A2. Background, Purpose and Program Requirements

The National Park Service's (NPS) African American Civil Rights Grant Program (AACR) will document, interpret, and preserve the sites and stories related to the African American struggle to gain equal rights as citizens and transatlantic slave trade. The NPS 2008 report, [Civil Rights in America, A Framework for Identifying Significant Sites](#), will serve as a guide in determining the appropriateness of proposed projects and properties. AACR Preservation Grants are funded by the Historic Preservation Fund (HPF), administered by the NPS, and will fund a broad range of history projects for historic sites including: survey and inventory, National Register nominations, oral histories and more. Grants are awarded through a competitive process and do not require non-Federal match.

There are separate funding announcements for physical preservation projects and for historical research/documentation projects. Funding announcement P21AS00200 is for physical preservation of historic sites only; P21AS00199 is for historical research/documentation/survey/nomination projects. Please ensure you apply under the correct opportunity number for your project. There is a new Historic Equal Rights grant program under P21AS00201 for physical preservation only of sites involved in the struggle for All American's civil rights.

FY2020 Public Law 116-94 provides \$15.5 million for the AACR Grant Program.

History projects must range from \$15,000 to \$50,000 in federal share.

- Eligible costs include survey, planning, and documentation of historic sites/events, as well as the creation of interpretive and educational materials around significant sites (including oral histories).
- Successful applications will emphasize innovative strategies, creative projects with measurable results, and include cross generational engagement that promote and preserve the community's history.

Projects must fit one of the categories listed below. If a project overlaps more than one category, select the dominant category.

1. Survey and Planning
2. Research and Documentation
3. Interpretation and Education
4. Collection Conservation

RELATED PROGRAM FOR OPTIONAL PARTICIPATION:

NPS African American Civil Rights Network

The African American Civil Rights Network (AACRN) is a voluntary designation program that aims to present a comprehensive narrative of the people, places, and events associated with the African American Civil Rights movement in the United States.

Please visit <https://www.nps.gov/subjects/civilrights/african-american-civil-rights-network.htm> if you would like to apply for the African American Civil Rights Network (AACRN).

Please note that the AACRN is **not connected** with the Civil Rights Grants Program. Becoming a member of the AACRN will **NOT** guarantee a grant in any way. AACRN is not a competitive program; all properties, facilities, and programs that meet the requirements will be added to the Network and will be eligible to use the program logo in limited fashion, with permission, and to receive technical assistance.

C2. Cost Sharing or Matching

Cost Sharing / Matching Requirement

No

Non-Federal cost share is not required for this agreement but will be considered as a competitive factor.

C3. Other

1. Applications for renewal or supplementation of existing projects are not eligible. Each application must be for a separate phase if it is a part of a multi-phase project, and **significant progress** must be demonstrated on prior phases to warrant additional funding.
2. Projects funded under this program constitute “undertakings” as defined by Section 106 of the National Historic Preservation Act, as amended (54 U.S.C. 306108). Accordingly, after the grant is awarded, the National Park Service will work with the grantee to complete the consultation process prior to drawing construction funds from their grant account. Depending on the project, additional federal reviews may be required under other laws such as, the Archaeological Resources Protection Act of 1979 (ARPA), the National Environmental Policy Act (NEPA), and Native American Graves Protection and Repatriation Act (NAGPRA).
3. If the project is doing work to or preparing a National Register nomination for a property and the owner is different than the applicant, then the applicant must include written permission from the owner to proceed with the project and any required easements or covenants. The letter of owner consent must be written within 60 days of the application due date and pertain to this particular application. Previous letters of owner consent will not be accepted.
4. For archaeological surveys, please provide plans for curating any artifacts recovered incidentally, including any strategies for outreach and the sharing of survey reports, research, results, etc. These will also require NEPA and NPS review prior to surveying.
5. For properties not National Register listed for association with African American civil rights, before a grant will be considered complete, an amendment to an existing National Register or National Historic Landmark nomination to include African American civil rights must be submitted to the State Historic Preservation Office and approved by the NPS.
6. Administration costs necessary to complete and administer the program cannot exceed 25% of total cost (admin and indirect combined). This limitation for the Historic Preservation Fund is by statute, 54 U.S.C. 302902.
7. Preparation of architectural/engineering plans and specifications not to exceed 20% of the total project cost.
8. Depending on the project, information may be required that will enable the NPS to assess whether the project includes reasonable measures for protection from vandalism or other damage, including measures to protect any monuments, memorials, or other statues. This may include, as applicable, a certification that the grant recipient will implement reasonable measures to protect the project site.
9. Historic Preservation Fund Easement Requirement: Section 54 USC 302902 (b)(1)(c) of the National Historic Preservation Act requires that Historic Preservation Fund grantees agree to assume, after the completion of the project, the total cost of continued maintenance, repair and administration of the grant-assisted property in a manner satisfactory to the Secretary of the Interior. Accordingly, recipients awarded funds for the

physical preservation of a historic site shall sign a Preservation Covenant/Easement with the State Historic Preservation Officer (SHPO) in which the site is located or with a nonprofit preservation organization acceptable and approved in writing by the NPS.

A draft covenant/easement must be submitted to the NPS for review within one calendar year of the date a grant agreement is signed. Following the completion of all grant-assisted work, the preservation covenant/easement must document the grant-assisted condition of the site and the character defining features. The covenant/easement must then be executed by registering it with the deed of the property. A certified copy of the executed covenant/easement must be submitted to the NPS prior to the end of the award period of performance.

The term of the preservation covenant/easement is dependent on the amount of assistance the historic property receives from this opportunity:

- a. If the historic property is not currently protected by a preservation covenant/easement, a preservation covenant/easement must be executed for a term as given in the table below per the amount of funding awarded.
- b. If the historic property is currently subject to a preservation covenant/easement that meets the minimum federal preservation requirements, an extension must be executed for an additional duration to meet the requirements of the new funding awarded. Required term is identified in the table below. For example, if a property had 10 years remaining on a previous 20-year easement, and receives \$300,000 in HPF funding, an amendment to add 15 years would be required.
- c. If the historic property is currently protected by a perpetual or other preservation covenant/easement that meets or exceeds the requirements of this grant program as determined by the NPS, no additional duration or restrictions are necessary.

Amount of Federal Assistance Awarded	Covenant/Easement Term Requirement
\$1-\$50,000	5-year minimum preservation agreement; a covenant/easement amending the deed is not required
\$50,001 - \$250,000	10-year minimum preservation covenant/easement
\$250,001 - \$500,000	15-year minimum preservation covenant/easement
\$500,001- \$750,000	20-year minimum preservation covenant/easement
\$750,001+	25-year minimum preservation covenant/easement

Excluded Parties: NPS conducts a review of the SAM.gov Exclusions database for all applicant entities and their key project personnel prior to award. The NPS cannot award funds to entities or their key project personnel identified in the SAM.gov Exclusions database as ineligible, prohibited/restricted or otherwise excluded from receiving Federal contracts, certain subcontracts, and certain Federal assistance and benefits, as their ineligibility condition applies to this Federal program.

Properties or collections owned by the NPS are not eligible for funding.

Conflict of Interest Disclosure

Per the Financial Assistance Interior Regulation (FAIR), [2 CFR §1402.112](#), applicants must state in their application if any actual or potential conflict of interest exists at the time of submission.

(a) Applicability.

(1) This section intends to ensure that non-Federal entities and their employees take appropriate steps to avoid conflicts of interest in their responsibilities under or with respect to Federal financial assistance agreements.

(2) In the procurement of supplies, equipment, construction, and services by recipients and by subrecipients, the conflict of interest provisions in 2 CFR 200.318 apply.

(b) Notification.

(1) Non-Federal entities, including applicants for financial assistance awards, must disclose in writing any conflict of interest to the DOI awarding agency or pass-through entity in accordance with 2 CFR 200.112.

(2) Recipients must establish internal controls that include, at a minimum, procedures to identify, disclose, and mitigate or eliminate identified conflicts of interest. The recipient is responsible for notifying the Financial Assistance Officer in writing of any conflicts of interest that may arise during the life of the award, including those that have been reported by subrecipients.

(c) Restrictions on lobbying. Non-Federal entities are strictly prohibited from using funds under a grant or cooperative agreement for lobbying activities and must provide the required certifications and disclosures pursuant to 43 CFR part 18 and 31 U.S.C. 1352.

(d) Review procedures. The Financial Assistance Officer will examine each conflict of interest disclosure on the basis of its particular facts and the nature of the proposed grant or cooperative agreement, and will determine whether a significant potential conflict exists and, if it does, develop an appropriate means for resolving it.

(e) Enforcement. Failure to resolve conflicts of interest in a manner that satisfies the government may be cause for termination of the award. Failure to make required disclosures may result in

any of the remedies described in 2 CFR 200.338, Remedies for noncompliance, including suspension or debarment (see also 2 CFR part 180).

Single Audit Reporting Statement

All U.S. states, local governments, federally recognized Indian tribal governments, and non-profit organizations expending \$750,000 USD or more in Federal award funds in the applicant's fiscal year must submit a Single Audit report for that year through the [Federal Audit Clearinghouse's Internet Data Entry System](#). U.S. state, local government, federally recognized Indian tribal government, and non-profit applicants must state if your organization was or was not required to submit a Single Audit report for the most recently closed fiscal year. If your organization was required to submit a Single Audit report for the most recently closed fiscal year, provide the EIN associated with that report and state if it is available through the [Federal Audit Clearinghouse](#) website.

Certification Regarding Lobbying

Applicants requesting more than \$100,000 in Federal funding must certify to the statements in [43 CFR Part 18, Appendix A-Certification Regarding Lobbying](#). If this application requests more than \$100,000 in Federal funds, the Authorized Official's signature on the appropriate SF-424, Application for Federal Assistance form also represents the entity's certification of the statements in 43 CFR Part 18, Appendix A.

Overlap or Duplication of Effort Statement

Applicants must provide a statement indicating if there is any overlap between this Federal application and any other Federal application, or funded project, in regards to activities, costs, or time commitment of key personnel. If no such overlap or duplication exists, state, "There are no overlaps or duplication between this application and any of our other Federal applications or funded projects, including in regards to activities, costs, or time commitment of key personnel". If any such overlap exists, provide a complete description of overlaps or duplications between this proposal and any other federally funded project or application in regards to activities, costs, and time commitment of key personnel, as applicable. Provide a copy of any overlapping or duplicative proposal submitted to any other potential funding entity and identify when that proposal was submitted, to whom (entity name and program), and when you anticipate being notified of their funding decision. The statement and the description of overlap or duplication, when applicable, may be provided within the proposal or as a separate attachment to the application. If at any time a proposal is awarded funds that would be overlapping or duplicative of the funding requested from NPS, the applicant must immediately notify the NPS point of contact. Any overlap or duplication of funding between the proposed project and other active or anticipated projects may impact selection and/or funding amount.

D3. Unique Entity Identifier and System for Award Management (SAM)

Identifier and System for Award Management (SAM.gov) Registration: This requirement does not apply to individuals applying for funds as individual (i.e., unrelated to any business or nonprofit organization you may own or operate) or any entity with an exception approved by the funding bureau or office in accordance with bureau or office policy. All other applicants are required to obtain a Data Universal Numbering System (DUNS) number from Dun & Bradstreet and then register in SAM.gov prior to submitting a Federal award application. Federal award

recipients must continue to maintain an active SAM.gov registration with current information through the life of their Federal award(s). See the “Submission Requirements” section of this document below for more information on SAM.gov registration. We may not make a Federal award to an applicant that has not completed the SAM.gov registration. If an applicant selected for funding has not completed their SAM.gov registration by the time the program is ready to make an award, the program may determine that the applicant is not qualified to receive an award. The program can use that determination as a basis for making an award to another applicant. **There is no cost to register with Dun & Bradstreet or SAM.gov.** There are third-party vendors who will charge a fee in exchange for registering entities with Dun & Bradstreet and SAM.gov; **please be aware you can register and request help for free.**

Obtain a DUNS Number

Request a DUNS Number through the Dun & Bradstreet website. For technical difficulties, send an email to the D&B SAM Help Desk. Please ensure that you are able to receive emails from SAMHelp@dnb.com. The Grants.gov “Obtain a DUNS Number” webpage also provides detailed instructions. Once assigned a DUNS number, your organization must maintain up-to-date information with Dun & Bradstreet. Applicants must enter their DUNS number in the “Organizational DUNS” field on the SF-424, Application for Federal Assistance form.

Register with the System for Award Management (SAM)

Register on the SAM.gov website. “Help” tab on the website contains User Guides and other information to assist you with registration. The Grants.gov Register with SAM page also provides detailed instructions. You can also contact the supporting Federal Service Desk for help registering in SAM. Once registered in SAM, entities must renew and revalidate their SAM registration at least once every 12 months from the date previously registered. Entities are strongly encouraged to revalidate their registration as often as needed to ensure their information is up to date and reflects changes that may have been to the entity’s DUNS or IRS information.

D4. Submission Dates and Times

Due Date for Applications

12/15/2020

Application Due Date Explanation

Electronically submitted applications must be submitted no later than 11:59 PM, ET on the listed application due date.

D5. Intergovernmental Review

Prior to application submission, U.S. state and local government applicants should visit the [OMB Office of Federal Financial Management website](#) and view the “State Point of Contact (SPOC) List” to determine whether their application is subject to the state intergovernmental review process under Executive Order (E.O.) 12372 “Intergovernmental Review of Federal Programs.” States not on the list do not participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within a State that does not have a SPOC, you may send application materials directly to a Federal awarding agency. If your state is on the list, contact the

designated entity for more information on the state's prior review requirements for Federal assistance applications.

D6. Funding Restrictions

The Federal awarding agency that provides the largest amount of direct funding to your organization is your cognizant agency for indirect costs, unless otherwise assigned by the White House Office of Management and Budget (OMB). If the Department of the Interior is your organization's cognizant agency, the Interior Business Center will negotiate your indirect cost rate. Contact the Interior Business Center by phone 916-930-3803 or using the [IBC Email Submission Form](#). See the [IBC Website](#) for more information.

Organizations must have an active Federal award before they can submit an indirect cost rate proposal to their cognizant agency. Failure to establish an approved rate during the award period renders all costs otherwise allocable as indirect costs unallowable under the award. Recipients must have prior written approval from the Service to use amounts budgeted for direct costs to satisfy cost-share or match requirements or to cover unallowable indirect costs. Recipients shall not shift unallowable indirect costs to another Federal award unless specifically authorized to do so by legislation.

Required Indirect Cost Statement to be submitted with Application

All organizations must include the applicable statement from the following list in their application, and attach to their application any documentation identified in the applicable statement:

We are:

- A U.S. state or local government entity receiving more than \$35 million in direct Federal funding each year with an indirect cost rate of [insert rate]. We submit our indirect cost rate proposals to our cognizant agency. Attached is a copy of our most recently approved rate agreement/certification.
- A U.S. state or local government entity receiving less than \$35 million in direct Federal funding with an indirect cost rate of [insert rate]. We have prepared and will retain for audit an indirect cost rate proposal and related documentation.
- A [insert your organization type; U.S. states and local governments, do not use this statement] that has previously negotiated or currently has an approved indirect cost rate with our cognizant agency. Our indirect cost rate is [insert rate]. [Insert either: "Attached is a copy of our most recently approved but expired rate agreement. In the event an award is made, we will submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after the award is made." *or* "Attached is a copy of our current negotiated indirect cost rate agreement."]
- A [insert your organization type] that has never submitted an indirect cost rate proposal to our cognizant agency. Our indirect cost rate is [insert rate]. If we receive an award, we will submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after the award date.

- A [insert your organization type] that has never submitted an indirect cost rate proposal to our cognizant agency and has an indirect cost rate that is lower than 10%. Our indirect cost rate is [insert rate; must be lower than 10%]. However, if we receive an award we will not be able to meet the requirement to submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after award. We request as a condition of award to charge a flat indirect cost rate of [insert rate; must be lower than 10%] against [insert a clear description of the direct cost base against which your rate is charged (e.g., salaries; salaries and fringe benefits; or modified total direct costs). However, please note that your organization cannot charge indirect costs in excess of the indirect costs that would be recovered if applied against modified total direct costs as defined in [2 CFR 200.68](#)]. We understand that we must notify the Service in writing if we establish an approved rate with our cognizant agency at any point during the award period.
- A [insert your organization type] that has never submitted an indirect cost rate proposal to our cognizant agency and has an indirect cost rate that is 10% or higher. Our indirect cost rate is [insert your organization's indirect rate; must be 10% or higher]. However, if we receive an award we will not be able to meet the requirement to submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after award. We request as a condition of award to charge a flat *de minimis* indirect cost rate of 10% to be charged against modified total direct project costs as defined in [2 CFR 200.68](#). We understand that we must notify the Service in writing if we establish a negotiated rate with our cognizant agency at any point during the award period. We understand that additional Federal funds may not be available to support an unexpected increase in indirect costs during the project period and that such changes are subject to review, negotiation, and prior approval by the Service.
- A [insert your organization type] that is submitting this proposal for consideration under the "Cooperative Ecosystem Studies Unit Network", which has a Department of the Interior-approved indirect cost rate cap of 17.5%. If we have an approved indirect cost rate with our cognizant agency, we understand that we must apply this reduced rate against the same direct cost base as identified in our approved indirect cost rate agreement per [2 CFR 1402.414](#). If we do not have an approved indirect cost rate with our cognizant agency, we understand that we must charge indirect costs against the modified total direct cost base defined in 2 CFR 200.68 "Modified Total Direct Cost (MTDC)". We understand that we must request prior approval from the Service to use the 2 CFR 200 MTDC base instead of the base identified in our approved indirect cost rate agreement. We understand that Service approval of such a request will be based on: 1) a determination that our approved base is only a subset of the MTDC (such as salaries and wages); and 2) that use of the MTDC base will still result in a reduction of the total indirect costs to be charged to the award. In accordance with 2 CFR 200.405, we understand that indirect costs not recovered due to a voluntary reduction to our federally negotiated rate are not allowable for recovery via any other means.
- A [insert your organization type] that will charge all costs directly.
- If your proposed budget includes indirect costs, the rate as proposed must meet the requirements of 2 CFR Part 200, Section 200.414 and 2 CFR Part 200, Appendix III through Appendix VII as applicable. A negotiated indirect cost rate agreement must be provided with your proposal.

- If selecting use of 10% de minimis rate, a De Minimis Indirect Cost Rate Certification must be submitted.
- If your proposed budget includes indirect costs, please submit either:
 - Your organization's Indirect Cost Rate Negotiation Agreement, or
 - DeMinimis Indirect Cost Rate Certification.
- Indirect and direct administrative costs may not exceed 25% of the total project budget as defined in 54 USC 301 et seq.
- Proposals that fail to document their indirect costs will have those costs disallowed.

Department of the Interior Priorities	Please connect your project to at least one of the following Department of the Interior (DOI) priorities: • Modernizing our infrastructure; or • Restore trust and be a good neighbor.

E2. Review and Selection Process

Prior to award, the program will review any applicant statement regarding potential overlap or duplication between the project to be funded and any other funded or proposed project in terms of activities, funding, or time commitment of key personnel. Depending on the circumstances, the program may request modification to the application, other pending applications, or an active award, as needed to eliminate any duplication of effort, or the Bureau may choose not to fund the selected project.

The program may not make a Federal award to an applicant that has not completed the SAM.gov registration. If an applicant selected for funding has not completed their SAM.gov registration by the time the Bureau is ready to make an award, the program may determine that the applicant is not qualified to receive an award. The program can use that determination as a basis for making an award to another applicant.

Prior to award, the program will evaluate the risk posed by applicants as required in 2 CFR 200.205. Programs document applicant risk evaluations using the Bureau's "Financial Assistance Recipient Risk Assessment" form. Prior to approving awards for Federal funding in excess of the simplified acquisition threshold (currently \$250,000), the Bureau is required to review and consider any information about or from the applicant found in the Federal Awardee Performance and Integrity Information System. The Bureau will consider this information when completing the risk review. The Bureau uses the results of the risk evaluation to establish monitoring plans, recipient reporting frequency requirements, and to determine if one or more of the specific award conditions in 2 CFR 200.207 should be applied the award.

NPS personnel, and in some cases independent federal expert reviewers, will review all proposals. All proposals for funding will be considered using the criteria outlined above. A summary of the review panel comments may be provided to the applicant if requested.

a. Initial Review

Prior to conducting the comprehensive merit review, an initial review will be performed to determine whether: (1) the applicant is eligible for an award; (2) the information required by the NOFO has been submitted; (3) all mandatory requirements of the NOFO are satisfied; and (4) the proposed project is responsive to the program objectives of the NOFO (program determination). If an applicant fails to meet the requirements or objectives of the NOFO, or does not provide sufficient information for review, the applicant will be considered non-responsive and eliminated from further review.

b. Comprehensive Merit Review

All applications that satisfactorily pass the initial review will be eligible for the Comprehensive Merit Review. Each criteria element will be scored with the following **suggested** range:

Description					
Criterion 1	Criterion 2	Criterion 3	Criterion 4	Criterion 5	
20	20	25	25	10	Superior
16	16	20	20	8	Good
12	12	15	15	6	Satisfactory
8	8	10	10	4	Marginal
4	4	5	5	2	Poor
0	0	0	0	0	Not Acceptable

The scoring of each criterion must be based on the strengths and weaknesses of the application materials. To assist in assigning an appropriate score, the following will be used as guidance:

Rating	Descriptive Statement
Superior	Applicant fully addresses all aspects of the criterion, convincingly demonstrates that it will meet the Government's performance requirements, and demonstrates no weaknesses.
Good	Applicant fully addresses all aspects of the criterion, convincingly demonstrates a likelihood of meeting the Government's requirements, and demonstrates only a few minor weaknesses.
Satisfactory	Applicant addresses all aspects of the criterion and demonstrates the ability to meet the Government's performance requirements. The Application contains weaknesses and/or a number of minor weaknesses.
Marginal	Applicant addresses all aspects of the criterion and demonstrates the ability to meet the Government's performance requirements. The Application contains significant weaknesses and/or a significant number of minor weaknesses.
Poor	Applicant addresses some aspects of the criterion and demonstrates some doubt in the likelihood of successfully meeting the Government's requirements. Significant weaknesses are demonstrated and clearly outweigh any strength presented.
Not Acceptable	Applicant does not address all aspects of the criterion and the information presented indicates a strong likelihood of failure to meet the Government's requirements.

c. Selection

The Selection Official may consider the merit review recommendation, program policy factors (list any specific policy factors and/or important criteria to be noted by the applicant while preparing their submission – example “property must be located in a Historic District/on National Park managed land”, preference regarding geographic diversity regarding applicant selection, etc.), and the amount of funds available to select applications for funding.

d. Discussions and Award

The Government may enter into discussions with a selected applicant for any reason deemed necessary, including, but not limited to: (1) only a portion of the application is selected for award; (2) the Government needs additional information to determine that the applicant is capable of complying with the requirements of DOI Financial Assistance Regulations, and/or (3) additional specific terms and conditions are required. Failure to satisfactorily resolve the issues identified by the Government may preclude award to the applicant.

E3. CFR – Regulatory Information

See the [National Park Service's](#) Award Terms and Conditions for the general administrative and national policy requirements applicable to Service awards. The Service will communicate any other program- or project-specific special terms and conditions to recipients in their notices of award.

E4. Anticipated Announcement and Federal Award Dates

Upon being selected for the award, successful applicants will receive notification of the selection of their application for funding. NPS anticipates funding notifications to the applicants selected for award around 6 months following the application deadline. A notice of selection is not an authorization to begin performance on an agreement. This notice will detail the next steps in the awarding process. Once all clearances and reviews have been conducted, a grant agreement will be sent for signature.

The non-Federal Entity's proposal, including all representations of capability, proposed approaches (including those of subgrantees), and other specific undertakings upon which the non-Federal Entity was evaluated (see Section E), also shall form the basis of award. Accordingly, these are terms and conditions (see below) for which the non-Federal Entity will be held responsible.

Work cannot begin before the non-Federal entity receives a fully executed copy of the grant agreement which contains the signature of the Financial Assistance Awarding Officer. Any pre-award costs incurred prior to the receipt of a signed agreement or written notice signed by a Financial Assistance Awarding Officer authorizing pre-award costs, is at the applicant's own risk. A grant agreement signed by a Financial Assistance Awarding Officer is the only authorizing document to begin performance.

Organizations whose applications have not been selected will be advised as promptly as possible.

F2. Administrative and National Policy Requirements

See the "[DOI Standard Terms and Conditions](#)" for the administrative and national policy requirements applicable to DOI awards.

Data Availability

Per the Financial Assistance Interior Regulation (FAIR), [2 CFR §1402.315](#):

(a) All data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, valuation products or other scientific assessments in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual, resulting from a financial assistance agreement is available for use by the Department of the Interior, including being available in a manner that is sufficient for independent verification.

(b) The Federal Government has the right to:

(1) Obtain, reproduce, publish, or otherwise use the data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, or other scientific assessments, produced under a Federal award; and

(2) Authorize others to receive, reproduce, publish, or otherwise use such data, methodology, factual inputs, models, analyses, technical information, reports, conclusions, or other scientific assessments, for Federal purposes, including to allow for meaningful third-party evaluation.

F3. Reporting

Financial Reports

All recipients must use the [SF-425, Federal Financial Report](#) form for financial reporting. At a minimum, all recipients must submit a **final** financial report. Final reports are due no later than 90 calendar days after the award period of performance end date or termination date. For awards with periods of performance longer than 12 months, recipients are required to submit **interim** financial reports on the frequency established in the Notice of Award. The only exception to the interim financial reporting requirement is if the recipient is required to use the SF 270/271 to request payment and requests payment at least once annually through the entire award period of performance. We will describe all financial reporting requirements in the Notice of Award.

Performance Reports

Performance reports must contain a comparison of actual accomplishments with the established goals and objectives of the award; a description of reasons why established goals were not met, if appropriate; and any other pertinent information relevant to the project results. Final reports are due no later than 90 calendar days after the award period of performance end date or termination date. For awards with periods of performance longer than 12 months, recipients are required to submit **interim** financial reports on the frequency established in the Notice of Award.

Significant Development Reports

Events may occur between the scheduled performance reporting dates which have significant impact upon the supported activity. In such cases, recipients are required to notify the Bureau in writing as soon as the recipient becomes aware of any problems, delays, or adverse conditions that will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of any corrective action(s) taken or contemplated, and any assistance needed to resolve the situation. The recipient should also notify the Service in writing of any favorable developments that enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

Real Property Reports

Recipients and subrecipients are required to submit status reports on the status of real property acquired under the award in which the Federal government retains an interest. The required frequency of these reports will depend on the anticipated length of the Federal interest period. The Bureau will include recipient-specific real property reporting requirements, including the required data elements, reporting frequency, and report due dates, in the Notice of Award when applicable.

Conflict of Interest Disclosures

Recipients must notify the program immediately in writing of any conflict of interest that arise during the life of their Federal award, including those reported to them by any subrecipient under the award. Recipients must notify the program in writing if any employees, including subrecipient and contractor personnel, are related to, married to, or have a close personal relationship with any Federal employee in the Federal funding program or who otherwise may have been involved in the review and selection of the award. The term employee means any individual engaged in the performance of work pursuant to the Federal award. Recipients may not have a former Federal employee as a key project official, or in any other substantial role related to their award, whose participation put them out of compliance with the legal authorities addressing post-Government employment restrictions. See the [U.S. Office of Government Ethics](#)

[website](#) for more information on these restrictions. The Service will examine each conflict of interest disclosure based on its particular facts and the nature of the project and will determine if a significant potential conflict exists. If it does, the Service will work with the recipient to determine an appropriate resolution. Failure to disclose and resolve conflicts of interest in a manner that satisfies the Service may result in any of the remedies described in 2 CFR 200.338 Remedies for Noncompliance, including termination of the award.

Other Mandatory Disclosures

The Non-Federal entity or applicant for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Non-Federal entities that receive a Federal award including the terms and conditions outlined in 2 CFR 200, Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters are required to report certain civil, criminal, or administrative proceedings to SAM. Failure to make required disclosures can result in any of the remedies described in 2 CFR 200.338 Remedies for Noncompliance, including suspension or debarment.

Reporting Matters Related to Recipient Integrity and Performance

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings in accordance with Appendix XII to 2 CFR 200.
