EXECUTIVE SUMMARY

The mission of the State Department's Bureau of International Narcotics and Law Enforcement Affairs (INL) is to minimize the impact of international crime and illegal drugs on the United States, its citizens, and partner nations by providing effective foreign assistance and fostering global cooperation. This mission, which centers on helping our partner nations establish a capable and accountable criminal justice sector, was expanded during the past decade to include stabilizing post-conflict societies through criminal justice sector development and reform. This mission supports peace and security by stabilizing and strengthening security institutions and by combating narco-trafficking and other transnational crimes such as money laundering and criminal gangs. It promotes just and democratic governments by strengthening justice sector institutions, good governance and respect for human rights.

INL combines forces with other USG and international agencies and takes a regional approach to widespread problems. INL also encourages more developed governments to take responsibility as equal partners in global efforts to combat transnational crime, include drug trafficking. The Bureau's priority programs support three inter-related objectives:

- **BUILDING CRIMINAL JUSTICE SYSTEMS:** Institutionalize rule of law by developing and expanding criminal justice systems to strengthen partner country law enforcement and judicial effectiveness, foster cooperation in legal affairs, and advance respect for human rights;
- **COUNTER-NARCOTICS:** Disrupt the overseas production and trafficking of illicit drugs through targeted counter-narcotics and institution-building assistance and coordination with foreign nations and international organizations, and;
- **TRANSNATIONAL CRIME:** Minimize the impact of transnational crime and criminal networks on the U.S. and its allies through enhanced international cooperation and foreign assistance.

NOTICE OF FUNDING OPPORTUNITY

The United States Department of State, Bureau of International Narcotics and Law Enforcement Affairs, is seeking applications from qualified U.S. and non-U.S. based Non-Governmental Organizations (NGOs), Educational Institutions and other non-profit qualified organizations for a Cooperative Agreement to implement a program entitled "Dominican Republic Travel and Logistics Program for Training Support". The authority for this Request for Application (NOFO) is found in the Foreign Assistance Act of 1961, as amended.

Pursuant to 2 CFR 200.400g, it is U.S. Department of State policy not to award profit under assistance instruments. All reasonable, allocable, and allowable expenses, however, both direct and indirect, which are related to the agreement program and are in accordance with applicable cost standards (2 CFR 200 for US and overseas-based non-profit organizations and educational institutions) may be paid under the cooperative agreement. NOTE: overseas-based nonprofit organizations are legally required to comply with the 2 CFR 200.

Subject to the availability of funds and pending Department of State management approvals, INL intends to issue an award in an amount not to exceed \$1,200,000.00 in total funding. The U.S. Dollar amount will be funded from INL allocated funds, for an initial project period of two years contingent

on INL priorities, good performance of the recipient, Department of State management approvals, and funding availability. *INL reserves the right to fund any number of applications or none of the applications submitted and will determine the resulting level of funding for each award(s).*

Eligible organizations interested in submitting an application are encouraged to read this NOFO thoroughly to understand the type of project sought and the application submission requirements and evaluation process.

To be eligible for an award, the applicant must submit ALL required information and documents in its application through www.grants.gov, including the requirements found in any attachments to this www.grants.gov opportunity. This NOFO consists of the following Sections:

Any questions concerning this NOFO should be submitted in writing to Cheryl Price at Pricech@state.gov. The deadline for submission of questions for this NOFO is November 26, 2018, 5:00pm Eastern Daylight Time. Responses to questions will be made available to all potential applicants through an amendment to this NOFO and posted via www.grants.gov.

INL encourages applicants to submit their applications during normal business hours (Monday – Friday, 9:00AM- 5:00PM Eastern Standard Time). If an applicant experiences technical difficulties and has contacted the appropriate help desk, but is not receiving timely assistance, (e.g. if you have not received a response within 48 hours of contacting the help desk), you may contact the INL point of contact listed in the NOFO. The point of contact may assist in contacting the appropriate help desk, but an applicant should also document their efforts in contacting the help desk. Applicants may also contact the INL point of contact listed in the NOFO if experiencing technical issues with grants.gov that may result in a late submission.

Applicants experiencing technical difficulties should follow these three steps:

- 1) Contact the help desk for Grants.gov immediately.
- 2) Document (including screenshots) technical issues AND efforts to contact the help desk. Provide ticket number(s) and/or reference number(s) provided by the helpdesk in order to assist with the technical issue(s).

Note: The INL Grants Officer will determine technical eligibility of all applications and allowability of acceptable proposal submissions if applicants experience technical difficulties without a resolution.

It is the responsibility of the recipient of this NOFO document to ensure that it has been received from www.grants.gov in its entirety. INL bears no responsibility for data errors resulting from transmission or conversion processes associated with electronic or late submissions.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of an application. In addition, final award of any resultant grant agreement cannot be made until funds have been fully appropriated, allocated, and committed through internal INL procedures. While it is anticipated that these procedures will be successfully completed, potential applicants are hereby notified of these requirements and conditions for award. Applications are submitted at the risk of the applicant. All preparation and submission costs are at the applicant's expense.

SECTION I – PROGRAM DESCRIPTION

BACKGROUND

The Bureau for International Narcotics and Law Enforcement Affairs (INL) announces an open competition for assistance awards in the Dominican Republic. Organizations may submit grant proposals for a program to facilitate the implementation of law enforcement and rule of law assistance programs. The activities under this award shall take place within the Dominican Republic, the United States, Colombia, and other countries as training opportunities arise,

INL is seeking proposals with an implementation period of two (2) years, renewable contingent upon availability of funds, recipient's performance, and INL's priorities. If funding is available for additional years and INL wishes to continue funding the recipient and/or the program, INL will work with the recipient organization to implement a cost amendment to the award for additional funding.

PROJECT PURPOSE/DESCRIPTION

The applicant shall be responsible for working with the INL office in the Dominican Republic in planning and scheduling all events, including but not limited to travel and logistic services for trainings, meetings, conferences, site visits and workshops in support of INL programs carried out by the INL Office in the Dominican Republic. The travel services that the applicant shall provide include but are not limited to:

- Assisting sponsored travelers with reservations, issuance and delivery of tickets for air, rail, bus and other modes of travel as may be required; and where possible, advance seat assignments, advance boarding passes, and special permits needed to enter or travel within and outside of target countries, as identified.
- Effecting reservations for lodging accommodations.
- Arranging commercial automobile rental services;
- Assistance in obtaining passports, visas, and advice regarding health requirements;
- Provide detailed travelers' itineraries;
- Designing and planning of activities such as seminars, conference, meetings and workshops at sites selected by the INL Office (including conference rooms, lodging, meals, ground transportation, audio-visual equipment, and related contractual services as may be required);
- Provide information pamphlets for travelers. Information must include all related information of the ongoing event, including weather forecast and any other information of importance for the traveler;
- Coordinating escorts and translators/interpreters;
- Providing participants with a monetary travel advance to cover meals, incidentals, travel insurance taxis, etc. and a detailed breakdown of the cash advance received in order to manage and properly liquidate funds received, no additional expenses will be reimbursable to the traveler except if this is authorized in advance by the authorized person under this agreement;
- Provide travel insurance for all participants;
- Maintaining records of participants travel, attendance, statistics etc;
- Providing weekly accountability status of remaining funds balance. This is a non-negotiable requirement. Recipient's failure to maintain and provide reasonable accountability management of USG funds will serve as grounds for immediate grant termination;
- Collection and preparation of information necessary for the vetting process (for law enforcement participants);
- Conduct post training evaluations of personnel attending training events sponsored under this grant initiative.

PROJECT GOALS

INL is building the capacity of law enforcement personnel through training, technical assistance, and mentoring, among other activities. INL supports the travel of host-nation personnel to attend trainings in other countries, principally Colombia, and in other parts of the Dominican Republic, furthering sharing of best practices. INL also supports the travel of Colombian National Police and

other subject matter experts to the Dominican Republic to provide training and technical assistance under the U.S. Colombia Action Plan (USCAP). In support of this capacity-building work, and to accelerate implementation of training through travel, INL seeks to award a cooperative agreement for capacity-building training that includes a travel element.

Throughout the award period, the INL Office at the U.S. Embassy Dominican Republic will work with the recipient on the selection of trainings, participants, authorized costs, and other program requirements.

PROJECT OBJECTIVES

INL is currently seeking a recipient to provide support to meet the following:

- Build the capacity of personnel from all sectors of the Dominican justice sector under the terms of the exiting letter of agreement (LOA) between the U.S. and the Dominican Republic.
- Advance the capacity of specialized units of Dominican law enforcement.

The U.S. government estimates that a minimum of 800 and up to 3,000 personnel will attend INL capacity-building events in a 36-month period in the Dominican Republic and abroad through this solicitation. The number of participants per event can range from just a few to dozens. The events usually last anywhere from one (1) week to six (6) months, but the average event is approximately two weeks. Proposals should include a cost estimate based on the administrative costs of organizational processing of plane tickets, lodging reservations, facilities rental, translation, electronic funds transfer, managing conferences and meetings, participant travel insurance, and other associated costs.

INL understands that costs are estimates and the applicant will not know what fluctuations may exist in pricing over the course of the project period. Therefore, estimates should not be based on individual plane tickets and meeting locations, for example, but rather on the administrative costs of processing participation in capacity-building events for approximately 800 – 3,000 participants.

The U.S. government, INL, and the organization will work together to determine the appropriate assistance needed for each capacity-building event. Furthermore, INL and the recipient organization will meet after the award is made to develop a mutually-agreeable work plan for conducting the assistance program. Applicants should provide a suggested work plan in the grant proposal. Additionally, applicant organizations should identify their own specific objectives and measurable outcomes based on these program goals and the specifications provided in this solicitation. Indicators could include timeliness of services, quality of interaction between the award recipient and program participants, etc.

Applicants may design and propose their own capacity-building assistance program, which should be well-defined in the application. Proposals should include, but are not limited to the following activities:

Activity 1 - Travel Documents: When required, the award recipient is responsible for assisting participants with obtaining appropriate travel documents such as visas, work permits (if required), immunization, costs for birth, health, and identity certificates, and other documents needed to attend the capacity-building event. Only costs authorized by the Cost Principles for Non-Profit

Organizations (2 CFR 230) will be allowed. Recipient should maintain express mail delivery services for delivery of materials or travel documents.

Activity 2 - Travel Advances and Reimbursements: When required, the award recipient shall provide the participants, instructors, SMEs, and speakers with a travel advance up to the maximum per diem amount authorized by the U.S. Department of State or lesser amount as determined by the award recipient and INL. The applicant shall ensure the participant receives the travel advance with sufficient time, no later than two days prior to departure, to reduce the financial burden associated with the event. Recipient should provide options for transferring per diem before travel for travelers without a bank account. The recipient will provide participants with a monetary travel advance before travel to cover meals, baggage fees, incidentals, taxis, etc. whenever possible. The advance can be in form of cash, debit card, wire transfer, direct deposit or any other means not prohibited by U.S. or local laws.

Activity 3 - Airline Tickets/Air Transportation: When required, the organization shall provide the participant with an airline ticket. All flights must comply with the Fly America Act, the award recipient shall verify participant information such as names, birthdates, etc., for passports, vetting and visas before purchasing e-tickets. Recipient will be responsible for oversight of all arrivals and departures.

Activity 4 - Health, Travel, and Personal Property Insurance: When required, the award recipient shall provide each participant, when traveling, with up to the maximum amount of insurance authorized by the FTR or 2 CFR 200. The applicant must ensure that all participants have the appropriate level of insurance before the travel begins. International travel insurance coverage should include pre-existent conditions reimbursement for over \$5,000.00.

Activity 5 - Ground Transportation: When required, the award recipient shall arrange the use of rented vehicles for individuals or groups to support INL capacity-building events. Ground transportation includes taxis, rented vehicles (sedans), pickup trucks, vans, or buses. If required by the U.S. Embassy Regional Security Office in the target country, the recipient organization shall take appropriate security measures to protect the safety of participants during the ground transportation process. The protection could include the use of armored vehicles. Ground transportation could include transportation to and from hotels to meeting facilities, to and from the airport and hotel, between sites of interest, etc. The award recipient shall ensure participants arrive at the sponsored event location at least 15 minutes before the event begins and shall take the necessary measures to ensure the vehicles meet host-country and U.S. Government safety standards. When necessary, drivers hired by the recipient may need to obtain clearances for accessing government facilities.

Activity 6 - Lodging: When required, the award recipient is responsible for providing participants with adequate lodging such as hotels or apartments using the U.S. Department of State approved per diem rates. In some cases, the U.S. government may be able to obtain lodging at academy dormitories or other facilities. In these cases, the award recipient shall coordinate lodging arrangements directly with the U.S. government representative responsible for the capacity-building event. The award recipient could be required to provide bedding supplies such as pillows, blankets, and other associated supplies. The award recipient shall ensure the rented lodging facilities meet U.S. or host-country sanitary and safety standards. The recipient shall contract with lodging companies with flexible cancellation policies, to include agreement avoiding cancellation fees and those offering courtesy rooms and/or meeting rooms or parking. Recipient should negotiate prepaid lodging when possible to avoid participant payment and reimbursement.

Activity 7 – Events, Conferences, and Training Facilities: When required, the award recipient shall rent conference facilities appropriate for the capacity-building events. The facilities could include small conference rooms with space for five to ten people or large conference centers with capacity for hundreds of people. In some cases, the U.S. government will coordinate with the host-country to obtain conference or training facilities such as training academies. The award recipient could be required to provide audio-visual, computer equipment, communications (such as Internet, radios, cell phones, or other communications services), reception, cleaning, interpreter/translation services, and supplies to support capacity-building events. The award recipient shall take the necessary measures to ensure the rented conference/training facilities meet U.S. or host-country sanitary and safety standards.

Activity 8 - Refreshments and Meals: When required, the award recipient is responsible for providing participants with government approved per diem or meals such as hot breakfast, lunch, and dinner at locations where the participant cannot obtain meals at public facilities. When needed, the award recipient shall also provide snacks, coffee, tea, and non-alcoholic refreshments during capacity-building events. Snacks and beverages shall be provided in the early morning, a couple of hours before lunch, and a few hours after lunch. The award recipient shall ensure that coffee, tea, and drinking water are available throughout the duration of the event. The award recipient shall take the necessary measures to ensure food and beverages meet U.S. or host-country sanitary standards.

Activity 9 - Unused Funds Settlement: When required, the award recipient shall take required actions to recover unused funds resulting from cancellations by participants, vendors, facilities, etc. Voucher settlement includes obtaining receipts from hotels, boarding passes, and other documentation. In the event the award recipient owes money to a participant, settlement shall be made no later than 15 calendar days after the last day of the capacity-building event.

Activity 10 –Database Management: The award recipient shall maintain accurate digital records of each participant, including name, parent organization, country of origin, event attended, dates, costs per participant, INL project(s) that funded the event, and other information such as evaluations of the training provided, in a format mutually agreed to by the U.S. government and the recipient organization. The recipient organization shall provide this information to the Grants Officer Representative (GOR) no later than 30 days after the completion of each capacity-building event.

The U.S. government and the organization will work together to determine the appropriate assistance needed for each capacity-building event. Furthermore, INL and the recipient organization will meet after the award is made to develop a mutually-agreeable work plan for conducting the assistance program. Applicants should provide a suggested work plan in the grant proposal. Additionally, applicant organizations should identify their own specific objectives and measurable outcomes based on these program goals and the specifications provided in this solicitation. Indicators could include timeliness of services, quality of interaction between the award recipient and program participants, etc.

Activity 11 – Event Close Out: The award recipient is responsible for gathering proof of participant attendance, closeout memos, and receipts to be reimbursed no later than 20 working days after the last day of the capacity-building event.

Activity 12 – Prepare Event Materials and Presentations: The award recipient is responsible for preparing and printing event materials, including travel and event agenda per participant, course packets, event guidebooks, attendance lists, event evaluation forms, name tags, and other materials, as required by INL. (Please see page 34 for Branding and Marking requirements for printed materials.) The recipient may be responsible for the design of certain training manuals, banners, or other materials related to the event. Materials should be purchased by recipient through vendors. The recipients may be required to aid in the recruitment of appropriate speakers, Subject Matter Experts (SMEs) or trainers with or without honoraria. The recipient should maintain express mail delivery services for delivery of materials or travel documents.

Activity 13 – Interpretation and Translation Service: The recipient may be responsible for providing translation of academic materials and interpretation services for events.

Activity 14 – Leahy and Local Vetting: The services include the awardee assisting INL with the tracking status of personnel nominated to attend INL sponsored events. The tracking includes the awardee coordinating with U.S. government agencies responsible for the vetting process and includes the awardee of maintaining a list of vetted persons. Recipient must receive vetting clearances for each participant before travel. A copy of the INL Leahy and Local Vetting policy is included in this NOFO for reference (see pages 12-13).

Activity 15 – Exceptional Circumstances: The award recipient may be responsible for providing ad-hoc administrative and logistical support for travel with 24 or 48 hours in advance on rare occasions. The recipient will accommodate late travel and/or training requests whenever possible.

Substantial Involvement:

INL/Washington and/or INL Section at U.S. Embassy Dominican Republic may be substantially involved during the implementation of this Cooperative Agreement in the following ways:

- 1) Approval of the Recipient’s annual work plans, including: planned activities for the following year, travel plans, planned expenditures, event planning, and changes to any activity to be carried out under the Cooperative Agreement;
- 2) Approval of key personnel prior to contracting with any personnel that contemplates use of project funds;
- 3) Approval of sub-award Recipients (if any), and concurrence on the substantive provisions of the sub-awards; and coordination with other cooperating agencies; and
- 4) Approval of Monitoring and Evaluation Plan;
- 5) Participation in the design and direction of program activities;
- 6) Guidance in the execution of all program components;
- 7) Approval and input on program timelines and agendas;
- 8) Review and approval of all program publicity and recruitment materials;
- 9) Approval of decisions related to special circumstances or problems throughout the duration of

the program;

10) Assistance with participant emergencies;

11) Liaison with relevant U.S. and host-country personnel, and personnel from other governments.

12) Assist recipient with the vetting process of participants

DESIRED RESULTS AND ILLUSTRATIVE INDICATORS

Complete proposals will include a detailed plan on how the project's impact and effectiveness will be monitored and evaluated throughout the project.

Successful monitoring and evaluation depend on the following:

1. Setting objectives that are clear, specific, attainable, measurable, results-focused, and placed in a reasonable time frame;
2. Linking program activities to stated objectives;
3. Developing key performance indicators that measure realistic progress towards the objectives.

A performance indicator is an observable measurement related to the achievement of a stated objective. Two types of performance indicators are outputs and outcomes. Findings on outputs and outcomes should both be reported.

Outputs are products and services delivered from the program activities, often stated as an amount. Output data show the scope or size of project activities, such as the number of participants trained.

Outcomes represent the specific, realistic results of a project and are usually measured as an extent of change. Outcomes may include progress toward expected program objectives or other results of the program. For example, a program's objective could be to increase convictions in cases that have DNA evidence presented. One outcome of the program would be that after receiving training on DNA analysis and presentation in a courtroom, prosecutors successfully use that evidence to prosecute five cases to conviction.

Applicants should include a clear description of the methodology and data collection strategies/tools to be employed (e.g. pre- and post-surveys, interviews, focus groups). Organizations should be able to track participant training responses, including changes in attitudes, information learned, and effects of the program on participant institutions.

Recipients will be required to provide reports with an analysis and summary of their findings, both quantitative and qualitative, in their regular program reports to the Bureau.

The recipient may propose additional outputs, indicators, and/or targets as appropriate. The recipient will be required to collect baseline data for all the PMP indicators during the first year of the project. In addition, certain terms included in the outcomes and indicators will need to be defined at the very beginning of the project so that it is possible to measure the change during and at the end of the project. Examples of such are "capacity", "spread effect", etc. Baseline information will be critical for both monitoring and evaluation of project progress and results.

The recipient will develop a project-level Performance Monitoring Plan (PMP) with annual and end-of-project targets and results anticipated for key performance indicators. The following table shows indicators that will be measured, as well as illustrative targets, upon which the recipient will be responsible for monitoring and reporting during and after the project. In addition, INL/Mexico will regularly monitor the project’s performance to assess whether project activities are on track and targets are being achieved.

Outcome indicators for the project are provided below. The recipient is expected to identify targets for these indicators based on what it can reasonably achieve within the performance period of the project, and based on the expected overall project results described above.

<i>Example Outcome Indicators</i>	<i>Illustrative targets:</i>
Percentage of female participants	TBD
Percentage of travelers receiving advances within two days of travel	TBD

Output indicators and illustrative targets for the project are provided below. The recipient should review these and either confirm the illustrative targets or propose alternative targets, as appropriate.

<i>Example Output Indicators</i>	<i>Illustrative targets:</i>
Number of after-school programs targeting at-risk youth implemented.	TBD
Number of at risk-youth that received X weeks of tutoring in after-school programs.	TBD
Number of at-risk youth placed in apprenticeship positions.	TBD

SECTION II – FEDERAL AWARD INFORMATION

INL expects to award one [1] cooperative agreement(s) based on this NOFO. The anticipated total federal funding amount is not to exceed \$1,200,000.00. The period of performance is two years with an anticipated start date to be determined by INL. INL may award up to 3 (three) additional years pending INL priorities, good performance of the recipient, and funding availability.

The U.S. government may issue one award resulting from this NOFO to the responsible applicant(s) whose application(s) conforming to this NOFO are the most responsive to the objectives set forth in this NOFO. The U.S. government may (a) reject any or all applications, (b) accept other than the lowest cost application, (c) accept more than one application, (d) accept alternate applications, and (e) waive informalities and minor irregularities in applications received.

The U.S. government may make award on the basis of initial applications received, without discussions or negotiations. Therefore, each initial application should contain the applicant's best terms from a cost and technical standpoint. The U.S. government reserves the right (but is not under obligation to do so), however, to enter into discussions with one or more applicants in order to obtain clarifications, additional detail, or to suggest refinements in the program description, budget, or other aspects of an application.

Applicants please be advised that the following will be required if your organization is selected for this announcement.

State Department Leahy Amendment Vetting Requirements:

Funds provided under this award are subject to Section 620M of the Foreign Assistance Act of 1961, as amended, a provision titled “Limitation on Assistance to Security Forces” (the “Leahy Amendment”). Subsection (a) of that provision states: “(a) In General.—No assistance shall be furnished under this Act [the Foreign Assistance Act] or the Arms Export Control Act to any unit of the security forces of a foreign country if the Secretary of State has credible information that such unit has committed a gross violations of human rights.” Accordingly, none of the funds under this award may be used to provide training or other assistance to any unit or member of the security forces of a foreign country if the Department of State has credible information that such unit or individual has committed a gross violation of human rights.

In signing this agreement, the Recipient agrees to exercise due diligence to ensure compliance with the Leahy provision and State Department policy, and to cooperate with the State Department in implementation of the Leahy requirement for funds under this award. The Department implements the Leahy requirement by vetting units or individuals proposed for training or other assistance to check for credible information of a gross violation of human rights by such units or individuals. To facilitate State Department vetting, the Recipient must provide the following information for proposed participants at least sixty (60) calendar days prior to commencing award activities. This information should be submitted to the U.S. Embassy in the country where the award will be implemented in order to initiate Leahy vetting procedures:

Information needed: Full name, date of birth, country of birth, country of citizenship, gender, rank, title, and organizational affiliation. Please also include the activity and date that the activity will take place—if the person will participate throughout an extended program, please note the timeframe.

Participant information should be submitted in the format attached.

Information required for “security forces” personnel: The above information is needed for each member of a foreign police or military unit (security forces, broadly defined) who will participate in any activity under this award. This includes both civilian and military employees of security forces participating in any activities funded under this award, including training, workshops or meetings, conferences, or other activities.

The Recipient must collaborate with the relevant U.S. Embassy on a case-by-case basis to determine if the Leahy requirement applies to specific activities or proposed participants. Individuals who are not members of the security forces but who participate in activities under the award (e.g., politicians, academics, etc.) generally do not need to be vetted.

Submission Deadline: Each candidate must be cleared under Leahy vetting in advance of participation in activities funded under this award. The vetting process typically takes approximately one month, but may take longer if there are a large number of candidates or if issues arise. Thus, all information on proposed candidates must be received by the Embassy at least sixty (60) days in advance of the training event or other activity.

The Recipient agrees that it will not include any security forces candidate in training or other activities funded under this award until the State Department advises that the candidate has cleared Leahy vetting and is approved for participation.

[END OF SECTION II]

SECTION III – ELIGIBILITY INFORMATION

(1) Eligibility for this NOFO is limited to:

- Applicants that qualify to receive U.S. grants (such as **U.S. not-for-profit/non-governmental organizations (NGOs) or U.S. based educational institutions subject to section 501(c)(3) of the U.S. tax code; foreign not-for-profits/non-governmental organizations (NGOs) or foreign based educational institutions**, with the ability to develop and successfully implement a project in the Dominican Republic and meet INL’s reporting requirements. Organizations must also be able to demonstrate current (or pending) country registration in the Dominican Republic, if required by the country of project implementation.

AND

- Have existing, or the capacity to develop, active partnerships with the necessary partner organization(s) such as travel agencies, vendors such as airlines, rental car companies, hotels, translation services network with specialized topics, travel insurance enterprises in order to successfully fulfill the proposed program. Applicants must have demonstrated experience implementing similar education or capacity building programs. INL reserves the right to request additional background information on organizations that do not have previous experience administering similar programs and/or federal grant awards.
- Applicants must have the ability to produce course materials, deliver training, and conduct evaluations in Spanish and English. The applicant’s staff should be proficient in English in order to fulfill reporting requirements.
- Applicants must have existing, or the capacity to develop, active partnerships with stakeholders in order to successfully carry out the proposed program.
- Organizations may form a consortium and submit a combined proposal. However, one organization should be designated as the lead applicant.
- Applicants must be able to respond to the NOFO and be able to mobilize in a short period of time.

PLEASE NOTE: Public International Organizations (PIOs) and For-Profit Organizations are excluded from applying to this grant announcement.

To be eligible for a grant award, in addition to other conditions of this NOFO, organizations must have a commitment to non-discrimination with respect to beneficiaries and adherence to equal opportunity employment practices. INL is committed to an anti-discrimination policy in all of its programs and activities. INL welcomes applications irrespective of an applicant’s race, ethnicity, color, creed, national origin, gender, sexual orientation, gender identity, disability, or other status.

Applicants are reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the Recipient to ensure compliance with these Executive Orders and laws. **This provision must be included in any sub-awards issued under this grant award.**

(2) INL encourages applications from potential new partners.

[END OF SECTION III]

SECTION IV – APPLICATION AND SUBMISSION INSTRUCTIONS

INL urges prospective applicants to immediately confirm their organization has a current Unique Entity Identifier (Dun and Bradstreet (DUNS) number) as well as a current Central Contractor Registration via www.sam.gov.

All organizations must also continue to maintain active SAM.gov registration with current information at all times during which they have an active Federal award or application under consideration by a Federal award agency. SAM.gov requires all entities to renew their registration once a year in order to maintain an active registration status in SAM.gov. If an applicant has not fully complied with the requirements at the time of application, INL may determine that the applicant is unqualified to receive an award and use that determination as a basis for making an award to another applicant.

Note: The process of obtaining a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

Important Note:

Organizations physically located OUTSIDE of the U.S. and territories and wishing to conduct business (contracts/grants) with the U.S. Government, must FIRST request a NCAGE Code, followed by a DUNS Number and then complete registration process in SAM.gov.

U.S. based Organizations, wishing to conduct business (contracts/grants) with the U.S. Government to include Foreign Government, please proceed directly to SAM.gov. A U.S. CAGE Code will be assigned at the end of the SAM.gov Registration process.

CAGE/NCAGE Registration

For US-based organizations, a CAGE code will automatically be assigned to your entity once you submit your entity's registration in SAM.gov and the TIN validation has been returned.

NCAGE Codes are required for all foreign entities prior to starting a SAM registration. **PLEASE NOTE: The organization's name, address, and email information must match what you used to request your Unique Entity Identifier (DUNS Number) Please ensure that alphabets, numerical characters, symbols, etc. and spacing is the same in both systems during the registration process.**

Otherwise, you will receive error messages when applying for the NCAGE code. Organizations can submit a request for an NCAGE Code using the NCAGE Request Tool at <https://eportal.nspa.nato.int/AC135Public/Docs/US%20Instructions%20for%20NSPA%20NCAGE.pdf>. Detailed instructions are posted at that site. For additional information, please call 1-269-961-4623 or send an email message to NCAGE@dlis.dla.mil.

NCAGE registrations for overseas organizations can take up to 10 days (or more) to finalize once a request has been received. Please plan accordingly.

Unique Entity Identifier (DUNS Number)

All applicant organizations (foreign and domestic) must obtain a DUNS number. **US-based organizations** may request a DUNS number by calling 1-866-705-5711 or email: SAMHelp@dnb.com; the DUNS number is usually provided immediately.

Foreign organizations that do not have a Unique Entity Identifier (DUNS number) will need to go to the Dun & Bradstreet website at <http://fedgov.dnb.com/webform/CCRSearch.do?val=1> to start the process for obtaining a DUNS number. *If further assistance is required, please email: SAMHelp@dnb.com. **NOTE: The organization's name, address, and email information used to request the NCAGE Code must match what is used to request your Unique Entity Identifier (DUNS Number). Please ensure that alphabets, numerical characters, symbols, etc. and spacing is the same in both systems during the registration process.***

SAM.gov Registration

SAM.gov registration is required of all INL applicants prior to registering with www.grants.gov. If your organization was previously registered in the Central Contractor Registry (CCR), you must still create a new Individual User Account in SAM.gov prior to receiving a future federal grant. Applicant organizations can obtain assistance for SAM.gov registration by using the following link: <https://www.fsd.gov> or by calling **1-866-606-8220** (U.S. calls)/or **1-324-206-7828** (international calls). **PLEASE NOTE: The organization's name, address, and email information used to request your organization's Unique Entity Identifier (DUNS number) and the NCAGE Code must match what is used to request the SAM.gov validation Please ensure that alphabets, numerical characters, symbols, and spacing is the same in both systems during the registration process.** Otherwise, you will receive error messages when registering in SAM.gov.

US-based organizations that already have a TIN (taxpayer identification number), your SAM registration will take 3-5 business days to process. US-based organizations applying for an EIN (employer identification number), please allow up to 2 weeks.

Foreign organizations must have a DUNS number and an NCAGE code prior to completing the SAM.gov registration process. Please follow the above listed instructions to obtain each.

Any applicant listed on the Excluded Parties List System (EPLS) in the System for Award Management (SAM) is not eligible to apply for an assistance award in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235), "Debarment and Suspension." Additionally, no entity listed on the EPLS can participate in any activities under an award. All applicants are strongly encouraged to review the EPLS in SAM.gov to ensure that ineligible entities are excluded from their applications.

All organizations must also continue to maintain active SAM.gov registration with current information at all times during which they have an active Federal award or application under consideration by a Federal award agency. SAM.gov requires all entities to renew their registration once a year in order to maintain an active registration status in SAM.gov. If an applicant has not fully complied with the requirements at the time of application, INL may determine that the applicant is unqualified to receive an award and use that determination as a basis for making an award to another applicant.

Please note: If your organization is registered with SAM.gov and your status is NOT listed as ACTIVE, you will need to update your registration prior to submitting an application through www.grants.gov. SAM.gov requires ALL organizations (foreign and domestic) to register on an ANNUAL basis.

In October 2017, new information was added to the www.SAM.gov website to help international registrations, including “Quick Start Guide for International Registrations” and “Helpful Hints”. Navigate to SAM.gov, click HELP in the top navigation bar, then click International Registrants in the left navigation panel.

Grants.gov Registration

To apply for a grant, your organization must complete the Grants.gov registration process. The registration process can take 10 business days or longer, even if all registration steps are completed in a timely manner.

Please log into <http://www.grants.gov/web/grants/applicants/organization-registration.html> to obtain complete instructions on the registration process.

Foreign Registrants: Anyone residing and doing business outside of the United States is still required to complete the five steps of the Grants.gov registration process, in addition to fulfilling supplementary requirements for doing business with the United States government. Please ensure that you have obtained an NCAGE code, a UEI number (also referred to as DUNS number), and an “ACTIVE” status in SAM.gov prior to registering in Grants.gov.

Grants.gov Applications

Please refer to the Grants.gov website for definitions of various "application statuses" and the difference between a submission receipt and a submission validation. Applicants will receive a validation e-mail from Grants.gov upon the successful submission of an application. Validation of an electronic submission via Grants.gov can take up to two business days.

Late applications are neither reviewed nor considered unless the INL point of contact listed in the NOFO is contacted prior to the deadline and is provided with evidence of a system error caused by Grants.gov that is outside of the applicant’s control and is the sole reason for a late submission.

Applicants should not expect a separate notification from INL upon receiving their application.

It is the responsibility of the applicant to ensure that it has an active registration in Grants.gov. Applicants are required to document that the application has been received by Grants.gov in its entirety. INL bears no responsibility for disqualification that result from applicants not being registered before the due date, for system errors in Grants.gov, or other errors in the application process.

TECHNICAL FORMAT REQUIREMENTS

For all application documents, please ensure:

- A. All pages are numbered, including budgets and attachments,
- B. All documents are formatted to 8 ½ x 11 paper, and
- C. All Microsoft Word documents are single-spaced, 12 point Times New Roman font, with a minimum of 1-inch margins.
- D. All documents must be submitted in English. *(Please note: Per Department policy, English is the official and controlling language for all submitted application/award documents.)*

TECHNICAL ELIGIBILITY REQUIREMENTS

Technically eligible applications are those that:

- Arrive electronically via Grants.gov by the designated due date and time noted in the NOFO. If reasonable accommodations are granted for persons with disabilities or for security reasons, applications must still be received by INL by the designated due date and time noted in the NOFO;
- Are in English and all costs are in U.S. dollars. If an original document within the application is in another language, an English translation must be provided. If any document is provided in both English and a foreign language, the English language version is the controlling version. *(Please note: the Department of State, as indicated in 2 CFR 200.111, requires that English is the official language of all award documents);*
- Heed all instructions contained in the NOFO, including length and completeness of application, including all required documents; and
- Do not violate any of the guidelines stated in the NOFO.

It is the sole responsibility of the applicant to ensure that all of the documents submitted in the grant application package are complete, accurate, and current. INL strongly encourages all applicants, especially foreign or first-time applicants, to submit applications before the designated due date to ensure that the application has been received and is complete.

APPLICATIONS REQUIREMENTS

Complete applications must include the following for proposal submissions:

1. **Completed and signed SF-424, SF-424A, and SF424B**, submitted via www.grants.gov
Please see Tab D for instructions for completion of Standard Forms 424, 424A, and 424B.)
2. A copy of your organization's **most recent audit (as required per 2 CFR 200.500 – Subpart F)**.
If an audit cannot be provided, an explanation must be submitted with the proposal submission.
3. **Cover Page** that sets forth proposal title, name of lead applicant, names of any other participating organizations, name and number of the Target Themes to which the proposal responds, and requested funding amount in U.S. dollars (see the award amount ceiling as stated in the NOFO)
4. **Table of Contents** (not to exceed one [1] page in Microsoft Word) that includes a page-numbered contents page, including any attachments.
5. **Executive Summary** (not to exceed two [2] pages in Microsoft Word) that includes:
 - a) the target country(ies),
 - b) name and contact information for the project's main point of contact,
 - c) a statement of work or synopsis of the program, including a concise breakdown of the project's objectives, activities, and expected results,

- d) the total amount of funding requested and program length, and
- e) a brief statement on how the project is innovative, sustainable, and will have a demonstrated impact.

6. **Proposal Narrative** (not to exceed fifteen [15] pages in Microsoft Word). Please note the page limit ***does not*** include the required documents listed in items #2 - 5 and items #7 – 16 (below).

A proposal narrative should:

- Fully explain the program’s **goals, objectives, and activities**. Objectives should be ambitious, yet measureable, results-focused, and achievable in a reasonable time frame. Applicant should explain the project’s significance or contribution to the INL mandate specified in the NOFO.
- Activities should be clearly developed and detailed, and the narrative should clearly articulate how the proposed activities contribute to objectives and overall project goal.
- Outline the applicant’s **organizational capacity** to implement the proposed program,
- Outline in detail the program approach, **sustainability, potential impact, and complementarity to ongoing efforts**.
- Identify **target areas** for activities, identify target participant groups or selection criteria for participants, address how the program will engage relevant stakeholders, and identify local partners as appropriate, among other pertinent details. If partners are included, the narrative should clearly describe the division of labor between the direct applicant and partners.

The proposal narrative should expand upon the risk analysis to provide greater context, operational or programmatic security concerns, and a contingency plan for overcoming potential difficulties in executing the original work plan.

7. **Summary and Detailed Line-Item Budget** (preferably in Microsoft Excel) that includes three [3] columns including the request to INL, any cost sharing contribution, and total budget (see below for more information on budget format). A summary budget should also be included using the OMB approved budget categories (see SF-424 as a sample). Costs must be in U.S. dollars. (Sample template is provided as an attachment under the announcement via www.grants.gov.)

8. **Budget Narrative** (preferably in Microsoft Word) that includes an explanation and justification for each line item in the detailed budget spreadsheet, as well as the source and a description of all cost-share offered. For ease of review, INL recommends applicants order the budget narrative as presented in the detailed budget. Personnel costs should include a clarification of the roles and responsibilities of key staff and percentage of time devoted to the project. The budget narrative should communicate to INL any information that might not be readily apparent in the budget, not simply repeat with words what is stated numerically in the budget. (Sample template is provided as an attachment under the announcement via www.grants.gov.)

9. **NICRA:** If your organization has a negotiated indirect cost rate agreement (NICRA) and will include NICRA charges in the budget, your latest NICRA must be included as a PDF file. This document will not be reviewed by the panelists, but rather used by program and grant staff if the submission is recommended for funding, and therefore does not count against the submission page limitations, as described above. If your proposal includes subgrants to organizations charging indirect costs, please submit the applicable NICRA also as a PDF file (see “INDIRECT COST RATE” below for more information on indirect cost rates).

If your organization does NOT have a negotiated indirect cost rate agreement (NICRA) please specify if your organization elects to charge the de Minimis rate of 10% of the Modified Total Direct Costs (MTDC). ***MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000.*** The de Minimis rate must be included in the detailed

budget and an explanation must be provided in the budget narrative.

10. **Monitoring and Evaluation Plan and Logic Model;** (see **TAB B** below for more information on this section); Sample templates provided as attachments under the announcement via www.grants.gov.
11. **Logic Model;** (see **TAB B** below for more information on this section); Sample templates provided as attachments under the announcement via www.grants.gov.
12. **Roles and responsibilities of key program personnel with short bios** that highlight relevant professional experience. This relates to the organization's capacity. Given the limited space, CVs are not recommended for submission.
13. **Timeline of the overall proposal** - Components should include activities, evaluation efforts, and program closeout
14. **A list of previous and/or current federal assistance awards received;** please include the awarding agency, point of contact, name of the project, start and end dates, and amount of the award. ***If a list of previous and/or current U.S. federal assistance awards received cannot be provided, an explanation must be submitted with the proposal submission.***
15. **Program Risk Analysis:** Please provide the required risk analysis information as noted in **TAB B** of this NOFO. (Sample template is provided as an attachment under the announcement via www.grants.gov.)
16. **INL Pre Award Annual Survey** – template provided by INL that reviews the organization's financial capacity and infrastructure. (Sample template is provided as an attachment under the announcement via www.grants.gov.)
17. **Attachments** (not to exceed **five (5)** pages total, preferably in Microsoft Word) that include the following in order:
 - a) ***Additional optional attachments.*** Attachments may include further timeline information, letters of support, memoranda of understanding (MOU)/agreement, etc. For applicants with a large number of letters/MOUs, it may be useful to provide a list of the organizations or government agencies that support the program rather than the actual documentation.

Applications that do not include the items listed above will be deemed technically ineligible.

Note: INL retains the right to request additional documentation for those items not included on this form.

[END OF SECTION IV]

TAB A: PROPOSAL GUIDELINES

Proposals should include the following components:

- Introduction and Problem Statement
- Planned Activities
- Indicators

Problem Statement and Rationale: Describe the problem and how the project will achieve or contribute to achieving a sustainable solution and a measurable outcome. The applicant should explain the extent of existing assistance within the particular geographic area, and how the proposed intervention may complement (or differ from) other similar interventions. The implementer should also explain, as necessary, the particular experience and qualifications they bring to the project. The rationale should also reflect understanding of the priorities and policies of the bureau/post or program with which this agreement is associated.

Planned Activities and Indicators: Describe the planned activities, and relevant stakeholders for implementation. The implementer should highlight key stakeholders and their expected role in the project, along with any contingencies. The implementer should list assumptions that are dependent on the ultimate success of the project. This could include elements like geographic location, coordination efforts with other international organizations, or political will from host governments, private sector, and NGOs. As appropriate, limited contingency possibilities should be included in the proposal, in case the initial planning assumptions are not met. Example of a planned activity and contingency:

Planned Activity	Contingency
<i>Energy efficiency workshops in collaboration with the government of the Dominican Republic and other representatives from the Caribbean region, focused on raising awareness of energy efficiency standards.</i>	<i>If government of the Dominican Republic doesn't engage at the expected level, project team will look to other regional stakeholders, such as the OAS, to assist in convening key stakeholders.</i>

In the proposal, there should be a clearly defined link between each of the following elements as delineated:

Problem Statement → Planned Activities/Inputs → Process Indicators → Output Indicators → Outcome Indicators → Impact
--

Process Indicators measure the activity that has been completed. Please delineate the specific activities to be conducted, such as workshops, roundtables, trainings, forums, exchanges, policy dialogues, etc. All indicators must include targets. Example of a process indicator:

Process Indicator	<i>50 women trained in energy efficiency standards</i>
--------------------------	--

Output Indicators, otherwise known as deliverables associated with the agreement, should be included. Unlike process indicators, outputs are what is produced, and are often tangible. At this level, it is the measurement of ability, knowledge, skills, or access. All indicators must include

targets. Example of an output indicator involving the same participants:

Output Indicator	<i>80 percent of participants demonstrate at least 75 percent cognizance of efficiency standards</i>
-------------------------	--

Outcome Indicators measure the change in system or behavior or practice. Expected outcomes are the results that come from a series of activities that are necessary to achieve impact. All indicators must include targets. Example of an outcome indicator:

Outcome Indicator	<i>30 percent of efficiency standards being implemented in a participant's country as a result of participant's participation.</i>
--------------------------	--

All indicators **must** include measurable, numerical targets, which should serve as the foundation for monitoring and evaluation efforts. Ultimately, proposed activities and achievement of indicator targets will lead to impact.

TAB B: PROGRAM MONITORING AND EVALUATION PLAN, LOGIC MODEL, and PROGRAM RISK ANALYSIS

INL will work with recipient organizations to implement the appropriate monitoring and evaluation plan that meets both the needs of the bureau and the implementing partner. Incorporating a well-designed monitoring and evaluation component into a project is one of the most efficient methods of documenting the progress and potential success of a program. Successful monitoring and evaluation depend on the following:

- Setting objectives that are specific, measurable, attainable, results-focused, and placed in a reasonable time frame (SMART);
- Linking project activities to stated objectives;
- Developing key performance indicators that measure realistic progress towards the objectives.

INL expects implementing organizations will track participants or partners as appropriate and be able to respond to key evaluation questions, including satisfaction with the program/training, information learned as a result of the program/training, changes in attitude and behavior as a result of the program, and effects of the program on institutions in which participants work or partner with. Applicants should include the monitoring and evaluation process in their timeline.

Recipients will be required to provide reports with an analysis and summary of their findings, both quantitative and qualitative, in their regular quarterly progress reports to INL.

Performance indicators should be clearly defined, and are in many cases quantifiable. Qualitative indicators are encouraged if they provide a reliable means to measure a particular phenomenon or attribute. A good guide for determining the quality of performance indicators is the acronym SMART – i.e., are the indicators: specific, measureable, attainable, realistic, and timely.

Indicators can focus on (i) inputs / process (measures activities or the necessary components for an activity to occur—e.g. training curriculum developed), (ii) outputs (products and services delivered from project activities, and often stated as an amount—e.g. 100 civil society organization members trained in organizational fundraising, 60 radio programs produced), and (iii) outcomes (the specific results of a project, which are often measured as a degree of change—after receiving training on effective engagement in the political process, 40% of female participants ran for a seat in parliament).

LOGIC MODEL

A logic model is a useful tool to help “map” a project. It details planned activities, the immediate services or product of project activities (outputs), and the expected changes or benefits that occur after activities have been implemented (outcomes). Applicants can specify objectives, identify what resources (inputs) are needed, outline proposed activities (outputs) and beneficiaries, and illustrate how activities lead to expected results. The activities and expected outcomes documented within the logic model should be achievable within the level of funding and timeframe of the project.

The monitoring and evaluation plan **must** include, at a minimum, the following elements:

- A results “Logic Model” planning document (see attached sample Logic Model template)
- Indicators, as described in Tab A, as well as details on how each indicator will be measured, frequency of the measurements, units of measure, etc. Provide indicators at the output and outcome levels. Monitoring and evaluation plans should include a chart component that clearly delineates indicators and targets. All indicators must include measurable, numerical targets. (see attached sample Monitoring and Evaluation template)
- Establish, where possible, performance baseline data and expected performance targets for each indicator/outcome. In some cases, the baseline may be zero.
- Describe monitoring and evaluation tools, including methods or methodology, that will be used.
- Plans should describe the projected outcomes and a dissemination plan where applicable, and how the project’s impact and effectiveness will be monitored and evaluated throughout the project.

INL has included a sample Monitoring and Evaluation template and a Logic Model template as an attachment to the NOFO.

PROGRAM RISK ANALYSIS

Risks are unavoidable – all programs inherently contain both internal and external risks. However, with proper identification and management, risks can be prepared for, minimized or mitigated. The purpose of a risk analysis is to identify the internal and external risks associated with the proposed program in the application, rate the likelihood of the risks, rate the potential impact of the risks on the program, and identify actions that could help mitigate the risks. A risk analysis should not be considered a one-time exercise or a static document. INL defers to organizations to conduct adequate risk analysis and remediation for all of its operations and advises that risk analysis and remediation occur throughout the life of a program and should result in revisions to risk analysis documents and processes as necessary. Applicants should include all assumptions and external factors identified in the logic model in the risk analysis. Applicants should rate the likelihood of a risk and potential impact of the risk as “High,” “Medium,” or “Low.” A sample template is provided as an attachment to this NOFO via www.grants.gov.

The safety and security of recipients and beneficiaries are of utmost importance. INL requires all recipients to conduct thorough risk assessments and take all actions necessary in accordance with those assessments to mitigate those risks. INL does not take responsibility for the risks incurred by any recipient.

For more information about the Risk Analysis, please see 2 CFR 200.519.

TAB C: BUDGET GUIDELINES

Applications will not be considered complete unless they include a budget that responds to the NOFO guidelines.

Complete budgets will include:

1. Summary Budget (that includes approved budget categories)
2. Detailed Line-Item Budget (outlining specific cost requirements for proposed activities)
3. Sub-grantee Budgets (if applicable)
4. Corresponding Budget Narrative (to clarify and justify individual line-items (i.e. calculations of how the costs were derived per month or year, their necessity, and overall contribution to the program's cost-effectiveness)).

All organizations, including those not offering any cost-sharing (cost share is not a requirement), should submit a detailed line-time budget, formatted to include three columns:

1. INL funding request,
2. Cost-share offered, and
3. Total project funding.

Please note: Grantees under INL-funded programs are responsible for complying with all applicable tax treaties and federal, state, and local laws on tax withholding and reporting for program participants.

Before grants are awarded, INL reserves the right to reduce, revise, or increase proposal budgets in accordance with the needs of INL and availability of funds.

The three-column proposal line item budget template is provided as an attachment in www.grants.gov.

LINE-ITEM BUDGET NARRATIVE SAMPLE provided below–

A. Personnel – Identify staffing requirements by each position title and brief description of duties. For clarity, please list the annual salary of each position, percentage of time and number of months devoted to the project. (e.g., Administrative Director: \$30,000/year x 25% x 8.5 months; calculation: $\$30,000/12 = \$2,500 \times 25\% \times 8.5 \text{ months} = \$5,312.$).

B. Fringe Benefits - State benefit costs separately from salary costs and explain how benefits are computed for each category of employee - specify type and rate. Fringe benefit application must be consistent with organization's written policy.

C. Travel - Staff and any participant travel (Note: Staff refers to grantee staff only, and not sub-grantee staff or contractors):

1) international and/or domestic airfare - Please indicate origin and destination (country/city), number of travelers and unit cost per round trip

NOTE: All travel must be booked with economy class fares only. Applicants must explain differences in fares among travelers on the same routes. Note that all travel, where applicable,

must comply with the Fly America Act. For more information see <http://www.gsa.gov/portal/content/103191>.

2) in-country travel - Please indicate origin and destination (city), type of transportation, number of travelers and unit cost per traveler per trip.

3) per diem/maintenance: includes lodging, meals and incidentals for both participant and staff travel. Rates of maximum allowances for U.S. and foreign travel are available from the following website: <http://www.policyworks.gov/>. Per diem rates may not exceed the published U.S. government allowance rates; however, institutions may use per diem rates lower than official government rates.

NOTE: Per diem rates must be prorated and/or removed if applicant will pay for refreshments and/or meals for participants during a workshop/conference.

D. Equipment – please provide justification for any equipment purchase/rental, defined as tangible personal property having a useful life of more than one year and an acquisition cost of \$5000 or more.

E. Supplies - list items separately using unit costs (and the percentage of each unit cost being charged to the grant) for photocopying, postage, telephone/fax, printing, and office supplies (e.g., Telephone: \$50/month x 50% = \$25/month x 12 months).

F. Contractual –

a) **Subgrants** - For each subgrant/contract please provide a detailed line-item budget breakdown explaining specific services. Please provide a subgrant budget using the approved OMB budget format. (See Tab C: Budget Guidelines, above.)

b) **Consultant Fees** - For example lecture fees, honoraria, travel, and per diem for outside speakers or independent evaluators: list number of people and rates per day (e.g., 2 x \$150/day x 2 days). Consultant/outside expert fees/honoraria should be consistent with the level of experience and based on a fair market value. **(NOTE: Consultant Fees and Honorarium should NOT EXCEED \$526/day)**

G. Construction – **Due to the nature of INL programs, construction costs are not allowable or applicable.**

H. Other Direct Costs - these will vary depending on the nature of the project. The inclusion of items in this cost category should be justified in the budget narrative. All costs must be allowable, allocable, and reasonable, and consistent with OMB guidelines. Single audit or 2 CFR 200 Subpart F audit costs can be included if they are not part of indirect costs. Only the portion of an organizational audit cost associated with this project can be included in the budget. **Line items such as “Miscellaneous,” “Other,” “Contingency Fund,” and “Reserve Fund” are not permitted.**

I. Indirect Charges -

An organization with a NICRA should include a copy of their negotiated indirect cost-rate agreement with their application. This document will not be reviewed by the panelists, but rather used by program and grant staff if the submission is recommended for funding. As such, it does not count against the submission page limitations. Applicants should indicate in the proposal budget how the rate is applied (e.g. to direct administrative expenses, to all direct costs, to wages and salaries only, etc.) and if any of

the rate will be cost-shared.

Per 2 CFR 200.414, any non-Federal entity that has never received a negotiated indirect cost rate, except for those non-Federal entities described in Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph D.1.b, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. Per 2 CFR 200.68, MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward (regardless of the period of performance of the subaward). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition reimbursement, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs. The budget narrative should include a justification of the MTDC calculation, clearly describing which costs will be covered if using the 10% de minimis indirect rate.

As described in 2 CFR 200.403, Factors Affecting Allowability of Costs, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. The elected methodology must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

Organizations not applying the de minimis rate of up to 10% of MTDC but claiming indirect costs should have established NICRAs.

If the budget includes subawards, the recipient organization has the responsibility to honor an existing NICRA, negotiate an indirect rate, offer the 10% de minimis, or allow costs to be directly charged to the sub-award budget for each sub-award, per 2 CFR 200.331.iiiv.4. If an organization has an established NICRA the agreement should be submitted with the proposal package.

J. Cost Share/Cost-Effectiveness -

Cost-sharing is the portion of program costs not borne by the Federal Government. While not a competitive element, INL encourages (but does not require) cost sharing, which may take the form of allowable direct or indirect costs offered by the applicant and/or in-country partners. Applicants should consider all types of cost sharing, including in-kind and public-private partnerships. Examples include the use of office space owned by other entities; donated or borrowed supplies and equipment; (non-federal) sponsored travel costs; waived indirect costs; and project activities, translations, or consultations conducted by qualified volunteers. The values of offered cost-share should be reported in accordance with (the applicable cost principles outlined in) 2 CFR 200.306. Other United States federal funding does not constitute cost sharing.

Explanations of contributions should be included, whether cash or in-kind. Assign a monetary value in U.S. dollars to each in-kind contribution. If the proposed project is a component of a larger program, identify other funding sources and the specific funding amount to be provided by those sources. In addition, it is recommended that the budget narrative address the overall cost-effectiveness of the proposal, including leveraging of institutional or other resources.

Please note: INL programs do not require cost share, but if it is included the recipient must maintain written records to support all allowable costs that are claimed as its contribution to cost share, as well

as costs to be paid by the Federal government. Such records are subject to audit. In the event the recipient does not meet the minimum amount of cost sharing as stipulated in the recipient's budget, INL's contribution may be reduced in proportion to the recipient's contribution.

For information on Shared Cost Allocations, please reference 2 CFR 200.405 https://www.ecfr.gov/cgi-bin/retrieveECFR?gp=&SID=c8ac158b49a23a38aa04b1ba0bb242ee&mc=true&n=pt2.1.200&r=PART&ty=HTML#se2.1.200_1405.

BUDGET CONDITIONS AND RESTRICTIONS:

The recipient is reminded that funds provided under this agreement must be used in a manner fully consistent with U.S. law. The recipient agrees that none of the funds provided by this award shall be used to lobby for or against abortion. The recipient agrees that none of the funds provided by this award shall be used to pay for the performance of abortion as a method of family planning or to motivate or coerce any person to practice abortions.

Per 2 CFR 200.307 ((e) (1), (2) and (3) of this section please note the following guidance concerning use of Program Income:

- Program income earned during the project period shall be retained by the recipient and, in accordance with the terms and conditions of the award, shall be used in one or more of the ways listed in the following:
 - 1) Added to funds committed to the project by the DOS and recipient and used to further eligible project or program objectives.
 - 2) Used to finance the non-Federal share of the project or program.
 - 3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

INL will consider budgeted line-items for the following:

- External evaluations to assess the project's impact (costs must be built into the overall original budget proposal and must be reasonable);
- Costs associated with an internal evaluation conducted by the grantee (costs must be built into the overall original budget proposal and must be reasonable);
- Visa fees, immunizations, and medical insurance associated with program travel;
- A-133 Audit or internal audit for the INL program (or prorated costs that is shared among other Federal Assistance grants/contracts)
- English translation (cost must be built into the original budget proposal and must be reasonable)

The following cost elements **will not be reimbursed** and **are not allowable** in this program:

- Publication of materials for distribution within the United States that are not related to the project/program;
- Administration of a project that will make a profit;
- Expenses incurred before or after the specified dates of award period of performance (unless prior written approval is received by the INL Grants Officer);
- Projects designed to advocate policy views or positions of foreign governments or views of a particular political faction;
- Entertainment and/or alcoholic beverages;

- Costs of entertainment, including amusement, diversion, and social activities and any associated costs are unallowable, except where specific costs that might otherwise be considered entertainment have a programmatic purpose and are authorized either in the approved budget for the Federal award or with prior written approval of the Federal awarding agency;
- Land;
- Construction;
- Direct support or the appearance of direct support for individual or single-party electoral campaigns;
- Duplication of services immediately available through municipal, provincial, or national government;
- Expenses listed as “miscellaneous”, “other”, “etc.”, or “contingencies”;
- Expenses made prior to the approval of a proposal or unreasonable expenditures will not be reimbursed.

INL may make conditions and recommendations on proposals to enhance proposed programs. Conditions and recommendations are to be addressed by the applicant before approval of the award. To ensure effective use of INL funds, conditions or recommendations may include requests to increase, decrease, clarify and/or justify budget costs.

SECTION V – APPLICATION REVIEW INFORMATION

The technical applications and proposal submissions will be evaluated in accordance with the Technical Evaluation Criteria set forth below. Technical evaluation of applications will be based on the extent and appropriateness of proposed approaches and feasibility of achieving the strategic objectives, in accordance with the following criteria.

If award is not made on the initial applications, INL may request clarification and supplemental materials from applicants whose applications have a reasonable chance of being selected for award. The entry into discussion is to be viewed as part of the evaluation process and shall not be deemed by INL or the applicants as indicative of a decision or commitment upon the part of INL to make an award to the applicants with whom discussions are being held.

I. TECHNICAL EVALUATION CRITERIA

A technical evaluation committee, using the criteria shown in this Section, will evaluate the technical applications. The various functional elements of the technical criteria are assigned weighted scores, so that the applicants will know which areas require emphasis in the preparation of applications.

Where technical applications are considered essentially equal, cost may be the determining factor. Applicants should note that these criteria serve as the standard against which all applications will be evaluated and serve to identify the significant matters which applicants should address in their applications.

The relative importance of each criterion is indicated by the number of points assigned. A total of 100 points is possible.

Quality of Program Idea (Total Possible Points - 25):

- Responsive to the solicitation (5 points)
- Appropriate in the country/regional context (5)
- Exhibits originality, substance, and precision (5)
- Prioritizes innovation but is feasible (5)
- In countries where similar activities are already taking place, provides an explanation as to how new activities will not duplicate or merely add to existing activities (5)

Program Planning/Ability to Achieve Objectives (Total Possible Points – 25):

- Includes a clear articulation of how the proposed program activities contribute to the overall program objectives (3)
- Each activity is clearly developed and detailed (3)
- Provides a comprehensive quarterly work plan for project activities that demonstrates substantive undertakings within the logistical capacity of the organization (3)
- Objectives are clear, specific, attainable, measurable results-focused and placed in a reasonable time frame (3)
- Addresses how the program will engage or obtain support from relevant stakeholders and identifies local partners where appropriate (3)

- Describes the division of labor among the direct applicant, any partners and any potential subgrantees (2)
- Proposal clearly articulates understanding of the security situation/operating environment and plans for ensuring safety of participants (2)
- Includes contingency plans for potential difficulties in executing the original work plan (6)

Program Monitoring and Evaluation (Total Possible Points - 15):

- The Monitoring and Evaluation (M&E) Plan includes:
 - Narrative explaining how monitoring and evaluation will be carried out and who will be responsible for monitoring and evaluation activities (5)
 - Table listing by program objectives the output- and outcome-based performance indicators with baselines and (yearly and cumulative) targets; data collection tools; data sources; types of data disaggregation, if applicable; and frequency of monitoring and evaluation (7)
- Includes an external midterm and/or final evaluation or justification for why one is not included (3)

Multiplier Effect/Sustainability of Impact Rating (Total Possible Points - 10):

- Clearly delineates how elements of the program will have a multiplier effect (5)
- Clearly delineates how impact will be sustainable beyond the life of the grant (5)

Institution’s Record and Capacity Rating (Total Possible Points - 10):

- The proposal demonstrates an institutional record of successful programs in the proposed country, the content area (e.g., media, access to justice), or other (describe) (4)
- Personnel and institutional resources are adequate and appropriate to achieve the project's objectives (2)
- Roles, responsibilities, and brief bios/resumes are included for primary staff, and demonstrate relevant professional experience (2)
- Applicant is a current/past Department of State grantee where performance (2)
 - was/is on target
 - showed/shows responsible fiscal management

OR

- The proposal is from a NEW APPLICANT and proposal: (2)
 - demonstrates capacity for responsible fiscal management
 - illustrates success in similar sized projects

Cost Effectiveness/Cost Sharing (Total Possible Points - 15):

The overhead and administration of the proposal, including salaries and honoraria, are explained and justified for the work involved (5)

- All budget items are necessary, appropriate and linked to program objectives (5)
- Personnel costs are reasonable for the work involved (5)
- Optional: The proposal offers meaningful cost-sharing (over and above?)

COST EVALUATION

Cost will be evaluated for realism, reasonableness, allowability, allocability, and cost effectiveness.

The pre-award evaluation of cost effectiveness will include an examination of the application's budget detail to ensure it is a realistic financial expression of the proposed project and does not contain estimated costs which may be unallocable, unreasonable, or unallowable. Applications that have more efficient operational systems that reduce operation costs will be favorably considered.

Applications that maximize direct activity costs including cost sharing and that minimize administrative costs are encouraged. Other considerations are the completeness of the application, adequacy of budget detail and consistency with elements of the technical application. In addition, the organization must demonstrate adequate financial management capability, to be measured by a responsibility determination.

[END OF SECTION V]

SECTION VI – FEDERAL AWARD ADMINISTRATION INFORMATION

Federal Award Notices: The successful applicant(s) will be notified via email that its proposal has been selected to move forward in the review process; this email IS NOT an authorization to begin performance. The Grants Officer is the Government Official delegated the authority by the U.S. Department of State Procurement Executive to write, award, and administer grants and cooperative agreements. The assistance award agreement is the authorizing document and it will be provided to the Recipient through email transmission. The recipient may only incur obligations against the award beginning on the start date outlined in the DS-1909 award document that has been signed by the INL Grants Officer. Organizations whose applications will not be funded will also be notified via email by INL. Please refer to the anticipated time to award information in Section E.

Substantial Involvement (for Cooperative Agreements only): INL shall be substantially involved during the implementation of the award agreement in the following ways:

- 1) Approval of the Recipient's annual work plans, including: planned activities for the following year, travel plans, planned expenditures, event planning, and changes to any activity to be carried out under the Cooperative Agreement;
- 2) Approval of specified key personnel;
- 3) Approval of sub-award Recipients (if any), and concurrence on the substantive provisions of the sub-awards; and coordination with other cooperating agencies; and
- 4) Approval of Monitoring and Evaluation Plan
- 5) Other country specific approvals will be included in the award documents

Terms and Conditions: Recipients will be held to the applicable terms and conditions found at <https://www.statebuy.state.gov/fa/Pages/TermsandConditions.aspx>.

It is the Recipient's responsibility to ensure they are in compliance with all applicable terms, conditions, and OMB guidance and requirements. Those organizations found to be in non-compliance may be found ineligible for funding or designated high risk.

2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards: All applicants must adhere to the regulations found in [2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for](#)

Federal Awards.

Branding Requirements: As a condition of receipt of a grant award, all materials produced pursuant to the award, including training materials, materials for recipients or materials to communicate or promote with foreign audiences a program, event, project, or some other activity under an agreement, including but not limited to invitations to events, press materials, and backdrops, podium signs, etc. must be marked appropriately with the standard, rectangular U.S. flag in a size and prominence equal to (or greater than) any other logo or identity. **Note:** Exceptions to the branding requirement are allowable under certain conditions. If an applicant is notified that their award has been chosen for funding, the Grants Officer will determine, in consultation with the applicant, if an exception is applicable.

Reporting Requirements:

1. Recipients are required to submit quarterly program progress and financial reports throughout the project period. Progress (SF-PPR and narrative) and financial reports (SF 424 and a detailed financial expenditure report) are due 30 days after the reporting period. Final certified programmatic and financial reports are due 90 days after the close of the project period.
 - First Quarter (October 1 – December 31): Report due by January 31
 - Second Quarter (January 1 – March 31): Report due by April 30
 - Third Quarter (April 1 – June 30): Report due by July 31
 - Fourth Quarter (July 1 – September 30): Report due by October 31

All reports are to be submitted electronically via email to the Grants Officer and Grants Officer Representative noted in the award agreement.

2. Awardees that are deemed to be high risk may be required to submit more extensive and frequent reports until their high risk designation has been removed by the Grants Officer.
3. The Awardee must provide to INL an inventory of all the U.S. government provided equipment purchased with grant funds using the SF428 form on an annual basis.

[END OF SECTION VI]

SECTION VII – AGENCY CONTACTS

Any prospective applicant desiring an explanation or interpretation of this NOFO must request it in writing by the deadline for questions specified in the cover letter to allow a reply to reach all prospective applicants before the submission of their applications. Any information given to a prospective applicant concerning this NOFO will be furnished promptly to all other prospective applicants as an amendment of this NOFO, if that information is necessary in submitting applications or if the lack of it would be prejudicial to any other prospective applicants.

Any questions or comments concerning this NOFO must be submitted in writing by email to Cheryl Price via email at PriceCH@state.gov by the deadline for questions indicated at the top of this NOFO's cover letter.
