* Through our work supporting farm to school initiatives, we regularly communicate with other federal programs and non-federal funders (e.g. private and community foundations) interested in supporting farm to school activities. While the USDA Farm to School Program is limited to awarding $5 million a year, we hope to leverage our relationships with other funders to increase overall support for farm to school activities.

From time to time other funders request information about farm to school projects planned or underway in various communities. Information about your organization and a brief description of your proposed project will be included in a list that may be shared with other funders. These funders may elect to communicate directly with you at a future date. Should you wish to take advantage of this opportunity, please check YES. If you do NOT want your proposal shared, check NO.
