – Program Description;
2. Section B – Selection Criteria;
3. Section C – Cooperative Agreement Guidelines;
4. Section D – Required Forms, Certifications, Assurances, and Other Statements of Recipient;
5. Section E – Standard Provisions for U.S. Nongovernmental Recipients;
6. Annexes.

The preferred method of distribution of USAID procurement information is via the Internet. This RFA and any future amendments can be downloaded from the Agency Web Site. The World Wide Web Address is <http://www.grants.gov>.

Applications must be received by the closing date and time indicated at the top of this cover letter at the place designated below for receipt of applications. Applications and modifications thereof shall be submitted in sealed envelopes with the name and address of the applicant and RFA # (referenced above) inscribed there on, to:

1) **If sent via US Postal Service or Courier:**

Ms. Deidre Jackson
USAID Office of Acquisition and Assistance
SA-44
M/OAA/GH, Room 549-O
1300 Pennsylvania Ave., NW
Washington, DC 20523

2) **If delivered via hand carry:**

Ms. Deidre Jackson
USAID Office of Acquisition and Assistance
SA-44
M/OAA/GH, Room 549-O
Federal Center Plaza
301 4th Street, SW
Washington, DC 20024
Phone: 202-567-5049
Alternate Contact: Patricia Bradley, 202-567-5302

Note: USAID/OAA will forward an electronic copy of the Technical Application to the USAID Mission in the country of the proposed program by close of business **March 18, 2011**.

See **Annex I – Delivery Instructions** for additional information regarding specific delivery instructions.

Note: Telegraphic or fax applications are not authorized for this RFA and will not be accepted.

Electronic submission of applications is acceptable via the www.Grants.gov website. However, submission of hard copies is a requirement (see Section C – Application Guidelines for more information).

Applicants should retain for their records one copy of all enclosures which accompany their application.

Pursuant to 22 CFR 226.81, it is USAID policy not to award profit under assistance instruments. However, all reasonable, allocable and allowable expenses, both direct and indirect, which are related to the agreement program and are in accordance with applicable cost standards (22 CFR 226, OMB Circular A-122 for non-profit organization, OMB Circular A-21 for universities, and the Federal Acquisition Regulation (FAR) Part 31 for profit organizations), may be paid under the agreement.

USAID reserves the right to fund any or none of the applications submitted in response to this RFA. Awards will be made subject to the availability of funds. This FY 2011 RFA does not commit USAID to funding a specific number of applications from new or established partners. The applications funded in the 2011 fiscal year will depend on availability of funds, the programs' fit within the State Department's strategy on foreign assistance, and the quality of applications. Pipeline budgets of existing programs as well as expected 2011 funding will be taken into account in determining the amount of funding awarded in 2011.

Issuance of this RFA does not constitute an award commitment on the part of the Government, nor does it commit the Government to pay for costs incurred in the preparation and submission of an application. Further, the Government reserves the right to reject any or all applications received. In addition, final award of any resultant grant(s) cannot be made until funds have been fully appropriated, allocated, and committed through internal USAID procedures. While it is anticipated that these procedures will be successfully completed, potential applicants are hereby notified of these requirements and conditions for award. Applications are submitted at the risk of the applicant; should circumstances prevent award of a cooperative agreement, all preparation and submission costs are at the applicant's expense.

In the event of an inconsistency between the documents comprising this RFA, it shall be resolved by the following descending order of precedence:

- (a) Section B - Selection Criteria;
- (b) Section C - Grant Application Guidelines;
- (c) Section A - Program Description;
- (d) This Cover Letter.

Any prospective applicant who has questions concerning the contents of this RFA should submit them **in writing** to Deidre Jackson (dejackson@usaid.gov) or her alternate Patricia Bradley (pbradley@usaid.gov) by 5:00 PM EST on **February 11, 2011**. Any additional information regarding this RFA will be furnished through an amendment to this RFA.

Important highlights:

- The FY2011 RFA guidance **strengthens and aligns the program's primary focus (since FY08) on innovation and operations research with USAID's broader strategies** for supporting innovation and research through a set of grand challenges to advance transformational development. The FY2011 RFA recognizes the entrepreneurial role of US PVOs/NGOs and their local partners in designing, testing, evaluating, and facilitating the scale up of innovative solutions that improve maternal, newborn, and child health and survival, particularly at the primary health care and community levels in resource poor settings.
- **Guidance and criteria for the Innovation category** have been aligned with the principles of USAID's broader strategies for innovation and research and strengthened to ensure that the proposed innovative solutions represent bold, new ideas, designed with

scalability and sustainability considerations in local/national health systems; and, the proposed research questions are relevant to key national and local stakeholder needs.

- **Expectations for Operations Research** (Innovation Category only) have been simplified at the application stage. Operations Research methodology [including refinement of OR question(s)] will be finalized during the Detailed Implementation Plan development period, with input from USAID (BGH, Missions) and relevant partners in order to ensure that refinements are informed by and coordinated with USAID's global and priorities in innovation and research.
- An **additional key personnel position** has been included for the Innovation Category only (Operations Research Coordinator).
- Innovation Category applicants in eligible countries may also submit a **Supplemental Application for Family Planning Integration into CSHGP Projects**. Guidance and requirements for the Supplemental FP Application are provided in Annex A.
- The **New Partner Category** focuses on partnerships for innovative MCH programming, to enable new partners to USAID to engage in partnerships to build capacity of local organizations to implement MCH programming and/or to leverage the capacity of established local/regional organizations in MCH programming.
- The **TB Category** is not included in the FY2011 RFA.
- The list of **eligible countries** for the CSHGP RFA has been updated, and all eligible countries are weighted equally.
- The **page limitation has decreased** from 21 to 16 pages for the Technical Application.
- **Past performance information** is requested as part of the Technical Attachments. Three past performance forms for the principal applicant of Innovation and New Partner Categories are requested in this RFA and will be reviewed. Innovation Category applicants to the Supplemental Application for Family Planning shall also submit 3 past performance forms in their Supplemental Application.

Thank you for your consideration of this USAID initiative. We look forward to your organization's participation.

Sincerely,

Shanon Krause
Agreement Officer

SECTION A: PROGRAM DESCRIPTION

I. Introduction

Achieving high, equitable and sustained coverage of proven, high impact interventions is critical to reducing mortality and improving nutrition and other health outcomes among women of reproductive age, newborns and children under than five years of age in low resource settings. The challenge rests in introducing, evaluating, and scaling up new solutions that contribute to transformational advances in improving the delivery and use of these proven, high impact interventions in communities most in need. In order to accelerate progress towards achieving the Millennium Development Goals, it is important to identify, understand, and address gaps in coverage and quality of care along the continuum of care for maternal, newborn and child health, improve the delivery and use of essential interventions and packages to achieve sustainable impact at scale, and work to eliminate disparities in coverage.

The success of U.S. Government (USG) initiatives [Global Health Initiative (GHI) and Feed the Future (FtF)] depends upon effective partnerships with diverse national and global stakeholders in order to implement the core principles guiding these initiatives. One core principle¹ and priority for accelerating progress towards achieving the goals and targets of these initiatives focuses on the promotion of innovation and research. USAID is committed to investments in game-changing innovation and research to create new opportunities for partnerships between USAID and a community of development and social entrepreneurs. As a part of its reform efforts², USAID will issue a series of Grand Challenges for Development, a framework that focuses the Agency and the development community on key scientific and technical barriers that limit breakthrough development progress. To support each of these initiatives, USAID will work to foster cross-learning and collaboration for identifying, developing, testing, and ultimately scaling up promising cost-effective solutions across a diverse community of innovators (e.g. NGOs, private sector, academia, etc.). US PVOs and their local partners are well poised to contribute to USAID's agenda for strengthening innovation and research, particularly for designing, applying, and expanding innovative solutions that effectively address local challenges for improving the delivery and use of life-saving interventions in the hardest to reach places.

Through the Child Survival & Health Grants Program (CSHGP), USAID's Bureau for Global Health (BGH) has developed effective partnerships with US PVOs and leveraged their entrepreneurship and expertise for community health and development, particularly for designing, implementing, and evaluating innovative community oriented approaches through local/sub-

¹ The seven principles underlying the foundation of GHI are the following: Implement a woman- and girl-centered approach; Increase impact through strategic coordination and integration; Strengthen and leverage key multilateral organizations, global health partnerships and private sector engagement; Encourage country ownership and invest in country-led plans; Build sustainability through health systems strengthening; Improve metrics, monitoring and evaluation; and **Promote research and innovation**. A public consultation document focusing on the GHI may be accessed at: <http://www.usaid.gov/ghi/>

² Additional information focusing on the USAID Forward reform agenda can be found at: <http://forward.usaid.gov/about/overview>

national/national partnerships in order to effectively and sustainably improve the coverage of high impact MNCH interventions in vulnerable populations. The CSHGP's strategic focus on innovation and operations research has positioned US PVOs and their partners to significantly contribute to the global and national evidence base for advancing innovative solutions that address critical bottlenecks in community oriented health. The BGH/HIDN supports USAID's role in USG strategic initiatives (GHI, FtF) and the Agency's reform agenda focusing on science, technology, and innovation through multiple mechanisms, including the CSHGP. CSHGP's FY2011 RFA aligns the guidance for US PVO designed innovations in service delivery and use, particularly at the primary health care and community levels, with the principles and priorities of USAID's broader work in innovation and research. CSHGP's community of practice for innovation and research (CSHGP grantees, MCHIP PVO/NGO team, CORE Group network) will contribute to strengthening dialogue and effective exchange of technical resources, innovative solutions, research methodologies, and use of evidence and lessons within a wider network of innovators supported by USAID.

The Fiscal Year (FY) 2011 Request for Applications (RFA) for the Child Survival and Health Grants Program (CSHGP) is seeking effective partnerships with U.S. Private Voluntary Organizations (PVOs)/Non Governmental Organizations (NGOs) to enable the identification, testing, and scale up of innovative solutions to improve integrated community oriented delivery of health interventions and strengthen the capacity of health systems and their local partners to respond to local needs. Specifically, the FY11 CSHGP RFA Innovation Category seeks innovative, scalable approaches and operations research (OR) focusing on globally and nationally relevant challenges for improving and scaling up the delivery and use of high impact maternal, newborn, and child health (MNCH) interventions in resource poor settings. Recipients of CSHGP's innovation awards will become key partners within a wider community of innovators supported by USAID and participate in events aimed at sharing and disseminating innovation solutions. The New Partner category seeks new and diverse partnerships with U.S. PVOs/NGOs who are building technical expertise to implement innovative and effective MNCH programming, in conjunction with their local partners.

The FY2011 RFA will solicit proposals from U.S. PVOs/NGOs to be reviewed and recommended for award at the end of FY2011. The RFA will make awards in two grant categories:

1. **Innovation Category:** Up to 6 awards in the Innovation category (each up to \$1.75 million total, 4-5 years; total estimated cost of 6 awards: \$10,500,000). The guidance and evaluation criteria for the Innovation category have been aligned with USAID's strategic principles and priorities in innovation to increase coordination among USAID's investments in innovation and to enable collaboration between CSHGP FY11 Innovation awardees and a broader community of innovators, as feasible.
 - a. **Family Planning Integration (See Annex A):** Approximately 3 applicants recommended for the FY11 Innovation Category awards may receive an additional, up to \$50,000 per year over the life of the project (4-5 years) for integrating family planning into their CSHGP project (total estimated cost of the integration component: \$200,000-\$250,000), added to CSHGP project ceiling.

2. **New Partner Category:** Approximately 1 award in the New Partner category (up to \$1.5 million total, 4-5 years; total estimated cost of 1 award: \$1,500,000).

II. CSHGP Contribution to Global Health Initiative and Feed the Future

CSHGP's overall program structure, including its FY11 RFA, supports the four main implementation areas of the GHI, where U.S. PVOs/NGOs, in conjunction with local partners, are poised to contribute to its seven principles³. The CSHGP also contributes to FtF, the U.S. government's global hunger and food security initiative, for aiming to sustainability reduce hunger, undernutrition, and poverty, with U.S. PVOs/NGOs working in partnership in country. The primary focus on innovation and operations research in the FY11 RFA is aligned with and contributes to USAID's broader strategic principles and priorities for supporting innovation and research through a set of grand challenges to advance transformational development.

1. Innovating to address critical challenges in community oriented delivery for results:

Applications should put forth innovative solutions that address the most critical barriers to improving and scaling-up community-oriented delivery and use of integrated, high impact interventions that prevent or treat the major causes of maternal, newborn, and child mortality and malnutrition, such as antenatal care and skilled birth attendance; postnatal and newborn care; breastfeeding, appropriate child feeding, and management of acute severe malnutrition; immunization; vitamin A and zinc supplementation; and prevention and treatment of diarrhea, pneumonia, and malaria.

Through operations research, Innovation category applicants will introduce, test, and facilitate the scale up of bold, new ideas in health service delivery and use, particularly at the primary health care and community levels. The program learning areas and partnerships for research cultivated between PVOs/NGOs, research institutions and Ministries of Health through the CSHGP must aim to respond to gaps in information and contribute to country-led learning agendas at the local or national levels and will also contribute to USAID's priorities for innovation and research and program learning (e.g. Bureau for Global Health, relevant Missions).

2. Doing more of what works in community health for vulnerable women and children:

³ The seven principles underlying the foundation of GHI are the following: Implement a woman- and girl-centered approach; Increase impact through strategic coordination and integration; Strengthen and leverage key multilateral organizations, global health partnerships and private sector engagement; Encourage country ownership and invest in country-led plans; Build sustainability through health systems strengthening; Improve metrics, monitoring and evaluation; and Promote research and innovation. A public consultation document focusing on the GHI may be accessed at: <http://www.usaid.gov/ghi/>

U.S. PVOs/NGOs can play a critical role in reducing infant, child, maternal, and infectious disease-related morbidity and mortality rates. As such, this RFA seeks to leverage the community health expertise of the U.S. PVO/NGO community and their local partners to improve equitable access among vulnerable populations to life-saving interventions delivered in an integrated manner with stronger local health systems and innovative behavior change and community mobilization strategies. Applicants select from a range of seven (7) technical areas of high impact interventions and are expected to prioritize and integrate technical areas/interventions guided by the disease burden and health system capacity. Results oriented strategic integration choices inform the evidence base for integrated programming.

Programs operating at the community level often empower women, both as beneficiaries and providers of health care, and as agents of influence and change in communities and households. Applicants should consider gender differences and barriers to the health of women and girls to design projects that can address equity in accessing services in a range of community settings.

3. Building on and expand existing platforms to foster stronger local health and community systems and sustainable results:

Applicants contribute to the development of sustainable community oriented programming platforms through CSHGP's focus on local partnership and capacity building. Applicants are expected to work in close coordination with national/local MOH to support MOH priorities, increase MOH ownership, and enable "mainstreaming" of MOH supported interventions and delivery platforms. Applicants should strive to foster and/or strengthen linkages among various actors relevant to the local health system, including district management teams, health facilities, and communities.

As relevant and appropriate to the context, proposed projects should aim to build capacity at multiple levels of the health system (e.g. regional, district, facility, outreach, community) to improve functionality and responsiveness to the needs of communities and families, (e.g. quality improvement; strengthening the implementation and reach of national policies and strategies; development and functionality of community health workers and peer and governance groups at the community level).

Proposed projects should provide USAID with opportunities to learn how health systems can best provide support to community-and household-level health programming. In addition, applicants can explore the leveraging of existing community and health system platforms to strengthen service delivery and opportunities for cross sectoral integration (e.g. education, food security, agriculture, etc.) to maximize the impact of health interventions.

4. Collaborating with ministries of health, civil society, and communities for impact:

CSHGP expects applicants to collaborate with local partners, catalyzing partnerships between the MOH, local NGOs/CBOs, research institutions, private sector, and community groups to foster local ownership to improve health systems. Applicants should design projects addressing critical gaps in national policies, strategies and implementation. Activities focusing on stakeholder engagement in the design of projects and operations research studies and capacity building to

improve availability and use of data in local M&E systems (district to community levels)
contribute to replication and scale up of effective and innovative programming.

Applicants are expected to complement and support the relevant USAID Mission priorities and strategies, including strengthening government owned and led processes. In addition, applicants should coordinate with a range of partners, including local community-, civil society, and faith-based organizations, local or regional academic or research institutions, and other local groups at the national and sub-national level on the design, including Operations Research (for Innovation Category only), and overall implementation of projects, including monitoring and evaluation efforts, to ensure programmatic relevance and to facilitate sustainability and replication. Applicants are encouraged to partner with and build the capacity of women-led organizations, such as women's civil society organizations, as relevant. All applications must be prepared in collaboration or consultation with project partners and stakeholders in the proposed site or country.

Applicants are expected to include a community component that represents and links with community needs and strengthens community structures (e.g. encourage community participation and representation, support community mobilization activities, build community capacity, work with existing community networks or groups; strengthening community engagement with the formal health system) and serves to strengthen the role of communities and engagement of civil society in national systems strengthening processes.

III. Overview of the CSHGP

Since 1985, USAID has supported community-oriented CSHGP projects implemented by U.S. PVOs/NGOs and their local partners. The purpose of this program is to contribute to sustained improvements in child survival and health outcomes, particularly in vulnerable populations, by supporting the innovative, integrated community oriented programming of PVOs/NGOs and their in-country partners.

The CSHGP is housed in the GH Bureau's Office of Health, Infectious Diseases and Nutrition (GH/HIDN). The CSHGP is an important Program in the GH Bureau and the Office of Health, Infectious Diseases and Nutrition for leveraging the strengths of the PVO/NGO community to contribute to USAID's leadership in innovative, community-oriented work that is responsive to the needs of its major strategic initiatives. For more information about the CSHGP, refer to: http://www.usaid.gov/our_work/global_health/home/Funding/cs_grants/cs_index.html

Within the Foreign Assistance Framework, the CSHGP contributes to the Investing in People objective and its supporting elements, e.g. MCH, Nutrition, Malaria, and their respective sub-elements.

The three main program components of the CSHGP that contribute to supporting the leadership of U.S. PVOs/NGOs, and their local partners, for technical and programmatic excellence in integrated community oriented health programming and learning, in support of USG/USAID priorities at the global and national levels, include:

(1) PVO/NGO Cooperative Agreements: Each year, new cooperative agreements are awarded to support community-oriented health projects in specific child survival and health technical areas. As of October 1, 2010, the CSHGP portfolio consists of 39 projects implemented by 27 U.S. PVOs/NGOs in 24 countries. Of the 35 integrated MNCH projects in the active portfolio, the primary focus of 17 projects is on innovation and operations research to generate credible evidence and lessons for novel solutions capable of improving and scaling up integrated MNCH service delivery and use, particularly at the community level, in low resource settings; and, 12 MNCH projects in the portfolio focus on new partners and previous categories of awards. Prevention and treatment of Tuberculosis is the central focus of 4 projects in the CSHGP portfolio.

(2) Specialized Technical Assistance from the Maternal and Child Health Integrated Program (MCHIP): MCHIP is the GH Bureau's flagship project for MCH. It is a Leader with Associates Cooperative Agreement with a JHPIEGO-led consortium, which includes ICF Macro and JHUIIP. MCHIP is designed to support the introduction, scale-up, and further development of high impact MNCH interventions, including program approaches to effectively deliver these interventions to achieve measurable reductions in under-five and maternal mortality and morbidity in focal countries. For more information, see the MCHIP website: <http://www.mchip.net/>. Illustrative examples of MCHIP priority areas include: prevention or management of pre-eclampsia/eclampsia; skilled birth attendance; newborn infection prevention and management; handwashing for newborn health; postpartum hemorrhage prevention; home-based management of asphyxia; postnatal care/essential newborn care; specialized care for low birth weight infants; community case management (pneumonia, malaria, diarrhea, and malnutrition); and expansion of the reaching every district (RED) approach. One of MCHIP's strategic objectives focuses on assisting PVOs/NGOs and their local partners supported by CSHGP and the President's Malaria Initiative (PMI) Malaria Communities Programs (MCP) to design, implement, monitor, and evaluate innovative, effective, and scalable community-oriented strategies. The MCHIP PVO/NGO Support Team will provide technical assistance for refining CSHGP OR questions and designs to ensure alignment and contribution of CSHGP supported research to USAID/USG priorities for program learning at the global and national levels.

(3) The CORE Group (Collaborations and Resources for Child Survival). The CORE Group is a network organization of approximately 56 NGOs that generates collaborative action and learning to improve and expand community-focused public health practices for underserved populations around the world, with an emphasis on women of reproductive age and children under five. Organizations interested in participating in CORE Group activities and learning more about the child survival community should consider joining the network. For more information, see the CORE website: <http://www.coregroup.org/>. CORE Group participates in MCHIP in order to contribute to USAID's leadership role in innovative integrated community MCH programming, and to maximize the inclusion of NGO contributions in scale-up of proven and integrated MCH interventions at the country level. This partnership with MCHIP enables CORE Group to continue to facilitate inter-organizational "Communities of Practice" that contribute to MCHIP teams focused on product innovation and diffusion across an integrated continuum of mother-newborn-child care. CORE Group focuses on program learning, innovations through OR, improvement of quality tools and building capacity of NGOs to implement integrated community-oriented health programs. CORE Group works through its membership and diverse partners to support MCHIP to

develop practical approaches and strategies for implementation of community-oriented health programs.

IV. Technical Interventions

Technical guidance and relevant tools for designing, implementing, and evaluating the CSHGP interventions can be found on <http://www.mchipngo.net> [e.g. Technical Reference Materials (TRMs), Minimum Package for Mothers and Newborns (MAMAN) framework, Rapid Health Service Provision Assessment (R-HSPA), and Knowledge, Practice, and Coverage (KPC) survey]. In addition, applicants may consult USAID's strategic programming initiative for MCH⁴ (see http://pdf.usaid.gov/pdf_docs/PDAACL707.pdf). Applicants should familiarize themselves with these materials, which provide guidance for developing strategic high impact intervention packages.

Applicants must select from the following list of high impact interventions (illustrative examples and selected guidance for activities are provided below). Selection of interventions should be guided by the disease burden and health system capacity. The Level of Effort (LOE) is a percentage assigned to each technical intervention with a maximum total of 100 percent for the proposed technical package. The LOE should reflect the applicant's best estimate of the amount of time and resources that will be required for the proposed activities per intervention area over the life of the project.

While technical interventions are listed and communicated separately, applicants are strongly encouraged to consider smart integration, where integration makes technical, financial, and cultural sense and contributes to improving service delivery and use. Coordinating and integrating the delivery of health interventions is essential for improving health outcomes. Integrating health services at the point of contact ensures the delivery system is designed to meet the holistic needs of individuals when they go to a health facility or visit with a Community Health Worker or Outreach Worker in their communities. The improved care established through the integration of these and other services will produce lasting progress for the entire community. Working at community and district levels can greatly contribute to developing and implementing strategies that promote the delivery and use of packages of high impact interventions for those who need them most.

However, integration must be based on context specific circumstances and the understanding that integration coordination have a cost — they add complexity and administrative burden that should be weighed against the urgency and focus of rapid, disease-specific results. Applicants may choose to phase in integration gradually over the life of the project, as relevant. Illustrative examples of integration opportunities might include, but are not limited to: promoting and implementing integrated Community Case Management of Childhood illness (CCM) (e.g. pneumonia, malaria, diarrhea, with malnutrition, as appropriate); integrating water, sanitation, and hygiene with nutrition messages and practices; incorporating family planning⁵ messaging or

⁴ http://pdf.usaid.gov/pdf_docs/PDAACL707.pdf

⁵ Innovation category applicants may submit a Supplemental Application for Family Planning integration, particularly including improving access to FP services and commodities, into their FY11 CSHGP Application. See Annex A for guidance and requirements for applications.

referrals, including healthy timing and spacing of pregnancy, into child health/immunization or other platforms; expansion of Reaching Every District approach to include MNCH; packaging of interventions to cover the 1000 days window of opportunity from pregnancy to the first two years of a child's life; integration of MNCH in HIV/AIDS programming platforms.

High Impact MNCH Intervention Areas:

- **Nutrition:** With an objective to improve nutritional status, particularly during pregnancy and the first two years of life, especially for the prevention of undernutrition, illustrative nutrition activities include the following: social and behavior change communication on maternal nutrition actions, improving dietary diversity, and exclusive breastfeeding and appropriate infant and young child feeding (IYCF) practices; increasing access to quality foods; targeting consumption of micronutrient supplementation, including preventing and addressing child anemia; improving delivery of preventive and curative nutrition services, such as community management of acute malnutrition, through sustainable platforms; and integrating nutrition with water, sanitation, and hygiene activities. In addition, efforts to improve the enabling environment for nutrition such as strengthening host country capacity by advancing comprehensive nutrition and food security policies and improving relevant data collection and information systems, may be included.
- **Immunization:** Strengthening routine immunization (DPT, BCG, Measles); expanding coverage and assessment; improving surveillance methods; improving quality and safety of products; strengthening the cold chain; and supporting polio vaccination programs.
- **Control of Diarrheal Disease:** Improving family and community practices for diarrheal disease prevention, including hand washing with soap, safe transport, correct storage and handling of drinking water; promotion of point-of-use treatment of water; safe disposal of feces; hygiene promotion and improving water and sanitation technologies; strengthening enabling environments to reduce the incidence of diarrheal disease; improving recognition and appropriate treatment of diarrheal disease at the facility and community level; supporting the revision of policy guidelines to endorse the use of low osmolarity Oral Rehydration Salts (ORS) with zinc treatment to improve diarrhea case management for children; and expanding access to and use of low osmolarity ORS and zinc treatment; and reinvigorating Oral Rehydration Therapy (ORT) practices.
- **Pneumonia Case Management:** Ensuring adequate access to pneumonia case management, which includes high quality facility- and community-based treatment; promoting timely recognition of pneumonia by caretakers and prompt care seeking from appropriate health providers; supporting an integrated package to strengthen case management such as improving skills of health workers, improving health system support, and improving family practices and community services.
- **Prevention and Treatment of Malaria:** Promoting intermittent preventive treatment in pregnant women (IPTp)⁶; expanding ownership and use of long-lasting insecticide treated

⁶ Promoting IPTp should be done in the context of ANC visits; *community delivery of IPTp* with SP should not be included.

bednets (ITNs), including supporting country-led efforts to achieve and maintain universal coverage; improving malaria case management (diagnosis and treatment) at the facility and community levels, including training of health care workers to correctly use RDTs for diagnosis of malaria particularly in settings where microscopy is unavailable and, in the correct use of ACTs; promoting care-taker recognition of fever in children under five and prompt care-seeking behavior; applications should not include activities related to indoor residual spraying (IRS).⁷

- **Maternal and Newborn Care**: Improving birth preparedness and complication-readiness planning; access to focused antenatal care (including education and counseling for healthy timing and spacing of pregnancy); promotion of tetanus toxoid immunization; prevention and management of pre-eclampsia/eclampsia; promoting skilled attendants for birth and improving skills of providers; promotion of clean delivery and infection control; employing appropriate household- and community-based strategies where access to skilled care is difficult, including referral; promotion of misoprostol in those countries where it is supported by the MOH and registered for PPH prevention; promoting active management of third stage of labor; improving access to quality postnatal/postpartum care and appropriate messaging (including education and counseling for healthy timing and spacing of pregnancy, Lactational Amenorrhea counseling, referral to family planning services); promoting essential newborn care practices for all newborns including thermal care, cord care, and immediate and exclusive breastfeeding; and sick newborn care including identification and treatment of neonatal infection and complications, resuscitation, and special care of preterm and low birth weight infants. Healthy timing and spacing of pregnancy activities may be incorporated into any intervention mix or platform (immunization, IMCI or other child health, or other areas), and is not only restricted to activities related to maternal and newborn care.
- **Family Planning**: See Annex A for the Supplemental Application for Family Planning Integration into FY11 Innovation Category CSHGP projects for an opportunity to include and integrate family planning activities, particularly around improving access to FP services and commodities, into Innovation Category MNCH projects in eligible countries.
- **HIV/AIDS**^{8,9} Strengthening or establishing timely linkages between MNCH services and HIV/AIDS related services for women and children, where these linkages will serve to strengthen: 1) both types of services based upon an evidence-based package of services¹⁰;

⁷ In PMI countries (Angola, Benin, Democratic Republic of Congo, Ethiopia-Oromiya Region, Ghana, Kenya, Liberia, Madagascar, Malawi, Mali, Mozambique, Nigeria, Rwanda, Senegal, Tanzania, Uganda, and Zambia). CSHGP projects should be implemented in collaboration with PMI efforts and priorities in country, which are based on close planning with National Malaria Control Programs (NMCPs). See the PMI website at www.pmi.gov for more information, including annual PMI country malaria operational plans for each PMI country. Technical resources on behavior change are available at www.pmi.gov/technical/bcc/index.html

In all countries, projects should be consistent with NMCP strategies and approaches. *Please note that malaria interventions are not restricted to PMI focus countries or regions.*

⁸ HIV/AIDS cannot be proposed above 20% level of effort

⁹ To the extent possible, proposed projects should coordinate with PEPFAR efforts and priorities in relevant countries. *Please note that HIV/AIDS interventions and/or integration activities are not restricted to PEPFAR focus countries.* www.pepfar.gov

¹⁰ MAMAN package www.mchipngo.net; http://www.who.int/making_pregnancy_safer/documents/fch_10_06/en/

2) community-facility linkages such as routine child health services, including community-based services, to support improved detection, care, and treatment of HIV-positive infants and children including referral to Orphan and Vulnerable Child programs (particularly children under five); 3) a broad array of evidence-based interventions including those that may be considered beyond health per se such as the integration of safe water, hygiene, and sanitation into PMTCT services as well as into the care and support of HIV-positive mothers and HIV-exposed children; and 4) the follow-through of services along the MNCH continuum of care such as the link of MNCH services providing antenatal, delivery, and post-partum care with preventing mother-to-child transmission (PMTCT) services, to produce improvement in those maternity and newborn/child services as well as increased uptake of PMTCT and improved follow-up, care, and treatment of HIV-exposed infants and HIV-positive mothers. In addition, interventions should support country efforts to incorporate new WHO HIV guidelines for PMTCT, infant feeding, and ART¹¹ and these may include combination therapy, cotrimoxazole prophylaxis, and long-term follow-up. Since CSHGP funding is MCH element funding, rather than HIV specific, it is important that any proposed activities related to HIV detection, care, and treatment be designed in ways that also strengthen routine MNCH services for the broader population of women and children in the target population.

¹¹ WHO recommendations on integrated service packages <http://www.who.int/hiv/topics/mtct/en/index.html>

V. Funding Categories

The following two funding categories are offered under this RFA to eligible applicants:

1. **Innovation** (4-5 years, up to \$1,750,000)
 - Family Planning Integration (4-5 years, up to \$200,000 - \$250,000 added to CSHGP project ceiling)
2. **New Partner** (4-5 years, up to \$1,500,000)

Interested applicants may submit only one CSHGP application to this RFA, and may *not* apply to both New Partner and Innovation Categories. Innovation Category applicants may submit 1 CSHGP Application and 1 Supplemental Application for FP Integration, which will be evaluated separately. Applicants should weigh the strengths and capabilities of their organizations when considering which funding category to apply under. Applications will be competed within each category rather than across the two categories.

VI. Eligible Country List

The eligible country list is prepared in conjunction with Bureau of Global Health leadership and selected Missions to align the potential contributions of U.S. PVOs/NGOs supported through the CSHGP with USG/USAID strategic initiatives in focal countries and coordination at the global level to address country needs. It is in the best interest of applicants to liaise with USAID Missions, and other relevant national/sub-national stakeholders, to learn about USG/USAID support to national priorities, government led processes and ensure that proposals respond to expressed areas need for strengthening national policies, systems, and programs (e.g. smart integration, innovation/OR, new partnership models, etc.) and demonstrate the role and contribution of NGOs. See **Annex C** for the current **Mission contact list**.

Innovation and New Partner Category Eligible Countries:

Africa	Asia & Middle East	Latin America & Caribbean	Europe & Eurasia
Angola*	Afghanistan	Dominican Republic*	Azerbaijan*
Benin*	Bangladesh	Guatemala*	Moldova*
Burkina Faso*	Cambodia*	Haiti	Ukraine*
Cameroon*	India	Honduras*	
DR Congo	Indonesia*	Nicaragua*	
Ethiopia	Nepal	Paraguay*	
Ghana	Pakistan		
Guinea*	Philippines		
Kenya	Tajikistan*		
Liberia	Timor Leste*		
Madagascar ¹²	Yemen		
Malawi			
Mali			
Mozambique			
Namibia*			
Niger*			
Rwanda			
Senegal			
Sierra Leone*			
Sudan			
Tanzania			
Uganda			
Zambia			

* *These countries, denoted by an asterisk(*), are not eligible for the Supplemental Application for FP Integration (Annex A) which is available only to Innovation Category applicants.*

¹² *Until further notice, USAID and its partners (contractors and grantees) are restricted from working with the Government of Madagascar. Applicants are advised to consult with the Mission regarding any and all restrictions and their relevance to allowable programming*

SECTION B: SELECTION CRITERIA

I. Eligibility Requirements

Principal applicants must meet the following criteria to apply for a CSHGP grant.

Depending on the Category (New Partner, Innovation) an applicant wishes to apply for, eligibility criteria differ around “Organizational Status and Experience”. Applicants are advised to read section A (1-4) carefully.

A. Organizational Status and Experience: Principal applicants must be a U.S. PVO (any Category) or U.S. NGO (New Partner Category only). Please see below for additional information on organizational status.

1. U.S. PVOs

A U.S. PVO is defined as a U.S. non governmental organization that meets the first four Conditions of Registration as outlined in Part 203, Chapter II, Title 22 of the Code of Federal Regulations in USAID’s Automated Directives System. To be registered, a U.S. PVO also must meet the second four Conditions of Registration, which establish standards to be met on an annual basis (see Annex B for a list of these eight Conditions). **If an organization meets the criteria of a U.S. PVO, the organization must be registered or in the process of registration with USAID as a U.S. PVO at the time of application submission to be considered eligible** as a U.S. PVO under this RFA. U.S. NGOs in the process of registration as a U.S. PVO with USAID at the time of application submission are eligible to apply under this RFA.

To register with USAID as a U.S. PVO, please refer to USAID’s website at www.usaid.gov, USAID Keyword: PVO Registration, or http://www.usaid.gov/our_work/cross-cutting_programs/private_voluntary_cooperation/regresources.html for complete information and guidance.

2. U.S. NGOs

Other U.S. NGOs that do not meet the definition of a U.S. PVO are eligible to apply for funding, but only under the New Partner Category of this RFA.

3. Definition of New Partner for New Partner Category:

Restrictions for the New Partner Category: Only U.S. PVOs and U.S. NGOs that have been awarded no more than \$5 million in total, direct U.S. Government funding over the five fiscal years prior to the due date for submission of an application under this RFA are eligible to apply under the New Partner Category. The \$5 million eligibility limitation does not include: 1) U.S. Government emergency and disaster assistance, whether domestic or international, or 2) U.S. Government domestic or international funding received by virtue of a subcontract or sub-grant. The \$5 million eligibility limitation

applies not only to the principal applicant, but also to any organization with which the principal applicant may choose to enter into a subcontract or grant.

4. Innovation Category Applicant Experience Requirement

The Innovation Category is intended for PVOs with substantial leadership and experience in health programming. Applicants in the Innovation category must have **five years** of experience implementing health programs in a developing country. Previous health program experience in the target country; however, is not required.

The following Eligibility Criteria (Sections B-G) are required for all Applicants to either Innovation or New Partner Categories:

B. 25% Cost Share: Each organization must propose to contribute at least 25% of the cost of the proposed project in non-U.S. Government resources, in cash or in-kind, in accordance with OMB circular A-110 and 22 CFR 226.23. **U.S Government resources of any type or source do not count toward the applicant's cost share contribution for the CSHGP.** Applicants proposing above 25% cost share will not be considered or evaluated differently or more favorably than those applicants proposing 25% cost share.

C. Documented Legal Presence: The principal applicant must have legal presence in the country where the CSHGP project is proposed. This should be documented by a signed agreement with the host government and included in the application. Letters of support from the MOH, or a legal document recognizing a local partner may not be submitted in lieu of the PVO/NGO agreement with the local government.

D. Eligible Country: Proposed project must be in a single eligible country. See the list of Eligible Countries provided in Section A: Program Description.

E. Application Submission Limitations: An eligible U.S. NGO may submit **one** application under the New Partner category. An eligible U.S. PVO applicant (see Section A) may submit **one** application in response to this RFA in either the New Partner or Innovation Category. Innovation Category applicants may submit one Supplemental Application for FP Integration.

F. Level of Effort (LOE)¹³ Restrictions: An HIV/AIDS intervention may be proposed **up to a 20% LOE** under the New Partner and Innovation funding categories (i.e. 40% LOE for HIV/AIDS would be deemed ineligible). For all intervention areas, including HIV/AIDS, the LOE proposed is an estimate determined by the applicant. The CSHGP expects that the value proposed reflects the applicant's best estimate of the amount of time and resources that will be required for the proposed activities per intervention area over the life of the project.

G. Page Limitations: **Technical Applications with more than 16 pages (15 pages + 1 page executive summary) will not be reviewed.** This page limit restriction for the body of the Technical Application does not include attachments, preliminary matter (title page, table of contents, acronym list), or project screening form. [Technical **Attachments cannot exceed 25**

¹³ Please see definition for LOE under IV. Technical Intervention on page 7

pages in length.] Information required in the Technical Application per the RFA guidance cannot be included as an attachment and will NOT be reviewed unless it is specified that this information may be provided as an attachment. *Please note that information requested to be provided in the Technical Attachments, as specified in the technical guidance for each category, will be reviewed as part of that section.*

II. Project Requirements

All proposed projects must address the following components in their application.

A. Local Partnerships: The applicant must work in partnership and/or coordinate with a range of partners, such as local government, local community- and faith-based organizations, networks of C/FBOs, local or regional academic or research institutions, private sector groups, or other local organizations at the regional, national and sub-national level, on the design, including Operations Research areas (for Innovation Category only), and overall implementation of projects, including monitoring and evaluation efforts. In addition to these partners, applicants should complement and support USAID Mission/USG priorities and strategies. See **Annex C** for the current **Mission contact list**. Applicants are encouraged to partner with and build the capacity of women's civil society organizations, as relevant. All applications must be prepared in collaboration with the project partners in the proposed site or country.

For the purposes of this RFA local organizations are those organizations that have been locally conceived, supported and staffed, whose inception was initiated by nationals from the country of application and whose headquarters originated and currently resides in the country of application. Partnerships with women-led organizations are encouraged. Regional organizations are those organizations that have been conceived, supported and staffed in the broader sub-region or region of the world.

B. Key Personnel: The following positions must be included as key personnel in the applications and require USAID approval upon award:

1. Child Survival Headquarters Technical Backstop: Assign at least one public health professional at the applicant organization's U.S. headquarters with at least 20% LOE devoted toward CSHGP activities. This staff person must be employed by the principal applicant.
2. Field Project Manager: Assign to the project, one full-time staff person, devoted to the proposed project at 100% LOE, with substantial and appropriate experience in implementing community health programs. This staff person must be employed by the principal applicant to ensure clear coordination with and technical and management leadership by principal applicant and USAID. Applicants are encouraged to consider local candidates residing in the country in which the application is submitted to serve in the field project manager position.
3. Operations Research Coordinator (Innovation Category only): Assign to the project, one staff person, dedicated to the Operations Research with substantial and appropriate

experience in designing and implementing community level- or relevant technical area-research. This staff person may have other duties or roles with the proposed project (e.g. Monitoring and Evaluation coordinator, Headquarters Technical Backstop, other), and may be employed by the principal applicant, either as a staff person or a consultant, or by a partner, such as a research institution. As such, the proposed level of effort for this role should be stated and justified, according to staffing approach and responsibilities.

Applicants are encouraged to consider local candidates residing in the country in which the application is submitted to serve in the Operations Research Coordinator position. While there may be a team of individuals supporting the Operations Research design and implementation, applicants should propose one individual who will serve to coordinate the Operations Research activities.

4. Midterm and Final Evaluation Consultants: External consultants to lead Midterm and Final Evaluations. (Candidates and scopes of work for these consultants do *not* need to be included in the application submission.)

C. Reporting Requirements: The following are reporting requirements for CSHGP grantees; please consult www.mchipngo.net/controllers/link.cfc?method=program (CSHGP Program Guidance and Reporting Guidelines):

1. Detailed Implementation Plan (DIP): to be submitted per CSHGP reporting guidelines. The DIP is a requirement for all grantees. Grantees must complete an in-depth assessment and analysis of the current health situation in the program site through qualitative and quantitative baseline surveys. Grantees must establish strong partnerships with local counterparts and jointly prepare the DIP for submission to USAID for approval. New Partner grantees are also required to prepare a behavior change communication strategy and to conduct an organizational assessment as part of the DIP process, and Innovation grantees must prepare and submit operations research (OR) concept papers.

2. Annual Reports, including the Midterm Evaluation Report: to be submitted per CSHGP reporting guidelines.

3. Final Evaluation Report: to be submitted after the expiration or termination of the award per CSHGP reporting guidelines.

4. Financial Reporting: in accordance with 22 CFR 226.52, the SF 425 and SF 272 will be required on a quarterly basis. (See Annex H for Financial Reporting Forms).

D. Substantial Involvement: Substantial involvement during the implementation of the program will be limited to approval of the elements listed below:

1. Approval of the DIP, including the OR concept paper, submitted to USAID/GH/HIDN, and any subsequent revisions. GH/HIDN staff and technical specialists will review the DIP and provide the recipient with strengths and weaknesses. The DIP will provide a plan for the program, including plans for baseline and final surveys and collection of required indicators, and the implementation of OR. Substantial changes resulting in any

revisions to specific activities, locations, beneficiary population, international training costs, international travel, indirect cost elements, or the procurement plan may require a formal modification to the Agreement by the Agreement Officer. The approved DIP will supplement the initial Program Description in the Agreement and form part of the official documentation. GH/HIDN staff and technical specialists, through MCHIP, will provide technical assistance to the development and/or refinement of OR questions and OR designs in order to maximize MCHIP and CSHGP program learning opportunities.

2. Approval of key personnel to include the following positions:

Headquarters Technical Backstop
Field Program Manager
Operations Research Coordinator (**Innovation Category only**)
Midterm Evaluation Team Leader
Final Evaluation Team Leader

3. USAID involvement in monitoring progress toward the achievement of program objectives during the performance of the program, including written guidelines for the content of annual reports, and midterm and final evaluations in accordance with 22 CFR 226.51.

4. All subawards not included and approved in the Cooperative Agreement require Agreements Officer approval, **as per 22 CFR 226.25**.

E. Authorized Geographic Code: The authorized geographic code for procurement of services and commodities for the CSHGP is 000.

III. Project Restrictions

A. All proposed activities must directly contribute to improved child survival and health outcomes. Applications for which the main purpose is: research; equipping hospitals, orphanages, or other residential facilities; curative care in hospitals; surgical procedures and prosthetics; construction; manufacturing of pharmaceuticals, or other health aids; evacuation of children to the U.S. for medical treatment; emergency relief activities; or adoptions are beyond the scope of the CSHGP.

B. In the case of multi-sectoral programming, CSHGP funds may be used to support the health components of multi-sectoral activities, while only funds from sources other than the Global Health/Child Survival account may be used to support those activities that do not directly affect child survival and health outcomes.

C. Please review the USAID Eligibility Rules for Goods and Services in the Standard Provisions, Section E for a list of goods and services restricted from purchase with USAID funding.

IV. Evaluation Criteria

The technical applications will be evaluated in accordance with the Technical Evaluation Criteria set forth at the conclusion of the technical guidelines under each grant funding category.

Evaluation criteria for the Supplemental Application for FP Integration (Innovation Category applicants only) may be found in Annex A. The cost application of all applicants submitting a technically acceptable application will be evaluated by the Agreement Officer to determine if costs are reasonable, allowable, allocable and realistic. If an application is recommended for award following the technical review, cost negotiations will be conducted.

Applicants should note that the technical evaluation criteria serve to: (a) identify the significant issues which applicants should address in their applications; and (b) set the standard against which all applications will be evaluated. **To facilitate the review of applications, applicants should organize the narrative sections of their applications in the same order as the evaluation criteria.** Awards will be recommended based on the ranking of applications according to the technical evaluation criteria and the quality of the response to these criteria.

SECTION C: COOPERATIVE AGREEMENT APPLICATION GUIDELINES

I. Instructions for Preparation and Submission of Applications for New Partner or Innovation Categories

Please read the entire RFA. Respond to criteria as appropriate, including attachments where requested. Depending on the funding category the applicant is applying for, requirements may vary. It is incumbent on the applicants to ensure that they respond specifically to criteria/questions relating to the relevant funding category.

1. Follow the formatting instructions below.

All applicants should submit a maximum **16-page Technical Application, INCLUDING a one-page Executive Summary and no more than 15 numbered pages** to respond to the evaluation criteria for New Partner and Innovation categories. Technical applications with more than 16 **pages will NOT be reviewed**. This page number restriction does not include attachments, preliminary matter (title page, table of contents, acronym list) or the project screening form.

Type face/characters for applications and attachments must be no smaller than **12-point font using fixed pitch spacing per inch with one inch margins** on standard, letter-sized paper (8 ½" x 11"). There are two exceptions to the aforementioned instruction: 1) budgets may be in a slightly smaller font (10 point) with smaller margins, and 2) tables may use smaller fonts and margins, but must be easily readable.

All **Technical Attachments** should be **25 pages or less**. All Technical Attachments should be clearly marked, included at the end of the application, and listed in the table of contents. All attachments and/or supplementary documents must be in English or accompanied by an English translation. Supplementary documents in a foreign language do not count as part of the page

limit for attachments. Technical Attachments must also be presented on standard, letter-sized paper (8 ½ x 11). **Information required in the Technical Application per the RFA category guidelines cannot be included as attachments and will NOT be reviewed. Applicants must keep the Technical Attachments separate from the Cost Application Attachments.**

Cost Application Attachments have no page limit. All Cost Application attachments should be clearly marked and listed in the table of contents. Cost Application attachments must also be presented on standard, letter-sized paper (8 ½” x 11”).

An **Application Screening Form** is provided in **Annex D** for completion and submission with the application. This form will not count toward Technical Application or Technical Attachment page limitations. Please include this form after the title page of the Application.

2. The applications must be submitted in two separate parts and delivered in two separate envelopes: (a) technical and (b) cost application. The technical application should include three unbound, double-sided copies and one electronic copy (CD-ROM). The cost application should also include three unbound, double-sided copies and one electronic copy (CD-ROM). Please do **not** use dividers to separate sections of the applications.

3. Applicants should retain for their records one copy of the application and all enclosures which accompany their application. Erasures or other changes must be initialed by the person signing the application.

4. To facilitate the competitive review of the applications, USAID will consider only applications conforming to the format prescribed below and under the Technical and Cost Application sections.

5. The title page of the application should include:

- The **name and address of the PVO/NGO applicant;**
- The **RFA number**
- The **category** for the application submission
- The **country** for which the project is proposed.

6. **Application Screening Form** (See Annex D) - Please include the completed form after the title page of the application.

7. The body of the application should respond to each of the evaluation criteria for the particular application category.

8. Technical **Attachments** (cannot exceed **25 pages**) can consist of:

- Legal Authorization to Operate in Target Country
- Map of Program Area
- Letters of Support (e.g. MOH or other host country government, local/international NGO research institutions, private sector partners)
- Management/Human Resource Tables
- Work Plan

- Training Plan
- Organigram
- CVs and/or Job Descriptions
- Past Performance References (3)
- Memoranda of Understanding (if applicable)

9. Cost Application Attachments (no page limit) must consist of:

- Standard Form 424 and/or 424A (See Annex H)
- Detailed Budget and Detailed Budget Narrative
- Procurement Plan
- Certifications
- List of Federally Funded Contracts and Assistance (if applicable)
- Current Negotiated Indirect Cost Rate Agreement

See Section III – Cost Application Guidelines for specific Cost Application Attachment details and instructions.

10. Submit the application package to one of the following addresses:

1) **If sent via US Postal Service or via Courier:**

Ms. Deidre Jackson
USAID Office of Acquisition and Assistance
SA-44
M/OAA/GH, Room 549-O
1300 Pennsylvania Ave., NW
Washington, DC 20523

2) **If delivered via hand carry:**

Ms. Deidre Jackson
USAID Office of Acquisition and Assistance
SA-44
M/OAA/GH, Room 549-O
Federal Center Plaza
301 4th Street, SW
Washington, DC 20024
Phone: 202-567-5049

See **Annex I – Delivery Instructions** for additional information regarding specific delivery instructions.

11. All applications received by the deadline will be reviewed for responsiveness to the specifications outlined in these guidelines and the application format. Sections B and C addresses the selection criteria, the technical evaluation criteria, and procedures for the applications. The specific evaluation criteria for each category are found at the end of the category descriptions. **Applications which are submitted late or are incomplete will not be considered in the review process.**

II. Supplemental Applications for Family Planning (Innovation Category Applicants only)

The supplemental FP application must be submitted at the same time as the Innovation Category application for the CSHGP FY11 RFA and must be received by USAID on or before the RFA due date. Two (2) hard copies and a CD of the technical narrative and technical attachments, including 3 past performance forms, should be submitted for the supplemental FP application and included in a separate envelope from the Innovation Category application. Two hard copies and a CD of the detailed budget and budget narrative should be submitted separately, and in a separate envelope from the supplemental FP application technical narrative and attachments. See **Annex A** for specific details and instructions.

III. Technical Application Guidelines

Guidelines for each of the two funding categories are provided in this section. Applicants should read the guidance thoroughly for the specific funding category under which they intend to apply, taking note of the category description, funding levels, and duration, as well as the technical guidelines and evaluation criteria. Technical Application Guidelines for the following funding categories are as follows:

1. Innovation Category
 1. Family Planning Integration (See Annex A for Supplemental Application Guidelines)
 2. New Partner Category

III.A. Guidelines for Innovation Category (up to 16 pages for narrative)

(Four or five years, up to \$1.75 million*)

Category Purpose and Scope:

The Innovation Category places the primary emphasis on designing, testing, and evaluating innovative solutions (*please see innovation guidance in Box*) to generate credible evidence that contributes to achieving transformational advances for improving and scaling up the delivery and use of high impact MNCH interventions in diverse community and health systems contexts. This category leverages the global health and development entrepreneurship and expertise of U.S. PVOs by providing opportunities to strengthen PVO engagement with national program managers, policy makers, and research institutions to foster program learning that enables identification, adaptation, and wide-spread use of new solutions at scale in the home, communities and facilities to increase impact.

These guidelines have been aligned with USAID's broader strategic principles and priorities in innovation and research through a set of grand challenges to advance transformational development and foster greater coordination and collaboration for learning and action among a wider community of USAID innovators.

Applicants to the CSHGP innovation category are expected to design projects that aim to strengthen local health and community systems, while working in close coordination with

national/local MOH. They should support MOH priorities and the “mainstreaming” of MOH supported interventions and delivery platforms, thereby facilitating MOH ownership. In addition, projects are encouraged to seek partnerships with other local partners, including, but not limited to, local NGOs. The innovative solution(s) should represent bold, new ideas that are located within (or built on) a foundation of effective, integrated community oriented MNCH programming. Applicants must clearly distinguish and characterize the unique innovative solution(s) that are integrated within the overall community oriented programming platform (*please see innovation guidance in Box*). The proposed project may encompass single or multiple districts, based on project design considerations (e.g. developing and/or leveraging existing delivery platforms) and available resources.

Innovation is defined as an approach or practice that introduces novel ways of addressing critical operational barriers for improving the delivery and use of high impact MNCH interventions in vulnerable populations and strengthening health systems, ultimately leading to increased scale of these interventions and improved health outcomes. Innovations require challenging existing paradigms in order to address an identified need by key stakeholders at national and global levels.

The proposed **innovation** should be a creative and appropriate solution to a relevant public health challenge. It may include the following:

- Introduction of a new approach or practice; and/or,
- Substantial transformation of an existing approach or practice.

Note: Applicants are encouraged to design novel solutions that can be clearly differentiated from existing alternatives. Incremental solutions that are only slight improvements over existing solutions will not be considered innovative. Incremental solutions, if and as relevant, may be proposed as a part of the project strategy rather than the innovative solution(s). Applicants may integrate innovative approaches with low-cost products and technologies, as relevant and feasible in proposed local and national context, to achieve significant transformations in the delivery and use of new and underused high impact MNCH interventions. (Please note USAID/CSHGP guidance and restrictions for procurement of commodities)

Operations Research (OR)¹⁴ is a critical means of testing and documenting the successes (and failures) of innovative solutions to real public health challenges. The CSHGP is particularly interested in OR that will generate and foster utilization of evidence to advance an innovative solution toward introduction and expansion in conjunction with the development and

¹⁴ Any research producing practically-usable knowledge (evidence, findings, information, etc) which can improve program implementation (e.g., effectiveness, efficiency, quality, access, scale-up, sustainability) regardless of the type of research (design, methodology, approach) falls within the boundaries of operations research.

From: The Global Fund, US Agency for International Development, WHO, Special Programme for Research and Training in Tropical Diseases, UN Joint Programme on HIV/AIDS, World Bank, Framework for operations and implementation research in health and disease control programs <http://apps.who.int/tdr/publications/training-guideline-publications/framework-operation-research/pdf/framework-operation-research.pdf> (August, 2008)

implementation of national policies/strategies, including USG/USAID priorities for supporting and strengthening government led program implementation and learning in-country. Innovative solutions should reflect collaboration with national programs and be scalable, able to be absorbed by the host government system or inform partnerships with PVOs/NGOs or the private sector, and leverage existing community and other platforms. CSHGP will not support research aimed at determining the efficacy of technical interventions.

The identified areas for evidence building through OR should aim to improve health and nutrition program performance and respond to critical information needs and priorities of key stakeholders. Applicants should propose challenges and areas for generating credible evidence with OR questions that have relevance to existing systems that address information needs of local and national stakeholders. OR questions may focus on the feasibility, effectiveness, and scalability (e.g. cost-effectiveness, intensity of inputs, management burden, responsiveness to challenges and opportunities in national programs). However, the applicant must provide a strong rationale for proposing OR questions based on their relevance to existing policies, programs and systems and the information needs of local and national stakeholders. While the applicant is expected to conduct OR around proposed areas of evidence building, OR methodologies are not requested in this RFA. Successful applicants to the FY11 RFA will work during the DIP development period to develop and/or refine appropriate designs with MCHIP Technical Assistance, provided by ICF Macro and JHUIIP in coordination with the Bureau for Global Health and relevant Missions. Applicants are encouraged to consider OR that can be completed well within the time frame of the proposed project (4-5 years) to enable fine tuning of innovative solutions, dissemination and use of information for improving national health program implementation and policies as well as to contribute to global learning and cross-fertilization among a wider group of innovators supported by USAID.

While the design of innovative solutions and prioritization of OR questions must respond to the needs of national and local stakeholders, the Bureau for Global Health welcomes innovative solutions and OR to advance the following areas:

- Improving efficient and effective delivery of MNCH interventions through smart and strategic integration (e.g. during the 1000 days period from pregnancy through the child's first two years of life, community case management of childhood illness, etc.);
- Ensuring safe pregnancies and births by addressing the most critical challenges faced by poor, rural women and communities;
- Tackling disrespect and abuse of women during childbirth (*Note: a landscape analysis focusing on disrespect and abuse of women in childbirth is available through www.tractionproject.org*);
- Increasing accountability from a client perspective, particularly for improving women and community-centered care in facilities, through quality improvement processes.
- Creating leadership opportunities for women which result in increased recruitment and retention of female health care providers at MNCH facilities as well as innovative services that increase satisfaction **among clients** for the services rendered.
- Sustainably improving the coverage of high impact MNCH interventions (underused, new) through strategic collaboration with private providers, linking with and

- expanding on existing global development alliances, or designing novel approaches that engage the private sector;
- Identifying new and/or strengthening existing approaches and delivery platforms for rapid scale up of evidence-based interventions for preventing and treating undernutrition;
 - Expanding health care capacity (particularly at the primary health care level) to effectively deliver and foster use of high impact interventions in underserved communities through integration of new technology (e.g. Rapid Diagnostic Tests, mobile technologies) within existing and/or new platforms (e.g. mobile teams, CHWs, etc.);
 - Improving the availability and use of a range of data for local/national decision-making through introduction of new monitoring and evaluation tools or approaches to improve information systems;
 - Improving equitable access to high impact MNCH interventions (e.g. leveraging or improving demand side financing mechanisms or targeting approaches; improving metrics);
 - Strengthening community-level delivery platforms by addressing key challenge areas (e.g. supervision, task shifting, workload, integrated care, motivation, or retention); and
 - Improving individual, family and community behaviors and practices (e.g. use of safe water and hygiene practices; increased care-seeking and service utilization for maternal, newborn, and child health; improved food and nutrition practices, etc.) through creative, scalable behavior change communication and/or community mobilization approaches

Applicants are encouraged to establish partnerships with research institutions, including local or regional research institutions, as appropriate, to ensure quality data collection and analysis, and to facilitate information dissemination and utilization. Involving national and local stakeholders in the definition and refinement of the OR question(s), assessment, results dissemination, and interpretation can catalyze policy and programmatic action. Applicants are expected to work closely with USAID Missions and bilateral projects, and other relevant national stakeholders to develop and implement the OR and facilitate dissemination and utilization of results. GH Bureau and Collaborating Agencies will be called upon to assist in working with recipients to refine proposed research to further strengthen linkages to USG/USAID's broader strategic work and to maximize opportunities for program learning at the national and global levels.

Budget Requests: Innovation Category applicants may submit budget requests for four or five year projects for up to \$1.75 million total (not per year). Applicants may budget up to \$200,000 for OR.

Note: Innovation Category applicants, who see a role and need for FP integration in the proposed project and geographic area, may submit a **Supplemental Application for FP Integration (See Annex A)**, with an additional budget request of up to \$50,000 per year (\$200,000-\$250,000 for a 4-5 year project) which would be added to the CSHGP ceiling of up to \$1.75 million.

Who Should Apply: U.S. PVOs who meet the eligibility, organizational, and program requirements identified in the Selection Criteria Section of the RFA. The Innovation Category is a highly competitive funding category, requiring substantial leadership and experience in child survival and health interventions. Successful applicants demonstrate a strong ability to implement and replicate innovative and effective projects and set higher standards for both their organizations and the PVO/NGO community.

Technical Intervention Restrictions:

- HIV/AIDS related activities may represent **no more than a 20% level of effort** of the total technical intervention package proposed for the project.

Technical Guidance for Innovation Applications:

Applicants must follow the format and guidance described below to prepare an Innovation Category application in response to this RFA.

1. Executive Summary

This section should be a succinct **one-page summary** and must contain the following information as applicable and any additional information the Applicant believes necessary to best represent its proposed project.

❖ Guidance:

- Problem statement, including rationale for the proposed project.
- Project goal, objectives, and key strategies (including percentage (%) estimated LOE devoted to each technical intervention), and project location.
- Proposed innovative solution(s) and justification for introduction and testing of the innovative solution(s) to improve and scale-up the delivery and use of high impact MNCH interventions.
- Prioritized OR question(s) focusing on the innovative solution(s) and relevance to the national policy and program context.
- Estimated total population in the project location and number of children under five and women of reproductive age (see calculation guidelines in **Annex E**).
- Local partners involved in project implementation, including name and type of any sub-grantees and total level of USAID funding to be sub-granted.
- Level of USAID funding requested for the project and cost-share amount.
- Application category.
- Proposed start/end dates.
- Main authors of the application and application contact at U.S. headquarters office.

2. Project Context

This section of the application presents an overview of the context in which the proposed project will operate. It should provide a clear and comprehensive picture of the health context in the selected project area to serve as the basis for the selection of interventions, strategies, and key project partners.

❖ Guidance:

- Provide an overview of the current health status of the target population including key causes of mortality and morbidity and socio-cultural, economic, gender, and behavioral factors that impact care seeking practices and household-community-level behaviors. Please cite sources of data.
 - Briefly describe the location of the proposed project and provide a map(s) with scale in an **attachment**.
 - Estimate the total population in the project area, breaking out children under five years of age and women of reproductive age (15-49 years). Please refer to **Annex E** for calculation guidelines.
- Provide a brief overview of the current status (availability, quality, utilization) of health care services in the project area. Include both formal and informal health services (e.g. care provided by the MOH, private sector, NGOs, traditional health providers). This information may draw upon qualitative and/or quantitative information.
- Discuss the implementation status and role of any relevant national policies and strategies in place related to the proposed programming, including both technical interventions and cross-cutting or delivery strategies. Please highlight USG/USAID priorities for supporting government led processes, as relevant. Provide an explanation of, and justification for, any proposed approach that differs from the MOH policy in the proposed country.
- Describe relevant programming that the applicant organization and/or other groups (including USG/USAID Mission) are implementing in the same geographic area, highlighting synergies and ensuring no duplication of effort. Indicate how the proposed project will engage and/or complement existing programs.

3. Project Strategy

This section provides a clear picture of the proposed project strategy and implementation plan. It should include details on the proposed technical interventions and corresponding activities. Even though the innovation will be described separately in Section 4, it should be integrated within the overall project design.

❖ Guidance:

- Provide a results framework the goal, strategic objective(s), and expected results of the proposed project. Demonstrate how selected technical interventions, strategies, and activities support stated goal, strategic objectives, and results/outcomes. Please see Annex G for definitions of terms and resources for developing a results framework.

- Include a discussion of the decision-making process and rationale for the proposed project design, including a rationale for selections and omissions. The rationale should link to the project context section and should demonstrate an understanding of the population (including gender issues), epidemiology, and health system.
- Clearly describe the overall project strategy, including technical intervention package and activities/strategies at multiple levels (e.g. individual/household, community, facility, policy, other) that the project will implement to achieve the expected results by the end of the project.
 - Provide a bulleted list or other brief presentation of the chosen technical intervention package (both preventive and curative), which must include high impact MNCH interventions (see Section IV: Technical Interventions).
 - Discuss the cross-cutting approaches and strategies at multiple levels of the health system, (e.g. individual/household, community, facility, policy, other), only as relevant and appropriate to the proposed programming. Depending on the extent of integration of technical interventions, strategies may be presented for a set of technical interventions or for single interventions.
- Discuss the role of key project staff and partners, including community health workers and local organizations and MOH, in project implementation, advocacy, and dissemination of lessons-learned.
- Demonstrate how the project will communicate with and incorporate input from the USAID Mission and key partners, as relevant, throughout project implementation.
- In an **attachment**, include any letters showing specific support for the proposed project from each of the cooperating governmental and/or other organizations with which the project will establish a formal relationship. Each letter must be dated within three months of the application submission. The letter must outline the specific role in the proposed project of each of the cooperating governmental and/or other organizations with which the project will establish a formal relationship. In addition, the letter from the MOH must demonstrate that the MOH agrees with the proposed PVO/NGO approach. Please include references to proposed innovation activities, as relevant. No letter of support from the corresponding USAID Mission is required or requested.
- As an **attachment**, provide a table of the key project staff and partners who will contribute to achieving the results of the project. This may include, but is not limited to: PVO/NGO headquarters and field staff, local partner staff, MOH staff, community health workers, and private sector providers. For each type of worker provide: 1) the number of workers in that category; 2) organizational affiliation; 3) main responsibilities; 4) percent of effort devoted to project activities; and 5) entity responsible for remunerating the worker (e.g. PVO/NGO, MOH, community, volunteer); and 6) brief description of the role the individual will play within the project.

- As an **attachment**, present a brief, one to two page work plan in a table format, which reflects the overall project approach, strategic objective(s), results, timeline, and budget. The work plan should cover all years of project implementation.

4. Innovation

This section outlines the innovative solutions and areas for evidence building through operations research (OR). Applicants should propose innovative solution(s) to address critical operational barriers to improving implementation and to scaling-up the delivery and use of high impact MNCH

interventions that prevent or treat major causes of maternal and child mortality. Even though the innovation is highlighted separately, it should be integrated within the context of the overall project strategy described in Section 3.

Applicants may consider the selection and design of their innovative solution and **OR** using the following process, drawing upon local stakeholder engagement at each stage to ensure evidence building and use around locally and/or nationally relevant solutions*:

- 1.) Identify and define the problem (challenge);
- 2.) Justify the importance of the problem (challenge);
- 3.) Select an innovation (solution) to address the problem (challenge);
- 4.) Test the innovation (solution);
- 5.) Disseminate research findings; and
- 6.) Use research results to inform decision-making.

*Fisher, Andrew W. & Foreit, James R. 2002. "Designing HIV/AIDS Intervention Studies: An Operations Research Handbook." Frontiers. Population Council: Washington.

❖ Guidance:

- Provide a compelling description of the problem and explain how it was identified and prioritized. Justify the importance of the problem according to its public health impact and influence on national programs and/or policies beyond the immediate project area.
- Describe past research or other efforts to address the identified problem within the host country and globally, including any major unanswered stakeholder questions pertaining to the problem.
- Provide a clear and focused description of the chosen innovative solution(s) and why it is transformative in the local/national context. Describe how the innovative solution(s) is different from existing solutions and is an improvement over the best alternatives in the proposed context. Include a strong rationale for the capacity of the innovative solution(s) to address the identified problem (challenge) to achieve impact and demonstrate that the innovative solution(s) has been designed to improve and scale up the

delivery and use of high impact MNCH interventions in low resource settings. Clearly indicate the potential for sustainability and scalability within the MOH system.

- While no OR methodology is requested at this time, applicants should demonstrate that the innovative solution(s) is measureable (can be monitored and evaluated) and present key areas for evidence building that their OR approach could explore through clearly articulated research question(s). These potential research questions should aim to generate credible evidence to support decision making needs of national and/or subnational stakeholders. Applicants recommended for award will engage in a process with MCHIP to develop or fine tune simple OR designs, including those that can be implemented within 2 years, to enable dissemination and potential use of the evidence generated to strengthen strategies and programs at the national and global levels.
- Describe how the evidence or information on the innovative solution generated through OR could be used at the local and national levels, by stakeholders, to inform host country programs and policies and at the global level by USAID and its key partners. Describe stakeholder interest and engagement in the research. As relevant or appropriate, describe how specific key stakeholders were and/or will be involved in all steps of the OR process: diagnosing and prioritizing the most salient problem (challenge); identifying and testing the innovation; and using and disseminating the OR results to inform introduction and expansion. Key stakeholders vary by country context, but may include: program managers; policy makers; MOH (national, district, local); technical advisory groups; researchers, donors, implementing agencies, and community members.

5. Organizational Capacity

This section of the application provides information about the applicant. This section provides evidence that the applicant has the ability to carry out a successful project.

❖ Guidance:

- Discuss the organization's experience in designing, implementing, monitoring and evaluating international, community-level projects, specifically organizational successes in the proposed intervention areas and approaches.
 - Describe the U.S. PVO applicant including, as relevant, its mission, annual budget, financial management system, major work, and main methods of operation.
 - Describe the capacity of the applicant to conduct OR. If applicable, identify a partner institution that will participate in the research design, data collection, data analysis, documentation, and dissemination of findings.
 - Describe the capacity of the applicant to convene and engage with local and national stakeholders to influence and strengthen policies and programs through relevant past programming example(s).

- Provide any relevant information around the organization's operations, current agreements, and working relationships with the host country government and other organizations within the country proposed in this application. Documentation of current legal authorization for the U.S. PVO or its international affiliate to operate in the host country must be provided in an **attachment**.
- As an **attachment**, provide a project organigram that illustrates the proposed management structure for the project. The organigram should be a broad picture of the working relationship between all principal partners involved in project implementation. Include in the narrative a description of the responsibilities of all principal organizations and staff involved, reporting relationships, authority and lines of communication within and between each of these organizations. Please include job descriptions of primary staff and CVs if available (e.g., headquarters technical backstop, operations research coordinator, M&E manager, field program manager) as **attachments**.

6. Past Performance Reference (See Annex F)

This section provides information about the applicant's past performance record in developing and implementing health and development projects similar or related health program as described in the Program Description.

As an **attachment**, the applicant shall submit three (3) past performance references forms for any contracts, grants, and/or cooperative agreements which the applicant has implemented involving similar or related projects over the past three years before the application. If the applicant is submitting a Supplemental Application for Family Planning, 3 past performance reference forms shall also be included in the Supplemental Application package. **See forms provided in Annex F**. Note the following on the past performance form: Part I should be completed by the applicant; Part II should be completed by the reference.

Please note that USAID reserves the right to obtain past performance information from other sources including those not named in this application.

7. Monitoring and Evaluation

This section outlines the project's plans for tracking and monitoring project progress toward achieving results including relevant references to activities to evaluate the innovation. A Monitoring and Evaluation table with indicators for the proposed project is not requested at this time, but will be requested by USAID to be included in the Detailed Implementation Plan, should the application be awarded.

❖ Guidance:

- Describe the process to collect, assess, and use the data during project implementation, including for project management. Include references to the Innovation section (section 4), as relevant and necessary.
- Describe the current data collection systems that already exist in the project area, how/if the project's data collection will complement or be different from the existing system, and how they will link to each other.
- Describe the types of baseline, midterm or endline assessments, studies, or surveys that will be carried out over the life of the project. This information must also be reflected in the budget. Include any organizational assessments, health facility assessments, qualitative and population-based assessments (e.g. Knowledge, Population, and Coverage (KPC) survey). Please refer to Section II. Project Requirements/C. Reporting Requirements for required reports.¹⁵ While the OR study should be adequately planned for in the workplan and budget, no details of the OR study need to be included in the proposal other than the OR questions requested in the Innovation section (section 4).

Technical Evaluation Criteria for Innovation Category Applications:

All sub-criteria are weighted equally within each of the 7 sections

1. Executive Summary – 1 page maximum (1 point)

- Clear and concise overview of the proposed project that sufficiently addresses all requested information in the guidance.

2. Project Context (8 points)

- Comprehensive presentation of the health situation (epidemiological profile, health services, socio-cultural and behavioral factors, gender issues, policy environment) in the selected project area that provides a solid rationale for the selection of the geographic area and prioritization of technical interventions and strategies.
- Clear demonstration of how the proposed project will support, complement, and/or engage with existing national programming and policies, including USG/USAID priorities and support of government led processes, as applicable in proposed context.

3. Project Strategy (30 points)

- Appropriate goal, strategic objective, and expected results for the proposed project. Project design, which includes strategies, interventions, and activities, is clearly presented and supports stated goal, strategic objective, and expected results.
- Clear and comprehensive presentation of technical intervention package (selected high impact interventions)
- Clear description of strategies (individual/household, community, facility, policy, other) that provides a clear picture as to how the applicant will implement the proposed project

¹⁵ CSHGP survey tools and assessments can be found at www.mchipngo.net

design and achieve results by the end of the project, as outlined in the narrative as well as supporting documentation (attachments).

- Roles of key project staff and partners in various aspects of project implementation are clear and appropriate for proposed activities.
- Support and/or engagement of local/national partners in project design, implementation, and evaluation is demonstrated in letters of support.

4. Innovation (35 points)

- Compelling description of the problem (challenge), including a strong rationale for its prioritization and influence on programs and/or policies in-country and any prior efforts to research and/or address the identified problem (challenge) within the host country and/or globally.
- Demonstration that the proposed innovative solution(s) is an unconventional and creative approach for addressing the identified problem (challenge) and clearly differentiated from existing solutions.
- Demonstration that the innovative solution(s) is designed to achieve impact and contributes to improving and scaling up the delivery and use of high impact MNCH interventions in low-resource settings; Clear indications of potential for sustainability and scalability within the MOH system.
- Clear articulation of potential operations research (OR) question(s) for generating credible evidence for the innovative solution(s) that supports decision making needs of national and subnational stakeholders.
- Clear description of stakeholder interest and engagement in the research, including how the evidence or information on the innovative solution(s) generated through OR could be used at the local and national levels, including by the USAID Mission, to inform and strengthen host country programs and policies as well as at the global level by USAID and its partners.

5. Organizational Capacity (9 points)

- Organization has demonstrated adequate capacity to implement the proposed project and activities through discussion of past relevant programming experience.
- Clear description of who will develop and conduct the OR (applicant, research institution) and demonstration of adequate capacity to develop and conduct the OR.
- Organization has demonstrated capacity to convene and engage with local and national stakeholders to influence and strengthen policies and/or programs.

6. Past Performance (5 points)

- Information obtained demonstrates successful past performance implementing previous health projects based on references.

See Annex F: Past Performance Form

7. Monitoring and Evaluation (12 points)

- Process to collect, assess, and use data in project management and monitoring is clearly articulated, appropriate, and feasible.
- Clear description of the current data collection systems that already exist in the project area and how/if the project's data collection will complement or strengthen or the existing system.

- Project assessments (including baseline, midterm, final assessments, and OR study) are appropriate for project needs, and are included in work plan.

III.B. Guidelines for New Partner Category (up to 16 pages for narrative)

(Four or five years, up to \$1.5 million)

Category Purpose and Scope: This category supports new partners in maternal, newborn, and child health to USAID Missions and to the Bureau for Global Health. Specifically, this category seeks U.S. NGO/PVOs and their local and regional partners to strengthen their capacity to design, implement, monitor and evaluate innovative, effective, and sustainable MNCH projects. CSHGP recognizes the role of New Partners and their local partners in designing and implementing innovative solutions to real public health challenges, particularly at the primary health care and community levels. New partners also bring opportunities for USG/USAID to expand partnerships with civil society at the global, regional, national and local levels for improving the delivery and use of high impact interventions among the most vulnerable populations in diverse settings. New partners can contribute to the CSHGP portfolio by introducing unique ways of doing business in health programming, often bringing experience from other areas of health (e.g. HIV/AIDS, family planning, malaria, other) and/or experience in other implementation platforms/sectors (e.g. agriculture, food security, relief/humanitarian assistance, education, other).

In particular, this category is intended to support New Partner U.S. NGO/PVOs in engaging in partnerships with local or regional groups (e.g. government, civil society organizations, non-governmental organizations, small businesses, research institutions, others) to address critical barriers to improving the delivery and use of MNCH interventions and in strengthening the existing health system. New Partner applicants' approach to partnerships may include, but is not limited to:

- building the capacity of local organizations to enable them to implement innovative MNCH programming;
- leveraging the contributions and comparative advantage of strong existing local/regional institutions to improve the coverage of high impact interventions among vulnerable populations and contribute to sustainability and local ownership; and/or
- implementing innovative models for developing, engaging and/or leveraging partnerships (e.g. public-private, intersectoral, intrasectoral, other) for improving health program implementation at the primary health care and community levels.

In addition to contributing to the development of and leveraging of local capacity, New Partners are expected to design and implement innovative, effective MNCH projects that are replicable, and that complement USAID Mission and national health programming. Applicants are expected to work in close coordination with national/local MOH to support MOH priorities, MOH ownership; and "mainstreaming" of MOH supported interventions and delivery platforms. Applicants should review the list of technical interventions for the FY11 RFA (see Section IV: Technical Interventions) and design projects that have a foundation in high impact MNCH interventions. As such, New Partner applicants are encouraged to integrate high impact MNCH interventions with healthy timing and spacing of pregnancy, HIV/AIDS, cross sectoral activities, and so on. While integration is encouraged, applicants should only integrate to the extent feasible in the applicant's current capacity for strong and effective programming.

Budget Requests: New Partner Category applicants may submit budget requests for four or five year projects for up to \$1.5 million total (not per year). Applicants should adequately budget for capacity building activities and/or for leveraging the contributions of strong local/regional partners.

Who Should Apply: Only U.S. PVOs and U.S. NGOs that have been awarded no more than \$5 million in total, direct U.S. Government funding over the five fiscal years prior to submission of an application under this RFA are eligible to apply under the New Partner Category. Under this RFA, the restrictions for U.S. Government funding for New Partner Category applicants does not include: 1) U.S. Government emergency and disaster assistance, whether domestic or international, or 2) U.S. Government domestic or international funding received by virtue of a subcontract or sub-grant. The \$5 million eligibility limitation applies not only to the principal applicant, but also to any organization with which the principal applicant may choose to enter into a subcontract or grant. All interested applicants must meet the eligibility, organizational, and project requirements identified in the Selection Criteria Section of the RFA.

All interested applicants must meet the eligibility, organizational, and project requirements identified in the Selection Criteria Section of the RFA.

Technical Intervention Restrictions:

HIV/AIDS interventions may be proposed **up to a 20% level of effort.**

Additional Resources: Visit the New Partner Portal at

http://www.mchipngo.net/controllers/link.cfc?method=tools_newpartner for more information.

Technical Guidance for New Partner Applications

Applicants must follow the format and guidance described below to prepare a New Partner Category application in response to this RFA. Suggested page lengths and content are provided as a guide and are only illustrative; applicants may distribute the pages and develop the content of the narrative as appropriate and relevant to their submission. Applicants should refer to the Technical Evaluation Criteria for New Partner Category Applications provides the criteria upon which the application will be evaluated.

1. Executive Summary (1 page)

This section should be a succinct **one-page summary** and must contain the following information as applicable and any additional information the Applicant believes necessary to best represent its proposed project.

❖ Guidance:

- Problem statement, including rationale for the proposed project.
- Project goal, objectives, and key strategies (including percentage (%) estimated LOE devoted to each technical intervention), and project location.

- Proposed partnerships for innovative, effective MNCH programming and how the partnerships will contribute to addressing critical barriers to improving the delivery and use of high impact MNCH interventions.
- Estimated total population in the project location and number of children under five and women of reproductive age (see calculation guidelines in **Annex E**).
- Local partners involved in project implementation, including name and type of any sub-grantees and total level of USAID funding to be sub-granted.
- Level of USAID funding requested for the project and cost-share amount.
- Application category.
- Proposed start/end dates.
- Main authors of the application and application contact at U.S. headquarters office.

2. Project Context (2-3 pages)

This section of the application presents an overview of the context in which the proposed project will operate. It should provide a clear and comprehensive picture of the health context in the selected project area to serve as the basis for the selection of interventions, strategies, and key project partners.

❖ Guidance:

- Provide an overview of the current health status of the target population including key causes of mortality and morbidity and socio-cultural, economic, gender, and behavioral factors that impact care seeking practices and household-community-level behaviors. Please cite sources of data.
 - Briefly describe the location of the proposed project and provide a map(s) with scale in an **attachment**.
 - Estimate the total population in the project area, breaking out children under five years of age and women of reproductive age (15-49 years). Please refer to **Annex E** for calculation guidelines.
- Provide a brief overview of the current status (availability, quality, utilization) of health care services in the project area. Include both formal and informal health services (e.g. care provided by the MOH, private sector, NGOs, traditional health providers). This information may draw upon qualitative and/or quantitative information.
- Discuss the implementation status and role of relevant national policies and strategies related to the proposed programming, including both technical interventions and cross-cutting or delivery strategies. Provide an explanation of, and justification for, any proposed approach that differs from the MOH policy in the proposed country.
- Describe relevant programming that the applicant organization and/or other groups (including USAID Mission) are implementing in the same geographic area, highlighting

synergies and ensuring no duplication of effort. Indicate how the proposed project will engage and/or complement existing programs.

3. Project Strategy (5-7 pages)

This section provides a clear picture of the proposed project strategy and implementation plan. It should include details on the proposed technical interventions and corresponding activities. Applicants should consider designing their project to contribute to addressing critical barriers to the delivery and use of high impact MNCH interventions that prevent or treat the major causes of maternal, newborn and child mortality. Please consult the Technical Interventions (Section IV) and the Technical Reference Materials for more guidance on implementing high impact interventions at the primary health care and community levels.

http://www.mchipngo.net/controllers/link.cfc?method=tools_tech

❖ Guidance:

- Provide a results framework the goal, strategic objective(s), and expected results of the proposed project. Demonstrate how selected technical interventions, strategies, and activities support stated goal, strategic objectives, and results/outcomes. Please see Annex G for definitions of terms and resources for developing a results framework.
- Include a discussion of the decision-making process and rationale for the proposed project design. The rationale should link to the project context section and should demonstrate an understanding of the population (including gender issues), epidemiology, and health system. The applicant may consider including:
 - Rationale for selected population (i.e., specific communities, districts, barriers to health, etc);
 - Rationale for selected geographic area (i.e., strategic relevance of the chosen geographic area, particularly in relation to USAID Mission geographic priority areas);
 - Rationale for chosen technical intervention package and discuss reasons for omissions and inclusions, particularly if omissions are the leading causes of morbidity and mortality. Adherence to national policies/strategies and global initiatives should be clearly stated.
 - Rationale for chosen levels of implementation (i.e., individual/household, community, facility, policy), the role of the implementing partner(s) (i.e., what is the comparative advantage of a partner chosen to fulfill the outlined role) and;
- Describe the project strategy. This must include a discussion of the technical interventions and strategies/activities at the levels (e.g. individual/household, community, facility, policy, other) that the project will implement.

- Provide a bulleted list or other brief presentation of the chosen technical intervention package (both preventive and curative), which must include high impact MNCH interventions (see Section IV: Technical Interventions).
- Discuss the cross-cutting approaches and strategies at multiple levels of the health system (e.g. individual/household, community, facility, policy, other), only as relevant and appropriate to the proposed programming. Depending on the extent of integration of technical interventions, strategies may be presented for a set of technical interventions or for single interventions.
 - Behavior change communication (e.g. proposed modes of message delivery, important actors in message delivery.);
 - Community mobilization approach (e.g. utilization of community development committees or other community structures or events, role of key community actors, etc.);
 - Linkages between the community and the facility (e.g. referrals, transportation schemes, community-based insurance schemes, community role in quality improvement, etc.);
 - Facility-level activities (e.g. HMIS strengthening, health provider training, diagnostic quality, improved supervision, etc.).
 - Policy level activities (e.g. participation in technical advisory groups or networks, advocacy or stakeholder engagement activities, participation in development or refining of implementation guidelines, training protocols, etc)
 - Other
- As an **attachment**, present a brief, one to two page work plan in a table format, which reflects the overall project approach, strategic objective(s), results, timeline, and budget. The work plan should cover all years of project implementation.
- As an **attachment**, present the project training activities/plan in a table format for each intervention with a brief description of the training objective, number of participants, and timing of training.

4. Partnerships for Innovative MCH Programming (2-4 pages)

This section outlines the partnerships component of the project strategy. This section describes the proposed project's relationships with the USAID Mission in country, national/local MOH, NGOs/CBOs, and other local, national, or international stakeholders. Since the applicant is required to engage in local partnerships, this section must describe the selected local partner(s) and their role(s) and responsibilities in the proposed project implementation.

❖ Guidance:

- Discuss the proposed project's approach to and use of partnerships to strengthen implementation of innovative, effective MNCH programming.
 - Include a strong rationale for the role of the proposed partnerships in addressing critical barriers to improving delivery and use of MNCH interventions and in strengthening the existing health system.
 - Discuss the role of each of the proposed local partners in project design and implementation, monitoring and evaluation, advocacy, and/or dissemination of lessons-learned.
 - Discuss how the applicant will build and/or leverage the capacity of any local partner(s) to contribute to expected project results, as appropriate or relevant to the partner and proposed programming and partner(s).
 - Describe the approach to documenting the partnerships and any lessons learned from partnership models, capacity building, or other innovative dimensions of programming.
 - Discuss plans to coordinate with, engage, and include ongoing local MOH input throughout proposed project implementation.
 - Discuss plans to include ongoing USAID Mission input throughout proposed project implementation. This might include mechanisms of continued collaboration with the bilateral, regular meetings with Mission staff, and plans to include their participation throughout project implementation.
- In an **attachment**, include any letters showing specific support for the proposed project from each of the cooperating governmental and/or other organizations with which the project will establish a formal relationship. Each letter must be dated within three months of the application submission. The letter must outline the specific role in the proposed project of each of the cooperating governmental and/or other organizations with which the project will establish a formal relationship. In addition, the letter from the MOH must demonstrate that the MOH agrees with the proposed PVO/NGO approach. Please include references to proposed innovation activities, as relevant. No letter of support from the corresponding USAID Mission is required or requested.
- As an **attachment**, provide a table of the key project staff and partners who will contribute to achieving the results of the project. This may include, but is not limited to: PVO/NGO headquarters and field staff, local partner staff, MOH staff, community health workers, and private sector providers. For each type of worker provide: 1) the number of workers in that category; 2) organizational affiliation; 3) main responsibilities; 4) percent of effort devoted to project activities; and 5) entity responsible for remunerating the

worker (e.g. PVO/NGO, MOH, community, volunteer); and 6) brief description of the role the individual will play within the project.

5. Organizational Capacity (up to 2 pages)

This section provides evidence that applicants have the ability to carry out successful projects and describes how new applicants will build their expertise in community-oriented MNCH programming through the CSHGP. An organizational assessment will be required for New Partner grantees as part of the Detailed Implementation Plan (DIP) process. See the CSHGP Technical Reference Materials (TRMs)¹⁶ for information and resources on organizational development and capacity building.

❖ Guidance:

- Discuss the organization's experience in designing, implementing, monitoring and evaluating international, community-level projects, specifically organizational successes in the proposed intervention areas and approaches.
 - Describe the U.S. PVO/NGO applicant including, as relevant, its mission, annual budget, financial management system, major work, and main methods of operation.
 - Provide any relevant information around the organization's operations, current agreements, and working relationships with the host country government and other organizations within the country proposed in this application. Documentation of current legal authorization for the U.S. PVO/NGO or its international affiliate to operate in the host country must be provided in an **attachment**.
- Identify specific organizational development needs to be addressed by the applicant in order to strengthen its ability to carry out the proposed project. Describe how these needs were determined. Reference any institutional assessments the organization may have already conducted.
- Outline activities the applicant will use to address any organizational development needs, and discuss the growth the project anticipates as a result of these activities.
- As an **attachment**, provide a project organigram that illustrates the proposed management structure for the project. The organigram should be a broad picture of the working relationship between all principal partners involved in project implementation. Include in the narrative a description of the responsibilities of all principal organizations and staff involved, reporting relationships, authority and lines of communication within and between each of these organizations. Please include job descriptions of primary staff and CVs if available (e.g., headquarters technical backstop, training manager, M&E manager, field program manager) as **attachments**.

¹⁶ CSHGP TRMs can be found at the following website:
http://www.childsurvival.com/documents/trms/update_trms.cfm

6. Past Performance References (Attachments)

This section provides information about the applicant's past performance record in developing and implementing health and development projects.

As an **attachment**, the applicant shall submit three (3) past performance references forms for any contracts, grants, and/or cooperative agreements which the applicant, as well as any substantive sub-grantee partners, have implemented involving similar or related projects over the past three years. See forms provided in Annex F. Note the following on the past performance form: Part I should be completed by the applicant; Part II should be completed by the reference. Please note that USAID reserves the right to obtain past performance information from other sources including those not named in this application.

7. Monitoring and Evaluation (up to 2 pages)

This section outlines the project's plans for tracking and monitoring project progress and results. A Monitoring and Evaluation table with indicators is not requested at this time, but will be requested by USAID to be included in the Detailed Implementation Plan, should the application be awarded.

❖ Guidance:

- Describe the process to collect, assess, and use the data during project implementation, including for project management.
- Describe the current data collection systems that already exist in the project area, how/if the project's data collection will complement or be different from the existing system, and how they will link to each other.
- Describe the types of assessments, studies, or surveys that will be carried out over the life of the project. Please refer to Section II. Project Requirements/C. Reporting Requirements for required reports. This information must also be reflected in the budget. The applicant may include any organizational capacity assessments, health facility assessments, qualitative or quantitative, population-based assessments (e.g. Knowledge, Population, and Coverage (KPC). Additional assessments, such as the Rapid Health Service Provision Assessment (R-HSPA) or the Sustainability Framework, though not required, are encouraged if appropriate and relevant to the applicant and proposed programming.¹⁷
- Describe plans to share project data and lessons-learned with key stakeholders, including about the potential for sustaining the proposed programming. Key stakeholders vary by country context, but may include: program managers, policy makers; MOH (national, district, local); technical advisory groups; researchers; donors; implementing agencies; and community members.

¹⁷ CSHGP survey tools and assessments can be found at www.mchipngo.net

Technical Evaluation Criteria for New Partner Category Applications:

All sub-criteria are weighted equally within each of the 7 sections

1. Executive Summary – 1 page maximum (1 point)

- Clear and concise overview of the proposed project that sufficiently addresses all requested information in the guidance.

2. Project Context (12 points)

- Comprehensive presentation of the health situation (epidemiological profile, health services, socio-cultural and behavioral factors, gender issues, policy environment) in the selected project area that provides a solid rationale for the selection of the geographic area and technical interventions and strategies.
- Clear demonstration of how the proposed project will support, complement, and/or engage with national programs and policies, relevant USAID Mission programming, and health programming in project area.

3. Project Strategy (40 points)

- Results framework is comprehensive and logical, with a goal, strategic objective(s), and expected results appropriate to the proposed project.
- Overall project design, which includes strategies, interventions, and activities, is clearly presented and in line with the results framework.
- Clear and comprehensive presentation of technical intervention package (selected high impact interventions).
- Clear description of strategies (household, community, facility, policy, other) that provides a clear picture as to how the applicant will implement the proposed project design and achieve results by the end of the project, as outlined in the narrative as well as supporting documentation (attachments).

4. Partnerships for Innovative MCH Programming (20 points)

- Clear discussion of how the proposed partnership(s) will strengthen the implementation of innovative and effective MNCH programming.
- Roles of key project staff and local partners in various aspects of project implementation are clearly described and appropriate for proposed activities.
- Support and/or engagement of local/national partners in project implementation is demonstrated in letters of support.
- Plans for documenting the partnerships and any lessons learned from partnership models, capacity building, or other innovative dimensions of programming are clearly described.

5. Organizational Capacity (10 points)

- Organization has demonstrated adequate capacity to implement the proposed project and activities through discussion of past relevant programming experience.
- Applicant clearly identifies its organizational needs to implement the proposed project and outlines a plan to address these needs.

6. Past Performance (5 points)

- Information obtained demonstrates successful past performance implementing previous work similar in scope.
 - See Annex F: Past Performance Form for further guidance.

7. Monitoring and Evaluation (12 points)

- Process to collect, assess, and use data in project management is clearly articulated, appropriate, and feasible.
- Clear description of the current data collection systems that already exist in the project area and how/if the project's data collection will complement or strengthen or the existing system.
- Project assessments (including baseline, midterm, and final assessments) are appropriate for project needs, and are included in the work plan.

IV Cost Application Guidelines

Note: All detailed budgets on a CD ROM must be in Excel and contain unlocked cells.

A. Budget Preparation and Submission Instructions

Cost Share – An Applicant must contribute from its non-U.S. government resources, at least 25% of the total cost of the proposed project.

Standard Form 424 & 424A

Standard Form 424 is the standard form used by applicants as the required face sheet for applications submitted for Federal assistance. Standard Form 424A is the form used by applicants for presenting overall budget information. **These forms (424 & 424A), along with detailed instructions for completing them, are included in ANNEX H of this document.** Please pay careful attention to the budget instructions. There are specific criteria that must be met for this program, some of which may have been amended since the previous RFA. Failure to accurately complete these forms could result in a non-funded application.

The Standard Form 424A, Section A, requests costs organized by headquarters and field, and by Federal and Non-Federal. This information should be the same as that presented in other sections. Federal refers to the funds requested from USAID and Non-Federal refers to funding from the applicant and other sources. The amounts for Federal and Non-Federal presented here should be the same as the Estimated Funding presented on Standard Form 424, 15.a and b, plus any entry for e. The total project amount on SF 424 should be the same amount presented in Section A and in Section B. For further information regarding use of Non-Federal funds, refer to the discussion of budget narrative and “cost-share” in this section of the RFA.

Headquarters costs are direct costs incurred by the U.S. PVO/NGO head office in the United States in support of the child survival and health projects overseas. This does not duplicate established indirect cost rates. USAID will support up to 15% of the direct costs of the USAID funds in the project budget at the PVO/NGO’s U.S. headquarters for support to the field project, and for improving child survival and health technical and operational capabilities of the PVO/NGO(s). USAID will support up to 20% of headquarters costs for New Partner projects to allow for improving the organization’s institutional capacity of child survival and health programming. The headquarters budget should be directly related to the description of how the PVO/NGO builds and maintains technical and operational capacity. In addition to backstopping and site visits to the field project, types of activities that PVO/NGOs have included in the past are continuing education opportunities for staff, information exchange and technical networking among PVO/NGOs, reference materials, and observational visits to the other field projects of the same organization or others. All headquarters costs must be appropriately distributed in the correct amounts and contained within the correct categories of Standard Form 424A, Section B, as per the guidelines in Section D.

Field costs should include all funds designated for expenditure within the host-country for carrying out the planned project. All field costs must be appropriately distributed in the correct

amounts and contained within the correct categories of Standard Form 424A, Section B, as per the guidelines in this RFA.

Standard Form 424A, Section B is divided into eleven “Object Class Categories.” The Object Class Categories must be presented in two columns, “Federal,” which are the costs being funded by the USAID portion of the over-all project budget, and “Non-Federal,” which are the costs covered by the cost share portion of the entire project budget. The entire project budget must be appropriately distributed and contained within these categories and columns. The categories include Personnel, Fringe Benefits, Travel, Equipment, Supplies, Contractual, Construction, Other, Total Direct Charges, Indirect Charges, and Totals. The Construction category does not apply to this program. Project costs proposed for “training” and for “sub-grants” must be included in the “Other” Object Class Category. For further elaboration on each of the Object Class Categories, please refer to the instructions in Section D. Section D includes a sample Standard Form 424 and 424A.

Detailed Budget and Detailed Budget Narrative

Note: All detailed budgets on a CD ROM must be in Excel and contain unlocked cells.

The detailed budget and narrative should follow the SF 424 and 424A and should fully define and support the line item costs for both the Federally-funded (USAID) and Non-Federally funded (PVO/NGO cost-share) portions of the budget. The budget narrative should clearly describe the method used to estimate and the rationale for all costs. For example, when describing international airfare, the budget narrative should specify the amount estimated for roundtrip airfare by destination, should provide the source for the estimate (travel agent, airline, etc.), and should indicate the number of trips expected. Simply stating a lump sum for international airfare is not adequate. Based on the calculations shown in the narrative, the Cognizant Technical Officer (CTO) and the Agreement Officer should be able to easily verify all costs for the proposed project. The costs proposed for “training” and “sub-grants” must be itemized in the explanation of the Object Class Categories within the budget narrative, so that they may be subsequently negotiated and included in the appropriate category of the Cooperative Agreement Budget.

All costs contained in the budget should accurately reflect the planned level of project activities in the project design. For example, the training budget should reflect the specific training activities to be undertaken by the project. If the project approach includes training, then the budget should reflect the detailed training costs for this level of activity. This same principle should be maintained throughout the budget when itemizing all field costs.

The detailed budget and budget narrative should contain the following information for each year of the project as well as for the life of the project, and presented by Federal and Non-Federal funds:

- The breakdown of all costs associated with the project according to costs of, if applicable, headquarters, regional and/or country offices;

- The breakdown of all costs according to each partner organization involved in the project;
- The costs associated with external, expatriate technical assistance and those associated with local in-country technical assistance;
- The breakdown of the financial and in-kind contributions of all organizations involved in implementing this Cooperative Agreement;
- Potential contributions of non-USAID or private commercial donors to this Cooperative Agreement each year (phase-out of USAID funding for key personnel is encouraged); and
- The procurement plan for commodities (note that contraceptives will not be provided under this Cooperative Agreement).

Procurement Plan

Applications for all program categories should include a detailed procurement plan containing explicit information on how procurements will be accomplished. Carefully read the guidance in 22 CFR 228. **GH/HIDN does NOT customarily seek waivers for the purchase of non-U.S. motor vehicles, pharmaceuticals, used equipment, seeds or pesticides. The applicant should consider funding such commodities with the Non-Federal portion of the program budget.**

The recipient is expected to comply with USAID Eligibility Rules for Goods and Services in the Standard Provisions and 22 CFR Part 228, and use its cost-share for any goods and services that do not comply with these rules.

V. Additional Documentation

Certain documents are required to be submitted by an applicant in order for a Grant Officer to make a determination of responsibility. However, it is USAID policy not to burden applicants with undue reporting requirements if that information is readily available through other sources.

The following sections describe additional documentation that applicants for Assistance must submit to USAID prior to award. See Section B.I regarding page limits. Applicants are encouraged to be as concise as possible, but still provide the necessary detail to address the following:

A. A current Negotiated Indirect Cost Rate Agreement

B. Applicants who do not currently have a Negotiated Indirect Cost Rate Agreement (NICRA) from their cognizant agency shall submit the following information:

1. Copies of the applicant's financial reports for the previous 3-year period, which have been audited by a certified public accountant or other auditor satisfactory to USAID;
2. Projected budget, cash flow and organizational chart; and
3. A copy of the organization's accounting manual.

C. Applicants that have never received a grant, cooperative agreement or contract from the U.S. Government are required to submit a copy of their accounting manual. If a copy has already been submitted to the U.S. Government, the applicant should advise which Federal Office has a copy.

D. AAPD 05-04 Certification for HIV/AIDS Program Funds –All applicants are required to comply with AAPD 05-04, 'Implementation of the United States Leadership Against HIV/AIDS, Tuberculosis and Malaria Act of 2003 – Eligibility Limitation on the Use of Funds and Opposition to Prostitution and Sex Trafficking' by signing the certification in Section D, Part IV of this RFA.

E. If recommended for award, the Applicant must submit a Branding Strategy and Marking Plan according to the guidelines set in the Standard Provision for U.S. Nongovernmental Recipients, MARKING UNDER USAID-FUNDED ASSISTANCE INSTRUMENTS (DECEMBER 2005). The Standard Provisions for U.S., Nongovernmental Recipients have been included in Section E of the RFA. Additionally, a link to the applicable Standard Provisions has been included in the section entitled 'References' on the preceding page.

VI. Additional Considerations

In addition to the aforementioned guidelines, the applicant is requested to take note of the following:

A. Unnecessarily Elaborate Applications: Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective application in response to this RFA are not desired and may be construed as an indication of the applicant's lack of cost consciousness. Elaborate art work, expensive paper and bindings, and expensive visual and other presentation aids are neither necessary nor wanted.

B. Preparation of Applications:

1. Applicants who include data that they do not want disclosed to the public for any purpose or used by the U.S. Government except for evaluation purposes, should:

(a) Mark the title page with the following legend:

"This application includes data that shall not be disclosed outside the U.S. Government and shall not be duplicated, used, or disclosed – in whole or in part – for any purpose other than to evaluate this application. If, however, a grant is awarded to this applicant as a result of – or in connection with – the submission of this data, the U.S. Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting grant. This restriction does not limit the U.S. Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets;" and

(b) Mark each sheet of data it wishes to restrict with the following legend:

"Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this application."

C. Explanation to Prospective Applicants: Any prospective applicant desiring an explanation or interpretation of this RFA must request it in writing within three weeks of receipt of the application to allow a reply to reach all prospective applicants for the submission of their applications. Oral explanations or instructions given before award of a Grant will not be binding. Any information given to a prospective applicant concerning this RFA will be furnished promptly to all other prospective applicants as an amendment of this RFA, if that

information is necessary in submitting applications or if the lack of it would be prejudicial to any other prospective applicants.

D. Award:

1. The Government may award one or more Agreements resulting from this RFA to the responsible applicant(s) whose application(s) conforming to this RFA offers the greatest value (see also Section II of this RFA). The Government may (a) reject any or all applications, (b) accept other than the lowest cost application, (c) accept more than one application (see Section III, Selection Criteria), (d) accept alternate applications, and (e) waive informalities and minor irregularities in applications received.
2. The Government may award one or more Agreement(s) on the basis of initial applications received, without discussions. Therefore, each initial application should contain the applicant's best terms from a cost and technical standpoint.
3. A written award mailed or otherwise furnished to the successful applicant(s) within the time for acceptance specified either in the application(s) or in this RFA (whichever is later) shall result in a binding Agreement without further action by either party. Before the application's specified expiration time, the Government may accept an application, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an application do not constitute a rejection or counteroffer by the Government.
4. Neither financial data submitted with an application, nor representations concerning facilities or financing, will form a part of the resulting Agreement(s).
5. Although technical evaluation factors are significantly more important than cost factors, the closer the technical evaluations of the various applications are to one another, the more important cost considerations become.

E. Authority to Obligate the Government: The Grant Officer is the only individual who may legally commit the Government to the expenditure of public funds. No costs chargeable to the proposed Agreement may be incurred before receipt of either a fully executed Agreement or a specific, written authorization from the Grant Officer.

F. All Forms, Certifications, Assurances, and Other Statements of Recipients must be filled out completely as described in Section D.

SECTION D: REQUIRED FORMS, CERTIFICATIONS, ASSURANCES, AND OTHER STATEMENTS OF RECIPIENT

I. Certifications

1. Assurance of Compliance with Laws and Regulations Governing Nondiscrimination in Federally Assisted Programs
2. Certification Regarding Lobbying
3. Prohibition on Assistance to Drug Traffickers for Covered Countries
4. Terrorist Financing
5. Certification of Recipient

II. Key Individual Certification Narcotics Offenses and Drug Trafficking

III. Participant Certification Narcotics Offenses and Drug Trafficking

IV. Certification of Compliance with the Standard Provisions entitled “Condoms” and “Prohibition of the Promotion or Advocacy of the Legalization or Practice of Prostitution or Sex Trafficking.”

V. Survey on Ensuring Equal Opportunity for Applicants

VI. Other Statements of Recipient

1. Authorized Individuals
2. Taxpayer Identification Number
3. Contractor Identification Number – Data Universal Numbering System Number
4. Letter of Credit Number
5. Procurement Information
6. Past Performance Reference
7. Type of Organization
8. Estimated Cost of Communication Products

**CERTIFICATIONS, ASSURANCES, AND OTHER STATEMENTS OF THE
RECIPIENT**
(MAY 2006)

NOTE: When these Certifications, Assurances, and Other Statements of Recipient are used for cooperative agreements, the term "Grant" means "Cooperative Agreement".

PART I - CERTIFICATIONS AND ASSURANCES

**1. ASSURANCE OF COMPLIANCE WITH LAWS AND REGULATIONS
GOVERNING NON-DISCRIMINATION IN FEDERALLY ASSISTED PROGRAMS**

Note: This certification applies to Non-U.S. organizations if any part of the program will be undertaken in the United States.

(1) The recipient hereby assures that no person in the United States shall, on the bases set forth below, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under, any program or activity receiving financial assistance from USAID, and that with respect to the Cooperative Agreement for which application is being made, it will comply with the requirements of:

- (a) Title VI of the Civil Rights Act of 1964 (Pub. L. 88-352, 42 U.S.C. 2000-d), which prohibits discrimination on the basis of race, color or national origin, in programs and activities receiving Federal financial assistance;
- (b) Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), which prohibits discrimination on the basis of handicap in programs and activities receiving Federal financial assistance;
- (c) The Age Discrimination Act of 1975, as amended (Pub. L. 95-478), which prohibits discrimination based on age in the delivery of services and benefits supported with Federal funds;
- (d) Title IX of the Education Amendments of 1972 (20 U.S.C. 1681, et seq.), which prohibits discrimination on the basis of sex in education programs and activities receiving Federal financial assistance (whether or not the programs or activities are offered or sponsored by an educational institution); and
- (e) USAID regulations implementing the above nondiscrimination laws, set forth in Chapter II of Title 22 of the Code of Federal Regulations.

(2) If the recipient is an institution of higher education, the Assurances given herein extend to admission practices and to all other practices relating to the treatment of students or clients of the institution, or relating to the opportunity to participate in the provision of services or other benefits to such individuals, and shall be applicable to the entire institution unless the recipient establishes to the satisfaction of the USAID Administrator that the institution's practices in designated parts or programs of the institution will in no way affect its practices in the program of the institution for which financial assistance is sought, or the beneficiaries of, or participants in, such programs.

(3) This assurance is given in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts, property, discounts, or other Federal financial assistance extended after the date

hereof to the recipient by the Agency, including installment payments after such date on account of applications for Federal financial assistance which was approved before such date. The recipient recognizes and agrees that such Federal financial assistance will be extended in reliance on the representations and agreements made in this Assurance, and that the United States shall have the right to seek judicial enforcement of this Assurance. This Assurance is binding on the recipient, its successors, transferees, and assignees, and the person or persons whose signatures appear below are authorized to sign this Assurance on behalf of the recipient.

2. CERTIFICATION REGARDING LOBBYING

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal Cooperative Agreement, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, United States Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that: If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

3. PROHIBITION ON ASSISTANCE TO DRUG TRAFFICKERS FOR COVERED COUNTRIES AND INDIVIDUALS (ADS 206)

USAID reserves the right to terminate this Agreement, to demand a refund or take other appropriate measures if the Grantee is found to have been convicted of a narcotics offense or to have been engaged in drug trafficking as defined in 22 CFR Part 140. The undersigned shall review USAID ADS 206 to determine if any certifications are required for Key Individuals or Covered Participants.

If there are COVERED PARTICIPANTS: USAID reserves the right to terminate assistance to or take other appropriate measures with respect to, any participant approved by USAID who is found to have been convicted of a narcotics offense or to have been engaged in drug trafficking as defined in 22 CFR Part 140.

4. CERTIFICATION REGARDING TERRORIST FINANCING IMPLEMENTING EXECUTIVE ORDER 13224

By signing and submitting this application, the prospective recipient provides the certification set out below:

(1) The Recipient, to the best of its current knowledge, did not provide, within the previous ten years, and will take all reasonable steps to ensure that it does not and will not knowingly provide, material support or resources to any individual or entity that commits, attempts to commit, advocates, facilitates, or participates in terrorist acts, or has committed, attempted to commit, facilitated, or participated in terrorist acts, as that term is defined in paragraph 3.

(2) The following steps may enable the Recipient to comply with its obligations under paragraph 1:

(a) Before providing any material support or resources to an individual or entity, the Recipient will verify that the individual or entity does not (i) appear on the master list of Specially Designated Nationals and Blocked Persons, which list is maintained by the U.S. Treasury's Office of Foreign Assets Control (OFAC) and is available online at OFAC's website : <http://www.treas.gov/offices/eotffc/ofac/sdn/t11sdn.pdf>, or (ii) is not included in any supplementary information concerning prohibited individuals or entities that may be provided by USAID to the Recipient.

(b) Before providing any material support or resources to an individual or entity, the Recipient also will verify that the individual or entity has not been designated by the United Nations Security (UNSC) sanctions committee established under UNSC Resolution 1267 (1999) (the "1267 Committee") [individuals and entities linked to the Taliban, Osama bin Laden, or the Al Qaida Organization]. To determine whether there has been a published designation of an individual or entity by the 1267 Committee, the Recipient should refer to the consolidated list available online at the Committee's website: <http://www.un.org/Docs/sc/committees/1267/1267ListEng.htm>.

(c) Before providing any material support or resources to an individual or entity, the Recipient will consider all information about that individual or entity of which it is aware and all public information that is reasonably available to it or of which it should be aware.

(d) The Recipient also will implement reasonable monitoring and oversight procedures to safeguard against assistance being diverted to support terrorist activity.

(3) For purposes of this Certification-

- (a) “Material support and resources” means currency or monetary instruments or financial securities, financial services, lodging, training, expert advice or assistance, safehouses, false documentation or identification, communications equipment, facilities, weapons, lethal substances, explosives, personnel, transportation, and other physical assets, except medicine or religious materials.”
- (b) “Terrorist act” means-
- (i) an act prohibited pursuant to one of the 12 United Nations Conventions and Protocols related to terrorism (see UN terrorism conventions Internet site: <http://untreaty.un.org/English/Terrorism.asp>); or
 - (ii) an act of premeditated, politically motivated violence perpetrated against noncombatant targets by subnational groups or clandestine agents; or
 - (iii) any other act intended to cause death or serious bodily injury to a civilian, or to any other person not taking an active part in hostilities in a situation of armed conflict, when the purpose of such act, by its nature or context, is to intimidate a population, or to compel a government or an international organization to do or to abstain from doing any act.
- (c) “Entity” means a partnership, association, corporation, or other organization, group or subgroup.
- (d) References in this Certification to the provision of material support and resources shall not be deemed to include the furnishing of USAID funds or USAID-financed commodities to the ultimate beneficiaries of USAID assistance, such as recipients of food, medical care, micro-enterprise loans, shelter, etc., unless the Recipient has reason to believe that one or more of these beneficiaries commits, attempts to commit, advocates, facilitates, or participates in terrorist acts, or has committed, attempted to commit, facilitated or participated in terrorist acts.
- (e) The Recipient’s obligations under paragraph 1 are not applicable to the procurement of goods and/or services by the Recipient that are acquired in the ordinary course of business through contract or purchase, e.g., utilities, rents, office supplies, gasoline, etc., unless the Recipient has reason to believe that a vendor or supplier of such goods and services commits, attempts to commit, advocates, facilitates, or participates in terrorist acts, or has committed, attempted to commit, facilitated or participated in terrorist acts.

This Certification is an express term and condition of any agreement issued as a result of this application, and any violation of it shall be grounds for unilateral termination of the agreement by USAID prior to the end of its term.

5. CERTIFICATION OF RECIPIENT

By signing below the recipient provides certifications and assurances for (1) the Assurance of Compliance with Laws and Regulations Governing Non-Discrimination in Federally Assisted Programs, (2) the Certification Regarding Lobbying, (3) the Prohibition on Assistance to Drug Traffickers for Covered Countries and Individuals (ADS 206) and (4) the Certification Regarding Terrorist Financing Implementing Executive Order 13224 above.

RFA/APS No. _____
Application No. _____

PART II - KEY INDIVIDUAL CERTIFICATION NARCOTICS OFFENSES AND DRUG TRAFFICKING

I hereby certify that within the last ten years:

1. I have not been convicted of a violation of, or a conspiracy to violate, any law or regulation of the United States or any other country concerning narcotic or psychotropic drugs or other controlled substances.
2. I am not and have not been an illicit trafficker in any such drug or controlled substance.
3. I am not and have not been a knowing assistor, abettor, conspirator, or colluder with others in the illicit trafficking in any such drug or substance.

Signature: _____
Date: _____
Name: _____
Title/Position: _____
Organization: _____
Address: _____
Date of Birth: _____

NOTICE:

1. You are required to sign this Certification under the provisions of 22 CFR Part 140, Prohibition on

Assistance to Drug Traffickers. These regulations were issued by the Department of State and require that certain key individuals of organizations must sign this Certification.

2. If you make a false Certification you are subject to U.S. criminal prosecution under 18 U.S.C. 1001.

PART III - PARTICIPANT CERTIFICATION NARCOTICS OFFENSES AND DRUG TRAFFICKING

1. I hereby certify that within the last ten years:

a. I have not been convicted of a violation of, or a conspiracy to violate, any law or regulation of the United States or any other country concerning narcotic or psychotropic drugs or other controlled substances.

b. I am not and have not been an illicit trafficker in any such drug or controlled substance.

c. I am not or have not been a knowing assistor, abettor, conspirator, or colluder with others in the illicit trafficking in any such drug or substance.

2. I understand that USAID may terminate my training if it is determined that I engaged in the above conduct during the last ten years or during my USAID training.

Signature: _____

Address: _____

Date of Birth: _____

NOTICE:

1. You are required to sign this Certification under the provisions of 22 CFR Part 140, Prohibition on Assistance to Drug Traffickers. These regulations were issued by the Department of State and require that certain participants must sign this Certification.

2. If you make a false Certification you are subject to U.S. criminal prosecution under 18 U.S.C. 1001.

PART IV - CERTIFICATION OF COMPLIANCE WITH THE STANDARD PROVISIONS ENTITLED “CONDOMS” AND “PROHIBITION ON THE PROMOTION OR ADVOCACY OF THE LEGALIZATION OR PRACTICE OF PROSTITUTION OR SEX TRAFFICKING.”

Applicability: This certification requirement only applies to the prime recipient. Before a U.S. or non-U.S. non-governmental organization receives FY04-FY08 HIV/AIDS funds under a grant or cooperative agreement, such recipient must provide to the Agreement Officer a certification substantially as follows:

“[Recipient's name] certifies compliance as applicable with the standard provisions entitled “Condoms” and “Prohibition on the Promotion or Advocacy of the Legalization or Practice of Prostitution or Sex Trafficking” included in the referenced agreement.”

RFA/APS No. _____

Application No. _____

Date of Application _____

Name of Applicant/Subgrantee _____

Typed Name and Title _____

Signature _____

PART V - SURVEY ON ENSURING EQUAL OPPORTUNITY FOR APPLICANTS

Applicability: All RFA’s must include the attached Survey on Ensuring Equal Opportunity for Applicants as an attachment to the RFA package. Applicants under unsolicited applications are also to be provided the survey. (While inclusion of the survey by Agreement Officers in RFA packages is required, the applicant’s completion of the survey is voluntary, and must not be a requirement of the RFA. The absence of a completed survey in an application may not be a basis upon which the application is determined incomplete or non-responsive. Applicants who volunteer to complete and submit the survey under a competitive or non-competitive action are instructed within the text of the survey to submit it as part of the application process.)

PART VI - OTHER STATEMENTS OF RECIPIENT

1. AUTHORIZED INDIVIDUALS

The recipient represents that the following persons are authorized to negotiate on its behalf with the Government and to bind the recipient in connection with this application or grant:

Name	Title	Telephone No.	Facsimile No.

2. TAXPAYER IDENTIFICATION NUMBER (TIN)

If the recipient is a U.S. organization, or a foreign organization which has income effectively connected with the conduct of activities in the U.S. or has an office or a place of business or a fiscal paying agent in the U.S., please indicate the recipient's TIN:

TIN: _____

3. DATA UNIVERSAL NUMBERING SYSTEM (DUNS) NUMBER

(a) In the space provided at the end of this provision, the recipient should supply the Data Universal Numbering System (DUNS) number applicable to that name and address. Recipients should take care to report the number that identifies the recipient's name and address exactly as stated in the proposal.

(b) The DUNS is a 9-digit number assigned by Dun and Bradstreet Information Services. If the recipient does not have a DUNS number, the recipient should call Dun and Bradstreet directly at 1-800-333-0505. A DUNS number will be provided immediately by telephone at no charge to the recipient. The recipient should be prepared to provide the following information:

- (1) Recipient's name.
- (2) Recipient's address.
- (3) Recipient's telephone number.
- (4) Line of business.
- (5) Chief executive officer/key manager.
- (6) Date the organization was started.
- (7) Number of people employed by the recipient.
- (8) Company affiliation.

(c) Recipients located outside the United States may obtain the location and phone number of the local Dun and Bradstreet Information Services office from the Internet Home Page at <http://www.dbisna.com/dbis/customer/custlist.htm>. If an offeror is unable to locate a local service center, it may send an e-mail to Dun and Bradstreet at globalinfo@dbisma.com.

The DUNS system is distinct from the Federal Taxpayer Identification Number (TIN) system.

DUNS: _____

4. LETTER OF CREDIT (LOC) NUMBER

If the recipient has an existing Letter of Credit (LOC) with USAID, please indicate the LOC number:

LOC: _____

5. PROCUREMENT INFORMATION

(a) **Applicability.** This applies to the procurement of goods and services planned by the recipient (i.e., contracts, purchase orders, etc.) from a supplier of goods or services for the direct use or benefit of the recipient in conducting the program supported by the grant, and not to assistance provided by the recipient (i.e., a subgrant or subagreement) to a subgrantee or subrecipient in support of the subgrantee's or subrecipient's program. Provision by the recipient of the requested information does not, in and of

itself, constitute USAID approval.

(b) Amount of Procurement. Please indicate the total estimated dollar amount of goods and services which the recipient plans to purchase under the grant:

\$ _____

(c) Nonexpendable Property. If the recipient plans to purchase nonexpendable equipment which would require the approval of the Agreement Officer, please indicate below (using a continuation page, as necessary) the types, quantities of each, and estimated unit costs. Nonexpendable equipment for which the Agreement Officer's approval to purchase is required is any article of nonexpendable tangible personal property charged directly to the grant, having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit.

TYPE/DESCRIPTION(Generic)	QUANTITY	ESTIMATED UNIT COST
---------------------------	----------	---------------------

(d) Source, Origin, and Componentry of Goods. If the recipient plans to purchase any goods/commodities which are not of U.S. source and/or U.S. origin, and/or does not contain at least 50% componentry, which are not at least 50% U.S. source and origin, please indicate below (using a continuation page, as necessary) the types and quantities of each, estimated unit costs of each, and probable source and/or origin, to include the probable source and/or origin of the components if less than 50% U.S. components will be contained in the commodity. "Source" means the country from which a commodity is shipped to the cooperating country or the cooperating country itself if the commodity is located therein at the time of purchase. However, where a commodity is shipped from a free port or bonded warehouse in the form in which received therein, "source" means the country from which the commodity was shipped to the free port or bonded warehouse. Any commodity whose source is a non-Free World country is ineligible for USAID financing. The "origin" of a commodity is the country or area in which a commodity is mined, grown, or produced. A commodity is produced when, through manufacturing, processing, or substantial and major assembling of components, a commercially recognized new commodity results, which is substantially different in basic characteristics or in purpose or utility from its components. Merely packaging various items together for a particular procurement or relabeling items do not constitute production of a commodity. Any commodity whose origin is a non-Free World country is ineligible for USAID financing. "Components" are the goods, which go directly into the production of a produced commodity. Any component from a non-Free World country makes the commodity ineligible for USAID financing.

TYPE/DESCRIPTION	QUANTITY	ESTIMATED	GOODS	PROBABLE GOODS
PROBABLE				
(Generic)	UNIT COST	COMPONENTS	SOURCE	COMPONENTS ORIGIN

(e) Restricted Goods. If the recipient plans to purchase any restricted goods, please indicate below (using a continuation page, as necessary) the types and quantities of each, estimated unit costs of each, intended use, and probable source and/or origin. Restricted goods are Agricultural Commodities, Motor Vehicles, Pharmaceuticals, Pesticides, Rubber Compounding Chemicals and Plasticizers, Used Equipment, U.S. Government-Owned Excess Property, and Fertilizer.

TYPE/DESCRIPTION	QUANTITY	ESTIMATED	PROBABLE	INTENDED USE
(Generic)	UNIT COST	SOURCE	ORIGIN	

(f) Supplier Nationality. If the recipient plans to purchase any goods or services from suppliers of goods and services whose nationality is not in the U.S., please indicate below (using a continuation page, as necessary) the types and quantities of each good or service, estimated costs of each, probable nationality of each non-U.S. supplier of each good or service, and the rationale for purchasing from a non-U.S. supplier. Any supplier whose nationality is a non-Free World country is ineligible for USAID financing.

TYPE/DESCRIPTION (Generic)	QUANTITY UNIT COST	ESTIMATED (Non-US Only)	PROBABLE SLUPPIER for NON-US	NATIONALITY RATIONALE
-------------------------------	-----------------------	----------------------------	---------------------------------	--------------------------

(g) Proposed Disposition. If the recipient plans to purchase any nonexpendable equipment with a unit acquisition cost of \$5,000 or more, please indicate below (using a continuation page, as necessary) the proposed disposition of each such item. Generally, the recipient may either retain the property for other uses and make compensation to USAID (computed by applying the percentage of federal participation in the cost of the original program to the current fair market value of the property), or sell the property and reimburse USAID an amount computed by applying to the sales proceeds the percentage of federal participation in the cost of the original program (except that the recipient may deduct from the federal share \$500 or 10% of the proceeds, whichever is greater, for selling and handling expenses), or donate the property to a host country institution, or otherwise dispose of the property as instructed by USAID.

TYPE/DESCRIPTION(Generic)	QUANTITY	ESTIMATED UNIT COST	PROPOSED DISPOSITION
---------------------------	----------	---------------------	----------------------

6. PAST PERFORMANCE REFERENCES

Please provide past performance information requested in the RFA.

7. TYPE OF ORGANIZATION

The recipient, by checking the applicable box, represents that -

(a) If the recipient is a U.S. entity, it operates as a corporation incorporated under the laws of the State of, an individual, a partnership, a nongovernmental nonprofit organization, a state or local governmental organization, a private college or university, a public college or university, an international organization, or a joint venture; or

(b) If the recipient is a non-U.S. entity, it operates as a corporation organized under the laws of _____ (country), an individual, a partnership, a nongovernmental nonprofit organization, a nongovernmental educational institution, a governmental organization, an international organization, or a joint venture.

8. ESTIMATED COSTS OF COMMUNICATIONS PRODUCTS

The following are the estimate(s) of the cost of each separate communications product (i.e., any printed material [other than non-color photocopy material], photographic services, or video production services) which is anticipated under the grant. Each estimate must include all the costs associated with preparation and execution of the product. Use a continuation page as necessary.

SECTION E: STANDARD PROVISIONS FOR U.S. Nongovernmental Recipients

U.S. AGENCY FOR INTERNATIONAL DEVELOPMENT

I. MANDATORY STANDARD PROVISIONS FOR U.S. NONGOVERNMENTAL RECIPIENTS [Standard Provisions for U.S., Nongovernmental Recipients listed under Mandatory References in ADS 303.](#)

I. MANDATORY STANDARD PROVISIONS FOR US NONGOVERNMENTAL RECIPIENTS

1. APPLICABILITY OF 22 CFR PART 226 (MAY 2005)

(a) All provisions of 22 CFR Part 226 and all Standard Provisions attached to this agreement are applicable to the recipient and to sub recipients which meet the definition of "Recipient" in Part 226, unless a section specifically excludes a sub recipient from coverage. The recipient shall assure that sub recipients have copies of all the attached standard provisions.

(b) For any sub awards made with Non-US sub recipients the Recipient shall include the applicable "Standard Provisions for Non-US Nongovernmental Grantees." Recipients are required to ensure compliance with sub recipient monitoring procedures in accordance with OMB Circular A-133.

(END OF MANDATORY STANDARD PROVISION)

2. INELIGIBLE COUNTRIES (MAY 1986)

Unless otherwise approved by the USAID Agreement Officer, funds will only be expended for assistance to countries eligible for assistance under the Foreign Assistance Act of 1961, as amended, or under acts appropriating funds for foreign assistance.

(END OF MANDATORY STANDARD PROVISION)

3. NONDISCRIMINATION (MAY 1986)

No U.S. citizen or legal resident shall be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity funded by this award on the basis of race, color, national origin, age, handicap, or sex.

(END OF MANDATORY STANDARD PROVISION)

4. NONLIABILITY (NOVEMBER 1985)

USAID does not assume liability for any third party claims for damages arising out of this award.

(END OF MANDATORY STANDARD PROVISION)

5. AMENDMENT (NOVEMBER 1985)

The award may be amended by formal modifications to the basic award document or by means of an exchange of letters between the Agreement Officer and an appropriate official of the recipient.

(END OF MANDATORY STANDARD PROVISION)

6. NOTICES (NOVEMBER 1985)

Any notice given by USAID or the recipient shall be sufficient only if in writing and delivered in person, mailed, or cabled as follows:

To the USAID Agreement Officer, at the address specified in the award.

To recipient, at recipient's address shown in the award or to such other address designated within the award.

Notices shall be effective when delivered in accordance with this provision, or on the effective date of the notice, whichever is later.

(END OF PROVISION)

7. SUBAGREEMENTS (JUNE 1999)

Subrecipients, subawardees, and contractors have no relationship with USAID under the terms of this agreement. All required USAID approvals must be directed through the recipient to USAID.

(END OF PROVISION)

8. OMB APPROVAL UNDER THE PAPERWORK REDUCTION ACT (DECEMBER 2003)

*Information collection requirements imposed by this grant are covered by OMB approval number 0412-0510; the current expiration date is 04/30/2005. The Standard Provisions containing the requirement and an estimate of the public reporting burden (including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information) are:

<u>Standard Provision</u>	<u>Burden Estimate</u>
Air Travel and Transportation	1.0 (hour)
Ocean Shipment of Goods	.5
Patent Rights	.5
Publications	.5
Negotiated Indirect Cost Rates - (Predetermined and Provisional)	1.0
Voluntary Population Planning	.5
Protection of the Individual as a Research Subject	1.0
 <u>22 CFR 226</u>	 <u>Burden Estimate</u>
22 CFR 226.40-.49 Procurement of Goods and Services	1.0
22 CFR 226.30 - .36 Property Standards	1.5

Comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, may be sent to the Office of Procurement, Policy Division (M/OP/P) U.S. Agency for International Development, Washington, DC 20523-7801 and to the Office of Management and Budget, Paperwork Reduction Project (0412-0510), Washington, D.C 20503.

(END OF PROVISION)

9. USAID ELIGIBILITY RULES FOR GOODS AND SERVICES (APRIL 1998)

(This provision is not applicable to goods or services which the recipient provides with private funds as part of a cost-sharing requirement, or with Program Income generated under the award.)

a. Ineligible and Restricted Goods and Services: USAID's policy on ineligible and restricted goods and services is contained in ADS Chapter 312.

- (1) Ineligible Goods and Services. Under no circumstances shall the recipient procure any of the following under this award:
 - (i) Military equipment,
 - (ii) Surveillance equipment,
 - (iii) Commodities and services for support of police or other law enforcement activities,
 - (iv) Abortion equipment and services,
 - (v) Luxury goods and gambling equipment, or
 - (vi) Weather modification equipment.

- (2) Ineligible Suppliers. Funds provided under this award shall not be used to procure any goods or services furnished by any firms or individuals whose name appears on the "Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs." USAID will provide the recipient with a copy of these lists upon request.

- (3) Restricted Goods. The recipient shall not procure any of the following goods and services without the prior approval of the Agreement Officer:
 - (i) Agricultural commodities,
 - (ii) Motor vehicles,
 - (iii) Pharmaceuticals,
 - (iv) Pesticides,
 - (v) Used equipment,
 - (vi) U.S. Government-owned excess property, or
 - (vii) Fertilizer.

Prior approval will be deemed to have been met when:

- (i) the item is of U.S. source/origin;

- (ii) the item has been identified and incorporated in the program description or schedule of the award (initial or revisions), or amendments to the award; and

- (iii) the costs related to the item are incorporated in the approved budget of the award.

Where the item has not been incorporated into the award as described above, a separate written authorization from the Agreement Officer must be provided before the item is procured.

b. Source and Nationality: The eligibility rules for goods and services based on source and nationality are divided into two categories. One applies when the total procurement element during the life of the award is over \$250,000, and the other applies when the total procurement element during the life of the award is not over \$250,000, or the award is funded under the Development Fund for Africa (DFA) regardless of the amount. The total procurement element includes procurement of all goods (e.g., equipment, materials, supplies) and services. Guidance on the eligibility of specific goods or services may be obtained from the

Agreement Officer. USAID policies and definitions on source, origin and nationality are contained in 22 CFR Part 228, Rules on Source, Origin and Nationality for Commodities and Services Financed by the Agency for International Development, which is incorporated into this Award in its entirety.

- (1) For DFA funded awards or when the total procurement element during the life of this award is valued at \$250,000 or less, the following rules apply:
 - (i) The authorized source for procurement of all goods and services to be reimbursed under the award is USAID Geographic Code 935, "Special Free World," and such goods and services must meet the source, origin and nationality requirements set forth in 22 CFR Part 228 in accordance with the following order of preference:
 - (A) The United States (USAID Geographic Code 000),
 - (B) The Cooperating Country,
 - (C) USAID Geographic Code 941, and
 - (D) USAID Geographic Code 935.
 - (ii) Application of order of preference: When the recipient procures goods and services from other than U.S. sources, under the order of preference in paragraph (b)(1)(i) above, the recipient shall document its files to justify each such instance. The documentation shall set forth the circumstances surrounding the procurement and shall be based on one or more of the following reasons, which will be set forth in the grantee's documentation:
 - (A) The procurement was of an emergency nature, which would not allow for the delay attendant to soliciting U.S. sources,
 - (B) The price differential for procurement from U.S. sources exceeded by 50% or more the delivered price from the non-U.S. source,
 - (C) Compelling local political considerations precluded consideration of U.S. sources,
 - (D) The goods or services were not available from U.S. sources, or
 - (E) Procurement of locally available goods and services, as opposed to procurement of U.S. goods and services, would best promote the objectives of the Foreign Assistance program under the award.
- (2) When the total procurement element exceeds \$250,000 (unless funded by DFA), the following applies: Except as may be specifically approved or directed in advance by the Agreement Officer, all goods and services financed with U.S. dollars, which will be reimbursed under this award must meet the source, origin and nationality requirements set forth in 22 CFR Part 228 for the authorized geographic code specified in the schedule of this award. If none is specified, the authorized source is Code 000, the United States.

c. Printed or Audio-Visual Teaching Materials: If the effective use of printed or audio-visual teaching materials depends upon their being in the local language and if such materials are intended for technical assistance projects or activities financed by USAID in whole or in part and if other funds including U.S.-

owned or U.S.-controlled local currencies are not readily available to finance the procurement of such materials, local language versions may be procured from the following sources, in order of preference:

- (1) The United States (USAID Geographic Code 000),
- (2) The Cooperating Country,
- (3) "Selected Free World" countries (USAID Geographic Code 941), and
- (4) "Special Free World" countries (USAID Geographic Code 899).

d. If USAID determines that the recipient has procured any of these goods or services under this award contrary to the requirements of this provision, and has received payment for such purposes, the Agreement Officer may require the recipient to refund the entire amount of the purchase. This provision must be included in all subagreements which include procurement of goods or services which total over \$5,000.

(END OF PROVISION)

***10. DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS (JANUARY 2004)**

a. The recipient agrees to notify the Agreement Officer immediately upon learning that it or any of its principals:

(1) Are presently excluded or disqualified from covered transactions by any Federal department or agency;

(2) Have been convicted within the preceding three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice; commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects your present responsibility;

(3) Are presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b); and

(4) Have had one or more public transactions (Federal, State, or local) terminated for cause or default within the preceding three years. b. The recipient agrees that, unless authorized by the Agreement Officer, it will not knowingly enter into any subagreements or contracts under this grant with a person or entity that is included on the Excluded Parties List System (<http://epls.arnet.gov>). The recipient further agrees to include the following provision in any subagreements or contracts entered into under this award:

DEBARMENT, SUSPENSION, INELIGIBILITY, AND VOLUNTARY EXCLUSION
(DECEMBER 2003)

The recipient/contractor certifies that neither it nor its principals is presently excluded or disqualified from participation in this transaction by any Federal department or agency.

- b. The policies and procedures applicable to debarment, suspension, and ineligibility under USAID-financed transactions are set forth in 22 CFR Part 208.

(END OF PROVISION)

***11. DRUG-FREE WORKPLACE (JANUARY 2004)**

- a. The recipient agrees that it will publish a drug-free workplace statement and provide a copy to each employee who will be engaged in the performance of any Federal award. The statement must:
- (1) Tell the employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in its workplace;
 - (2) Specify the actions the recipient will take against employees for violating that prohibition; and
 - (3) Let each employee know that, as a condition of employment under any award, he or she
 - (i) Must abide by the terms of the statement, and
 - (ii) Must notify you in writing if he or she is convicted for a violation of a criminal drug statute occurring in the workplace, and must do so no more than five calendar days after the conviction.
- b. The recipient agrees that it will establish an ongoing drug-free awareness program to inform employees about:
- (i) The dangers of drug abuse in the workplace;
 - (ii) Your policy of maintaining a drug-free workplace;
 - (iii) Any available drug counseling, rehabilitation and employee assistance programs; and
 - (iv) The penalties that you may impose upon them for drug abuse violations occurring in the workplace.
- c. Without the Agreement Officer's expressed written approval, the policy statement and program must be in place as soon as possible, no later than the 30 days after the effective date of this award or the completion date of this award, whichever occurs first.
- d. The recipient agrees to immediately notify the Agreement Officer if an employee is convicted of a drug violation in the workplace. The notification must be in writing, identify the employee's position title, the number of each award on which the employee worked. The notification must be sent to the Agreement Officer within ten calendar days after the recipient learns of the conviction.
- e. Within 30 calendar days of learning about an employee's conviction, the recipient must either
- (1) Take appropriate personnel action against the employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973 (29 USC 794), as amended, or

(2) Require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for these purposes by a Federal, State or local health, law enforcement, or other appropriate agency.

- f. The policies and procedures applicable to violations of these requirements are set forth in 22 CFR Part 210.

(END OF PROVISION)

***12. EQUAL PROTECTION OF THE LAWS FOR FAITH-BASED AND COMMUNITY ORGANIZATIONS (FEBRUARY 2004)**

- a. The recipient may not discriminate against any beneficiary or potential beneficiary under this award on the basis of religion or religious belief. Accordingly, in providing services supported in whole or in part by this agreement or in its outreach activities related to such services, the recipient may not discriminate against current or prospective program beneficiaries on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to actively participate in a religious practice;
- b. The Federal Government must implement Federal programs in accordance with the Establishment Clause and the Free Exercise Clause of the First Amendment to the Constitution. Therefore, if the recipient engages in inherently religious activities, such as worship, religious instruction, and proselytization, it must offer those services at a different time or location from any programs or services directly funded by this award, and participation by beneficiaries in any such inherently religious activities must be voluntary.
- c. If the recipient makes subawards under this agreement, faith-based organizations should be eligible to participate on the same basis as other organizations, and should not be discriminated against on the basis of their religious character or affiliation.

(END OF PROVISION)

***13. IMPLEMENTATION OF E.O. 13224 -- EXECUTIVE ORDER ON TERRORIST FINANCING (MARCH 2002)**

The Recipient is reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the recipient to ensure compliance with these Executive Orders and laws. This provision must be included in all contracts/subawards issued under this agreement.

(END OF PROVISION)

***14. MARKING UNDER ASSISTANCE INSTRUMENTS (DEC 2005)**

(a) Definitions

Commodities mean any material, article, supply, goods or equipment, excluding recipient offices, vehicles, and non-deliverable items for recipient's internal use, in administration of the USAID funded grant, cooperative agreement, or other agreement or subagreement.

Principal Officer means the most senior officer in a USAID Operating Unit in the field, e.g., USAID Mission Director or USAID Representative. For global programs managed from Washington but executed across many countries, such as disaster relief and assistance to internally displaced persons, humanitarian emergencies or immediate post conflict and political crisis response, the cognizant Principal Officer may be an Office Director, for example, the Directors of USAID/W/Office of Foreign Disaster Assistance and Office of Transition Initiatives. For non-presence countries, the cognizant Principal Officer is the Senior USAID officer in a regional USAID Operating Unit responsible for the non-presence country, or in the absence of such a responsible operating unit, the Principal U.S Diplomatic Officer in the non-presence country exercising delegated authority from USAID.

Programs mean an organized set of activities and allocation of resources directed toward a common purpose, objective, or goal undertaken or proposed by an organization to carry out the responsibilities assigned to it.

Projects include all the marginal costs of inputs (including the proposed investment) technically required to produce a discrete marketable output or a desired result (for example, services from a fully functional water/sewage treatment facility).

Public communications are documents and messages intended for distribution to audiences external to the recipient's organization. They include, but are not limited to, correspondence, publications, studies, reports, audio visual productions, and other informational products; applications, forms, press and promotional materials used in connection with USAID funded programs, projects or activities, including signage and plaques; Web sites/Internet activities; and events such as training courses, conferences, seminars, press conferences and so forth.

Subrecipient means any person or government (including cooperating country government) department, agency, establishment, or for profit or nonprofit organization that receives a USAID subaward, as defined in 22 C.F.R. 226.2.

Technical Assistance means the provision of funds, goods, services, or other foreign assistance, such as loan guarantees or food for work, to developing countries and other USAID recipients, and through such recipients to subrecipients, in direct support of a development objective – as opposed to the internal management of the foreign assistance program.

USAID Identity (Identity) means the official marking for the United States Agency for International Development (USAID), comprised of the USAID logo or seal and new landmark, with the tagline that clearly communicates that our assistance is “from the American people.” The USAID Identity is available on the USAID website at www.usaid.gov/branding and USAID provides it without royalty, license, or other fee to recipients of USAID-funded grants, or cooperative agreements, or other assistance awards

(b) Marking of Program Deliverables

(1) All recipients must mark appropriately all overseas programs, projects, activities, public communications, and commodities partially or fully funded by a USAID grant or cooperative agreement or other assistance award or subaward with the USAID Identity, of a size and prominence equivalent to or greater than the recipient's, other donor's, or any other third party's identity or logo.

(2) The Recipient will mark all program, project, or activity sites funded by USAID, including visible infrastructure projects (for example, roads, bridges, buildings) or other programs, projects, or activities that are physical in nature (for example, agriculture, forestry, water management) with the USAID Identity. The Recipient should erect temporary signs or plaques early in the construction or

implementation phase. When construction or implementation is complete, the Recipient must install a permanent, durable sign, plaque or other marking.

(3) The Recipient will mark technical assistance, studies, reports, papers, publications, audio-visual productions, public service announcements, Web sites/Internet activities and other promotional, informational, media, or communications products funded by USAID with the USAID Identity.

(4) The Recipient will appropriately mark events financed by USAID, such as training courses, conferences, seminars, exhibitions, fairs, workshops, press conferences and other public activities, with the USAID Identity. Unless directly prohibited and as appropriate to the surroundings, recipients should display additional materials, such as signs and banners, with the USAID Identity. In circumstances in which the USAID Identity cannot be displayed visually, the recipient is encouraged otherwise to acknowledge USAID and the American people's support.

(5) The Recipient will mark all commodities financed by USAID, including commodities or equipment provided under humanitarian assistance or disaster relief programs, and all other equipment, supplies, and other materials funded by USAID, and their export packaging with the USAID Identity.

(6) The Agreement Officer may require the USAID Identity to be larger and more prominent if it is the majority donor, or to require that a cooperating country government's identity be larger and more prominent if circumstances warrant, and as appropriate depending on the audience, program goals, and materials produced.

(7) The Agreement Officer may require marking with the USAID Identity in the event that the recipient does not choose to mark with its own identity or logo.

(8) The Agreement Officer may require a pre-production review of USAID funded public communications and program materials for compliance with the approved Marking Plan.

(9) Subrecipients. To ensure that the marking requirements "flow down" to subrecipients of subawards, recipients of USAID funded grants and cooperative agreements or other assistance awards will include the USAID-approved marking provision in any USAID funded subaward, as follows:

"As a condition of receipt of this subaward, marking with the USAID Identity of a size and prominence equivalent to or greater than the recipient's, subrecipient's, other donor's or third party's is required. In the event the recipient chooses not to require marking with its own identity or logo by the subrecipient, USAID may, at its discretion, require marking by the subrecipient with the USAID Identity."

(10) Any 'public communications', as defined in 22 C.F.R. 226.2, funded by USAID, in which the content has not been approved by USAID, must contain the following disclaimer:

"This study/report/audio/visual/other information/media product (specify) is made possible by the generous support of the American people through the United States Agency for International Development (USAID). The contents are the responsibility of [insert recipient name] and do not necessarily reflect the views of USAID or the United States Government."

(11) The recipient will provide the Cognizant Technical Officer (CTO) or other USAID personnel designated in the grant or cooperative agreement with two copies of all program and communications materials produced under the award. In addition, the recipient will submit one electronic or one hard copy of all final documents to USAID's Development Experience Clearinghouse.

(c) Implementation of marking requirements.

(1) When the grant or cooperative agreement contains an approved Marking Plan, the recipient will implement the requirements of this provision following the approved Marking Plan.

(2) When the grant or cooperative agreement does not contain an approved Marking Plan, the recipient will propose and submit a plan for implementing the requirements of this provision within [*Agreement Officer fill-in*] days after the effective date of this provision. The plan will include:

(i) A description of the program deliverables specified in paragraph (b) of this provision that the recipient will produce as a part of the grant or cooperative agreement and which will visibly bear the USAID Identity.

(ii) the type of marking and what materials the applicant uses to mark the program deliverables with the USAID Identity,

(iii) when in the performance period the applicant will mark the program deliverables, and where the applicant will place the marking,

(3) The recipient may request program deliverables not be marked with the USAID Identity by identifying the program deliverables and providing a rationale for not marking these program deliverables. Program deliverables may be exempted from USAID marking requirements when:

(i) USAID marking requirements would compromise the intrinsic independence or neutrality of a program or materials where independence or neutrality is an inherent aspect of the program and materials;

(ii) USAID marking requirements would diminish the credibility of audits, reports, analyses, studies, or policy recommendations whose data or findings must be seen as independent;

(iii) USAID marking requirements would undercut host-country government “ownership” of constitutions, laws, regulations, policies, studies, assessments, reports, publications, surveys or audits, public service announcements, or other communications better positioned as “by” or “from” a cooperating country ministry or government official;

(iv) USAID marking requirements would impair the functionality of an item;

(v) USAID marking requirements would incur substantial costs or be impractical;

(vi) USAID marking requirements would offend local cultural or social norms, or be considered inappropriate;

(vii) USAID marking requirements would conflict with international law.

(4) The proposed plan for implementing the requirements of this provision, including any proposed exemptions, will be negotiated within the time specified by the Agreement Officer after receipt of the proposed plan. Failure to negotiate an approved plan with the time specified by the Agreement Officer may be considered as noncompliance with the requirements of this provision.

(d) Waivers.

(1) The recipient may request a waiver of the Marking Plan or of the marking requirements of this provision, in whole or in part, for each program, project, activity, public communication or commodity, or, in exceptional circumstances, for a region or country, when USAID required marking would pose compelling political, safety, or security concerns, or when marking would have an adverse impact in the cooperating country. The recipient will submit the request through the Cognizant Technical Officer. The Principal Officer is responsible for approvals or disapprovals of waiver requests.

(2) The request will describe the compelling political, safety, security concerns, or adverse impact that require a waiver, detail the circumstances and rationale for the waiver, detail the specific requirements to be waived, the specific portion of the Marking Plan to be waived, or specific marking to be waived, and include a description of how program materials will be marked (if at all) if the USAID Identity is removed. The request should also provide a rationale for any use of recipient's own identity/logo or that of a third party on materials that will be subject to the waiver.

(3) Approved waivers are not limited in duration but are subject to Principal Officer review at any time, due to changed circumstances.

(4) Approved waivers "flow down" to recipients of subawards unless specified otherwise. The waiver may also include the removal of USAID markings already affixed, if circumstances warrant.

(5) Determinations regarding waiver requests are subject to appeal to the Principal Officer's cognizant Assistant Administrator. The recipient may appeal by submitting a written request to reconsider the Principal Officer's waiver determination to the cognizant Assistant Administrator.

(e) Non-retroactivity. The requirements of this provision do not apply to any materials, events, or commodities produced prior to January 2, 2006. The requirements of this provision do not apply to program, project, or activity sites funded by USAID, including visible infrastructure projects (for example, roads, bridges, buildings) or other programs, projects, or activities that are physical in nature (for example, agriculture, forestry, water management) where the construction and implementation of these are complete prior to January 2, 2006 and the period of the grant does not extend past January 2, 2006.

(END OF PROVISION)**15. REGULATIONS GOVERNING EMPLOYEES (AUGUST 1992)**

(The following applies to the recipient's employees working in the cooperating country under the agreement who are not citizens of the cooperating country.)

- a. The recipient's employees shall maintain private status and may not rely on local U.S. Government offices or facilities for support while under this grant.
- b. The sale of personal property or automobiles by recipient employees and their dependents in the foreign country to which they are assigned shall be subject to the same limitations and prohibitions which apply to direct-hire USAID personnel employed by the Mission, including the rules contained in 22 CFR Part 136, except as this may conflict with host government regulations.

- c. Other than work to be performed under this award for which an employee is assigned by the recipient, no employee of the recipient shall engage directly or indirectly, either in the individual's own name or in the name or through an agency of another person, in any business, profession, or occupation in the foreign countries to which the individual is assigned, nor shall the individual make loans or investments to or in any business, profession or occupation in the foreign countries to which the individual is assigned.
- d. The recipient's employees, while in a foreign country, are expected to show respect for its conventions, customs, and institutions, to abide by its applicable laws and regulations, and not to interfere in its internal political affairs.
- e. In the event the conduct of any recipient employee is not in accordance with the preceding paragraphs, the recipient's chief of party shall consult with the USAID Mission Director and the employee involved and shall recommend to the recipient a course of action with regard to such employee.
- f. The parties recognize the rights of the U.S. Ambassador to direct the removal from a country of any U.S. citizen or the discharge from this grant award of any third country national when, in the discretion of the Ambassador, the interests of the United States so require.
- g. If it is determined, either under (e) or (f) above, that the services of such employee should be terminated, the recipient shall use its best efforts to cause the return of such employee to the United States, or point of origin, as appropriate.

(END OF PROVISION)

16. CONVERSION OF UNITED STATES DOLLARS TO LOCAL CURRENCY (NOVEMBER 1985)

(This provision applies when activities are undertaken outside the United States.)

Upon arrival in the Cooperating Country, and from time to time as appropriate, the recipient's chief of party shall consult with the Mission Director who shall provide, in writing, the procedure the recipient and its employees shall follow in the conversion of United States dollars to local currency. This may include, but is not limited to, the conversion of currency through the cognizant United States Disbursing Officer or Mission Controller, as appropriate.

(END OF PROVISION)

17. USE OF POUCH FACILITIES (AUGUST 1992)

(This provision applies when activities are undertaken outside the United States.)

- a. Use of diplomatic pouch is controlled by the Department of State. The Department of State has authorized the use of pouch facilities for USAID recipients and their employees as a general policy, as detailed in items (1) through (6) below. However, the final decision regarding use of pouch facilities rest with the Embassy or USAID Mission. In consideration of the use of pouch facilities, the recipient and its employees agree to indemnify and hold harmless, the Department of State and USAID for loss or damage occurring in pouch transmission:

(1) Recipients and their employees are authorized use of the pouch for transmission and receipt of up to a maximum of .9 kgs per shipment of correspondence and documents needed in the administration of assistance programs.

(2) U.S. citizen employees are authorized use of the pouch for personal mail up to a maximum of .45 kgs per shipment (but see (a)(3) below).

(3) Merchandise, parcels, magazines, or newspapers are not considered to be personal mail for purposes of this standard provision and are not authorized to be sent or received by pouch.

(4) Official and personal mail pursuant to a.1. and 2. above sent by pouch should be addressed as follows:

Name of individual or organization (followed by letter symbol "G")
 City Name of post (USAID/_____)
 Agency for International Development
 Washington, D.C. 20523-0001

(5) Mail sent via the diplomatic pouch may not be in violation of U.S. Postal laws and may not contain material ineligible for pouch transmission.

(6) Recipient personnel are NOT authorized use of military postal facilities ((APO/FPO). This is an Adjutant General's decision based on existing laws and regulations governing military postal facilities and is being enforced worldwide.

- b. The recipient shall be responsible for advising its employees of this authorization, these guidelines, and limitations on use of pouch facilities.
- c. Specific additional guidance on grantee use of pouch facilities in accordance with this standard provision is available from the Post Communication Center at the Embassy or USAID Mission.

(END OF PROVISION)

18. INTERNATIONAL AIR TRAVEL AND TRANSPORTATION (JUNE 1999)

(This provision is applicable when costs for international travel or transportation will be paid for with USAID funds. This provision is not applicable if the recipient is providing for travel with private funds as part of a cost-sharing requirement, or with Program Income generated under the award.)

- a. **PRIOR BUDGET APPROVAL**
 In accordance with OMB Cost Principles, direct charges for foreign travel costs are allowable only when each foreign trip has received prior budget approval. Such approval will be deemed to have been met when:
 - (1) the trip is identified. Identification is accomplished by providing the following information: the number of trips, the number of individuals per trip, and the destination country(s).

- (2) the information noted at (a)(1) above is incorporated in: the proposal, the program description or schedule of the award, the implementation plan (initial or revisions), or amendments to the award; and
- (3) the costs related to the travel are incorporated in the approved budget of the award.

The Agreement Officer may approve travel which has not been incorporated in writing as required by paragraph (a)(2). In such case, a copy of the Agreement Officer's approval must be included in the agreement file.

b. NOTIFICATION

- (1) As long as prior budget approval has been met in accordance with paragraph (a) above, a separate Notification will not be necessary unless:
 - (i) the primary purpose of the trip is to work with USAID Mission personnel, or
 - (ii) the recipient expects significant administrative or substantive programmatic support from the Mission. Neither the USAID Mission nor the Embassy will require Country Clearance of employees or contractors of USAID Recipients.
- (2) Recipient will observe the following standards:
 - (i) Send a written notice to the cognizant USAID Technical Office in the Mission. If the recipient's primary point of contact is a Technical Officer in USAID/W, the recipient may send the notice to that person. It will be the responsibility of the USAID/W Technical Officer to forward the notice to the field.
 - (ii) The notice should be sent as far in advance as possible, but at least 14 calendar days in advance of the proposed travel. This notice may be sent by fax or e-mail. The recipient should retain proof that notification was made.
 - (iii) The notification shall contain the following information: the award number, the cognizant Technical Officer, the traveler's name (if known), date of arrival, and the purpose of the trip.
 - (iv) The USAID Mission will respond only if travel has been denied. It will be the responsibility of the Technical Officer in the Mission to contact the recipient within 5 working days of having received the notice if the travel is denied. If the recipient has not received a response within the time frame, the recipient will be considered to have met these standards for notification, and may travel.
 - (v) If a subrecipient is required to issue a Notification, as per this section, the subrecipient may contact the USAID Technical Officer directly, or the prime may contact USAID on the subrecipient's behalf.

c. SECURITY ISSUES

Recipients are encouraged to obtain the latest Department of State Travel Advisory Notices before travelling. These Notices are available to the general public and may be obtained directly from the State Department, or via Internet.

Where security is a concern in a specific region, recipients may choose to notify the US Embassy of their presence when they have entered the country. This may be especially important for long-term posting.

d. USE OF U.S.-OWNED LOCAL CURRENCY

Travel to certain countries shall, at USAID's option, be funded from U.S.-owned local currency. When USAID intends to exercise this option, USAID will either issue a U.S. Government S.F. 1169, Transportation Request (GTR) which the grantee may exchange for tickets, or issue the tickets directly. Use of such U.S.-owned currencies will constitute a dollar charge to this grant.

e. THE FLY AMERICA ACT

The Fly America Act (49 U.S.C. 40118) requires that all air travel and shipments under this award must be made on U.S. flag air carriers to the extent service by such carriers is available. The Administrator of General Services Administration (GSA) is authorized to issue regulations for purposes of implementation. Those regulations may be found at 41 CFR part 301, and are hereby incorporated by reference into this award.

f. COST PRINCIPLES

The recipient will be reimbursed for travel and the reasonable cost of subsistence, post differentials and other allowances paid to employees in international travel status in accordance with the recipient's applicable cost principles and established policies and practices which are uniformly applied to federally financed and other activities of the grantee.

If the recipient does not have written established policies regarding travel costs, the standard for determining the reasonableness of reimbursement for overseas allowance will be the Standardized Regulations (Government Civilians, Foreign Areas), published by the U.S. Department of State, as from time to time amended. The most current subsistence, post differentials, and other allowances may be obtained from the Agreement Officer.

g. SUBAWARDS.

This provision will be included in all subawards and contracts which require international air travel and transportation under this award.

(END OF PROVISION)

19. OCEAN SHIPMENT OF GOODS (JUNE 1999)

(This provision is applicable for awards and subawards for \$100,000 or more and when goods purchased with funds provided under this award are transported to cooperating countries on ocean vessels whether or not award funds are used for the transportation.)

- a. At least 50% of the gross tonnage of all goods purchased under this agreement and transported to the cooperating countries shall be made on privately owned U.S. flag commercial ocean vessels, to the extent such vessels are available at fair and reasonable rates for such vessels.
- b. At least 50% of the gross freight revenue generated by shipments of goods purchased under this agreement and transported to the cooperating countries on dry cargo liners shall be paid to or for the benefit of privately owned U.S. flag commercial ocean vessels to the extent such vessels are available at fair and reasonable rates for such vessels.
- c. When U.S. flag vessels are not available, or their use would result in a significant delay, the grantee may request a determination of non-availability from the USAID Transportation Division, Office of Procurement, Washington, D.C. 20523, giving the basis for the request which will relieve the grantee of the requirement to use U.S. flag vessels for the amount of tonnage included in the determination. Shipments made on non-free world ocean vessels are not reimbursable under this grant.
- d. The recipient shall send a copy of each ocean bill of lading, stating all of the carrier's charges including the basis for calculation such as weight or cubic measurement, covering a shipment under this agreement to:

U.S. Department of Transportation,
Maritime Administration, Division of National Cargo,
400 7th Street, S.W.,
Washington, DC 20590, and

U.S. Agency for International Development,
Office of Procurement, Transportation Division
1300 Pennsylvania Avenue, N.W.
Washington, DC 20523-7900
- e. Shipments by voluntary nonprofit relief agencies (i.e., PVOs/NGOs) shall be governed by this standard provision and by USAID Regulation 2, "Overseas Shipments of Supplies by Voluntary Nonprofit Relief Agencies" (22 CFR Part 202).
- f. Shipments financed under this grant must meet applicable eligibility requirements set out in 22 CFR 228.21.

(END OF PROVISION)

20. LOCAL PROCUREMENT (APRIL 1998)

(This provision applies when activities are undertaken outside the United States.)

- a. Financing local procurement involves the use of appropriated funds to finance the procurement of goods and services supplied by local businesses, dealers or producers, with payment normally being in the currency of the cooperating country.
- b. Locally financed procurements must be covered by source and nationality waivers as set forth in 22 CFR 228, Subpart F, except as provided for in mandatory standard provision, "USAID Eligibility Rules for Goods and Services," or when one of the following exceptions applies:

- (1) Locally available commodities of U.S. origin, which are otherwise eligible for financing, if the value of the transaction is estimated not to exceed \$100,000 exclusive of transportation costs.
 - (2) Commodities of geographic code 935 origin if the value of the transaction does not exceed the local currency equivalent of \$5,000.
 - (3) Professional Services Contracts estimated not to exceed \$250,000.
 - (4) Construction Services Contracts estimated not to exceed \$5,000,000.
 - (5) Commodities and services available only in the local economy (no specific per transaction value applies to this category). This category includes the following items:
 - (i) Utilities including fuel for heating and cooking, waste disposal and trash collection;
 - (ii) Communications - telephone, telex, fax, postal and courier services;
 - (iii) Rental costs for housing and office space;
 - (iv) Petroleum, oils and lubricants for operating vehicles and equipment;
 - (v) Newspapers, periodicals and books published in the cooperating country;
 - (vi) Other commodities and services and related expenses that, by their nature or as a practical matter, can only be acquired, performed, or incurred in the cooperating country, e.g., vehicle maintenance, hotel accommodations, etc.
- c. The coverage on ineligible and restricted goods and services in the mandatory standard provision entitled, "USAID Eligibility Rules for Goods and Services," also apply to local procurement.
- d. This provision will be included in all subagreements where local procurement of goods or services is a supported element.

(END OF MANDATORY STANDARD PROVISION)

**21. VOLUNTARY POPULATION PLANNING ACTIVITIES –
MANDATORY REQUIREMENTS (MAY 2006)**

Requirements for Voluntary Sterilization Programs

- (1) None of the funds made available under this award shall be used to pay for the performance of involuntary sterilization as a method of family planning or to coerce or provide any financial incentive to any individual to practice sterilization.

Prohibition on Abortion-Related Activities:

- (1) No funds made available under this award will be used to finance, support, or be attributed to the following activities: (i) procurement or distribution of equipment intended to be used for the purpose of inducing abortions as a method of family planning; (ii) special fees or incentives to any person to coerce or motivate them to have abortions; (iii) payments to persons to perform abortions or to solicit persons to undergo abortions; (iv) information, education, training, or communication programs that seek to promote abortion as a method of family planning; and (v) lobbying for or against abortion. The term “motivate”, as it relates to family planning assistance, shall not be construed to prohibit the provision, consistent with local law, of information or counseling about all pregnancy options.
- (2) No funds made available under this award will be used to pay for any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilizations as a means of family planning. Epidemiologic or descriptive research to assess the incidence, extent or consequences of abortions is not precluded.

[END OF PROVISIONS]

II. REQUIRED AS APPLICABLE STANDARD PROVISIONS FOR U.S., NONGOVERNMENTAL RECIPIENTS

1. NEGOTIATED INDIRECT COST RATES - PREDETERMINED (APRIL 1998)

APPLICABILITY: This provision is applicable to educational or nonprofit institutions whose indirect cost rates under this award are on a predetermined basis.

NEGOTIATED INDIRECT COST RATES – PREDETERMINED (APRIL 1998)

- a. The allowable indirect costs shall be determined by applying the predetermined indirect cost rates to the bases specified in the schedule of this award.
- b. Within the earlier of 30 days after receipt of the A-133 audit report or nine months after the end of the audit period, the recipient shall submit to the cognizant agency for audit the required OMB Circular A-133 audit report, proposed predetermined indirect cost rates, and supporting cost data. If USAID is the cognizant agency or no cognizant agency has been designated, the recipient shall submit four copies of the audit report, the proposed predetermined indirect cost rates, and supporting cost data to the Overhead, Special Costs, and Closeout Branch, Office of Procurement, USAID, Washington DC 20523-7802. The proposed rates shall be based on the recipient's actual cost experience during that fiscal year. Negotiations of predetermined indirect cost rates shall begin soon after receipt of the recipient's proposal.
- c. Allowability of costs and acceptability of cost allocation methods shall be determined in accordance with the applicable cost principles.
- d. The results of each negotiation shall be set forth in an indirect cost rate agreement signed by both parties. Such agreement is automatically incorporated into this award and shall specify (1) the agreed upon predetermined rates, (2) the bases to which the rates apply, (3) the fiscal year for which the rates apply, and (4) the specific items treated as direct costs. The indirect cost rate agreement shall not change any monetary ceiling, award obligation, or specific cost allowance or disallowance provided for in this award.
- e. Pending establishment of predetermined indirect costs rates for any fiscal year, the recipient shall be reimbursed either at the rates fixed for the previous fiscal year or at billing rates acceptable to the USAID Agreement Officer, subject to appropriate adjustment when the final rates for the fiscal year or other period are established.

(END OF PROVISION)

2. NEGOTIATED INDIRECT COST RATES - PROVISIONAL (NONPROFIT) (APRIL 1998)

APPLICABILITY: This provision is applicable to any nonprofit organizations whose indirect cost rates under this award are on a provisional basis.

**NEGOTIATED INDIRECT COST RATES - PROVISIONAL (NONPROFIT)
(APRIL 1998)**

- a. Provisional indirect cost rates shall be established for each of the recipient's accounting periods during the term of this award. Pending establishment of revised provisional or final rates, allowable indirect costs shall be reimbursed at the rates, on the bases, and for the periods shown in the schedule of the award.
- b. Within the earlier of 30 days after receipt of the A-133 audit report or nine months after the end of the audit period, the recipient shall submit to the cognizant agency for audit the required OMB Circular A-133 audit report, proposed final indirect cost rates, and supporting cost data. If USAID is the cognizant agency or no cognizant agency has been designated, the recipient shall submit four copies of the audit report, along with the proposed final indirect cost rates and supporting cost data, to the Overhead, Special Costs, and Closeout Branch, Office or Procurement, USAID, Washington, DC 20523-7802. The proposed rates shall be based on the recipient's actual cost experience during that fiscal year. Negotiations of final indirect cost rates shall begin soon after receipt of the recipient's proposal.
- c. Allowability of costs and acceptability of cost allocation methods shall be determined in accordance with the applicable cost principles.
- d. The results of each negotiation shall be set forth in a written indirect cost rate agreement signed by both parties. Such agreement is automatically incorporated into this award and shall specify (1) the agreed upon final rates, (2) the bases to which the rates apply, (3) the fiscal year for which the rates apply, and (4) the items treated as direct costs. The agreement shall not change any monetary ceiling, award obligation, or specific cost allowance or disallowance provided for in this award.
- e. Pending establishment of final indirect cost rate(s) for any fiscal year, the recipient shall be reimbursed either at negotiated provisional rates or at billing rates acceptable to the Agreement Officer, subject to appropriate adjustment when the final rates for the fiscal year are established. To prevent substantial overpayment or underpayment, the provisional or billing rates may be prospectively or retroactively revised by mutual agreement.
- f. Failure by the parties to agree on final rates is a 22 CFR 226.90 dispute.

(END OF PROVISION)

3. NEGOTIATED INDIRECT COST RATE - PROVISIONAL (Profit) (APRIL 1998)

APPLICABILITY: This provision applies to for-profit organizations whose indirect cost rates under this award are on a provisional basis.

NEGOTIATED INDIRECT COST RATE - PROVISIONAL (Profit) (APRIL 1998)

- a. Provisional indirect cost rates shall be established for the recipient's accounting periods during the term of this award. Pending establishment of revised provisional or final rates, allowable indirect costs shall be reimbursed at the rates, on the bases, and for the periods shown in the schedule of

this award. Indirect cost rates and the appropriate bases shall be established in accordance with FAR Subpart 42.7.

- b. Within six months after the close of the recipient's fiscal year, the recipient shall submit to the cognizant agency for audit the proposed final indirect cost rates and supporting cost data. If USAID is the cognizant agency or no cognizant agency has been designated, the recipient shall submit three copies of the proposed final indirect cost rates and supporting cost data, to the Overhead, Special Costs, and Closeout Branch, Office of Procurement, USAID, Washington, DC 20523-7802. The proposed rates shall be based on the recipient's actual cost experience during that fiscal year. Negotiations of final indirect cost rates shall begin soon after receipt of the recipient's proposal.
- c. Allowability of costs and acceptability of cost allocation methods shall be determined in accordance with the applicable cost principles.
- d. The results of each negotiation shall be set forth in an indirect cost rate agreement signed by both parties. Such agreement is automatically incorporated into this award and shall specify (1) the agreed upon final rates, (2) the bases to which the rates apply, (3) the fiscal year for which the rates apply, and (4) the items treated as direct costs. The agreement shall not change any monetary ceiling, award obligation, or specific cost allowance or disallowance provided for in this award.
- e. Pending establishment of final indirect cost rates for any fiscal year, the recipient shall be reimbursed either at negotiated provisional rates or at billing rates acceptable to the Agreement Officer, subject to appropriate adjustment when the final rates for the fiscal year are established. To prevent substantial overpayment or underpayment, the provisional or billing rates may be prospectively or retroactively revised by mutual agreement.
- f. Failure by the parties to agree on final rates is a 22 CFR 226.90 dispute.

(END OF PROVISION)

4. PUBLICATIONS AND MEDIA RELEASES (MARCH 2006)

APPLICABILITY: This provision is applicable when publications are financed under the award.

PUBLICATIONS AND MEDIA RELEASES (MARCH 2006)

- a. The recipient shall provide the USAID Cognizant Technical Officer one copy of all published works developed under the award with lists of other written work produced under the award. In addition, the recipient shall submit final documents in electronic format unless no electronic version exists at the following address: Online (preferred) <http://www.dec.org/submit.cfm>.

USAID Development Experience Clearinghouse (DEC)
8403 Colesville Road Suite 210
Silver Spring, MD 20910-6368

Contract Information:
 Telephone (301) 562-0641
 Fax (301) 588-7787
 E-mail: docsubmit@dec.cdie.org

Electronic documents must consist of only one electronic file that comprises the complete and final equivalent of a hard copy. They may be submitted online (preferred); on 3.5" diskettes, a Zip disk, CD-R, or by e-mail. Electronic documents should be in PDF (Portable Document Format). Submission in other formats is acceptable but discouraged.

Each document submitted should contain essential bibliographic elements, such as 1) descriptive title; 2) author(s) name; 3) award number; 4) sponsoring USAID office; 5) strategic objective; and 6) date of publication;:

- b. In the event award funds are used to underwrite the cost of publishing, in lieu of the publisher assuming this cost as is the normal practice, any profits or royalties up to the amount of such cost shall be credited to the award unless the schedule of the award has identified the profits or royalties as program income.
- c. Except as otherwise provided in the terms and conditions of the award, the author or the recipient is free to copyright any books, publications, or other copyrightable materials developed in the course of or under this award, but USAID reserves a royalty-free nonexclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use the work for Government purposes.

(END OF PROVISION)

5. PARTICIPANT TRAINING (APRIL 1998)

APPLICABILITY: This provision is applicable when any participant training is financed under the award.

PARTICIPANT TRAINING (APRIL 1998)

- a. Definition: A participant is any non-U.S. individual being trained under this award outside of that individual's home country.
- b. Application of ADS Chapter 253: Participant training under this award shall comply with the policies established in ADS Chapter 253, Participant Training, except to the extent that specific exceptions to ADS 253 have been provided in this award with the concurrence of the Office of International Training.
- c. Orientation: In addition to the mandatory requirements in ADS 253, recipients are strongly encouraged to provide, in collaboration with the Mission training officer, predeparture orientation and orientation in Washington at the Washington International Center. The latter orientation program also provides the opportunity to arrange for home hospitality in Washington and elsewhere in the United States through liaison with the National Council for International Visitors (NCIV). If the Washington orientation is determined not to be feasible, home hospitality can be arranged in most U.S. cities if a request for such is directed to the Agreement Officer, who will transmit the request to NCIV through EGAT/ED/PT.

(END OF PROVISION)

**6. VOLUNTARY POPULATION PLANNING ACTIVITIES –
SUPPLEMENTAL REQUIREMENTS (MAY 2006)**

APPLICABILITY: This provision is applicable to all awards involving any aspect of voluntary population planning activities.

**VOLUNTARY POPULATION PLANNING ACTIVITIES – SUPPLEMENTAL
REQUIREMENTS (MAY 2006)**

- a. Voluntary Participation and Family Planning Methods:
- (1) The recipient agrees to take any steps necessary to ensure that funds made available under this award will not be used to coerce any individual to practice methods of family planning inconsistent with such individual's moral, philosophical, or religious beliefs. Further, the recipient agrees to conduct its activities in a manner which safeguards the rights, health and welfare of all individuals who take part in the program.
 - (2) Activities which provide family planning services or information to individuals, financed in whole or in part under this agreement, shall provide a broad range of family planning methods and services available in the country in which the activity is conducted or shall provide information to such individuals regarding where such methods and services may be obtained.
- b. Requirements for Voluntary Family Planning Projects
- (1) A Family planning project must comply with the requirements of this paragraph.
 - (2) A project is a discrete activity through which a governmental or nongovernmental organization or public international organization provides family planning services to people and for which funds obligated under this award, or goods or services financed with such funds, are provided under this award, except funds solely for the participation of personnel in short-term, widely attended training conferences or programs.
 - (3) Service providers and referral agents in the project shall not implement or be subject to quotas or other numerical targets of total number of births, number of family planning acceptors, or acceptors of a particular method of family planning. Quantitative estimates or indicators of the number of births, acceptors, and acceptors of a particular method that are used for the purpose of budgeting, planning, or reporting with respect to the project are not quotas or targets under this paragraph, unless service providers or referral agents in the project are required to achieve the estimates or indicators.
 - (4) The project shall not include the payment of incentives, bribes, gratuities or financial rewards to (i) any individual in exchange for becoming a family planning acceptor or (ii) any personnel performing functions under the project for achieving a numerical quota or target of total number of births, number of family planning acceptors, or acceptors of a particular method of contraception. This restriction applies to salaries or payments paid or made to personnel performing functions under the project if the amount of the salary

or payment increases or decreases based on a predetermined number of births, number of family planning acceptors, or number of acceptors of a particular method of contraception that the personnel affect or achieve.

- (5) No person shall be denied any right or benefit, including the right of access to participate in any program of general welfare or health care, based on the person's decision not to accept family planning services offered by the project.
- (6) The project shall provide family planning acceptors comprehensible information about the health benefits and risks of the method chosen, including those conditions that might render the use of the method inadvisable and those adverse side effects known to be consequent to the use of the method. This requirement may be satisfied by providing information in accordance with the medical practices and standards and health conditions in the country where the project is conducted through counseling, brochures, posters, or package inserts.
- (7) The project shall ensure that experimental contraceptive drugs and devices and medical procedures are provided only in the context of a scientific study in which participants are advised of potential risks and benefits.
- (8) With respect to projects for which USAID provides, or finances the contribution of, contraceptive commodities or technical services and for which there is no subaward or contract under this award, the organization implementing a project for which such assistance is provided shall agree that the project will comply with the requirements of this paragraph while using such commodities or receiving such services.
- (9)
 - i) The recipient shall notify USAID when it learns about an alleged violation in a project of the requirements of subparagraphs (3), (4), (5) or (7) of this paragraph;
 - ii) The recipient shall investigate and take appropriate corrective action, if necessary, when it learns about an alleged violation in a project of subparagraph (6) of this paragraph and shall notify USAID about violations in a project affecting a number of people over a period of time that indicate there is a systemic problem in the project.
 - iii) The recipient shall provide USAID such additional information about violations as USAID may request.

c. Additional Requirements for Voluntary Sterilization Programs

- (1) None of the funds made available under this award shall be used to pay for the performance of involuntary sterilization as a method of family planning or to coerce or provide any financial incentive to any individual to practice sterilization.
- (2) The recipient shall ensure that any surgical sterilization procedures supported in whole or in part by funds from this award are performed only after the individual has voluntarily appeared at the treatment facility and has given informed consent to the sterilization procedure. Informed consent means the voluntary, knowing assent from the individual after being advised of the surgical procedures to be followed, the attendant discomforts and risks, the benefits to be expected, the availability of alternative methods of family planning, the purpose of the operation and its irreversibility, and the option to

withdraw consent anytime prior to the operation. An individual's consent is considered voluntary if it is based upon the exercise of free choice and is not obtained by any special inducement or any element of force, fraud, deceit, duress, or other forms of coercion or misrepresentation.

- (3) Further, the recipient shall document the patient's informed consent by (i) a written consent document in a language the patient understands and speaks, which explains the basic elements of informed consent, as set out above, and which is signed by the individual and by the attending physician or by the authorized assistant of the attending physician; or (ii) when a patient is unable to read adequately a written certification by the attending physician or by the authorized assistant of the attending physician that the basic elements of informed consent above were orally presented to the patient, and that the patient thereafter consented to the performance of the operation. The receipt of this oral explanation shall be acknowledged by the patient's mark on the certification and by the signature or mark of a witness who shall speak the same language as the patient.
- (4) The recipient must retain copies of informed consent forms and certification documents for each voluntary sterilization procedure for a period of three years after performance of the sterilization procedure.

d. Prohibition on Abortion-Related Activities:

- (1) No funds made available under this award will be used to finance, support, or be attributed to the following activities: (i) procurement or distribution of equipment intended to be used for the purpose of inducing abortions as a method of family planning; (ii) special fees or incentives to any person to coerce or motivate them to have abortions; (iii) payments to persons to perform abortions or to solicit persons to undergo abortions; (iv) information, education, training, or communication programs that seek to promote abortion as a method of family planning; and (v) lobbying for or against abortion. The term "motivate", as it relates to family planning assistance, shall not be construed to prohibit the provision, consistent with local law, of information or counseling about all pregnancy options.
- (2) No funds made available under this award will be used to pay for any biomedical research which relates, in whole or in part, to methods of, or the performance of, abortions or involuntary sterilizations as a means of family planning. Epidemiologic or descriptive research to assess the incidence, extent or consequences of abortions is not precluded.

*e. Ineligibility of Foreign Nongovernmental Organizations that Perform or Actively Promote Abortion as a Method of Family Planning.

I. Grants and Cooperative Agreements with U.S. Nongovernmental Organizations

- (1) The recipient agrees that it will not furnish assistance for family planning under this award to any foreign nongovernmental organization that performs or actively promotes abortion as a method of family planning in USAID-recipient countries or that provides financial support to any other foreign nongovernmental organization that conducts such activities. For purposes of this paragraph (e), a foreign nongovernmental organization is a nongovernmental organization that is not organized under the laws of any State of the United States, the District of Columbia or the Commonwealth of Puerto Rico.

- (2) Prior to furnishing funds provided under this award to another nongovernmental organization organized under the laws of any State of the United States, the District of Columbia, or the Commonwealth of Puerto Rico, the recipient shall obtain the written agreement of such organization that the organization shall not furnish assistance for family planning under this award to any foreign nongovernmental organization except under the conditions and requirements that are applicable to the recipient as set forth in this paragraph (e).
- (3) The recipient may not furnish assistance for family planning under this award to a foreign nongovernmental organization (the subrecipient) unless:
 - (i) The subrecipient certifies in writing that it does not perform or actively promote abortion as a method of family planning in USAID recipient countries and does not provide financial support to any other foreign nongovernmental organization that conducts such activities; and
 - (ii) The recipient obtains the written agreement of the subrecipient containing the undertakings described in subparagraph (4) below.
- (4) Prior to furnishing assistance for family planning under this award to a subrecipient, the subrecipient must agree in writing that:
 - (i) The subrecipient will not, while receiving assistance under this award, perform or actively promote abortion as a method of family planning in USAID-recipient countries or provide financial support to other foreign nongovernmental organizations that conduct such activities;
 - (ii) The recipient and authorized representatives of USAID may, at any reasonable time: (A) inspect the documents and materials maintained or prepared by the subrecipient in the usual course of its operations that describe the family planning activities of the subrecipient, including reports, brochures and service statistics; (B) observe the family planning activity conducted by the subrecipient; (C) consult with family planning personnel of the subrecipient; and (D) obtain a copy of the audited financial statement or report of the subrecipient, if there is one;
 - (iii) In the event that the recipient or USAID has reasonable cause to believe that a subrecipient may have violated its undertaking not to perform or actively promote abortion as a method of family planning, the recipient shall review the family planning program of the subrecipient to determine whether a violation of the undertaking has occurred. The subrecipient shall make available to the recipient such books and records and other information as may be reasonably requested in order to conduct the review. USAID may also review the family planning program of the subrecipient under these circumstances, and USAID shall have access to such books and records and information for inspection upon request;
 - (iv) The subrecipient shall refund to the recipient the entire amount of assistance for family planning furnished to the subrecipient under this award in the event it is

determined that the certification provided by the subrecipient under subparagraph (3), above, is false;

- (v) Assistance for family planning provided to the subrecipient under this award shall be terminated if the subrecipient violates any undertaking in the agreement required by subparagraphs (3) and (4), and the subrecipient shall refund to the recipient the value of any assistance furnished under this award that is used to perform or actively promote abortion as a method of family planning; and
 - (vi) The subrecipient may furnish assistance for family planning under this award to another foreign nongovernmental organization (the subsubrecipient) only if: (A) the sub-subrecipient certifies in writing that it does not perform or actively promote abortion as a method of family planning in USAID-recipient countries and does not provide financial support to any other foreign nongovernmental organization that conducts such activities; and (B) the subrecipient obtains the written agreement of the sub-subrecipient that contains the same undertakings and obligations to the subrecipient as those provided by the subrecipient to the recipient as described in subparagraphs (4)(i)-(v) above.
- (5) Agreements with subrecipients and sub-subrecipients required under subparagraphs (3) and (4) shall contain the definitions set forth in subparagraph (10) of this paragraph (e).
- (6) The recipient shall be liable to USAID for a refund for a violation of any requirement of this paragraph (e) only if: (i) the recipient knowingly furnishes assistance for family planning to a subrecipient who performs or actively promotes abortion as a method of family planning; or (ii) the certification provided by a subrecipient is false and the recipient failed to make reasonable efforts to verify the validity of the certification prior to furnishing assistance to the subrecipient; or (iii) the recipient knows or has reason to know, by virtue of the monitoring which the recipient is required to perform under the terms of this award, that a subrecipient has violated any of the undertakings required under subparagraph (4) and the recipient fails to terminate assistance for family planning to the subrecipient, or fails to require the subrecipient to terminate assistance to a sub-subrecipient that violates any undertaking of the agreement required under subparagraph 4(vi), above. If the recipient finds, in exercising its monitoring responsibility under this award, that a subrecipient or subsubrecipient receives frequent requests for the information described in subparagraph (10)(iii)(A)(II), below, the recipient shall verify that this information is being provided properly in accordance with subparagraph (10)(iii)(A)(II) and shall describe to USAID the reasons for reaching its conclusion.
- (7) In submitting a request to USAID for approval of a recipient's decision to furnish assistance for family planning to a subrecipient, the recipient shall include a description of the efforts made by the recipient to verify the validity of the certification provided by validity of the certification. USAID will inform the recipient in writing when USAID is satisfied that reasonable efforts have been made. If USAID concludes that these efforts are reasonable within the meaning of subparagraph (6) above, the recipient shall not be liable to USAID for a refund in the event the subrecipient's certification is false unless the recipient knew the certification to be false or misrepresented to USAID the efforts made by the recipient to verify the validity of the certification.

- (8) It is understood that USAID may make independent inquiries, in the community served by a subrecipient or sub-subrecipient, regarding whether it performs or actively promotes abortion as a method of family planning.
 - (9) A subrecipient must provide the certification required under subparagraph (3) and a sub-subrecipient must provide the certification required under subparagraph (4)(vi) each time a new agreement is executed with the subrecipient or sub-subrecipient in furnishing assistance for family planning under the award.
 - (10) The following definitions apply for purposes of this paragraph (e):
 - (i) Abortion is a method of family planning when it is for the purpose of spacing births. This includes, but is not limited to, abortions performed for the physical or mental health of the mother, but does not include abortions performed if the life of the mother would be endangered if the fetus were carried to term or abortions performed following rape or incest (since abortion under these circumstances is not a family planning act).
 - (ii) To perform abortions means to operate a facility where abortions are performed as a method of family planning. Excluded from this definition are clinics or hospitals that do not include abortion in their family planning programs. Also excluded from this definition is the treatment of injuries or illnesses caused by legal or illegal abortions, for example, postabortion care.
 - (iii) To actively promote abortion means for an organization to commit resources, financial or other, in a substantial or continuing effort to increase the availability or use of abortion as a method of family planning.
- (A) This includes, but is not limited to, the following:
- (I) Operating a family planning counseling service that includes, as part of the regular program, providing advice and information regarding the benefits and availability of abortion as a method of family planning;
 - (II) Providing advice that abortion is an available option in the event other methods of family planning are not used or are not successful or encouraging women to consider abortion (passively responding to a question regarding where a safe, legal abortion may be obtained is not considered active promotion if the question is specifically asked by a woman who is already pregnant, the woman clearly states that she has already decided to have a legal abortion, and the family planning counselor reasonably believes that the ethics of the medical profession in the country requires a response regarding where it may be obtained safely);
 - (III) Lobbying a foreign government to legalize or make available abortion as a method of family planning or lobbying such a government to continue the legality of abortion as a method of family planning; and

- (IV) Conducting a public information campaign in USAID recipient countries regarding the benefits and/or availability of abortion as a method of family planning.
 - (B) Excluded from the definition of active promotion of abortion as a method of family planning are referrals for abortion as a result of rape or incest, or if the life of the mother would be endangered if the fetus were carried to term. Also excluded from this definition is the treatment of injuries or illnesses caused by legal or illegal abortions, for example, post-abortion care.
 - (C) Action by an individual acting in the individual's capacity shall not be attributed to an organization with which the individual is associated, provided that the organization neither endorses nor provides financial support for the action and takes reasonable steps to ensure that the individual does not improperly represent that the individual is acting on behalf of the organization.
 - (iv) To furnish assistance for family planning to a foreign nongovernmental organization means to provide financial support under this award to the family planning program of the organization, and includes the transfer of funds made available under this award or goods or services financed with such funds, but does not include the purchase of goods or services from an organization or the participation of an individual in the general training programs of the recipient, subrecipient or subsubrecipient.
 - (v) To control an organization means the possession of the power to direct or cause the direction of the management and policies of an organization.
- (11) In determining whether a foreign nongovernmental organization is eligible to be a subrecipient or sub-subrecipient of assistance for family planning under this award, the action of separate nongovernmental organizations shall not be imputed to the subrecipient or sub-subrecipient, unless, in the judgment of USAID, a separate nongovernmental organization is being used as a sham to avoid the restrictions of this paragraph (e). Separate nongovernmental organizations are those that have distinct legal existence in accordance with the laws of the countries in which they are organized. Foreign organizations that are separately organized shall not be considered separate, however, if one is controlled by the other. The recipient may request USAID's approval to treat as separate the family planning activities of two or more organizations, that would not be considered separate under the preceding sentence, if the recipient believes, and provides a written justification to USAID therefore, that the family planning activities of the organizations are sufficiently distinct so as to warrant not imputing the activity of one to the other.
- (12) Assistance for family planning may be furnished under this award by a recipient or sub-subrecipient to a foreign government event though the government includes abortion in its family planning program, provided that no assistance may be furnished in support of the abortion activity of the government and any funds transferred to the government shall be placed in a segregated account to ensure that such funds may not be used to support the abortion activity of the government.
- (13) The requirements of this paragraph are not applicable to child spacing assistance furnished to a foreign nongovernmental organization that is engaged primarily in

providing health services if the objective of the assistance is to finance integrated health care services to mothers and children and child spacing is one of several health care services being provided by the organization as part of a larger child survival effort with the objective of reducing infant and child mortality.

II. Grants and Cooperative Agreements with Non-U.S., Nongovernmental Organizations

- (1) The recipient certifies that it does not now and will not during the term of this award perform or actively promote abortion as a method of family planning in USAID-recipient countries or provide financial support to any other foreign nongovernmental organization that conducts such activities. For purposes of this paragraph (e), a foreign nongovernmental organization is a nongovernmental organization that is not organized under the laws of any State of the United States, the District of Columbia or the Commonwealth of Puerto Rico.
- (2) The recipient agrees that the authorized representative of USAID may, at any reasonable time: (i) inspect the documents and materials maintained or prepared by the recipient in the usual course of its operations that describe the family planning activities of the recipient, including reports, brochures and service statistics; (ii) observe the family planning activity conducted by the recipient, (iii) consult with the family planning personnel of the recipient; and (iv) obtain a copy of the audited financial statement or report of the recipient, if there is one.
- (3) In the event USAID has reasonable cause to believe that the recipient may have violated its undertaking not to perform or actively promote abortion as a method of family planning, the recipient shall make available to USAID such books and records and other information as USAID may reasonably request in order to determine whether a violation of the undertaking has occurred.
- (4) The recipient shall refund to USAID the entire amount of assistance for family planning furnished under this award in the event it is determined that the certification provided by the recipient under subparagraph (1), above, is false.
- (5) Assistance for family planning to the recipient under this award shall be terminated if the recipient violates any undertaking required by this paragraph (e), and the recipient shall refund to USAID the value of any assistance furnished under this award that is used to perform or actively promote abortion as a method of family planning.
- (6) The recipient may not furnish assistance for family planning under this award to a foreign nongovernmental organization (the subrecipient) unless: (i) the subrecipient certifies in writing that it does not perform or actively promote abortion as a method of family planning in USAID-recipient countries and does not provide financial support to any other foreign nongovernmental organization that conducts such activities; and (ii) the recipient obtains the written agreement of the subrecipient containing the undertakings described in subparagraph (7), below.
- (7) Prior to furnishing assistance for family planning under this award to a subrecipient, the subrecipient must agree in writing that:
 - (i) The subrecipient will not, while receiving assistance under this award, perform or actively promote abortion as a method of family planning in USAID-recipient

countries or provide financial support to other nongovernmental organizations that conduct such activities.

(ii) The recipient and authorized representatives of USAID may, at any reasonable time: (A) inspect the documents and materials maintained or prepared by the subrecipient in the usual course of its operations that describe the family planning activities of the subrecipient, including reports, brochures and service statistics; (B) observe the family planning activity conducted by the subrecipient; (C) consult with family planning personnel of the subrecipient; and (D) obtain a copy of the audited financial statement or report of the subrecipient, if there is one.

(iii) In the event the recipient or USAID has reasonable cause to believe that a subrecipient may have violated its undertaking not to perform or actively promote abortion as a method of family planning, the recipient shall review the family planning program of the subrecipient to determine whether a violation of the undertaking has occurred. The subrecipient shall make available to the recipient such books and records and other information as may be reasonably requested in order to conduct the review. USAID may also review the family planning program of the subrecipient under these circumstances, and USAID shall have access to such books and records and information for inspection upon request.

(iv) The subrecipient shall refund to the recipient the entire amount of assistance for family planning furnished to the subrecipient under this award in the event it is determined that the certification provided by the subrecipient under subparagraph (6), above, is false.

(v) Assistance for family planning to the subrecipient under this award shall be terminated if the subrecipient violates any undertaking required by this paragraph (e), and the subrecipient shall refund to the recipient the value of any assistance furnished under this award that is used to perform or actively promote abortion as a method of family planning.

(vi) The subrecipient may furnish assistance for family planning under this award to another foreign nongovernmental organization (the subsubrecipient) only if: (A) the subsubrecipient certifies in writing that it does not perform or actively promote abortion as a method of family planning in USAID-recipient countries and does not provide financial support to any other foreign nongovernmental organization that conducts such activities; and (B) the subrecipient obtains the written agreement of the sub-subrecipient that contains the same undertakings and obligations to the subrecipient as those provided by the subrecipient to the recipient as described in subparagraphs (7)(i)-(v), above.

(8) Agreements with subrecipients and sub-subrecipients required under subparagraphs (6) and (7) shall contain the definitions set forth in subparagraph (13) of this paragraph (e).

(9) The recipient shall be liable to USAID for a refund for a violation by a subrecipient relating to its certification required under subparagraph (6) or by a subrecipient or a sub-subrecipient relating to its undertakings in the agreement required under subparagraphs (6) and (7) only if: (i) the recipient knowingly furnishes assistance for family planning to a subrecipient that performs or actively promotes abortion as a method of family planning; or (ii) the certification provided by a subrecipient is false and the recipient failed to make reasonable efforts to verify the validity of the certification prior to furnishing assistance to the subrecipient; or (iii)

the recipient knows or has reason to know, by virtue of the monitoring that the recipient is required to perform under the terms of this award, that a subrecipient has violated any of the undertakings required under subparagraph (7) and the recipient fails to terminate assistance for family planning to the subrecipient, or fails to require the subrecipient to terminate assistance to a sub-subrecipient that violates any undertaking of the agreement required under subparagraph 7(vi), above. If the recipient finds, in exercising its monitoring responsibility under this award, that a subrecipient or sub-subrecipient receives frequent requests for the information described in subparagraph (13)(iii)(A)(II), below, the recipient shall verify that this information is being provided properly in accordance with subparagraph 13(iii)(A)(II) and shall describe to USAID the reasons for reaching its conclusion.

(10) In submitting a request to USAID for approval of a recipient's decision to furnish assistance for family planning to a subrecipient, the recipient shall include a description of the efforts made by the recipient to verify the validity of the certification provided by the subrecipient. USAID may request the recipient to make additional efforts to verify the validity of the certification. USAID will inform the recipient in writing when USAID is satisfied that reasonable efforts have been made. If USAID concludes that these efforts are reasonable within the meaning of subparagraph (9) above, the recipient shall not be liable to USAID for a refund in the event the subrecipient's certification is false unless the recipient knew the certification to be false or misrepresented to USAID the efforts made by the recipient to verify the validity of the certification.

(11) It is understood that USAID may make independent inquiries, in the community served by a subrecipient or sub-subrecipient, regarding whether it performs or actively promotes abortion as a method of family planning.

(12) A subrecipient must provide the certification required under subparagraph (6) and a sub-subrecipient must provide the certification required under subparagraph (7)(vi) each time a new agreement is executed with the subrecipient or sub-subrecipient in furnishing assistance for family planning under this award.

(13) The following definitions apply for purposes of paragraph (e):

(i) Abortion is a method of family planning when it is for the purpose of spacing births. This includes, but is not limited to, abortions performed for the physical or mental health of the mother but does not include abortions performed if the life of the mother would be endangered if the fetus were carried to term or abortions performed following rape or incest (since abortion under these circumstances is not a family planning act).

(ii) To perform abortions means to operate a facility where abortions are performed as a method of family planning. Excluded from this definition are clinics or hospitals that do not include abortion in their family planning programs. Also excluded from this definition is the treatment of injuries or illnesses caused by legal or illegal abortions, for example, postabortion care.

(iii) To actively promote abortion means for an organization to commit resources, financial or other, in a substantial or continuing effort to increase the availability or use of abortion as a method of family planning.

- (A) This includes, but is not limited to, the following:
- (I) Operating a family planning counseling service that includes, as part of the regular program, providing advice and information regarding the benefits and availability of abortion as a method of family planning;
 - (II) Providing advice that abortion is an available option in the event other methods of family planning are not used or are not successful or encouraging women to consider abortion (passively responding to a question regarding where a safe, legal abortion may be obtained is not considered active promotion if the question is specifically asked by a woman who is already pregnant, the woman clearly states that she has already decided to have a legal abortion, and the family planning counselor reasonably believes that the ethics of the medical profession in the country requires a response regarding where it may be obtained safely);
 - (III) Lobbying a foreign government to legalize or make available abortion as a method of family planning or lobbying such a government to continue the legality of abortion as a method of family planning; and
 - (IV) Conducting a public information campaign in USAID recipient countries regarding the benefits and/or availability of abortion as a method of family planning.
- (B) Excluded from the definition of active promotion of abortion as a method of family planning are referrals for abortion as a result of rape or incest or if the life of the mother would be endangered if the fetus were carried to term. Also excluded from this definition is the treatment of injuries or illnesses caused by legal or illegal abortions, for example, post-abortion care.
- (C) Action by an individual acting in the individual's own capacity shall not be attributed to an organization with which the individual is associated, provided that the organization neither endorses nor provides financial support for the action and takes reasonable steps to ensure that the individual does not improperly represent the individual is acting on behalf of the organization.
- (iv) To furnish assistance for family planning to a foreign nongovernmental organization means to provide financial support under this award to the family planning program of the organization, and includes the transfer of funds made available under this award or goods or services financed with such funds, but does not include the purchase of goods or services from an organization or the participation of an individual in the general training programs of the recipient, subrecipient or subsubrecipient.

- (v) To control an organization means the possession of the power to direct or cause the direction of the management and policies of an organization.

(14) In determining whether a foreign nongovernmental organization is eligible to be a recipient, subrecipient or sub-subrecipient of assistance for family planning under this award, the action of separate nongovernmental organizations shall not be imputed to the recipient, subrecipient or subsubrecipient, unless, in the judgment of USAID, a separate nongovernmental organization is being used as a sham to avoid the restrictions of this paragraph (e). Separate nongovernmental organizations are those that have distinct legal existence in accordance with the laws of the countries in which they are organized. Foreign organizations that are separately organized shall not be considered separate, however, if one is controlled by the other. The recipient may request USAID's approval to treat as separate the family planning activities of two or more organizations, which would not be considered separate under the preceding sentence, if the recipient believes, and provides a written justification to USAID therefore, that the family planning activities of the organizations are sufficiently distinct so as to warrant not imputing the activity of one of the other.

(15) Assistance for family planning may be furnished under this award by a recipient, subrecipient or sub-subrecipient to a foreign government even though the government includes abortion in its family planning program, provided that no assistance may be furnished in support of the abortion activity of the government and any funds transferred to the government shall be placed in a segregated account to ensure that such funds may not be used to support the abortion activity of the government.

(16) The requirements of this paragraph are not applicable to child spacing assistance furnished to a foreign nongovernmental organization that is engaged primarily in providing health services if the objective of the assistance is to finance integrated health care services to mothers and children and child spacing is one of several health care services being provided by the organization as part of a larger child survival effort with the objective of reducing infant and child mortality.

III. Exceptions

The paragraphs set forth in sections (I) and (II) above are not applicable in the situations described below:

(1) While the paragraphs are to be used in grants and cooperative agreements (and assistance subagreements) that provide financing for family planning activity or activities, if family planning is a component of an activity involving assistance or other purposes, such as food and nutrition, health for education, paragraph (e), "Ineligibility of Foreign Nongovernmental Organizations that Perform or Actively Promote Abortion as a Method of Family Planning," applies only to the family planning component.

(2) When health or child survival funds are used to provide assistance for child spacing as well as health purposes, these paragraphs are applicable to such assistance unless: (a) the foreign nongovernmental organization is one that primarily provides health services; (b) the objective of the assistance is to finance integrated health care services to mothers and children; and (c) child spacing is one of several health care services being provided as part of a larger child survival effort with the objective of reducing infant and child mortality. These paragraphs need not be included in the assistance agreement if it indicates that assistance for child spacing will be provided only in this way. USAID support under these circumstances is considered a contribution to a health service delivery program and not to a family planning program. In such a case, these paragraphs need not be included in an assistance agreement.

(3) These paragraphs need not be included in assistance agreements with United States nongovernmental organizations for family planning purposes if implementation of the activity does not involve assistance to foreign nongovernmental organizations.

*f. The recipient shall insert paragraphs (a), (b), (c), (d), and (f) of this provision in all subsequent subagreements and contracts involving family planning or population activities that will be supported in whole or in part from funds under this award. Paragraph (e) shall be inserted in subagreements and sub-subagreements in accordance with the terms of paragraph (e). The term subagreement means subgrants and subcooperative agreements.

(END OF PROVISION)

**7. PROTECTION OF THE INDIVIDUAL AS A RESEARCH SUBJECT
(APRIL 1998)**

APPLICABILITY: This provision is applicable when human subjects are involved in research financed by the award.

PROTECTION OF THE INDIVIDUAL AS A RESEARCH SUBJECT (APRIL 1998)

- a. Safeguarding the rights and welfare of human subjects involved in research supported by USAID is the responsibility of the organization to which support is awarded. USAID has adopted the Common Federal Policy for the Protection of Human Subjects, Part 225 of Title 22 of the Code of Federal Regulations (the "Policy"). Additional interpretation, procedures, and implementation guidance of the Policy are found in USAID General Notice entitled "Procedures for the Protection of Human Subjects in Research Supported by USAID," issued April 19, 1995, as from time to time amended. USAID's Cognizant Human Subjects Officer (CHSO) in USAID/W has oversight, guidance, and interpretation responsibility for the Policy.
- b. Recipient organizations must comply with USAID policy when humans are the subject of research, as defined in 22 CFR 225.102(d), funded by the grant and recipients must provide "assurance", as required by 22 CFR 225.103, that they follow and abide by the procedures in the Policy. See also Section 5 of the April 19, 1995, USAID General Notice which sets forth activities to which the Policy is applicable. The existence of a bona fide, applicable assurance approved by the Department of Health and Human Services (HHS) such as the "multiple project assurance" (MPA) will satisfy this requirement. Alternatively, organizations can provide an acceptable written assurance to USAID as described in 22 CFR 225.103. Such assurances must be determined by the CHSO to be acceptable prior to any applicable research being initiated or conducted under the award. In some limited instances outside the U.S., alternative systems for the protection of human subjects may be used provided they are deemed "at least equivalent" to those outlined in Part 225 (See 22 CFR 225.101[h]). Criteria and procedures for making this determination are described in the General Notice cited in the preceding paragraph.
- c. Since the welfare of the research subject is a matter of concern to USAID as well as to the organization, USAID staff consultants and advisory groups may independently review and inspect research and research processes and procedures involving human subjects, and based on such findings, the CHSO may prohibit research which presents unacceptable hazards or otherwise fails to comply with USAID procedures. Informed consent documents must include the stipulation that the subject's records may be subject to such review.

(END OF PROVISION)**8. CARE OF LABORATORY ANIMALS (MARCH 2004)**

APPLICABILITY: This provision is applicable when laboratory animals are involved in research performed in the U.S. and financed by the award.

CARE OF LABORATORY ANIMALS (MARCH 2004)

- a. Before undertaking performance of any grant involving the use of laboratory animals, the recipient shall register with the Secretary of Agriculture of the United States in accordance with Section 6, Public Law 89-544, Laboratory Animal Welfare Act, August 24, 1966, as amended by Public Law 91-579, Animal Welfare Act of 1970, December 24, 1970. The recipient shall furnish evidence of such registration to the Agreement Officer.
- b. The recipient shall acquire animals used in research under this award only from dealers licensed by the Secretary of Agriculture, or from exempted sources in accordance with the Public Laws enumerated in (a) above.
- c. In the care of any live animals used or intended for use in the performance of this grant, the recipient shall adhere to the principles enunciated in the Guide for Care and Use of Laboratory Animals prepared by the Institute of Laboratory Animals Resources, National Academy of Sciences - National Research Council, and in the United States Department of Agriculture's (USDA) regulations and standards issued under the Public Laws enumerated in a. above. In case of conflict between standards, the higher standard shall be used. The recipient's reports on portions of the award in which animals were used shall contain a certificate stating that the animals were cared for in accordance with the principles enunciated in the Guide for Care and Use of Laboratory Animals prepared by the Institute of Laboratory Animal Resources, NAS-NRC, and/or in the regulations and standards as promulgated by the Agricultural Research Service, USDA, pursuant to the Laboratory Animal Welfare Act of 24 August 1966, as amended (P.L. 89-544 and P.L. 91-579). NOTE: The recipient may request registration of the recipient's facility and a current listing of licensed dealers from the Regional Office of the Animal and Plant Health Inspection Service (APHIS), USDA, for the region in which the recipient's research facility is located. The location of the appropriate APHIS Regional Office as well as information concerning this program may be obtained by contacting the Senior Staff Office, Animal Care Staff, USDA/APHIS, 4700 River Road Unit 84, Riverdale, MD 20737-1234 and at <http://www.aphis.usda.gov/ac/>.

(END OF PROVISION)**9. TITLE TO AND CARE OF PROPERTY (COOPERATING COUNTRY TITLE) (NOVEMBER 1985)**

APPLICABILITY: This provision is applicable to property titled in the name of the cooperating country or such public or private agency as the cooperating country government may designate.

TITLE TO AND CARE OF PROPERTY (COOPERATING COUNTRY TITLE) (NOVEMBER 1985)

- a. Except as modified by the schedule of this grant, title to all equipment, materials and supplies, the cost of which is reimbursable to the recipient by USAID or by the cooperating country, shall at all times be in the name of the cooperating country or such public or private agency as the cooperating country may designate, unless title to specified types or classes of equipment is reserved to USAID under provisions set forth in the schedule of this award. All such property shall be under the custody and control of recipient until the owner of title directs otherwise or completion of work under this award or its termination, at which time custody and control shall be turned over to the owner of title or disposed of in accordance with its instructions. All performance guarantees and warranties obtained from suppliers shall be taken in the name of the title owner.
- b. The recipient shall maintain and administer in accordance with sound business practice a program for the maintenance, repair, protection, and preservation of Government property so as to assure its full availability and usefulness for the performance of this grant. The recipient shall take all reasonable steps to comply with all appropriate directions or instructions which the Agreement Officer may prescribe as reasonably necessary for the protection of the Government property.
- c. The recipient shall prepare and establish a program, to be approved by the appropriate USAID Mission, for the receipt, use, maintenance, protection, custody and care of equipment, materials and supplies for which it has custodial responsibility, including the establishment of reasonable controls to enforce such program. The recipient shall be guided by the following requirements:
 - (1) Property Control: The property control system shall include but not be limited to the following:
 - (i) Identification of each item of cooperating country property acquired or furnished under the award by a serially controlled identification number and by description of item. Each item must be clearly marked "Property of (insert name of cooperating country)."
 - (ii) The price of each item of property acquired or furnished under this award.
 - (iii) The location of each item of property acquired or furnished under this award.
 - (iv) A record of any usable components which are permanently removed from items of cooperating country property as a result of modification or otherwise.
 - (v) A record of disposition of each item acquired or furnished under the award.
 - (vi) Date of order and receipt of any item acquired or furnished under the award.
 - (vii) The official property control records shall be kept in such condition that at any stage of completion of the work under this award, the status of property acquired or furnished under this award may be readily ascertained. A report of current status of all items of property acquired or furnished under the award shall be submitted yearly concurrently with the annual report.
 - (2) Maintenance Program: The recipient's maintenance program shall be consistent with sound business practice, the terms of the award, and provide for:
 - (i) disclosure of need for and the performance of preventive maintenance,

- (ii) disclosure and reporting of need for capital type rehabilitation, and
- (iii) recording of work accomplished under the program:
 - (A) Preventive maintenance - Preventive maintenance is maintenance generally performed on a regularly scheduled basis to prevent the occurrence of defects and to detect and correct minor defects before they result in serious consequences.
 - (B) Records of maintenance - The recipient's maintenance program shall provide for records sufficient to disclose the maintenance actions performed and deficiencies discovered as a result of inspections.
 - (C) A report of status of maintenance of cooperating country property shall be submitted annually concurrently with the annual report.

d. Risk of Loss:

- (1) The recipient shall not be liable for any loss of or damage to the cooperating country property, or for expenses incidental to such loss or damage except that the recipient shall be responsible for any such loss or damage (including expenses incidental thereto):
 - (i) Which results from willful misconduct or lack of good faith on the part of any of the recipient's directors or officers, or on the part of any of its managers, superintendents, or other equivalent representatives, who have supervision or direction of all or substantially all of the recipient's business, or all or substantially all of the recipient's operation at any one plant, laboratory, or separate location in which this award is being performed;
 - (ii) Which results from a failure on the part of the recipient, due to the willful misconduct or lack of good faith on the part of any of its directors, officers, or other representatives mentioned in (i) above:
 - (A) to maintain and administer, in accordance with sound business practice, the program for maintenance, repair, protection, and preservation of cooperating country property as required by (i) above, or
 - (B) to take all reasonable steps to comply with any appropriate written directions of the Agreement Officer under (b) above;
 - (iii) For which the recipient is otherwise responsible under the express terms designated in the schedule of this award;
 - (iv) Which results from a risk expressly required to be insured under some other provision of this award, but only to the extent of the insurance so required to be procured and maintained, or to the extent of insurance actually procured and maintained, whichever is greater; or

- (v) Which results from a risk which is in fact covered by insurance or for which the grantee is otherwise reimbursed, but only to the extent of such insurance or reimbursement;
 - (vi) Provided, that, if more than one of the above exceptions shall be applicable in any case, the recipient's liability under any one exception shall not be limited by any other exception.
- (2) The recipient shall not be reimbursed for, and shall not include as an item of overhead, the cost of insurance, or any provision for a reserve, covering the risk of loss of or damage to the cooperating country property, except to the extent that USAID may have required the recipient to carry such insurance under any other provision of this award.
- (3) Upon the happening of loss or destruction of or damage to the cooperating country property, the recipient shall notify the Agreement Officer thereof, shall take all reasonable steps to protect the cooperating country property from further damage, separate the damaged and undamaged cooperating country property, put all the cooperating country property in the best possible order, and furnish to the Agreement Officer a statement of:
 - (i) The lost, destroyed, or damaged cooperating country property;
 - (ii) The time and origin of the loss, destruction, or damage;
 - (iii) All known interests in commingled property of which the cooperating country property is a part; and
 - (iv) The insurance, if any, covering any part of or interest in such commingled property.
- (4) The recipient shall make repairs and renovations of the damaged cooperating country property or take such other action as the Agreement Officer directs.
- (5) In the event the recipient is indemnified, reimbursed, or otherwise compensated for any loss or destruction of or damage to the cooperating country property, it shall use the proceeds to repair, renovate or replace the cooperating country property involved, or shall credit such proceeds against the cost of the work covered by the award, or shall otherwise reimburse USAID, as directed by the Agreement Officer. The recipient shall do nothing to prejudice USAID's right to recover against third parties for any such loss, destruction, or damage, and upon the request of the Agreement Officer, shall, at the Government's expense, furnish to USAID all reasonable assistance and cooperation (including assistance in the prosecution of suits and the execution of instruments or assignments in favor of the Government) in obtaining recovery.
- e. Access: USAID, and any persons designated by it, shall at all reasonable times have access to the premises wherein any cooperating country property is located, for the purpose of inspecting the cooperating country property
- f. Final Accounting and Disposition of Cooperating Country Property: Within 90 days after completion of this award, or at such other date as may be fixed by the Agreement Officer, the recipient shall submit to the Agreement Officer an inventory schedule covering all items of

equipment, materials and supplies under the recipient's custody, title to which is in the cooperating country or public or private agency designated by the cooperating country, which have not been consumed in the performance of this award. The recipient shall also indicate what disposition has been made of such property.

- g. Communications: All communications issued pursuant to this provision shall be in writing.

(END OF PROVISION)

10. PUBLIC NOTICES (MARCH 2004)

APPLICABILITY: This provision is applicable when the cognizant Activity Manager or SO Team determines that the award is of public interest and requests that the provision be included in the award.

It is USAID's policy to inform the public as fully as possible of its programs and activities. The recipient is encouraged to give public notice of the receipt of this award and, from time to time, to announce progress and accomplishments. Press releases or other public notices should include a statement substantially as follows:

"The U.S. Agency for International Development administers the U.S. foreign assistance program providing economic and humanitarian assistance in more than 120 countries worldwide."

The recipient may call on USAID's Bureau for Legislative and Public Affairs for advice regarding public notices. The recipient is requested to provide copies of notices or announcements to the cognizant technical officer and to USAID's Bureau for Legislative and Public Affairs as far in advance of release as possible.

(END OF PROVISION)

11. (RESERVED)

***12. COST SHARING (MATCHING) (JULY 2002)**

APPLICABILITY: This provision, along with 22 CFR 226, is applicable when the recipient has agreed or is required to cost share or provide a matching share.

COST SHARING (MATCHING) (July 2002)

- a. If at the end of any funding period, the recipient has expended an amount of non-Federal funds less than the agreed upon amount or percentage of total expenditures, the Agreement Officer may apply the difference to reduce the amount of USAID incremental funding in the following funding period. If the award has expired or has been terminated, the Agreement Officer may require the recipient to refund the difference to USAID.
- b. The source, origin and nationality requirements and the restricted goods provision established in the Standard Provision entitled "USAID Eligibility Rules for Goods and Services" do not apply to cost sharing (matching) expenditures.

(END OF PROVISION)

**13. PROHIBITION OF ASSISTANCE TO DRUG TRAFFICKERS
(JUNE 1999)**

APPLICABILITY: This provision is applicable where performance of the award will take place in “Covered” Countries, as described in ADS 206 (see 206.5.3)

**PROHIBITION OF ASSISTANCE TO DRUG TRAFFICKERS
(JUNE 1999)**

- a. USAID reserves the right to terminate assistance to, or take other appropriate measures with respect to, any participant approved by USAID who is found to have been convicted of a narcotics offense or to have been engaged in drug trafficking as defined in 22 CFR Part 140.
- b. (1) For any loan over \$1000 made under this agreement, the recipient shall insert a clause in the loan agreement stating that the loan is subject to immediate cancellation, acceleration, recall or refund by the recipient if the borrower or a key individual of a borrower is found to have been convicted of a narcotics offense or to have been engaged in drug trafficking as defined in 22 CFR Part 140.

(2) Upon notice by USAID of a determination under section (1) and at USAID's option, the recipient agrees to immediately cancel, accelerate or recall the loan, including refund in full of the outstanding balance. USAID reserves the right to have the loan refund returned to USAID.
- c. (1) The recipient agrees not to disburse, or sign documents committing the recipient to disburse, funds to a subrecipient designated by USAID ("Designated Subrecipient") until advised by USAID that: (i) any United States Government review of the Designated Subrecipient and its key individuals has been completed; (ii) any related certifications have been obtained; and (iii) the assistance to the Designated Subrecipient has been approved. Designation means that the subrecipient has been unilaterally selected by USAID as the subrecipient. USAID approval of a subrecipient, selected by another party, or joint selection by USAID and another party is not designation.

(2) The recipient shall insert the following clause, or its substance, in its agreement with the Designated Subrecipient:

“The recipient reserves the right to terminate this [Agreement/Contract] or take other appropriate measures if the [Subrecipient] or a key individual of the [Subrecipient] is found to have been convicted of a narcotic offense or to have been engaged in drug trafficking as defined in 22 CFR Part 140.”

(END OF PROVISION)

***14. INVESTMENT PROMOTION (NOVEMBER 2003)**

APPLICABILITY: The following clause is required for grants and cooperative agreements when the program includes gray-area activities or investment-related activities where specific activities are not identified at the time of obligation but could be for investment-related activities, as described in ADS 225 (see 225.3.1.8)

INVESTMENT PROMOTION (NOVEMBER 2003)

- a. Except as specifically set forth in this award or otherwise authorized by USAID in writing, no funds or other support provided hereunder may be used for any activity that involves investment promotion in a foreign country.
- b. In the event the recipient is requested or wishes to provide assistance in the above area or requires clarification from USAID as to whether the activity would be consistent with the limitation set forth above, the recipient must notify the Agreement Officer and provide a detailed description of the proposed activity. The recipient must not proceed with the activity until advised by USAID that it may do so.
- c. The recipient must ensure that its employees and sub-recipients and contractors providing investment promotion services hereunder are made aware of the restrictions set forth in this clause and must include this clause in all contracts and other sub-agreements entered into hereunder.

(END OF PROVISION)

***15. REPORTING OF FOREIGN TAXES (MARCH 2006)**

- a. The recipient must annually submit a report by April 16 of the next year.
- b. Contents of Report. The report must contain:
 - (i) Contractor/recipient name.
 - (ii) Contact name with phone, fax and email.
 - (iii) Agreement number(s).
 - (iv) Amount of foreign taxes assessed by a foreign government [each foreign government must be listed separately] on commodity purchase transactions valued at \$500 or more financed with U.S. foreign assistance funds under this agreement during the prior U.S. fiscal year.
 - (v) Only foreign taxes assessed by the foreign government in the country receiving U.S. assistance is to be reported. Foreign taxes by a third party foreign government are not to be reported. For example, if an assistance program for Lesotho involves the purchase of commodities in South Africa using foreign assistance funds, any taxes imposed by South Africa would not be reported in the report for Lesotho (or South Africa).
 - (vi) Any reimbursements received by the Recipient during the period in (iv) regardless of when the foreign tax was assessed and any reimbursements on the taxes reported in (iv) received through March 31.
 - (vii) Report is required even if the recipient did not pay any taxes during the
 - (viii) Cumulative reports may be provided if the recipient is implementing more than one program in a foreign country.
- c. Definitions. For purposes of this clause:

- (i) “Agreement” includes USAID direct and country contracts, grants, cooperative agreements and interagency agreements.
 - (ii) “Commodity” means any material, article, supply, goods, or equipment.
 - (iii) “Foreign government” includes any foreign governmental entity.
 - (iv) “Foreign taxes” means value-added taxes and custom duties assessed by a foreign government on a commodity. It does not include foreign sales taxes.
- d. Where. Submit the reports to: [insert address and point of contact at the Embassy, Mission or FM/CMP as appropriate. see b. below] [optional with a copy to]
- e. Subagreements. The recipient must include this reporting requirement in all applicable subcontracts, subgrants and other subagreements.
- f. For further information see <http://www.state.gov/m/rm/c10443.htm>.

(END OF PROVISION)

***16. FOREIGN GOVERNMENT DELEGATIONS TO INTERNATIONAL CONFERENCES (JANUARY 2002)**

APPLICABILITY: Include this provision in agreements funded from the following accounts:

- Development Assistance, including assistance for sub-Saharan Africa,
- Child Survival and Disease Programs Fund, and
- Micro and Small Enterprise Development Program Account.

FOREIGN GOVERNMENT DELEGATIONS TO INTERNATIONAL CONFERENCES (JANUARY 2002)

Funds in this agreement may not be used to finance the travel, per diem, hotel expenses, meals, conference fees or other conference costs for any member of a foreign government’s delegation to an international conference sponsored by a public international organization, except as provided in ADS Mandatory Reference “Guidance on Funding Foreign Government Delegations to International Conferences or as approved by the Agreement Officer.

These provisions also must be included in the Standard Provisions of any new grant or cooperative agreement to a public international organization or a U.S. or non-U.S. nongovernmental organization financed with FY04 HIV/AIDS funds or modification to an existing grant or cooperative agreement that adds FY04 HIV/AIDS.

(END OF PROVISION)

17. ORGANIZATIONS ELIGIBLE FOR ASSISTANCE (JULY 2004)

APPLICABILITY: This provision must be included in any Request for Application (RFA) or Annual Program Statement (APS) that could lead to a grant or cooperative agreement for activities related to human trafficking funded from any year program resources.

ORGANIZATIONS ELIGIBLE FOR ASSISTANCE (JULY 2004)

The U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. None of the funds made available under this agreement may be used to promote, support or advocate the legalization or practice of prostitution. Nothing in the preceding sentence shall be construed to preclude assistance designed to ameliorate the suffering of, or health risks to, victims while they are being trafficked or after they are out of the situation that resulted from such victims being trafficked. Foreign organizations, whether prime or subrecipients, that receive U.S. Government funds to fight trafficking in persons cannot promote, support or advocate the legalization or practice of prostitution when they are engaged in overseas activities. The preceding sentence shall not apply to organizations that provide services to individuals solely after they are no longer engaged in activities that resulted from such victims being trafficked.

(END OF PROVISION)

18. PROHIBITION ON THE USE OF FEDERAL FUNDS TO PROMOTE, SUPPORT, OR ADVOCATE FOR THE LEGALIZATION OR PRACTICE OF PROSTITUTION - ASSISTANCE (JULY 2004)

APPLICABILITY: This provision must be included in any grant or cooperative agreement that uses funds made available for activities related to human trafficking funded from any year program resources.

PROHIBITION ON THE USE OF FEDERAL FUNDS TO PROMOTE, SUPPORT, OR ADVOCATE FOR THE LEGALIZATION OR PRACTICE OF PROSTITUTION - ASSISTANCE (JULY 2004)

- a. The U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. None of the funds made available under this agreement may be used to promote, support, or advocate the legalization or practice of prostitution. Nothing in the preceding sentence shall be construed to preclude assistance designed to ameliorate the suffering of, or health risks to, victims while they are being trafficked or after they are out of the situation that resulted from such victims being trafficked.
- b. [This subsection (b) only applies to foreign non-governmental organizations and PIOs receiving U.S. Government funds to carry out programs that target victims of severe forms of trafficking as either prime awardees or subawardees.]
 - (1) For programs that target victims of severe forms of trafficking, as a condition of entering into this agreement or subagreement, the recipient/subrecipient agrees that in its activities outside of the United States and its possessions it does not promote, support, or advocate the legalization or practice of prostitution. The preceding sentence shall not apply to organizations that provide services to individuals solely after they are no longer engaged in activities that resulted from such victims being trafficked.

- (2) The following definitions apply for purposes of this clause:

FOREIGN NON-GOVERNMENTAL ORGANIZATION – The term “foreign nongovernmental organization” means an entity that is not organized under the laws of any State of the United States, the District of Columbia or the Commonwealth of Puerto Rico.

SEVERE FORMS OF TRAFFICKING IN PERSONS. -- The term “severe forms of trafficking in persons” means—

- (A) sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or
- (B) the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.
- (C) The recipient shall insert this provision in all sub-agreements under this award.
- (D) This provision includes express terms and conditions of the agreement and any violation of it shall be grounds for unilateral termination, in whole or in part, of the agreement by USAID prior to the end of its term.

(END OF PROVISION)

***19. ORGANIZATIONS ELIGIBLE FOR ASSISTANCE (JUNE 2005)**

APPLICABILITY: This provision must be included in any agreement financing HIV/AIDS activities.

ORGANIZATIONS ELIGIBLE FOR ASSISTANCE (JUNE 2005)

An organization that is otherwise eligible to receive funds under this agreement to prevent, treat, or monitor HIV/AIDS shall not be required to endorse or utilize a multisectoral approach to combating HIV/AIDS, or to endorse, utilize, or participate in a prevention method or treatment program to which the organization has a religious or moral objection.

(END OF PROVISION)

***20. CONDOMS (JUNE 2005)**

APPLICABILITY: This provision must be included in any agreement financing HIV/AIDS activities.

CONDOMS (JUNE 2005)

Information provided about the use of condoms as part of projects or activities that are funded under this agreement shall be medically accurate and shall include the public health benefits and failure rates of such use and shall be consistent with USAID’s fact sheet entitled, “USAID: HIV/STI Prevention and Condoms. This fact sheet may be accessed at: http://www.usaid.gov/our_work/global_health/aids/TechAreas/prevention/condomfactsheet.html

(END OF PROVISION)

***21. PROHIBITION ON THE PROMOTION OR ADVOCACY OF THE LEGALIZATION OR PRACTICE OF PROSTITUTION OR SEX TRAFFICKING (JUNE 2005)**

APPLICABILITY: This provision must be included in any agreement financing HIV/AIDS activities.

PROHIBITION ON THE PROMOTION OR ADVOCACY OF THE LEGALIZATION OR PRACTICE OF PROSTITUTION OR SEX TRAFFICKING (JUNE 2005)

- a. The U.S. Government is opposed to prostitution and related activities, which are inherently harmful and dehumanizing, and contribute to the phenomenon of trafficking in persons. None of the funds made available under this agreement may be used to promote or advocate the legalization or practice of prostitution or sex trafficking. Nothing in the preceding sentence shall be construed to preclude the provision to individuals of palliative care, treatment, or post-exposure pharmaceutical prophylaxis, and necessary pharmaceuticals and commodities, including test kits, condoms, and, when proven effective, microbicides.
- b. Except as noted in the second sentence of this paragraph, as a condition of entering into this agreement or any subagreement, a non-governmental organization or public international organization recipient/subrecipient must have a policy explicitly opposing prostitution and sex trafficking. The following organizations are exempt from this paragraph: the Global Fund to Fight AIDS, Tuberculosis and Malaria; the World Health Organization; the International AIDS Vaccine Initiative; and any United Nations agency.
- c. The following definition applies for purposes of this provision:
Sex trafficking means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act. 22 U.S.C. 7102(9).
- d. The recipient shall insert this provision, which is a standard provision, in all subagreements.
- e. This provision includes express terms and conditions of the agreement and any violation of it shall be grounds for unilateral termination of the agreement by USAID prior to the end of its term.

(END OF PROVISION)

22. USAID DISABILITY POLICY - ASSISTANCE (DECEMBER 2004)

APPLICABILITY: This provision must be included in Request for Applications (RFAs), and in awards.

USAID DISABILITY POLICY - ASSISTANCE (DECEMBER 2004)

- a. The objectives of the USAID Disability Policy are (1) to enhance the attainment of United States foreign assistance program goals by promoting the participation and equalization of opportunities of individuals with disabilities in USAID policy, country and sector strategies, activity designs and implementation; (2) to increase awareness of issues of people with disabilities both within USAID programs and in host countries; (3) to engage other U.S. government agencies, host country counterparts, governments, implementing organizations and other donors in fostering a climate of nondiscrimination against people with disabilities; and (4) to support international

advocacy for people with disabilities. The full text of the policy paper can be found at the following website: http://pdf.dec.org/pdf_docs/PDABQ631.pdf

- b. USAID therefore requires that the recipient not discriminate against people with disabilities in the implementation of USAID funded programs and that it make every effort to comply with the objectives of the USAID Disability Policy in performing the program under this grant or cooperative agreement. To that end and to the extent it can accomplish this goal within the scope of the program objectives, the recipient should demonstrate a comprehensive and consistent approach for including men, women and children with disabilities.

(END OF PROVISION)

**23. STANDARDS FOR ACCESSIBILITY FOR THE DISABLED IN
USAID ASSISTANCE AWARDS INVOLVING CONSTRUCTION
(SEPTEMBER 2004)**

APPLICABILITY: This provision must be included in Request for Applications (RFAs) and in awards involving construction.

**STANDARDS FOR ACCESSIBILITY FOR THE DISABLED IN USAID ASSISTANCE
AWARDS INVOLVING CONSTRUCTION (SEPTEMBER 2004)**

- a. One of the objectives of the USAID Disability Policy is to engage other U.S. government agencies, host country counterparts, governments, implementing organizations and other donors in fostering a climate of nondiscrimination against people with disabilities. As part of this policy USAID has established standards for any new or renovation construction project funded by USAID to allow access by people with disabilities (PWDs). The full text of the policy paper can be found at the following website: http://pdf.dec.org/pdf_docs/PDABQ631.pdf.
- b. USAID requires the recipient to comply with standards of accessibility for people with disabilities in all structures, buildings or facilities resulting from new or renovation construction or alterations of an existing structure.
- c. The recipient will comply with the host country or regional standards for accessibility in construction when such standards result in at least substantially equivalent accessibility and usability as the standard provided in the Americans with Disabilities Act (ADA) of 1990 and the Architectural Barriers Act (ABA) Accessibility Guidelines of July 2004. Where there are no host country or regional standards for universal access or where the host country or regional standards fail to meet the ADA/ABA threshold, the standard prescribed in the ADA and the ABA will be used.
- d. New Construction. All new construction will comply with the above standards for accessibility.
- e. Alterations. Changes to an existing structure that affect the usability of the structure will comply with the above standards for accessibility unless the recipient obtains the Agreement Officer's advance approval that compliance is technically infeasible or constitutes an undue burden or both. Compliance is technically infeasible where structural conditions would require removing or altering a load-bearing member that is an essential part of the structural frame or because other existing physical or site constraints prohibit modification or addition of elements, spaces, or

features that are in full and strict compliance with the minimum requirements of the standard. Compliance is an undue burden where it entails either a significant difficulty or expense or both.

- f. Exceptions. The following construction related activities are excepted from the requirements of paragraphs (a) through (d) above:
- (1) Normal maintenance, re-roofing, painting or wall papering, or changes to mechanical or electrical systems are not alterations and the above standards do not apply unless they affect the accessibility of the building or facility; and
 - (2) Emergency construction (which may entail the provision of plastic sheeting or tents, minor repair and upgrading of existing structures, rebuilding of part of existing structures, or provision of temporary structures) intended to be temporary in nature. A portion of emergency construction assistance may be provided to people with disabilities as part of the process of identifying disaster- and crisis-affected people as “most vulnerable.”

(END OF PROVISION)

ENVIRONMENTAL COMPLIANCE

1. The Foreign Assistance Act of 1961, as amended, Section 117 requires that the impact of USAID’s activities on the environment be considered and that USAID include environmental sustainability as a central consideration in designing and carrying out its development programs. This mandate is codified in Federal Regulations (22 CFR 216 http://www.usaid.gov/our_work/environment/compliance/22cfr216.htm) and in USAID’s Automated Directives System (ADS) Parts 201.5.10g and 204 (<http://www.usaid.gov/policy/ADS/200/>), which, in part, require that the potential environmental impacts of USAID-financed activities are identified prior to a final decision to proceed and that appropriate environmental safeguards are adopted for all activities.
2. This Grant will be implemented using the Umbrella CSHGP Initial Environmental Examination (IEE) threshold determination, as defined by 22 CFR 216, dated August 2009(available upon request). The IEE presents actions and potential environmental impacts associated with potential grant/subgrant activities. The IEE also presents mitigations and monitoring associated with said activities. Any activity outside the scope of the CSHGP IEE would require a Supplemental IEE or Environmental Assessment (EA). (Hereinafter, such documents are described as “approved Regulation 216 environmental documentation.”)
3. If the recipient plans any new activities outside the scope of the approved Regulation 216 environmental documentation, it shall prepare an amendment to the documentation for USAID review and approval. No such new activities shall be undertaken prior to receiving written USAID approval of environmental documentation amendments.
4. Any ongoing activities found to be outside the scope of the approved Regulation 216 environmental documentation shall be halted until an amendment to the documentation is

submitted and written approval is received from USAID Global Health Bureau Environmental Officer.

5. The recipient must develop and secure USAID clearance of the IEE or supplemental environmental screening report prior to funding any country level activities.
 - a. All ongoing and planned country level activities must be included in the initial application work plan, detailed implementation plan, and all annual work plans, under this Grant to determine if they are within the scope of the approved Regulation 216 environmental documentation.
 - b. This evaluation will be done in collaboration with the USAID AOTR and Bureau Environmental Officer (BEO).
 - c. The environmental mitigation and monitoring plan (EMMP) shall be prepared by the recipient as part of the project work plan and integrated into each annual workplan.
 - i. This EMMP shall describe how the recipient will, in specific terms, implement all IEE and/or EA conditions that apply to proposed project activities within the scope of the award.
 - ii. The EMMP shall include monitoring the implementation of the conditions and their effectiveness.
 - iii. The results of the EMMP will be reported to the AOTR and the BEO annually, at the end of October of each year in an Environmental Monitoring and Mitigation Report (EMR).
 - iv. If a provision for sub-grants is included under this award, the recipient will be required to use an Environmental Screening Report (ESR) to ensure the funded proposals will result in no adverse environmental impact, to develop mitigation measures, as necessary, and to specify monitoring and reporting. Use of the ESR is called for when the nature of the grant proposals to be funded is not well enough known to make an informed decision about their potential environmental impacts, yet due to the type and extent of activities to be funded, any adverse impacts are expected to be easily mitigated. Implementation of sub-grant activities cannot go forward until the ESR is completed and approved by USAID. Recipient is responsible for ensuring that mitigation measures specified by the ESF are implemented.
6. As such, the recipient must comply with US 22 CFR 216 and host country environmental regulations unless otherwise directed in writing by USAID. In case of conflict between host country and USAID regulations, the latter shall govern.

[END OF MANDATORY STANDARD PROVISION]

ANNEXES

Annex A: Supplemental Application Guidelines for FP Integration into CSHGP Projects

Annex B: Conditions of Registration for U.S. Organizations

Annex C: USAID Mission Contact List and Addresses

Annex D: Application Screening Form for Innovation and New Partner Categories

Annex E: Population and Sub-Population Calculation Guidelines

Annex F: Past Performance Form (3 required)

Annex G: Results Framework

Annex H: Financial Reporting Forms

Annex I: Delivery Instructions

Annex A: Supplemental Application Guidelines for FP Integration into CSHGP Projects (Innovation Category Applicants only)

I. Introduction and Purpose:

USAID's Office of Population and Reproductive Health, Service Delivery Improvement Division, will support the integration of family planning into Child Survival and Health Grants Program Innovation category projects addressing a range of maternal, newborn, and child health (MNCH) areas, in collaboration with the Office of Health, Infectious Diseases, and Nutrition, in efforts to increase use of family planning services and to provide lessons learned and best practices on integration of family planning into MNCH platforms, including community and primary health care levels, and in order to strengthen contributions to broader Agency and Bureau for Global Health goals and objectives.

Coordinating and integrating the delivery of health interventions is essential for improving health outcomes. Integrating health services at the point of contact ensures the delivery system is designed to meet the holistic needs of individuals when they go to a health facility or visit with a Community Health Worker or Outreach Worker in their communities. The improved care established through the integration of these and other services will produce lasting progress for the entire community. Working at community and district levels can greatly contribute to developing and implementing strategies that promote the delivery and use of packages of high impact interventions for those who need them most. However, integration must be based on context specific circumstances and the understanding that integration coordination have a cost — they add complexity and administrative burden that should be weighed against the urgency and focus of rapid, disease-specific results.

Accordingly, CSHGP Innovation Category applicants proposing FY11 projects may choose to integrate family planning into MNCH activities in areas where there is a clear gap in FP services and where there are opportunities for strategic, efficient integration of MNCH and FP, through this supplemental application for integrating family planning. Applicants are expected to increase use of family planning through increasing knowledge of and interest in family planning; improving the quality of existing family planning services; increasing access to family planning; and improving the social and policy environment for FP services and behaviors. Applicants must address access to FP *services*, but may include other result areas as appropriate and relevant to project area needs.

Integration activities aim to 1) strengthen and/or establish appropriate and timely linkages between MNCH and family planning, 2) improve community and facility based services; and/or 3) strengthen household-community-facility linkages for including FP along the MNCH continuum of care (e.g. antenatal, delivery, and post-partum care; child health and nutrition services; and/or HIV/AIDS services) to improve those services, maximize entry points with clients, and increase use of family planning.

Efforts should be made to strategically *integrate* platforms to strengthen the delivery and use of FP and MNCH services, and may also include behavior change communication and IEC; community mobilization, including working with religious and community leaders to be

champions for family planning in addition to MNCH; training of community health workers and facility level health care workers; quality improvement approaches, and others. Applicants that utilize existing MNCH program activities as FP service delivery points and opportunities for FP messaging; demonstrate innovative approaches around FP service delivery; focus activities on neglected populations; and/or address important gaps in coverage of FP services are particularly welcome.

While promotion of and counseling for healthy timing and spacing of pregnancy, as well as referral for family planning services are allowable activities under a MNCH project with USAID MNCH funds, the integration of family planning resources allows an expanded set up activities, such as provision of family planning services and commodities and training and supporting community workers and facility based health personnel on delivery of FP services and commodities. As such, FP service provision dimensions must be included as activities in the narrative. Applicants may *not* propose to use USAID resources to purchase family planning commodities, but may include purchase of family planning commodities in their cost share contribution. Importantly, applicants must provide evidence of the consistent availability of family planning commodities through host country government, other donor, other local or international NGO resources, or the applicant's cost share sources. Applicants are encouraged to work through the local USAID Mission to gain access to USAID purchased FP products.

II. Guidance to Applicants

Innovation Category Applicants must follow the format and guidance described below to prepare a supplemental application for family planning. Illustrative page lengths are provided to guide to applicants as needed, but applicants may distribute content amongst pages as they see fit.

Applicants are encouraged to consult the following technical resources in the development of their FP component and approach to integration:

Community-Based Family Planning (CBFP) Toolkit

<http://www.k4health.org/toolkits/communitybasedfp>

Technical Reference Materials for Family Planning and Reproductive Health

http://www.mchipngo.net/controllers/link.cfc?method=tools_tech

Family Planning 101 and other FP courses on USAID e-learning modules

<http://www.globalhealthlearning.org/programs.cfm>

A. Situational Analysis for FP Integration (up to 1 page)

This section of the application presents the role for FP integration in the proposed project area. Applicants may draw upon available quantitative and qualitative data to provide a clear picture of the family planning services and behaviors, in the selected project area.

Importantly, applicants should demonstrate a need and gap for family planning services in the proposed project area.

- Briefly present the selected geographic area for the proposed project, including the FP integration areas (if different), the population, and the number of beneficiaries (as calculated in CSHGP application for women of reproductive age and children under 5), and also including men.
- Present any family planning indicators, such as Total Fertility Rate, Contraceptive prevalence rate (modern, traditional methods) among partnered/married women, unmet need for family planning, others. Please cite sources of data.
- Briefly discuss any family planning or fertility-related behaviors and trends in the project area. Please cite sources of data.
- Briefly describe the status of FP services (availability, quality, FP commodities) in the project area delivered by the MOH, private sector, NGOs, or others, through facilities, outreach, and any community based services.
- Briefly discuss the policy environment, such as national policies related to family planning, any current efforts at the national or local level for operationalizing integration of FP with MNCH or other health areas, or other relevant information.
- Describe relevant FP programming that the applicant organization and/or other groups (including USAID Mission) are implementing in the same geographic area, highlighting synergies and ensuring no duplication of effort. Indicate how the proposed project will engage and/or complement existing FP programming.

B. FP Integration Technical Approach (2-3 pages)

This section provides a clear picture of the proposed strategy for FP integration and implementation plan, and the extent to which the proposed CSHGP MNCH project is being leveraged to integrate family planning. Include details on the proposed technical interventions, strategies and corresponding activities.

- Briefly discuss the plan for integration of family planning in the proposed project for how FP integration complements and/or strengthens the larger proposed project. Include broadly the approach for strategic integration of FP into the proposed CSHGP project, such as but not limited to, common service delivery points, training efforts, behavior change efforts, and so on.
- Describe the strategies that will target the various levels of the health system, (e.g. individual/household, community, facility, policy, other), only as relevant and appropriate to the FP component. Discuss innovative activities with regard to FP implementation.
- Discuss the role of partners, health facility workers, community health workers, community leaders, and others in the implementation of the FP component, as relevant and appropriate.

- Clearly demonstrate that there will be consistent access to FP commodities and supplies for the life of the project. Applicants must specify which FP commodities.
- Describe how the FP component would fit into ongoing monitoring and evaluation efforts for the proposed project, as well as any Operations Research (as relevant and appropriate to proposed project and research questions).
- Describe the program learning opportunities for the applicant, for project partners and stakeholders, and for the global community that FP integration into the proposed project will contribute. Discuss an approach to documentation of successes, challenges, lessons learned from FP integration into MNCH activities.
- As a **required attachment**, provide the 1-2 page life of project workplan submitted for the Innovation Category project, updated to reflect areas (in bold) in the workplan where FP integration will occur (Attachment).
- As an **optional attachment(s)** and as relevant and appropriate, applicants may provide letters of support or any MOUs from implementing partners, particularly with regard to support for and participation in the implementation of the FP component.

C. Organizational Capacity (up to 1 page)

This section of the application provides information about the applicant organization and about the ability to carry out a successful project with family planning.

- Discuss the organization's capacity to operationalize and/or implement the proposed FP component. Share any experience in designing, implementing, monitoring and evaluating community-level projects with family planning or integration of other health or sector areas.
- Include in the narrative a description of the role and responsibilities staff involved in the implementation of the family planning component. If there are other organizational partners involved, discuss how the applicant organization will work with them.

D. Past Performance

This section provides information about the applicant's past performance record in developing and implementing health and development projects similar or related health program as described in the Program Description.

As an **attachment**, the applicant shall submit three (3) past performance references forms for any contracts, grants, and/or cooperative agreements which the applicant have implemented involving similar or related projects over the past three years before the application. **See forms provided in Annex F.** Note the following on the past performance form: Part I should be completed by the applicant; Part II should be completed by the reference.

Please note that USAID reserves the right to obtain past performance information from other sources including those not named in this application.

Past Performance references must provide detailed relevant information demonstrating applicant's ability to implement health projects similar or related to health program as described in the Program Description.

- a. See Annex F: Past Performance Form

III. Technical Evaluation Criteria:

Applicants' submissions will be evaluated by the following technical evaluation criteria. All sub-criteria are weighted equally, within each of the three sections.

A. Situational Analysis for FP Integration (5 points)

- Clear presentation of the family planning situation (e.g. key FP indicators, FP services, other behaviors, policy environment) in the selected project area demonstrates a clear need and role for FP integration.

B. FP Integration Technical Approach (20 points)

- A vision is communicated for how family planning integration complements or strengthens the larger proposed project, including the selected points for strategic integration (e.g. service delivery entry points, training efforts, behavior change opportunities, others).
- A description of strategies (individual/household, community, facility, policy, other) that provides a clear picture as to *how* the applicant will integrate and implement the family planning component, as outlined in the narrative and workplan.
- Demonstration of consistent access to FP commodities for the life of the project.
- Discussion of support and/or engagement of local/national partners and stakeholders for family planning integration.
- Discussion of approach to process documentation and/or other M&E for program learning around family planning integration.

C. Organizational capacity (5 points)

- Clear discussion of applicant's (and/or implementing partner's) capacity for operationalizing and implementing the family planning component.

D. Past Performance (5 points)

- Information obtained demonstrates successful past performance implementing previous health projects based on references.
 - See Annex F: Past Performance Form

IV. Funding and Budget Request

Pending the availability of funding, USAID anticipates providing additive family planning funds for approximately three (3) new FY11 CSHGP Innovation category awards, as a component of the CSHGP award and cooperative agreement.

The Office of Population and Reproductive Health will provide up to \$50,000 annually for a 4-5 year project, for a maximum of up to an additional \$200,000 - \$250,000 over the life of the project.

This family planning funding is meant to be provided in addition to the (up to) \$1.75 million (USAID) that an applicant may request in its application to the CSHGP Innovation Category. For example, an applicant may submit an Innovation category application for \$1.75 million as well as a supplemental application for FP integration for \$250,000. If awarded for both CSHGP MNCH and FP, the applicant would then receive \$2 million in USAID financial resources over the life of the project (5 year project example).

Applicants are expected to provide 25% cost share of the total award amount, including, if awarded, the family planning component.

Since funding is provided through the Office of Population and Reproductive Health, and the awardee(s) will be expected to comply with USAID regulations governing family planning and reproductive health programs. Grantees may be required to submit plans for ensuring compliance with these regulations and provide periodic updates over the life of the project.

V. Eligibility Requirements

Please see principal applicant eligibility criteria for the CSHGP FY11 RFA, Innovation Category. (e.g. U.S. PVO with at least 5 years experience implementing health programs in a developing country).

Innovation Category applicants only. Only those applicants eligible to apply to the Innovation Category, and submitting an application for Innovation Category of the FY11 RFA, may apply to the supplemental Application for FP Integration in the Child Survival Health Grants Program. Applicants must also submit a complete, eligible application to the Innovation Category of the FY11 Child Survival and Health Grants Program to be considered for the supplemental FP funds.

New Partner Category Applicants are **not** eligible to apply to this Supplemental Application for FP Integration.

Prior experience in implementation of Family Planning programming is **not** required.

Countries. The following grid lists the eligible countries for the Supplemental Application for FP Integration. As such, Innovation Category Applicants to the FY11 CSHGP RFA proposing projects in the following countries may submit a supplemental application for Integration of Family Planning into a CSHGP project:

Africa	Asia & Middle East	Latin America & Caribbean
DR Congo Ethiopia Ghana Kenya Liberia Madagascar Malawi Mali Mozambique Rwanda Senegal Sudan Tanzania Uganda Zambia	Afghanistan Bangladesh India Nepal Pakistan Philippines Yemen	Haiti

VI. Submission Instructions

Innovation category applicants to the FY11 CSHGP RFA who believe that there is a role for family planning integration in their proposed MNCH project may submit a supplemental application for integration of family planning into their proposed CSHGP project.

Applicants should consult and follow the FY11 CSHGP RFA (Section C: Grant Application Guidelines) for submission address and due date, as well as preferred formatting (i.e. page, margin and font size specifications). The FP supplemental application must be submitted at the same time as and by the due date specified in the FY11 CSHGP RFA.

Submission Requirements for the Supplemental FP Application:

1. Cover Page (1 page)

The cover page of the application should include:

- The **name and address of the PVO/NGO applicant;**
- The **RFA number**
- The **country** for which the project is proposed.
- **Budget request** to USAID for FP component

2. Narrative (up to 5 pages)

Applicants are requested to submit a narrative application of no more than 5 pages in length (refer to CSHGP FY11 RFA for page, margin and font size specifications).

3. Workplan (1-2 pages)

Applicants must submit the workplan submitted with the CSHGP Application, which includes areas in **bold** where FP integration will occur.

4. Additional, optional inclusions (up to 3 pages)

These may consist of letter(s) of support from local, host country government or other partners, as relevant, or MOU(s) with any local implementing partner for FP component, as relevant. These are not required, but applicants may choose to provide these or other attachments to demonstrate partnerships or local buy-in.

5. Past performance references (3 forms)**6. Budget for total, integrated project proposed (no page limit)**

Note: All detailed budgets on a CD ROM must be in Excel and contain unlocked cells.

Applicants must include an integrated budget for the Innovation Category component (up to \$1.75 million) and Family Planning component (up to \$50,000 per year, \$200,000 - \$250,000 total for 4-5 years) for a total integrated 4-5 year project budget of up to \$2 million. Applicants must submit a detailed budget and accompanying detailed budget notes or detailed budget narrative.

This supplemental FP application must be submitted at the same time as the Innovation Category application for the CSHGP FY11 RFA and must be received by USAID on or before the RFA due date (see Section C: Grant Application Guidelines for details) . Two (2) hard copies and a CD of the narrative and technical attachments should be submitted for the supplemental FP application and included in a separate envelope. The budget should be submitted separately, and in a separate envelop.

CSHGP Innovation category applications will be reviewed and evaluated first and separately, since the Office of Health, Infectious Diseases, and Nutrition and the Office of Population and Reproductive Health are looking for strong MNCH projects to provide lessons in FP integration. Those Innovation Category applicants choosing **not** to submit a supplemental FP integration application will not be viewed less favorably than those Innovation Category applicants choosing to submit a supplemental FP application. Innovation Category applications will be competed separately and independently (please see CSHGP FY11 RFA for Evaluation Criteria).

As a second and separate step in this process, any supplemental FP applications submitted for those CSHGP Innovation applications receiving the highest scores (see FY11 CSHGP RFA Innovation Category Evaluation Criteria) will then be reviewed and evaluated.

VII. Reporting Requirements

Grantees will not have additional reporting requirements for the FP component alone, rather the FP component should be integrated within CSHGP project technical reporting requirements (Detailed Implementation Plan, KPC baseline and endline surveys, annual reports, Midterm and

Final Evaluations) as well as financial reporting. See FY11 CSHGP RFA for information on required CSHGP deliverables and reporting.

If awarded, grantees will integrate the FP component into the CSHGP workplan and Monitoring and Evaluation framework, during the Detailed Implementation Plan development period. Grantees receiving FP funds are expected to collect two (2) indicators via their M&E approach: couple years protection (CYP) and percent of facilities reporting no contraceptive commodity stockouts¹⁸.

Grantees are expected to develop and implement an approach to program learning for the FP integration opportunity, and document lessons learned, though the format for this may be determined by the grantee and should be integrated within the overall project Monitoring and Evaluation approach and proposed budget.

¹⁸ See http://www.flexfund.org/resources/grantee_tools/guidance_docs.cfm for a description of these two indicators.

Annex B: Conditions of Registration for U.S. Organizations

Conditions of Registration for U.S. Organizations

There are eight Conditions of Registration for U.S. organizations. The first four Conditions relate to whether an organization meets the definition of a U.S. PVO as set forth in 22 CFR Part 203, while the last four Conditions establish standards by which the U.S. PVO is evaluated. An applicant must be registered with USAID as a U.S. PVO if USAID finds that the applicant has satisfied all of the following Conditions:

Condition No. 1 (U.S. based).

Is U.S. based in that it:

- (1) Is organized under the laws of the United States; and
- (2) Has its headquarters in the United States.

Condition No. 2 (Private).

Is a nongovernmental organization (NGO) and solicits and receives cash contributions from the U.S. general public

Condition No. 3 (Voluntary).

Is a charitable organization in that it:

- (1) Is nonprofit and exempt from Federal income taxes under Section 501(C)(3) of the Internal Revenue Code; and
- (2) Is not a university, college, accredited degree-granting institution of education, private foundation, hospital, organization established by a major political party in the United States, organization established, funded and audited by the U.S. Congress, organization engaged exclusively in research or scientific activities, church, synagogue, mosque or other similar entity organized primarily for religious purposes.

Condition No. 4 (Overseas Program Activities).

Conducts, or anticipates conducting, overseas program activities that are consistent with the general purposes of the Foreign Assistance Act and/or Public Law 480.

Condition No. 5 (Board of Directors).

Has a governing body:

- (1) That meets at least annually;
- (2) Whose members do not receive any form of income for serving on the board; and
- (3) Whose majority is not composed of the PVO's officers or staff members.

Condition No. 6 (Financial Viability).

That it:

- (1) Accounts for its funds in accordance with generally accepted accounting principles (GAAP);
- (2) Has a sound financial position;
- (3) Provides its financial statements to the public upon request; and
- (4) Has been incorporated for not less than 18 months.

Condition No. 7 (Program Activities vs. Supporting Services).

That it:

- (1) Expends and distributes its funds in accordance with the annual report of program activities;
- (2) Does not expend more than 40 percent of total expenses on supporting services.
- (3) In order to maintain its registration, conducts international program activities within the last three years. For example, if a U.S. PVO did not have any international activities for 2004, the current year, or 2003, but did have activities in 2002, then it would remain registered. However, if it did not have any international activities in 2005, USAID would remove it from the Registry in 2006 because for the previous three years (2003, 2004, 2005), it did not conduct any international activities.

Condition No. 8 (General Eligibility).

It is not:

- (1) Suspended or debarred by an agency of the U.S. Government;
- (2) Designated as a foreign terrorist organization by the Secretary of State, pursuant to Section 219 of the Immigration and Nationality Act, as amended; or
- (3) The subject of a decision by the Department of State to the effect that registration or a financial relationship between USAID and the organization is contrary to the national defense, national security, or foreign policy interests of the United States.

Where to Register

The Office of Private Voluntary Cooperation-American Schools and Hospitals Abroad (PVCASHA) in the Bureau for Democracy, Conflict and Humanitarian Assistance (DCHA) registers U.S. PVOs and IPVOs. PVC-ASHA serves as the focal point for maintaining a productive partnership between USAID and the PVO community. Organizations interested in applying for registration are encouraged to visit our Web site at www.usaid.gov Keyword: PVC-ASHA. Applications are submitted to the following address:

Registrar

*U.S. Agency for International Development
DCHA/PVC-ASHA/PPO, Room 7.06-091
1300 Pennsylvania Avenue, NW
Washington, DC 20523-7600*

Annex D: Application Screening Form for Innovation and New Partner Categories

FY 2011 RFA Child Survival and Health Grants Program Application Screening Form

Name of Applicant Organization: _____ **Country applying for:** _____

Duration of Program: ____years **Funding Category:** __New Partner __Innovation

___ **FP supplemental application submitted (Innovation Category only)**

Interventions (must include %): (Total = 100%)

Nutrition	Immunization	Diarrhea	Pneumonia	Malaria	Maternal/ Newborn	HIV/AIDS	TOTAL
							100%

Resubmission (please circle): Yes No
Eligibility Criteria from RFA

Yes/No/NA (Page #) (Indicate yes, no, or not applicable; cite page # or location in application as appropriate):

1. _____ **Status 1: U.S. PVO registered, or in the process of registration, with USAID**
or
 _____ **Status 2: U.S. non-profit NGO (New Partner applicants only)**
2. _____ **New Partner Category Applicant Financial Restriction:** Applicant is within USG funding restriction of ≤ 5 million in the last 5 fiscal years.
3. _____ **Innovation Category Application Experience Requirement:** Principal applicant demonstrates at least 5 years of relevant **health development experience**)
4. _____ **PVO/NGO proposes Cost Share at 25% of total budget** (\$ _____)
5. _____ Applicant has **Country Presence** (Attachments –include page numbers and signed document from host country government providing organization with legal status to operate in country)
6. _____ **Eligible Country** (Proposed program is in an eligible country, see RFA eligible country lists)
7. _____ Only one **CSHGP application** is submitted by the organization, in either Innovation (not including supplemental FP application) or New Partner.
8. _____ If **HIV/AIDS** is proposed in New Partner or Innovation Categories, it is at a level of effort not higher than **20%**.
9. _____ **Technical** Application with executive summary is **16 pages** or less (excluding attachments, preliminary matter, and this screening form).
10. _____ Three (3) completed past performance short forms provided.

Point of Contact at Applicant Organization for Notification of Application Status: _____

Address, Phone Number, Email for notifying Applicant of Application Status:

Annex E: Population and Sub-Population Calculation Guidelines

Population numbers help reviewers determine if proposals target a reasonable number of people in relation to the project area and proposed interventions. Population numbers are also used to calculate cost per beneficiary. CSHGP reports on the total number of beneficiaries reached by the program since its inception in 1985. Grantees need to know the number of beneficiaries in order to plan activities on a yearly basis and over the life of the project. This document contains recommended guidance to help applicants report beneficiary numbers in a standardized manner.

It is expected that CSHGP projects, either directly or indirectly, benefit all children less than 5 years and women of reproductive age (15-49) in the project area; therefore, for these grants the following definition of the beneficiary population is used:

Definition: A beneficiary is a child under the age of 5 or women of reproductive age (15-49) who lives in the project target area.

Guidance:

- Applicants must provide information on beneficiary population based on the population in the target geographic area (or areas) *at the beginning of the project*.
- Applicants must state the source of population numbers for the project area, the date when this information was collected, and information as to whether or not these numbers were determined by official projections. For example, did they perform a census of the project area or did they use an official source? How is percent of total population for women of reproductive age and children under 5 determined? Below are links to sites for population figures:
 - CENSUS BUREAU SITE: <http://www.census.gov/ipc/www/idb/index.html>
 - UNICEF: <http://childinfo.org/>

Illustration of Beneficiary Calculation for Project X:

Explanation of calculation: Numbers are calculated before the initiation of the project. The Project X team calculated the population breakdown based on official guidance from the regional health office, which stated that of the total population in the district where the population operates, 4% are infants 0-11 months, 4% are children 12-23 months, 20% are children 0-59 months, and 22% are women of reproductive age (15-49). They obtained the total population numbers from the National Census Bureau.

Beneficiary Population Numbers for Project X:

Beneficiary Population	Number
Infants: 0-11 months	5,193
Children: 12-23 months	5,193
Children: 24-59 months	15,580
Children 0-59 months	25,966
Women 15-49 years	28,561
Total Population	129,830

Annex F: Past Performance Form (3 required)

PAST PERFORMANCE INFORMATION
PERFORMANCE REPORT - SHORT FORM
PART I: Award Information (to be completed by Prime)
1. Name and address of organization for which the work was performed:
2. Award Number:
3. Award Type:
4. Award Value (TEC): (if sub-award, sub-award value)
5. Contacts: (Name, Telephone Number and E-mail address)
6a. Contracting/Agreement Officer:
6b. Technical Officer (AOTR/COTR):
6c. Other:
7. Recipient:
8. Title/Brief Description of Product/Service Provided:
9. Information Provided in Response to RFA/RFP No. :
PART II: Performance Assessment (to be completed by Agency)
1. Instances of good performance as measured by results achieved and quality of deliverables or services, including, but not limited to the following: timeliness, consistency in meeting goals and targets, effectiveness and appropriateness of personnel, cooperation and effectiveness of the organization in identifying or addressing problems, and cost control issues including forecasting costs as well as accuracy in financial reporting. Comment:
2. Instances of poor performance as measured by results achieved and quality of deliverables or services, including, but not limited to the following: timeliness, consistency in meeting goals and targets, effectiveness and appropriateness of personnel, cooperation and effectiveness of the organization in identifying or addressing problems, and cost control issues including forecasting costs as well as accuracy in financial reporting. Comment:
3. Significant Achievements: including relationships with beneficiaries, initiation and management of several complex activities simultaneously, coordination among country partners, and correction of problems. Comment:
4. Significant Problems: including relationships with beneficiaries, initiation and management of several complex activities simultaneously, coordination among country partners, and correction of problems. Comment:
5. Outstanding Performance: describe any activity that demonstrated an excellent or exceptional performance in the most critical areas. Comment:

Annex G: Results Framework

For more information on developing a results framework or for illustrative examples, please consult:

http://www.mchipngo.net/lib/components/documents/usaidd/PDME_Participants_Guide.pdf

Defining Terms

Goals: Big picture, long-term, ultimate ambitions to alter health status in a population. Goals are at the highest level and are typically not measured in the program context. For example, reducing morbidity and mortality in the general population are usually considered to be at the goal level. While the fulfillment of a goal may not be possible or verifiable within the life-span of the project, the achievement of the project's more specific objectives should contribute to the realization of the goal.

Strategic Objective: A statement of what the program plans to achieve during the life of the project. This achievement is the highest-level **result** that a program can materially affect with its efforts within the given restraints (such as time and funding). For example, “increased use of contraception,” or “reduced unmet need for family planning,” or “increased utilization of antenatal services.” Results are stated in terms of changes in condition of targeted beneficiaries or changes in conditions that affect them such as deliveries with a skilled attendant, or appropriate case management of common childhood illnesses.

Intermediate Results (IR): A discrete result or **outcome** necessary to achieve an objective or another intermediate result critical to achieving the objective. For example, “Increased access to contraceptive counseling and services;” “improved quality RH services” and “increased motivation for use of family planning and selected reproductive health information and services” could be a set of intermediate results necessary for achieving the desired higher **result** or strategic objective of “adequate child spacing practiced.”

Outcomes: Program outcomes may be improved service delivery by health providers, or community outreach services at levels beyond the household or beneficiary. Outcomes are anything clearly intended to be achieved. They are intermediate effects that often occur at several levels in a series of cause and effect relationships. Outcomes have an ultimate effect on the target population/customers (**results**). Outcomes are sometimes described as better knowledge or changed attitudes, leading to adoption of desirable behavior (results). Whether an objective is a **result** or **outcome** depends on where in the chain of results it is.

- **Results** describe the longer-term impact on the beneficiaries (or customers). Adoption of healthy behaviors and practices by caretakers are often the objective at the level of results.
- **Outcomes** describe more immediate effects on the beneficiaries (or customers). Outcomes may include increased knowledge or changed attitudes of the child's caretaker or improved quality of care by a health service provider at the community or health facility level.

Annex H: Financial Reporting Forms

a. Type Name of Authorized Representative		b. Title
		c. Telephone Number
d. Signature of Authorized Representative		e. Date Signed

- "Revision" means any change in the Federal Government's financial obligation or contingent liability from an existing obligation.

9. Name of Federal agency from which assistance is being requested with this application.
10. Use the Catalog of Federal Domestic Assistance number and title of the program under which assistance is requested
11. Enter a brief descriptive title of the project. If more than one program is involved, you should append an explanation on a separate sheet. If appropriate (e.g., construction or real property projects), attach a map showing project location. For preapplications, use a separate sheet to provide a summary description of this project.
12. List only the largest political entities affected (e.g., State, counties, cities).
13. Self-explanatory.
14. List the applicant's Congressional District and any District(s) affected by the program or project.
15. Amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses. If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 15.
16. Applications should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State inter government review process.
17. This question applies to the applicant organization, not the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances loans and taxes.
18. To be signed by the authorized representative of the applicant. A copy of the governing body's authorization for you to sign this application as official representative must be on file in the applicant's office. (Certain Federal agencies may require that this authorization be submitted as part of the application.)

Standard Form 424A (cont'd.)***INSTRUCTIONS FOR THE SF 424A***

Public reporting burden for this collection of information is estimated to average 180 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0044), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET, SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines, which prescribe how, and whether budgeted amounts should be separately show for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Section A, B, C and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

Section A. Budget Summary Lines 1-4 Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the catalog program title and the catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the catalog program title on each line in *Column (a)* and the respective catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs require a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1-4, Columns (c) through (g)

For new applications, leave Columns (c) and (d) blank. For each line Entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For continuing grant program applications, submit these forms before the end of each funding period as required by the grantor agency. Enter in Column (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For supplemental grants and changes to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5 - Show the totals for all columns used.

INSTRUCTIONS FOR THE SF 424A (continued)

Section B. Budget Categories

In the column headings (1) enter Federal, and (2) enter Non-Federal. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Lines 6a-i - Show the totals of Lines 6a to 6h in each column.

Line 6j - Show the amount of indirect cost.

Line 6k - Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

Line 7 - Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount. Show under the program narrative statement the nature and source of income. The estimated amount of program income may be considered by the federal grantor agency in determining the total amount of the grant.

Section C. Non-Federal Resources

Lines 8-11 - Enter amounts of non-Federal resources that will be used on the grant. If in-kind contributions are included, provide a brief explanation on a separate sheet.

Column (a) - Enter the program titles identical to Column (a), Section A. A breakdown by function or activity is not necessary.

Column (b) - Enter the contribution to be made by the applicant.

Column (c) - Enter the amount of the State's cash and in-kind contribution if the applicant is not a State or State agency. Applicants who are a State or State agencies should leave this column blank.

Column (d) - Enter the amount of cash and in-kind contributions to be made from all other sources.

Column (e) - Enter totals of Columns (b), (c), and (d).

Line 12 - Enter the total for each of Columns (b)-(e). The amount in Column (e) should be equal to the amount on Line 5, Column (f) Section A.

Section D. Forecasted Cash Needs

Line 13 - Enter the amount of cash needed by quarter from the grantor agency during the first year.

Line 14 - Enter the amount of cash from all other sources needed by quarter during the first year.

Line 15 - Enter the totals of amounts on Lines 13 and 14.

Section E. Budget Estimates of Federal Funds Needed for Balance of the Project

Lines 16-19 - Enter in Column (a) the same grant program titles shown in Column (a), Section A. A breakdown by function or activity is not necessary. For new applications and continuation grant applications, enter in the proper columns amounts of Federal funds which will be needed to complete the program or project over the succeeding funding periods (usually in years). This section need not be completed for revisions (amendments, changes, or supplements) to funds for the current year of existing grants.

If more than four lines are needed to list the program titles, submit additional schedules as necessary.

Line 20 - Enter the total for each of the Columns (b)-(e). When additional schedules are prepared for this Section, annotate accordingly and show the overall totals on this line.

Section F. Other Budget Information

Line 21 - Use this space to explain amounts for individual direct object-class cost categories that may appear to be out of the ordinary or to explain the details as required by Federal grantor agency.

Line 22 - Enter the type of indirect rate (provisional, predetermined, final or fixed) that will be in effect during the funding period, the estimated amount of the base to which the rate is applied, and the total indirect expense.

Line 23 - Provide any other explanations or comments deemed necessary.

SF 424A (Rev. 4-92) Page 4

The following object class categories are those required on USAID Form 424A (Section B - Budget Categories):

a. **Personnel**

The category includes the salary of each long-term and short-term, paid position for the total estimated life-of-project, except consultants, and the projected cost-of-living or bonus/merit increase for each position.

b. **Fringe Benefits**

This category includes the amount and percentage of fringe benefits for each headquarters and field personnel identified above. Include here all allowances such as housing, schooling, leave benefits, and other items.

c. **Travel**

This category includes all projected travel, per diem and other related costs for personnel **except** consultants. Include the method by which airfare costs were determined; i.e. quotes for coach and if per diems are based on established policies.

d. **Equipment**

In accordance with 22 CFR 226, 'equipment' means tangible non-expendable personal property, including exempt property charged directly to the award having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Information should be included in the application on how pricing was determined for each piece of the equipment.

There are statutory constraints relating to the purchase of agricultural commodities, motor vehicles, pharmaceuticals, pesticides, rubber compounding chemicals and plasticizers, used equipment and fertilizer with USAID project funds. PVOs/NGOs may obtain specific information on these regulations on USAID Web Site at <http://www.usaid.gov/pubs/ads>.

e. **Supplies**

In accordance with 22 CFR 226, 'supplies' means all personal property excluding equipment, intangible property, debt instruments and interventions.

There are statutory constraints relating to the purchase of agricultural commodities, motor vehicles, pharmaceuticals, pesticides, rubber compounding chemicals and plasticizers, used equipment and fertilizer with USAID project funds. PVOs/NGOs can obtain specific information on these regulations on USAID Web Site at <http://www.usaid.gov/pubs/ads/300/312/htm>.

f. **Contractual Services**

This category is for all subcontracts with organizations, which will provide services to the project and any short- or long-term consultant cost including fees, travel and per diem. This category is not to be used for sub-grants, which should be included in other.

g. **Construction**

N/A

h. **Other**

PVOs/NGOs are to identify all costs associated with training of project personnel.

PVOs/NGOs planning to use USAID funds to send project staff or local counterparts for training in the U.S. or a country other than the host country, will be required to follow the guidance on USAID Participant Training Regulations, which may be found on the USAID Web Site <http://www.usaid.gov/pubs/ads>.

The PVO/NGO should provide information on any costs attributed to the project not associated above; i.e. communications, facilities, fuel vehicles, repair, maintenance and insurance.

Include in this budget class category all sub-grants.

i. **Indirect Charges**

Include a copy of the PVO’s/NGO’s most recent negotiated indirect cost rate agreement (NICRA) from the cognizant audit agency showing the overhead and/or general administrative rate.

USAID Form 424A, Section C should reflect the PVO’s/NGO’s and other sources’ cash contribution to this program. A cash match means that funds are used to support the budget elements discussed above. This does not include volunteer labor from U.S. or host country sources. The cash value of donated equipment or supplies must be documented.

A narrative that justifies the costs as appropriate and necessary for the successful completion of the program should be attached to USAID Form 424.

The Cooperative Agreement Budget generally has four (4) different categories called Budget Cost Elements: Program, Training, Procurement, and Indirect Costs. A sample Agreement Budget is included below. On Standard Form 424A, Section B–Budget Categories, all eleven Object Class Categories have a footnote number next to them. The footnote numbers next to the Object Class Categories correspond to one of the four Cost Elements of the Cooperative Agreement Budget. The 11 Object Class Categories fit within the four Cost Elements of the Cooperative Agreement Budget. For this application, submit only the Standard Form 424 and 424A, with the corresponding eleven (11) Object Class Categories, supported by a detailed narrative. Do **NOT** use the four **Cost Elements of the Cooperative Agreement Budget shown below.**

SAMPLE COOPERATIVE AGREEMENT BUDGET

SF 424, sec.B, Item 6

<u>Budget Cost Element</u>	<u>Object Class Category</u>	<u>Budget Amount</u>
Program	Line a, b, c, and h	\$ _____
Training	Line h	\$ _____
Procurement	Line d, e and f	\$ _____
Indirect Costs	Line j	\$ _____
Program’s Total Budget		\$ _____
Funding arrangement:		
Total USAID Amount		\$ _____
Recipient’s Cost Share		\$ _____
Total Program Funding		\$ _____

Attachment I - DELIVERY INSTRUCTIONS

1) Mailing Addresses. Proposals shall be delivered to the following addresses:

If sent via U.S. Postal Service or via Courier:

Deidre Jackson

USAID Office of Acquisition & Assistance
M/OAA/GH, Rm 5.549-O, SA-44
1300 Pennsylvania Ave., NW
Washington, D.C. 20523

If delivered via hand-carry:

Deidre Jackson

USAID Office of Acquisition & Assistance
SA-44 Room Number 5.549-O
Federal Center Plaza
301 4th Street, SW
Washington, D.C. 20024
Phone: 202-567-5049

2) DELIVERIES TO 1300 PENNSYLVANIA AVENUE LOADING DOCKS

- (a) ALL offerors/applicants delivering proposals/applications through all carriers (e.g., USPS, UPS, or FedEx) (not including individual hand delivery by the firm/organization) must complete a Freight Delivery Request Form available online at: <http://inside.usaid.gov/forms/a519-1.doc> and provide it to the contract/agreement specialist 72 hours in advance of delivery via email. The email is dejackson@usaid.gov. The contract/agreement specialist or his designee will forward the form to Bureau of Management, Office of Administrative Services, Consolidation, Property, and Services Division (M/AS/FMD), Ronald Reagan Building & International Trade Center (ITC) Loading Dock Manager. Once a USAID loading dock representative accepts the delivery, this will be considered the actual time of USAID's acceptance.
- (b) USAID delivery hours at 1300 Pennsylvania Avenue in the RRB are from 9:00 a.m. to 3:00 p.m., Monday through Friday. Deliveries to be made before 9:00 a.m. and after 3:00 p.m. must receive prior approval from M/AS/FMD.
- (c) Advance notice of 72 hours must be given for all deliveries to the RRB. The freight company must fill out the Freight Delivery Request Form and then the customer must sign it and forward it to the M/AS/FMD. GSA controls deliveries to the RRB and will not accept unscheduled deliveries. Deliveries through the ground-level doors, on either the 13th Street, the 13 1/2 Street, or the 14th Street, are strictly prohibited and will be turned away.
- (d) All vendors must report to 12TH and C Street S.W., Washington, D.C., for security scanning prior to reporting to the RRB. After the scanning is completed, the vendor has 30 minutes to report to the RRB.
- (e) The Loading Dock entrance is located at the 14th Street, South entrance to the RRB. The security guard will check for a valid state driver's license or commercial driver's license (CDL), vehicle registration card, and Bill of Lading/Manifest and will inspect the vehicle for security purposes.
- (f) Vendors making repeat daily deliveries (such as United Parcel Services (UPS), Federal Express (FedEx), and the U.S. Postal Service) must submit an annual roster with the required information to M/AS/FMD for the primary and alternate driver. Any changes to this roster must be immediately reported to M/AS/FMD.
- (g) Preferred truck size is 53 feet from bumper to bumper. If a larger truck is needed, the maximum trailer size is 45 feet, and the cab has to be parked in another bay. Arrangements must be made in advance with M/AS/FMD to ensure that a bay will be available to park the cab during off-loading.

- (h) Vendors and/or clients must mark at least two sides of all deliveries (see information below). The following information must appear on the package/packing slip:

AGENCY: U.S. Agency for International Development
NAME: Deidre Jackson, Rm. 5.549-O
ADDRESS: M/OAA/GH, Rm. 5.549-O, SA-44
1300 Pennsylvania Ave, NW
Washington, D.C. 20523
OAA PHONE: 202-567-5049

- (i) The driver is responsible for ensuring that all goods and materials are scanned through the loading dock X-ray machine. The driver must provide hand trucks, pallet jacks, or any other equipment needed to unload the delivery.
- (j) After the goods have been inspected and approved by the GSA Dock Guards, the USAID Designated Receiving Agent will deliver them to the customer for USAID.

**3) HAND CARRIED DELIVERIES BY FIRM/ORGANIZATION TO FEDERAL CENTER
PLAZA 301 4th STREET, SW**

If the offeror/applicant elects to hand-deliver the proposal, USAID advises the offeror/applicant that should security requirements at the Federal Center Plaza result in the proposal not reaching the designated office or being accepted by the contracting/agreement officer or his/her representative by the closing time the proposal/application may be determined to be "late" and USAID has the discretion in accordance with applicable rules not to consider the offeror/applicant for award. Building security has the discretion to decide whether or not to allow the hand carrier into the building. Once in the Federal Center Plaza 301 4th Street lobby, the firm/organization must contact the Contract/Agreement Specialist as listed. Only packages/boxes hand-carried (suggest having the box unsealed and open to expedite clearance) may be delivered through this entrance. After meeting the OAA staff member in the lobby, the individual representative of the offeror/applicant must go through security as would any visitor, and the OAA staff member will then take possession of the proposal after the visitor has been processed through security.
