C. OTHER INFORMATION

1. Application Screening Criteria

You should use the checklist below as a guide when preparing your application package to ensure that the application has met all of the screening criteria. Note that this checklist is only an aid for applicants and should not be included in the application package. We will consider only one application from each organization. If we receive multiple applications from the same organization, we will consider only the most recently received application that met the deadline. If the most recent application is disqualified for any reason, we will not replace it with an earlier application.

3. Eligible Participants

The intent of this FOA is to fund projects that provide education/training services to low and medium skill and/or low and medium income individuals to help them pursue or advance in full- time employment within the grant period of performance. You must propose a project that primarily focuses on providing services to workers in one or more of the following three targeted categories: unemployed workers, dislocated workers, and incumbent workers. Within these categories, you may serve a wide range of individuals, such as individuals receiving public assistance, high school dropouts, individuals with disabilities, veterans, Indian and Native Americans, and individuals with Limited English Proficiency. These three targeted categories of workers are defined as follows:

- i. Unemployed workers: For the purposes of this FOA, we define “unemployed worker” as an individual who is without a job and who wants and is available to work. This can include the long-term unemployed, such as individuals who have been unemployed for six months or more, and youth who have dropped out of school and are seeking their first full-time job.
- ii. Dislocated workers: For the purposes of this FOA, this term refers to individuals who were terminated or laid-off or have received a notice of termination or lay-off from employment; or were self-employed but are now unemployed.
- iii. Incumbent workers: For the purposes of this FOA, this term refers to individuals who are employed but need training to secure full-time employment, advance in their careers, or retain their current occupations. This includes low-wage and medium-wage workers who need to upgrade their skills to retain employment or advance in their careers, and workers who are currently working part-time.

You may also propose projects that could include some services for individuals who do not fall into one of the three targeted categories listed above, as long as services for these individuals align with the primary intent and focus of the proposed project and support employment within the grant period of performance. While this is permissible, you may only

provide services to a limited number of individuals who do not fall into one of the three targeted categories listed above, and that your project must still primarily focus on providing services to workers in one or more of those three targeted categories.

Veterans' Priority for Participants

38 U.S.C. 4215 requires grantees to provide priority of service to veterans and spouses of certain veterans for the receipt of employment, training, and placement services in any job training program directly funded, in whole or in part, by DOL. The regulations implementing this priority of service are at 20 CFR Part 1010. In circumstances where a grant recipient must choose between two qualified candidates for a service, one of whom is a veteran or eligible spouse, the veterans' priority of service provisions require that the grant recipient give the veteran or eligible spouse priority of service by first providing him or her that service. To obtain priority of service, a veteran or spouse must meet the program's eligibility requirements. Grantees must comply with DOL guidance on veterans' priority. ETA's Training and Employment Guidance Letter (TEGL) No. 10-09 (issued November 10, 2009) provides guidance on implementing priority of service for veterans and eligible spouses in all qualified job training programs funded in whole or in part by DOL. TEGL No. 10-09 is available at <https://www.dol.gov/agencies/eta/advisories/training-and-employment-guidance-letter-no-10-09>.

IV. APPLICATION AND SUBMISSION INFORMATION

A. HOW TO OBTAIN AN APPLICATION PACKAGE

This FOA, found at www.Grants.gov and <https://www.dol.gov/agencies/eta/grants/apply/find-opportunities> contains all of the information and links to forms needed to apply for grant funding.

B. CONTENT AND FORM OF APPLICATION SUBMISSION

Applications submitted in response to this FOA must consist of four separate and distinct parts:

1. SF-424, "Application for Federal Assistance";
2. Project Budget, composed of the SF-424A and Budget Narrative;
3. Project Narrative; and
4. Attachments to the Project Narrative.

You must ensure that the funding amount requested is consistent across all parts and sub-parts of the application.

1. SF-424, "Application for Federal Assistance"

You must complete the SF-424, "Application for Federal Assistance" (available at <https://www.grants.gov/web/grants/forms/sf-424-family.html#sortby=1>).

- In the address field, fill out the nine-digit (plus hyphen) zip code. Nine-digit zip codes can be looked up on the USPS website at <https://tools.usps.com/go/ZipLookupAction!input.action>.

- The organization's legal name on the SF-424 should match its name registered in the System for Award Management at www.sam.gov.
- The SF-424 must clearly identify the applicant and must be signed by an individual with authority to enter into a grant agreement. Upon confirmation of an award, the individual signing the SF-424 on behalf of the applicant is considered the Authorized Representative of the applicant. As stated in block 21 of the SF-424 form, the signature of the Authorized Representative on the SF-424 certifies that the organization is in compliance with the Assurances and Certifications form SF-424B (available at <https://www.grants.gov/web/grants/forms/sf-424-family.html#sortby=1>). You do not need to submit the SF-424B with the application.

In addition, the applicant's Authorized Representative's signature in block 21 of the SF-424 form constitutes assurance by the applicant of compliance with the WIOA 188 rules issued by the Department at 29 CFR 38.25, which includes the following language:

As a condition to the award of financial assistance from the Department of Labor under Title I WIOA, the grant applicant assures that it has the ability to comply fully with the nondiscrimination and equal opportunity provisions of the following laws: Section 188 of the WIOA and its implementing regulations at 29 CFR Part 38, which prohibits discrimination against all individuals in the United States on the basis of race, color, religion, sex (including pregnancy, childbirth, and related medical conditions, transgender status, and gender identity), national origin (including limited English proficiency), age, disability, political affiliation or belief, and against beneficiaries on the basis of either citizenship or status as a lawfully admitted immigrant authorized to work in the United States, or participation in any WIOA Title I—financially assisted program or activity; Title VI of the Civil Rights Act of 1964, as amended, which prohibits discrimination on the bases of race, color, and national origin; Section 504 of the Rehabilitation Act of 1973, as amended, which prohibits discrimination against qualified individuals with disabilities; The Age Discrimination Act of 1975, as amended, which prohibits discrimination on the basis of age; and Title IX of the Education Amendments of 1972, as amended, which prohibits discrimination on the basis of sex in educational programs.

The grant applicant also assures, that as a recipient of WIOA Title I financial assistance [as defined at 29 CFR 38.4(zz)], it will comply with 29 CFR part 38 and all other regulations implementing the laws listed above. This assurance applies to the grant applicant's operation of the WIOA Title I-financially assisted program or activity, and to all agreements the grant applicant makes to carry out the WIOA Title I-financially assisted program or activity. The grant applicant understands that the United States has the right to seek judicial enforcement of this assurance.

a. Requirement for Unique Entity Identifier

All applicants for federal grant funding must have a Unique Entity Identifier (UEI) and must supply their UEI on the SF-424. The UEI is a 12-character (alpha-numeric) code that uniquely identifies all entities. Any entity registering to do business with the government is required to have one. UEIs are issued by SAM.gov and are a part of an entity's record in the Entity Information section of SAM.gov. If you do not have a UEI, you can get one for free at <https://sam.gov>.

Grant recipients authorized to make subawards must meet these requirements related to UEI:

- Grant recipients must notify potential subawardees that no entity may receive a subaward unless the entity has provided its UEI.
- Grant recipients may not make a subaward to an entity unless the entity has provided its UEI.

(See Appendix A to 2 CFR Part 25.)

b. Requirement for Registration with SAM

Applicants must register with the System for Award Management (SAM) before submitting an application. Find instructions for registering with SAM at <https://www.sam.gov>.

A recipient must maintain an active SAM registration with current information at all times during which it has an active federal award or an application under consideration. To remain registered in the SAM database after the initial registration, the applicant is required to review and update the registration at least every 12 months from the date of initial registration or subsequently update its information in the SAM database to ensure it is current, accurate, and complete. For purposes of this paragraph, the applicant is the entity that meets the eligibility criteria and has the legal authority to apply and to receive the award. If an applicant has not fully complied with these requirements by the time the Grant Officer is ready to make a federal award, the Grant Officer may determine that the applicant is not qualified to receive a federal award and use that determination as a basis for making a federal award to another applicant.

2. Project Budget

You must complete the SF-424A Budget Information Form (available at <https://www.grants.gov/web/grants/forms/sf-424-family.html#sortby=1>). In preparing the Budget Information Form, you must provide a concise narrative explanation to support the budget request, explained in detail below.

a. Budget Narrative

The Budget Narrative must provide a description of costs associated with each line item on the SF-424A. The Budget Narrative should also include a section describing any leveraged resources provided (as applicable) to support grant activities. Leveraged resources are all resources, both cash and in-kind, in excess of this award. Valuation of leveraged resources follows the same requirements as match. Applicants are encouraged to leverage resources to increase stakeholder investment in the project and broaden the impact of the project itself.

The Budget Narrative must demonstrate that the cost-per-participant is at or under **\$X,XXX**.

Each category should include the total estimated cost for the period of performance. Use the following guidance for preparing the Budget Narrative.

Personnel: List all staff positions by title (including individuals hired by an employment contract) including the roles and responsibilities. For each position give the annual salary, the percentage of time devoted to the project, and the amount of each position's salary funded by the grant.

Fringe Benefits: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, FICA, retirement, etc.

Travel: For grantee staff only, specify the purpose, number of staff traveling, mileage, per diem, estimated number of in-state and out-of-state trips, and other estimated costs for each type of travel.

Equipment: Identify each item of equipment you expect to purchase that has an estimated acquisition cost of \$5,000 or more per unit (or if your capitalization level is less than \$5,000, use your capitalization level) and a useful lifetime of more than one year (see 2 CFR Part 200.1 for the definition of Equipment). List the item, quantity, and the unit cost per item.

Items with a unit cost of less than \$5,000 are supplies, not “equipment.” In general, we do not permit the purchase of equipment during the last funded year of the grant.

Supplies: Identify the cost of supplies (e.g., general office supplies, desk/chairs, laptops/printers, other specialty items) in the detailed budget per category. Except for general office supplies, list the item, quantity, and the unit cost per item. Supplies include all tangible personal property other than “equipment” (see 2 CFR Part 200.1 for the definition of Supplies).

Contractual: Under the Contractual line item, delineate contracts and subawards separately. Contracts are defined according to 2 CFR Part 200.1 as a legal instrument by which a non-federal entity purchases property or services needed to carry out the project or program under a federal award. A subaward, defined by 2 CFR Part 200.1 means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a federal program.

For each proposed contract and subaward, specify the purpose and activities to be provided, and the estimated cost.

Construction: Construction costs are not allowed and this line must be left as zero. Minor alterations to adjust an existing space for grant activities (such as a classroom alteration) may be allowable. We do not consider this as construction and you must show the costs on other appropriate lines such as Contractual.

Other: Provide clear and specific detail, including costs, for each item so that we are able to determine whether the costs are necessary, reasonable, and allocable. List items, such as stipends or incentives, not covered elsewhere.

Indirect Costs: If you include an amount for indirect costs (through a Negotiated Indirect Cost Rate Agreement or De Minimis) on the SF-424A budget form, then include one of the following:

a) If you have a Negotiated Indirect Cost Rate Agreement (NICRA), provide an explanation of how the indirect costs are calculated. This explanation should include which portion of each line item, along with the associated costs, are included in your cost allocation base. Also, provide a current version of the NICRA.

or

b) If you intend to claim indirect costs using the 10 percent de minimis rate, please confirm that your organization meets the requirements as described in 2 CFR Part 200.414(f). Clearly state that your organization does not have a current negotiated

(including provisional) rate, and is not one described in 2 CFR Part 200, Appendix VII(D)(1)(b).

Applicants choosing to claim indirect costs using the de minimis rate must use Modified Total Direct Costs (see 2 CFR Part 200.1 below for definition) as their cost allocation base. Provide an explanation of which portion of each line item, along with the associated costs, are included in your cost allocation base. Note that there are various items not included in the calculation of Modified Total Direct Costs. See the definitions below to assist you in your calculation.

- **2 CFR Part 200.1 Modified Total Direct Cost (MTDC)** means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000. Other items may be excluded only when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs. The definition of MTDC in 2 CFR Part 200.1 no longer allows any sub-contracts to be included in the calculation. You will also note that participant support costs are not included in modified total direct cost. Participant support costs are defined below.
- **2 CFR Part 200.1 Participant Support Cost** means direct costs for items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with conferences or training projects.

See Section IV.B.4. and Section IV.E.1 for more information. Additionally, the following link contains information regarding the negotiation of Indirect Cost Rates at DOL: <https://www.dol.gov/agencies/oasam/centers-offices/office-of-the-senior-procurement-executive/cost-price-determination-division>.

Note that the SF-424, SF-424A, and Budget Narrative must include the entire federal grant amount requested (not just one year).

Do not show leveraged resources on the SF-424 and SF-424A. You should describe leveraged resources in the Budget Narrative.

Applicants should list the same requested federal grant amount on the SF-424, SF-424A, and Budget Narrative. If minor inconsistencies are found between the budget amounts specified on the SF-424, SF-424A, and the Budget Narrative, ETA will consider the SF-424 the official funding amount requested. However, if the amount specified on the SF-424 would render the application nonresponsive, the Grant Officer will use his or her discretion to determine whether the intended funding request (and match if applicable) is within the responsive range.

3. Project Narrative

The Project Narrative must demonstrate your capability to implement the grant project in accordance with the provisions of this Announcement. It provides a comprehensive framework

and description of all aspects of the proposed project. It must be succinct, self-explanatory, and well-organized so that reviewers can understand the proposed project.

The Project Narrative is limited to _____ double-spaced single-sided 8.5 x 11 inch pages with Times New Roman 12-point text font and 1-inch margins. You must number the Project Narrative beginning with page number 1.

We will not read or consider any materials beyond the specified page limit in the application review process.

The following instructions provide all of the information needed to complete the Project Narrative. Carefully read and consider each section, and include all required information in your Project Narrative. The agency will evaluate the Project Narrative using the evaluation criteria identified in Section V.A. You must use the same section headers identified below for each section of the Project Narrative.

a. Statement of Need (Up to XX Points)

- i. Describe in both quantitative and qualitative terms the need for assistance, including the nature and scope of the problem, and the consequences of not addressing the need. Incorporate demographic data and participant/beneficiary information whenever possible. (Up to XX Points)

b. Expected Outcomes and Outputs (Up to XX Points)

- i. Clearly identify the outcome(s) and output(s) that will result from the project. Outcomes are the measurable results of the project. They are the positive benefits or negative changes or measurable characteristics that occur as a result of project activities or outputs. Outputs are tangible products or services that result from the project. For example, say a community college receives a grant to address a need for more workers in all health-related fields. An outcome of the project is an increase in graduates in health-related fields by 5 percent. An output of the project is the creation of 3 additional courses in health-related fields. (Up to XX Points)

c. Project Design (Up to XX Points)

- i. Propose methods that the project will use to address the stated outcomes and outputs. Outline a plan of action that describes the scope and detail of how the project will accomplish the proposed work and include timelines for completion of work. (Up to XX Points)
- ii. Account for all functions or activities identified in the application. Cite factors that might accelerate or decelerate the work and state the reason for taking the proposed approach rather than other approaches. Identify any potential barriers and describe how the project will be able to overcome those barriers. (Up to XX Points)
- iii. Fully describe that the partnerships in place for the project are comprehensive and provide written commitments from those partners. (Up to XX Points)

d. Third Party Evaluation (Up to XX Points)

- i. Describe the measures, methods, techniques, and tools that will be used to determine whether or not the project achieved its anticipated results. (Up to **XX** Points)
- ii. Include details on how project participants will participate in evaluation activities. Describe how the data will be used to inform program delivery and document the “lessons learned,” both positive and negative, from the project that will be useful to people interested in replicating the project, if it proves successful. A party external to the project and/or organization must conduct such evaluations of the project. (Up to **XX** Points)

e. Organizational, Administrative, and Fiscal Capacity (up to **XX Points)**

Provide information on:

- i. How the applicant will manage and staff the project. Describe how staff, organizational experience, and management contribute to the ability of the applicant to conduct the project and its requirements and meet program expectations. (Up to **XX** Points)
- ii. Describe the applicant’s fiscal and administrative controls in place to manage federal funds. Include the applicant’s capability to sustain some or all project activities after federal financial assistance has ended. (Up to **XX** Points)

f. Past Performance – Programmatic Capability (Up to **XX Points)**

Organizations will receive points based on past performance data. Applicants must use the information below and provide the applicable past performance information. There are different instructions depending on your past grant experience. Applicants must use the below information to determine which instructions are applicable to their organization.

Applicants who have completed a **XXX grant award within the past five years are required to use the following:**

Applicants that have completed a **XXX** grant award from the Department will receive points based on past performance demonstrated by the Quarterly Performance Report **XXX** and Quarterly Financial Report (ETA-9130). The information below must be provided in a Past Performance Chart as an attachment to the Project Narrative.

Applicants who have completed an ETA agreement but not a **XXX grant award are required to use the following:**

Applicants that have completed an ETA agreement within the last five years of the closing date of this Announcement must submit past performance for their ETA agreement. The information below must be provided in a Past Performance Chart as an attachment to the Project Narrative.

Applicants that have only completed non-ETA assistance agreements (federal or non-federal grants and cooperative agreements but not federal contracts):

Applicants that have completed a federally and/or non-federally funded assistance agreement similar in size, scope, and relevance to the proposed project within the last five years of the closing date of this Announcement must provide the information below. The information must be provided in a Past Performance Chart as an attachment to the Project Narrative.

Performance Chart

The Past Performance Chart must include the following information:

- Grantor name and contact information
- Project information/grant objectives
- Performance goals and spending rate analysis

Below is a sample format for the Past Performance Chart. For non-ETA grants, the chart must be signed by the grantor or a letter must be provided from the grantor verifying the past performance data. This letter must be on grantor letterhead and contain contact information for the grantor.

(1) Performance Goals:

The Past Performance Chart must include the overall objectives of the grant, population served, funding amount and grantor contact information. The chart must detail **XXX** significant performance goals and the outcomes of those goals in order to demonstrate if and how the applicant successfully completed and managed the agreement.

Applicants should use the performance indicators most similar to:

- i. **employment/education placement,**
- ii. **credential/degree attainment,**
- iii. **literacy/numeracy gains, and**
- iv. **retention in education or employment.**

ETA views the above indicators as the most critical to demonstrating that the applicant's past success in a similar program has prepared its organization to succeed in operating a **XXX** project. Applicants may substitute a different indicator if the substituted indicator is applicable to the outcomes required in this FOA.

In the chart, applicants must identify the performance indicators, the goals, and the outcomes. Data for each performance indicator must be displayed as both a fraction (i.e., the numerator equal to the number of program participants who achieved the identified indicator (Outcome) and the denominator equal to the total program participants expected to achieve the identified indicator (Goal) and a percentage.

DOL reserves the right to disqualify indicators that are determined not to be sufficiently similar to the indicators above and award zero points for non-qualifying indicators.

Applicants will receive points based on past performance demonstrated in the performance chart as follows:

- Applicants that exceeded both of the performance goals for their most recently completed grant will receive **XX** points for this subsection.
- Applicants that met one performance goal and exceeded one performance goal for their most recently completed grant will receive **XX** points for this subsection.

- Applicants that met both of the performance goals for their most recently completed grant will receive **XX** points for this subsection.
- Applicants that met one performance goal but did not meet the other performance goal for their most recently completed grant will receive **XX** points for this subsection.
- Applicants that did not meet either performance goal for their most recently completed grant will receive 0 points for this subsection.

(2) Spending Rate Analysis:

Applicants must submit, as part of the chart of past performance described above, the total grant amount and the percentage of grant funds spent during the original period of performance for their grant specified above. Applicants will receive points for their spending rate, as demonstrated in the chart they provide, as follows:

- Applicants that expended at least 98 percent of the grant funds for their most recently completed grant will receive **XX** points.
- Applicants that expended at least 90 percent but less than 98 percent of the grant funds for their most recently completed grant will receive **XX** points.
- Applicants that expended at least 80 percent but less than 90 percent of the grant funds for their most recently completed grant will receive **XX** points.
- Applicants that expended less than 80 percent of the grant funds for their most recently completed grant will receive 0 points.

g. Budget and Budget Narrative (Up to XX Points)

The Budget and Budget Narrative will be used to evaluate this section. Please see Section IV.B.2 for information on the requirements. The Budget and Budget Narrative do not count against the page limit requirements for the Project Narrative.

- i. The extent the proposed expenditures will address all project requirements, and whether key personnel have adequate time devoted to the project to achieve project results. (Up to XX points)
- ii. The extent to which the budget narrative provides a description of costs associated with each line item on the SF-424A, and includes the cost-per-participant. It should also include a complete description of leveraged resources provided (as applicable) to support grant activities. (Up to XX points)
- iii. Whether or not the totals on the SF-424A and the Budget Narrative align. (XX points or no points)

4. Attachments to the Project Narrative

In addition to the Project Narrative, you must submit attachments. You must clearly label all attachments. We will exclude only those attachments listed below from the page limit. The Budget and Budget Narrative do not count against the page limit requirements for the Project Narrative.

You must not include additional materials such as resumés or general letters of support. You must submit your application in one package because documents received separately will be tracked separately and will not be attached to the application for review.

Save all files with descriptive file names of 50 characters or fewer and use only standard characters in file names: A-Z, a-z, 0-9, and underscore (_). File names may not include special characters (e.g. &, -, *, %, /, #), periods (.), blank spaces, or accent marks, and must be unique (e.g., no other attachment may have the same file name). You may use an underscore (example: My_Attached_File.pdf) to separate a file name.

a. Required Attachments

- (1) Abstract

You must submit an up to two-page abstract summarizing the proposed project including, but not limited to, the scope of the project and proposed outcomes. Omission of the abstract will not result in your application being disqualified; the lack of the required information in the abstract, however, may impact scoring. See III.C.1 for a list of items that will result in the disqualification of your application. Should you be selected for an award, the information provided in your abstract may be published to a public facing website as a summary of your project. The abstract must include the following:

- the applicant’s name
- the project title
- the project purpose
- a description of the area to be served
- population being served/intended beneficiaries
- the number of participants to be served and expected outcomes
- the funding level requested
- the total cost-per-participant
- subrecipient activities, if applicable
- [Insert other required items here.]; and
- activities to be performed

b. Requested Attachments

We request the following attachments, but their omission will not cause us to disqualify the application. The omission of the attachment will, however, impact scoring unless otherwise noted.

(1) Past Performance Documentation

This attachment must include both the Chart of Past Performance and the Grantor Verification Letter (if the chart is not signed by the Grantor).

See Section **IV.B.3.f)** for which applicants are to submit this documentation and additional instructions.

These documents must be uploaded as an attachment to the application package and labeled “Past Performance.”

(2) Letters of Commitment or MOUs

Submit signed and dated Letters of Commitment or Memoranda of Understanding between the applicant and partner organizations and/or sub-grantees that propose to provide services to support the program model and lead to the identified outcomes. See Section **IV.B.3.)**

These letters must be uploaded as an attachment to the application package and labeled “Letters of Commitment.”

(3) Indirect Cost Rate Agreement

If you are requesting indirect costs based on a Negotiated Indirect Cost Rate Agreement approved by your federal Cognizant Agency, then attach the most recently approved Agreement. (For more information, see Section IV.B.2. and Section IV.E.1.) This attachment does not impact scoring of the application.

This document must be uploaded as an attachment to the application package and labeled “NICRA.”

(4) Financial System Risk Assessment Information

All applicants are requested to submit Funding Opportunity Announcement Financial System Risk Assessment Information. See Section V.B.2 for a sample template and additional instructions. This attachment does not impact the scoring of the application.

C. SUBMISSION DATE, TIME, PROCESS AND ADDRESS

Due Date for Applications:

April 17, 2023

You must submit your application electronically on <https://www.grants.gov> **no later than 11:59 p.m. Eastern Time on the closing date.**

Applicants are encouraged to submit their application before the closing date to minimize the risk of late receipt. We will not review applications received after 11:59 p.m. Eastern Time on the closing date. We will not accept applications sent by hard-copy, e-mail, telegram, or facsimile (FAX).

1. Hardcopy Submission

No applications submitted in hardcopy by mail or hand delivery (including overnight delivery) will be accepted for this funding opportunity.

2. Electronic Submission through Grants.gov

Applicants submitting applications must ensure successful submission **no later than 11:59 p.m. Eastern Time on the closing date.** Grants.gov will subsequently validate the application.

The process can be complicated and time-consuming. We strongly advise you to initiate the process as soon as possible and to plan for time to resolve technical problems. Note that validation does not mean that your application has been accepted as complete or has been accepted for review by the agency. Rather, grants.gov verifies only the submission of certain parts of an application.

a. How to Register to Apply through Grants.gov

Read through the registration process carefully before registering. These steps may take as long as four weeks to complete, and this time should be factored into plans for timely electronic submission in order to avoid unexpected delays that could result in the rejection of an application.

Applicants must follow the online instructions for registration at <https://www.grants.gov/web/grants/applicants/organization-registration.html>. We recommend that you prepare the information requested before beginning the registration process. Reviewing and assembling required information before beginning the registration process will alleviate last-minute searches for required information and save time.

An application submitted through Grants.gov constitutes a submission as an electronically signed application. The registration and account creation with Grants.gov, with E-Biz Point of Contact (POC) approval, establishes an Agency Organizational Representative (AOR). When an application is submitted through Grants.gov, the name of the AOR who submitted the application is inserted into the signature line of the application, serving as the electronic signature. The E-Biz POC must authorize the individual who is able to make legally binding commitments on behalf of your organization as the AOR; this step is often missed and it is crucial for valid submissions.

b. How to Submit an Application to DOL via Grants.gov

Grants.gov applicants can apply online using Workspace. Workspace is a shared online environment where members of a grant team may simultaneously access and edit different webforms within an application. For a complete workspace overview, refer to <https://www.grants.gov/web/grants/applicants/workspace-overview.html>. For access to complete instructions on how to apply for opportunities, refer to <https://www.grants.gov/web/grants/applicants/apply-for-grants.html>.

When a registered applicant submits an application with Grants.gov, an electronic time stamp is generated within the system when the application is successfully received by Grants.gov. Grants.gov will send the applicant AOR an email acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) with the successful transmission of the application, serving as proof of timely submission. The applicant will receive two email messages to provide the status of the application's progress through the system.

- The first email will contain a tracking number and will confirm receipt of the application by Grants.gov.
- The second email will indicate the application has either been successfully validated or has been rejected due to errors.

Grants.gov will **reject applications if the applicant's registration in SAM is expired. Only applications that have been successfully submitted by the deadline and later successfully validated will be considered.** It is your responsibility to ensure a timely submission. While it is not required that an application be successfully validated before the deadline for submission, it is prudent to reserve time before the deadline in case it is necessary to resubmit an application that has not been successfully validated. Therefore, enough time should be allotted for submission (24-48 hours) and, if applicable, additional time to address errors and receive validation upon resubmission (an additional two business days for each ensuing submission). It is important to note that if enough time is not allotted and a rejection notice is received after the due date and time, DOL will not consider the application.

To ensure consideration, the components of the application must be saved as .doc, .docx, .xls, .xlsx, .rtf or .pdf files. If submitted in any other format, the applicant bears the risk that compatibility or other issues will prevent DOL from considering the application. We will attempt to open the document, but will not take any additional measures in the event of problems with opening.

We strongly advise applicants to use the various tools and documents, including FAQs, which are available on the “Applicant Resources” page at <https://www.grants.gov/web/grants/applicants/applicant-faqs.html>.

We encourage new prospective applicants to view the online tutorial, “Grant Applications 101: A Plain English Guide to ETA Competitive Grants,” available through WorkforceGPS at <https://grantsapplicationandmanagement.workforcegps.org/resources/2022/05/10/15/23/How-to-Apply-for-a-Grant>.

To receive updated information about critical issues, new tips for users, and other time-sensitive updates as information is available, you may subscribe to “Grants.gov Updates” at <https://www.grants.gov/web/grants/manage-subscriptions.html>.

If you encounter a problem with Grants.gov and do not find an answer in any of the other resources, contact one of the following:

- call 1-800-518-4726 or 606-545-5035 to speak to a Customer Support Representative or
- email support@grants.gov.

The Grants.gov Contact Center is open 24 hours a day, 7 days a week but closed on federal holidays. If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number.

Late Applications

We will consider only applications successfully submitted through Grants.gov no later than 11:59 p.m. Eastern Time on the closing date and then successfully validated. **You take a significant risk by waiting to the last day to submit through Grants.gov.**

D. INTERGOVERNMENTAL REVIEW

This funding opportunity is not subject to Executive Order 12372, “Intergovernmental Review of Federal Programs.”

E. FUNDING RESTRICTIONS

All proposed project costs must be necessary and reasonable and in accordance with federal guidelines. Determinations of allowable costs will be made in accordance with the Cost Principles, now found in the Office of Management and Budget’s Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), codified at 2 CFR Part 200 and at 2 CFR Part 2900 (Uniform Guidance-DOL specific). Disallowed costs are those charges to a grant that the grantor agency or its representative determines not to be allowed in accordance with the Cost Principles or other conditions contained in the grant. Applicants, whether successful or not, will not be entitled to reimbursement of pre-award costs.

Indirect Costs

As specified in the Uniform Guidance Cost Principles, indirect costs are those that are incurred for common or joint objectives and cannot be readily identified with a particular final cost objective. An indirect cost rate is required when an organization operates under more than one grant or other activity, whether federally-assisted or not. You have two options to claim reimbursement of indirect costs.

Option 1: You may use a NICRA or Cost Allocation Plan (CAP) supplied by the federal Cognizant Agency. If you do not have a NICRA/CAP or have a pending NICRA/CAP, and in either case choose to include estimated indirect costs in your budget, at the time of award the Grant Officer will release funds in the amount of 10 percent of Modified Total Direct Costs to support indirect costs. Within 90 days of award, you are required to submit an acceptable indirect cost proposal or CAP to your federal Cognizant Agency to obtain a provisional indirect cost rate. (See Section IV.B.4. for more information on NICRA submission requirements.)

Option 2: Any organization that does not have a current negotiated (including provisional) rate, with the exceptions noted at 2 CFR Part 200.414(f) in the Cost Principles, may elect to charge a de minimis rate of 10 percent of modified total direct costs (see 2 CFR Part 200.1 for definition), which may be used indefinitely. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as the non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time. (See 2 CFR Part 200.414(f) for more information on use of the de minimis rate.)

Administrative Cost Limitation

Under this FOA, an entity that receives a grant to carry out a project or program is limited to [insert number] percent of the amount of the grant to pay administrative costs associated with the program or project. Such costs include both personnel and non-personnel costs and both direct and indirect costs. Administrative costs as defined in 20 CFR Part 683.215 are for the performance of administrative functions in carrying out activities under Title I of WIOA that are not related to the direct provision of workforce investment services (including services to participants and employers). Administrative costs do not need to be identified separately from program costs on the SF-424A Budget Information Form. However, they must be tracked through the recipient's accounting system. To claim any administrative costs that are also indirect costs, the applicant must obtain an Indirect Cost Rate Agreement from its federal Cognizant Agency or be eligible to use the 10 percent de minimis rate, as specified above. For WIOA grants, all costs charged as a result of the de minimis rate will be counted towards the administrative cost limitation specified below.

Salary and Bonus Limitations

None of the funds appropriated under the heading "Employment and Training" in the appropriation statute(s) may be used by a recipient or subrecipient of such funds to pay the salary and bonuses of an individual, either as direct costs or indirect costs, at a rate in excess of Executive Level II. This limitation does not apply to contractors providing goods and services as defined in the Audit Requirements of the OMB Uniform Guidance (see 2 CFR Part 200 Subpart F). Where states are recipients of such funds, states may establish a lower limit for salaries and bonuses of those receiving salaries and bonuses from subrecipients of such funds, taking into account factors including the relative cost of living in the state, the compensation levels for comparable state or local government employees, and the size of the organizations that

administer federal programs involved including ETA programs. See Public Law 113-235, Division G, Title I, section 105, and TEGL number 05-06 for further clarification: <https://www.dol.gov/agencies/eta/advisories/training-and-employment-guidance-letter-no-05-06>.

Intellectual Property Rights

Pursuant to 2 CFR Part 2900.13, to ensure that the federal investment of DOL funds has as broad an impact as possible and to encourage innovation in the development of new learning materials, the grantee will be required to license to the public all work created with the support of the grant under a Creative Commons Attribution 4.0 (CC BY) license. Work that must be licensed under the CC BY includes both new content created with the grant funds and modifications made to pre-existing, grantee-owned content using grant funds.

This license allows subsequent users to copy, distribute, transmit, and adapt the copyrighted work and requires such users to attribute the work in the manner specified by the grantee. Notice of the license shall be affixed to the work. For general information on CC BY, please visit <https://creativecommons.org/licenses/by/4.0>.

Instructions for marking your work with CC BY can be found at https://wiki.creativecommons.org/Marking_your_work_with_a_CC_license.

Questions about CC BY as it applies to this specific funding opportunity should be submitted to the ETA Grants Management Specialist specified in Section VII.

Only work that is developed by the recipient in whole or in part with grant funds is required to be licensed under the CC BY license. Pre-existing copyrighted materials licensed to or purchased by the grantee from third parties, including modifications of such materials, remain subject to the intellectual property rights the grantee receives under the terms of the particular license or purchase. In addition, works created by the grantee without grant funds do not fall under the CC BY licensing requirement.

The purpose of the CC BY licensing requirement is to ensure that materials developed with funds provided by these grants result in work that can be freely reused and improved by others. When purchasing or licensing consumable or reusable materials, the grantee is expected to respect all applicable federal laws and regulations, including those pertaining to the copyright and accessibility provisions of the Federal Rehabilitation Act.

Separate from the CC BY license to the public, the Federal Government reserves a paid-up, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for federal purposes (i) the copyright in all products developed under the grant, including a subaward or contract under the grant or subaward; and (ii) any rights of copyright to which the recipient, subrecipient, or a contractor purchases ownership under an award (including, but not limited to, curricula, training models, technical assistance products, and any related materials). Such uses include, but are not limited to, the right to modify and distribute such products worldwide by any means, electronically or otherwise. The grantee may not use federal funds to pay any royalty or license fee for use of a copyrighted work, or the cost of acquiring by purchase a copyright in a work, where the Department has a license or rights of free use in such work. If revenues are generated through selling products developed with grant funds,

including intellectual property, DOL treats such revenues as program income. Such program income is added to the grant and must be expended for allowable grant activities.

If applicable, the following standard ETA disclaimer needs to be on all products developed in whole or in part with grant funds.

“This workforce product was funded by a grant awarded by the U.S. Department of Labor’s Employment and Training Administration. The product was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The U.S. Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership. This product is copyrighted by the institution that created it.”

Credential Transparency

The Department wishes to ensure that individuals, employers, educators and training providers have access to the most complete, current and beneficial information about providers, programs credentials, and competencies supported with these public, federal funds. To this end, the Department requires that information about all credentials (including but not limited to diplomas, badges, certificates, certifications, apprenticeships, licenses, and degrees of all levels and types) and competencies (knowledge, skills and abilities) developed or delivered through the use of these public federal funds be made publicly accessible through the use of linked open data formats that support full transparency and interoperability, such as through the use of credential transparency description language specifications. ETA will provide specific guidance and technical assistance on data elements to include in the published open data, such as information about the credential provider, the credential and its associated competencies, delivery mode, geographic coverage, the industry sector(s) and occupation(s) for which the credential was developed, related assessments, related accreditations or other quality assurances where appropriate, costs, and available outcomes.

WIOA Infrastructure

All one-stop partner programs including all programs funded under title I of WIOA are required to contribute to the infrastructure costs and certain additional costs of the one-stop delivery system in proportion to their use and relative benefits received as required in 20 CFR Part 678.700 and 678.760. The sharing and allocation of infrastructure costs between one-stop partners is governed by WIOA sec. 121(h), WIOA’s implementing regulations, and the federal Cost Principles contained in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 CFR Part 200 (Uniform Guidance). The federal Cost Principles state that a partner’s contribution is an allowable, reasonable, necessary, and allocable cost to the program and is consistent with other legal requirements. A list of the required one- stop partner programs is available at 20 CFR Part 678.400.

F. OTHER SUBMISSION REQUIREMENTS

Withdrawal of Applications: You may withdraw an application by written notice to the Grant Officer at any time before an award is made.

V. APPLICATION REVIEW INFORMATION

A. CRITERIA

We have instituted procedures for assessing the technical merit of applications to provide for an objective review of applications and to assist you in understanding the standards against which your application will be judged. The evaluation criteria are based on the information required in the application as described in Sections IV.B.2. (Project Budget) and IV.B.3. (Project Narrative). Reviewers will award points based on the evaluation criteria described below.

Section IV.B.3 (Project Narrative) of this FOA has several “section headers” (e.g. IV.B.3.a), Statement of Need). Each of these “section headers” of the Project Narrative may include one or more “criterion,” and each “criterion” includes one or more “rating factors,” which provide detailed specifications for the content and quality of the response to that criterion. Each of the rating factors have specific point values assigned. These point values are the number of points possible for the application to earn for the rating factor.

Criterion	Points (maximum)
1. Statement of Need (See Section IV.B.3.a. Statement of Need)	XX total
2. Expected Outputs and Outcomes (See Section IV.B.3.b. Expected Outcomes and Outputs)	XX total
3. Project Design (See Section IV.B.3.c. Project Design)	XX total
4. Third Party Evaluation (See Section IV.B.3.d. Third Party Evaluation)	XX total
5. Organizational, Administrative, and Fiscal Capacity (See Section IV.B.3.e. Organizational, Administrative, and Fiscal Capacity)	XX total
6. Past Performance – Programmatic Capability (See Section IV.B.3.f. Past Performance – Programmatic Capability)	XX total
(a) Performance Goals	X
(b) Spending Rate Analysis	X
7. Budget and Budget Justification (See Section IV.B.2. Project Budget)	XX total

Criterion	Points (maximum)
TOTAL	100

Section IV.B.3, Project Narrative, provides a detailed explanation of the information an application must include (e.g., a comprehensive work plan for the whole period of performance with feasible and realistic dates). Reviewers will rate each “rating factor” based on how fully and convincingly the applicant responds. For each “rating factor” under each “criterion,” panelists will determine whether the applicant thoroughly meets, partially meets, or fails to meet the “rating factor,” unless otherwise noted in Section IV.B.3, based on the definitions below:

Standard Rating	Definition	Standard for Calculating Points
Thoroughly Meets	The application thoroughly responds to the rating factor and fully and convincingly satisfies all of the stated specifications.	Full Points
Partially Meets	The application responds incompletely to the rating factor or the application convincingly satisfies some, but not all, of the stated specifications.	Half Points
Fails to Meet	The application does not respond to the rating factor or the application does respond to the rating factor but does not convincingly satisfy any of the stated specifications.	Zero Points

In order to receive the maximum points for each rating factor, applicants must provide a response to the requirement that fully describes the proposed program design and demonstrates the quality of approach, rather than simply re-stating a commitment to perform prescribed activities. In other words, applicants must describe why their proposal is the best strategy and how they will implement it, rather than that the strategy contains elements that conform to the requirements of this FOA.

B. REVIEW AND SELECTION PROCESS

1. Merit Review and Selection Process

A technical merit review panel will carefully evaluate applications against the selection criteria to determine the merit of applications. These criteria are based on the policy goals, priorities, and emphases set forth in this FOA. Up to _____ points may be awarded to an applicant, depending on the quality of the responses provided. The final scores (which may include the mathematical normalization of review panels) will serve as the primary basis for selection of applications for funding. The panel results are advisory in nature and not binding on the Grant Officer. The Grant Officer reserves the right to make selections based solely on the final scores

or to take into consideration other relevant factors when applicable. Such factors may include the geographic distribution of funds, _____ and other relevant factors. The Grant Officer may consider any information that comes to their attention.

The government may elect to award the grant(s) with or without discussion with the applicant. Should a grant be awarded without discussion, the award will be based on the applicant's signature on the SF-424, including electronic signature via E-Authentication on <https://www.grants.gov>, which constitutes a binding offer by the applicant.

2. Risk Review Process

Prior to making an award, ETA will review information available through various sources, including its own records and any OMB-designated repository of government-wide eligibility qualification or financial integrity information, such as Federal Awardee Performance and Integrity Information System (FAPIIS), and Sam.gov. Additionally, ETA will comply with the requirements of 2 CFR Part 180 codified at 2 CFR Part 2998 (Non-procurement Debarment and Suspension). This risk evaluation may incorporate results of the evaluation of the applicant's eligibility (application screening) or the quality of its application (merit review). If ETA determines that an award will be made, special conditions that correspond to the degree of risk assessed may be applied to the award. Criteria to be evaluated include the following:

- i. Financial stability;
- ii. Quality of management systems and ability to meet the management standards prescribed in the Uniform Grant Guidance;
- iii. History of performance. The applicant's record in managing awards, cooperative agreements, or procurement awards, if it is a prior recipient of such federal awards, including timeliness of compliance with applicable reporting requirements and, if applicable, the extent to which any previously awarded amounts will be expended prior to future awards;
- iv. Reports and findings from audits performed under Subpart F–Audit Requirements of the Uniform Grant Guidance or the reports and findings of any other available audits and monitoring reports containing findings, issues of non-compliance, or questioned costs;
- v. The applicant's ability to effectively implement statutory, regulatory, and other requirements imposed on recipients.

NOTE: As part of ETA's Risk Review process, the Grant Officer will determine the following:

- If the applicant had any restriction on spending for any ETA grant due to adverse monitoring findings; or
- If the applicant received a High Risk determination in accordance with [TEGL 23-15](#).

Depending on the severity of the findings and whether the findings were resolved, the Grant Officer may, at their discretion, elect not to fund the applicant for a grant award regardless of the applicant's score in the competition.

All applicants are requested to submit the following information as an attachment to their application (suggested template below) for ETA to assess the applicant's Financial System. This information will be taken into account as one component of ETA's Risk Review Process. Applicants may use the suggested template or answer the questions in a separate attachment. It is unlikely that an organization will be able to manage a federal grant without the

following system/processes in place. Applicants are expected to have these in place before applying for a grant with ETA.

VI. AWARD ADMINISTRATION INFORMATION

A. AWARD NOTICES

All award notifications will be posted on the ETA Homepage at <https://www.dol.gov/agencies/eta/>. Applicants selected for award will be contacted directly before the grant's execution. Non-selected applicants will be notified by mail or email and may request a written debriefing on the significant weaknesses of their application.

Selection of an organization as a recipient does not constitute approval of the grant application as submitted. Before the actual grant is awarded, we may enter into negotiations about such items as program components, staffing and funding levels, and administrative systems in place to support grant implementation. If the negotiations do not result in a mutually acceptable submission, the Grant Officer reserves the right to terminate the negotiations and decline to fund the application. We reserve the right not to fund any application related to this FOA.

B. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

1. Administrative Program Requirements

All grantees will be subject to all applicable federal laws and regulations, including the OMB Uniform Guidance, and the terms and conditions of the award. The grant(s) awarded under this FOA will be subject to the following administrative standards and provisions.

- i. Non-Profit Organizations, Educational Institutions, For-profit entities and State, Local, and Indian Tribal Governments—2 CFR Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) and 2 CFR Part 2900 (DOL's Supplement to 2 CFR Part 200).
- ii. All recipients must comply with the applicable provisions of the Workforce Innovation and Opportunity Act (WIOA), Public Law No. 113-328, 128 Stat. 1425 (codified as amended at 29 U.S.C. 3101 et. seq.) and the applicable provisions of the regulations at 20 CFR Part 675 et. seq. Note that 20 CFR Part 683 (Administrative Provisions) allows unsuccessful applicants to file administrative appeals.
- iii. The Department notes that the Religious Freedom Restoration Act (RFRA), 42 U.S.C. § 2000bb, applies to all federal law and its implementation. If an applicant organization is a faith-based organization that makes hiring decisions on the basis of religious belief, it may be entitled to receive federal financial assistance under this grant solicitation and maintain that hiring practice. As stated in 29 CFR 2.32(a), religious organizations are eligible on the same basis as any other organization, to seek DOL support or participate in DOL programs for which they are otherwise eligible. Guidance from DOL is found at <https://www.dol.gov/agencies/oasam/grants/religious-freedom-restoration-act/guidance>.

b. Lobbying or Fundraising the U.S. Government with Federal Funds

In accordance with Section 18 of the Lobbying Disclosure Act of 1995 (Public Law 104-65) (2 U.S.C. § 1611), non-profit entities incorporated under Internal Revenue Service Code section 501(c)(4) that engage in lobbying activities are not eligible to receive federal funds and grants. No activity, including awareness-raising and advocacy activities, may include fundraising for, or lobbying of, U.S. federal, state, or local governments (see 2 CFR Part 200.450 for more information).

c. Transparency Act Requirements

You must ensure that you have the necessary processes and systems in place to comply with the reporting requirements of the Federal Funding Accountability and Transparency Act of 2006 (Pub. Law 109-282, as amended by the Government Funding Transparency Act of 2008, Pub. Law 110-252, Title VI, Chap. 2, Sec. 6202), as follows.

- Except for those excepted from the Transparency Act under sub-paragraphs 1, 2, and 3 below, you must ensure that you have the necessary processes and systems in place to comply with the subaward and executive total compensation reporting requirements of the Transparency Act, should you receive funding.
- Upon award, you will receive detailed information on the reporting requirements of the Transparency Act, as described in 2 CFR Part 170, Appendix A, which can be found at <https://www.govinfo.gov/content/pkg/CFR-2021-title2-vol1/pdf/CFR-2021-title2-vol1-part170-appA.pdf>.

The following types of awards are not subject to the Federal Funding Accountability and Transparency Act.

1. Federal awards to individuals who apply for or receive federal awards as natural persons (e.g., unrelated to any business or non-profit organization he or she may own or operate in his or her name);

2. Federal awards to entities that had a gross income, from all sources, of less than \$300,000 in the entities' previous tax year; and
3. Federal awards, if the required reporting would disclose classified information.

d. Safeguarding Data Including Personally Identifiable Information (PII)

Applicants submitting applications in response to this FOA must recognize that confidentiality of PII and other sensitive data is of paramount importance to the Department of Labor and must be observed except where disclosure is allowed by the prior written approval of the Grant Officer or by court order. By submitting an application, you are assuring that all data exchanges conducted through or during the course of performance of this grant will be conducted in a manner consistent with applicable federal law and [TEGL 39-11](#) (issued June 28, 2012). All such activity conducted by ETA and/or recipient(s) will be performed in a manner consistent with applicable state and federal laws.

By submitting a grant application, you agree to take all necessary steps to protect such confidentiality by complying with the following provisions that are applicable in governing the handling of confidential information: You must ensure that PII and sensitive data developed, obtained, or otherwise associated with DOL/ETA funded grants is securely transmitted.

- i. To ensure that such PII is not transmitted to unauthorized users, all PII and other sensitive data transmitted via e-mail or stored on CDs, DVDs, thumb drives, etc., must be encrypted using a Federal Information Processing Standards (FIPS) 140-2 compliant and National Institute of Standards and Technology (NIST) validated cryptographic module. You must not e-mail unencrypted sensitive PII to any entity, including ETA or contractors.
- ii. You must take the steps necessary to ensure the privacy of all PII obtained from participants and/or other individuals and to protect such information from unauthorized disclosure. You must maintain such PII in accordance with the ETA standards for information security described in TEGL NO. 39-11 and any updates to such standards we provide to you. Grantees who wish to obtain more information on data security should contact their Federal Project Officer.
- iii. You must ensure that any PII used during the performance of your grant has been obtained in conformity with applicable federal and state laws governing the confidentiality of information.
- iv. You further acknowledge that all PII data obtained through your ETA grant must be stored in an area that is physically safe from access by unauthorized persons at all times and the data will be processed using recipient-issued equipment, managed information technology (IT) services, and designated locations approved by ETA. Accessing, processing, and storing of ETA grant PII data on personally owned equipment, at off-site locations, (e.g., employee's home), and non-recipient managed IT services, (e.g., Yahoo mail), is strictly prohibited unless approved by ETA.
- v. Your employees and other personnel who will have access to sensitive/confidential/proprietary/private data must be advised of the confidential nature of the information, the safeguards required to protect the information, and that there are civil and criminal sanctions for noncompliance with such safeguards that are contained in federal and state laws.

- vi. You must have policies and procedures in place under which your employees and other personnel, before being granted access to PII, acknowledge their understanding of the confidential nature of the data and the safeguards with which they must comply in their handling of such data, as well as the fact that they may be liable to civil and criminal sanctions for improper disclosure.
- vii. You must not extract information from data supplied by ETA for any purpose not stated in the grant agreement.
- viii. Access to any PII created by the ETA grant must be restricted to only those employees of the grant recipient who need it in their official capacity to perform duties in connection with the scope of work in the grant agreement.
- ix. All PII data must be processed in a manner that will protect the confidentiality of the records/documents and is designed to prevent unauthorized persons from retrieving such records by computer, remote terminal, or any other means. Data may be downloaded to, or maintained on, mobile or portable devices only if the data are encrypted using NIST validated software products based on FIPS 140-2 encryption. In addition, wage data may be accessed only from secure locations.
- x. PII data obtained by the recipient through a request from ETA must not be disclosed to anyone but the individual requestor, except as permitted by the Grant Officer or by court order.
- xi. You must permit ETA to make onsite inspections during regular business hours for the purpose of conducting audits and/or conducting other investigations to assure that you are complying with the confidentiality requirements described above. In accordance with this responsibility, you must make records applicable to this Agreement available to authorized persons for the purpose of inspection, review, and/or audit.
- xii. You must retain data received from ETA only for the period of time required to use it for assessment and other purposes, or to satisfy applicable federal records retention requirements, if any. Thereafter, you agree that all data will be destroyed, including the degaussing of magnetic tape files and deletion of electronic data.

e. Record Retention

You must follow federal guidelines on record retention, which require that you maintain all records pertaining to grant activities for a period of at least three years from the date of submission of the final expenditure report. See 2 CFR Part 200.333-.337 for more specific information, including information about the start of the record retention period for awards that are renewed quarterly or annually, and when the records must be retained for more than three years.

f. Use of Contracts and Subawards

You must abide by the following definitions of contract, contractor, subaward, and subrecipient.

Contract: Contract means a legal instrument by which a non-federal entity (defined as a state or local government, Indian tribe, institution of higher education (IHE), non-profit organization, for-profit entity, foreign public entity, or a foreign organization that carries out a federal award as a recipient or subrecipient) purchases property or services needed to carry

out the project or program under a federal award. The term as used in this FOA does not include a legal instrument, even if the non-federal entity considers it a contract, when the substance of the transaction meets the definition of a federal award or subaward (see definition of Subaward below).

Contractor: Contractor means an entity that receives a contract as defined above in Contract.

Subaward: Subaward means an award provided by a pass-through entity (defined as a non-federal entity that provides a subaward to a subrecipient to carry out part of a federal program) to a subrecipient for the subrecipient to carry out part of a federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient: Subrecipient means a non-federal entity that receives a subaward from a pass-through entity to carry out part of a federal program, but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other federal awards directly from a federal awarding agency.

You must follow the provisions at 2 CFR 200.330-.332 regarding subrecipient monitoring and management. Also see 2 CFR Part 200.308(c)(6) regarding prior approval requirements for subawards. When awarding subawards, you are required to comply with provisions on government-wide suspension and debarment found at 2 CFR Part 180 and codified at 2 Part CFR Part 2998.

g. Closeout of Grant Award

Any entity that receives an award under this Announcement must close its grant with ETA at the end of the final year of the grant. Information about this process may be found in ETA's Grant Closeout FAQ located at <https://www.dol.gov/sites/dolgov/files/ETA/grants/pdfs/GCFAQ.pdf>.

3. Other Administrative Standards and Provisions

Except as specifically provided in this FOA, our acceptance of an application and an award of federal funds to sponsor any programs(s) does not provide a waiver of any grant requirements and/or procedures. For example, the OMB Uniform Guidance requires that an entity's procurement procedures ensure that all procurement transactions are conducted, as much as practical, to provide full and open competition. If an application identifies a specific entity to provide goods or services, the award does not provide the justification or basis to sole-source the procurement (i.e., avoid competition).

4. Special Program Requirements

a. ETA Evaluation

As a condition of grant award, grantees are required to participate in an evaluation, if undertaken by DOL. The evaluation may include an implementation assessment across grantees, an impact and/or outcomes analysis of all or selected sites within or across grantees, and a benefit/cost analysis or assessment of return on investment. Conducting an

impact analysis could involve random assignment (which involves random assignment of eligible participants into a treatment group that would receive program services or enhanced program services, or into control group(s) that would receive no program services or program services that are not enhanced). We may require applicants to collect data elements to aid the evaluation. As a part of the evaluation, as a condition of award, grantees must agree to: (1) make records available to the evaluation contractor on participants, employers, and funding; (2) provide access to program operating personnel, participants, and operational and financial records, and any other relevant documents to calculate program costs and benefits; and (3) in the case of an impact analysis, facilitate the assignment by lottery of participants to program services, including the possible increased recruitment of potential participants; and (4) follow evaluation procedures as specified by the evaluation contractor under the direction of DOL.

b. Performance Goals

Please note that applicants will be held to outcomes provided, and failure to meet those outcomes may result in technical assistance or other intervention by ETA, and may also have a significant impact on decisions about future grants with ETA.

C. REPORTING

You must meet DOL reporting requirements. Specifically, you must submit the reports and documents listed below to DOL electronically.

1. Quarterly Financial Reports

A Quarterly Financial Status Report (ETA 9130) is required until such time as all funds have been expended or the grant period has expired. Quarterly reports are due by the 15th day of the second month after each calendar-year quarter. On the final Financial Status Report, you must include any subaward amounts so we can calculate final indirect costs, if applicable. You must use DOL's Online Electronic Reporting System and information and instructions will be provided to grantees. For other guidance on ETA's financial reporting, reference TEGL 20-19 and our webpage at <https://www.dol.gov/agencies/eta/grants/management/reporting>.

2. Quarterly Performance Reports

The grantee must submit a quarterly performance report by the 15th day of the second month after each calendar-year quarter. The report must include quarterly information on interim indicators and performance goals. The last quarterly progress report will serve as the grant's Final Performance Report. This report must provide both quarterly and cumulative information on the grant performance. Submission requirements will be provided to grantees upon award. We will also provide you with guidance about the data and other information that is required to be collected and reported on either a regular basis or special request basis.

3. Quarterly Narrative Performance Reports

In addition to the Quarterly Performance Report, the grantee must submit the Joint Quarterly Narrative Performance Report Template (ETA 9179) progress report by the 15th day of the second month after each calendar year quarter during which the grant is within the period of performance for the award. The report includes quarterly information regarding

accomplishments, including project success stories, upcoming grant activities, and promising approaches and processes, as well as progress toward performance outcomes, including updates on product, curricula, and training development.

This Announcement is available on the ETA website at <https://www.dol.gov/agencies/eta/grants> and at <https://www.grants.gov>.

VIII. OTHER INFORMATION

A. WEB-BASED RESOURCES

DOL maintains a number of web-based resources that may be of assistance to applicants. These include the CareerOneStop portal (<https://www.careeronestop.org>), which provides national and state career information on occupations; the Service Locator function within the CareerOneStop webpage which provides a directory of the nation's American Job Centers, also known as one-stop centers, (<https://www.careeronestop.org/LocalHelp/service-locator.aspx>); and the Occupational Information Network (O*NET) Online (<https://online.onetcenter.org>), which provides occupational competency profiles.

B. INDUSTRY COMPETENCY MODELS AND CAREER CLUSTERS

ETA supports an Industry Competency Model Initiative to promote an understanding of the skill sets and competencies that are essential to an educated and skilled workforce. A competency model is a collection of competencies that, taken together, define successful performance in a particular work setting. Competency models serve as a starting point for the design and implementation of workforce and talent development programs. To learn about the industry-validated models, visit the Competency Model Clearinghouse (CMC) at <https://www.careeronestop.org/CompetencyModel>. The CMC site also provides tools to build or customize industry models, as well as tools to build career ladders and career lattices for specific regional economies.

C. WORKFORCEGPS RESOURCES

We encourage you to view the information on workforce resources gathered through consultations with federal agency partners, industry stakeholders, educators, and local practitioners, and made available on WorkforceGPS at <https://www.workforcegps.org>.

We encourage you to view the online tutorials, “Grant Applications 101: A Plain English Guide to ETA Competitive Grants,” and “Grants Application 101: Budgetary Forms - SF-424, 424A, 424B, and Budget Narrative” available through WorkforceGPS at <https://grantsapplicationandmanagement.workforcegps.org/resources/2022/05/10/15/23/How-to->

[Apply-for-a-Grant.](#)

We created Workforce System Strategies to make it easier for the public workforce system and its partners to identify effective strategies and support improved customer outcomes. The collection highlights strategies informed by a wide range of evidence, such as experimental studies and implementation evaluations, as well as supporting resources, such as toolkits. We encourage you to review these resources by visiting <https://strategies.workforcegps.org>.

We created a technical assistance portal at <https://grantsapplicationandmanagement.workforcegps.org/> that contains online training and resources for fiscal and administrative issues. Online trainings available include, but are not limited to, Introduction to Grant Applications and Forms, Indirect Costs, Cost Principles, and Accrual Accounting.

D. SKILLSCOMMONS RESOURCES

SkillsCommons (<https://www.skillscommons.org>) offers an online library of curriculum and related training resources to obtain industry-recognized credentials in manufacturing, IT, healthcare, energy, and other industries. The website contains thousands of Open Educational Resources (OER) for job-driven workforce development, which were produced by grantees funded through DOL's Trade Adjustment Assistance Community College and Career Training (TAACCCT) program. Community colleges and other training providers across the nation can reuse, revise, redistribute, and reorganize the OER on SkillsCommons for institutional, industry, and individual use.
