EXECUTIVE SUMMARY

The mission of the State Department’s Bureau of International Narcotics and Law Enforcement Affairs (INL) is to minimize the impact of international crime and illegal drugs on the United States, its citizens, and partner nations by providing effective foreign assistance and fostering global cooperation. This mission, which centers on helping our partner nations establish a capable and accountable criminal justice sector, was expanded during the past decade to include stabilizing post-conflict societies through criminal justice sector development and reform. INL promotes just and democratic governments by strengthening justice sector institutions, good governance and respect for human rights.

INL combines forces with other USG and international agencies and takes a regional approach to widespread problems. INL also encourages more developed governments to take responsibility as equal partners in global efforts to combat transnational crime, include drug trafficking. The Bureau’s priority programs support three inter-related objectives:

- **Building Criminal Justice Systems**: Institutionalize rule of law by developing and expanding criminal justice systems to strengthen partner country law enforcement and judicial effectiveness, foster cooperation in legal affairs, and advance respect for human rights;

- **Counter-Narcotics**: Disrupt the overseas production and trafficking of illicit drugs through targeted counter-narcotics and institution-building assistance and coordination with foreign nations and international organizations, and;

- **Transnational Crime**: Minimize the impact of transnational crime and criminal networks on the U.S. and its allies through enhanced international cooperation and foreign assistance.

INL has made significant efforts to build rule of law and law enforcement capacity in Bosnia and Herzegovina (BiH) over the last twenty years. Despite much progress, reform of the justice sector in accordance with international and European standards remains incomplete. Additionally, a lack of understanding of the judiciary by ordinary citizens hampers the rule of law. In an effort to strengthen the understanding of, and appreciation for, the court system among BiH youth, INL seeks to complement existing USG and international donor efforts to advance the rule of law. In particular, INL seeks an experiential education module that follows the Operational Teaching Curricula of the BiH judicial system as well as the design, implementation, and hosting of mock trial(s) for participating students from at least two secondary schools in Sarajevo and Banja Luka. All curricula, documents, training aids, and all other related material will become the property of INL for the purpose of allowing involved educators to replicate the module and mock trial in the coming years.

NOTICE OF FUNDING OPPORTUNITY

The United States Department of State, Bureau of International Narcotics and Law Enforcement Affairs, is seeking applications from qualified Non-Governmental Organizations (NGOs), Educational Institutions, and other qualified organizations for a Grant to implement a program entitled “Enhancing Students’ Understanding of the Judiciary and Court System in Bosnia and Herzegovina through Mock Trials.” The authority for this Notice of Funding Opportunity (NOFO) is found in the Foreign Assistance Act of 1961, as amended.
Pursuant to 2 CFR 200.400g, it is U.S. Department of State policy not to award profit under assistance instruments. All reasonable, allocable, and allowable expenses, however, both direct and indirect, which are related to the agreement program and are in accordance with applicable cost standards (2 CFR 200 for US and overseas-based non-profit organizations, and universities or the Federal Acquisition Regulation (FAR) Part 31 48 CFR 31.2 for-profit organizations), may be paid under the Grant agreement. NOTE: overseas-based nonprofit organizations are legally required to comply with the 2 CFR 200.

Subject to the availability of funds, INL intends to issue an award in an amount not to exceed $125,000 in total funding. The U.S. Dollar amount will be funded from INL allocated funds, for an initial project period of up to one year. INL may award up to two additional years contingent on INL priorities, good performance of the recipient, and funding availability. INL reserves the right to fund any or none of the applications submitted and will determine the resulting level of funding for the award. All curricula, documents, training aids, and all other related material will become the property of INL.

Eligible organizations interested in submitting an application are encouraged to read this NOFO thoroughly to understand the type of project sought and the application submission requirements and evaluation process.

To be eligible for an award, the applicant must submit all required information in its application through grants.gov including the requirements found in any attachments to this grants.gov opportunity. This NOFO consists of the following Sections:

This funding opportunity is posted on [www.grants.gov](http://www.grants.gov) and may be amended. See Section IV for further details. Potential applicants should regularly check the website to ensure they have the latest information pertaining to this NOFO. Applicants will need to have available or download the most updated version of the Adobe program to their computers in order to view and save the Adobe forms properly. If you have difficulty registering on [www.grants.gov](http://www.grants.gov) or accessing the NOFO, please contact the grants.gov Helpdesk at 1-800-518-4726 or via email at [support@grants.gov](mailto:support@grants.gov) for technical assistance.

It is the responsibility of the recipient of this NOFO document to ensure that it has been received from Grants.gov in its entirety. INL bears no responsibility for data errors resulting from transmission or conversion processes associated with electronic submissions.
Any questions concerning this NOFO should be submitted in writing to Liam O’Flanagan, Director, INL, Embassy Sarajevo, Bosnia and Herzegovina, via email at O’FlanaganLJ@state.gov. The deadline for submission of questions for this NOFO is June 25, 2017, 5:00 PM Eastern Standard Time. Responses to questions will be made available to all potential applicants through an amendment to this NOFO and posted on grants.gov.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of an application. In addition, final award of any resultant grant agreement cannot be made until funds have been fully appropriated, allocated, and committed through internal INL procedures. While it is anticipated that these procedures will be successfully completed, potential applicants are hereby notified of these requirements and conditions for award. Applications are submitted at the risk of the applicant. All preparation and submission costs are at the applicant’s expense.

SECTION I – PROGRAM DESCRIPTION

BACKGROUND

Despite much progress, reform of the justice sector in Bosnia and Herzegovina in accordance with international and European standards remains incomplete. Prosecutors and courts at the municipal, cantonal, entity, and state levels have a poor track record of successful prosecutions and a significant backlog of cases remains. Police and prosecutor cooperation remains weak, citizens are dissatisfied with the work of the judiciary, and public confidence in the justice system is lagging.

A lack of understanding of the judiciary by ordinary citizens is hampering the impartial rule of law in Bosnia and Herzegovina. The educational system provides students only limited opportunities to understand their rights, the justice system, and the functioning of the court system, undermining their confidence in the rule of law. Furthering Bosnia and Herzegovina’s transformation to a stable, modern European democracy will require improvements in the effectiveness and responsiveness of judicial institutions facilitated by strong civil society involvement translated into greater political will.

Through programmatic, capacity building, and training support, INL plays a vital role in the Department of State’s efforts to strengthen the rule of law in Bosnia and Herzegovina, including by developing the justice sector and improving citizens’ confidence in governing institutions. In addition to institutional capacity building, it is necessary to improve understanding and respect for the rule of laws by citizens, including the youth. Democratic institutions need well informed, active, and committed citizens to drive progress. Ample research on educational program methods suggests that providing information is not enough to change attitudes and that an experiential approach has the best chance to influence opinions.

In an effort to strengthen the understanding and appreciation for the criminal and civil court system among the youth in Bosnia and Herzegovina, INL seeks to complement existing USG and international donor efforts to advance the rule of law through an experiential education module to culminate with a mock trial competition. For this purpose, INL has allocated $125,000 to fund proposals from qualified organizations.
PROJECT PURPOSE/DESCRIPTION

Secondary school students in BiH lack a solid understanding of their justice system, how their courts work in practice, and their legal rights when charged with a crime. This lack of understanding engenders distrust in the judicial system and undercuts its effectiveness. INL/Sarajevo seeks to provide secondary students an understanding of the legal system, and thereby build trust and faith in the justice system, the rule of law, and Bosnia and Herzegovina’s governing institutions.

A successful proposal should seek to institutionalize the program so it can be replicated within the official curriculum and supported by local institutions.

The project is comprised of the following objectives and corresponding activities:

PROJECT GOALS

The goal of this project is to improve students’ understanding and trust in the judicial system of Bosnia and Herzegovina through an experiential learning process. This experience should help students understand their rights within the justice system and the functioning of the court system, strengthening their confidence in governing institutions and the rule of law. Empowered by an improved understanding of the justice system, students can take a more active role in civic life and help transform Bosnia and Herzegovina into a modern European democracy.

This project will develop a program with curricula and other related material that will allow the involved educators to replicate in proceeding years. The project will follow the Operational Teaching Curricula (OTC) of the BiH judicial system and be based on the Common Core Curriculum developed by the Agency for Pre-School, Elementary, and Secondary Education in Bosnia and Herzegovina. All curricula, documents, training aids, and all other related material will become the property of INL for the purpose of allowing involved educators to replicate the module and mock trial in the coming years. The project will also:

- Design Standards and Operational Guidelines for implementing teacher training courses to implement the module and the mock trial program. The training must follow a documented curriculum with stated learning objectives and/or expected competencies for the trainees.

- Design an instructional education package for students with accompanying teacher guides to instruct participating secondary school students about their legal rights if charged with a crime and familiarize them with BiH judicial and court institutions and procedures. The curriculum must be based on the clearly defined learning outcomes.

PROJECT OBJECTIVES

Objective 1: Develop an experiential education module that follows the Operational Teaching Curricula (OTC) of the BiH judicial system and is based on the Common Core Curriculum developed by the Agency for Pre-School, Elementary, and Secondary Education in Bosnia and Herzegovina.

Activity 1: Work with all appropriate government and school officials to garner support for educational module and mock trial programs. Solicit and encourage the participation of
police, prosecutors, and judges during the instructive and mock trial phases, as appropriate.

**Activity 2:** Develop and deliver to students a clear, engaging, and appropriate curriculum suitable for secondary school students that educates participants on their individual legal rights, BiH’s justice system, and the court system;

**Activity 3:** Hold classroom instruction or after school sessions, as appropriate, to teach justice curricula and prepare students for mock trial competition.

**Objective 2:** Design, implement, and host mock trial(s) for participating students from at least two BiH secondary schools in Sarajevo and at least two in Banja Luka, wherein the winning team must demonstrate both intellectual and participatory skills about BiH’s justice system, their individual rights, and the court system;

**Activity 1:** Design, create, and implement a program that trains participating students, teachers, and judges a mock trial system based on BiH law and in accordance with international mock trial best practices; and ensure that the competition is both transparent and fair, and seen as transparent and fair by participants;

**Activity 2:** Ensure participating students mock trial teams are multiethnic and mixed gender.

**Activity 3:** Provide all appropriate logistics, transport, translation, interpretation, and all other support and services for the competition participants and materials necessary to support and host mock training, preparation, and trial(s).

**Objective 3:** Develop and implement positive public diplomacy campaign that persuasively and clearly explains the purpose and goals of this program to the wider public, and increases the public demand for impartial delivery of justice.

**Activity 1:** Develop appropriate webpage and social media presence, and clear through Embassy Sarajevo.

INL welcomes other creative submissions that meet program goals and objectives.

**CROSS-CUTTING AND ADDITIONAL ACTIVITIES (OPTIONAL)**

1. **Community Involvement:** This program will benefit from the involvement of police, prosecutors, and judges, and a strong proposal will incorporate their involvement.

2. **Utilize Local Resources and Expertise:** Work with Civitas NGO’s preexisting judicial and civil education program, and Project Harmony’s Legal Socialization program, as appropriate.

3. **Program Expansion:** In the event of a successful project, INL will consider the option of repeating and/or expanding the project in following years, subject to availability of future funding and incorporation of lessons learned. Applicants may include in their proposal a brief section outlining how additional funds could potentially be used to expand work into further activities in future years. Applicants are strongly encouraged to demonstrate how their project might leverage funding through other organizations and incorporate lessons learned.
4. Other Considerations

TARGET POPULATION

Applicants should identify target audiences, specific demographics, and the region(s) in which the project will be implemented. It is particularly important to specify the approximate number of beneficiaries to be directly and indirectly impacted by project activities.

DESIRED RESULTS AND ILLUSTRATIVE INDICATORS

By the end of the one year of the project, the selected applicant is expected to have taught at least 60 students and held at least four mock trial(s).

The recipient will develop a project-level Performance Monitoring plan (PMP) with annual and end-of-project targets and results anticipated for key performance indicators. The following table shows indicators that will be measured, as well as illustrative targets, upon which the recipient will be responsible for monitoring and reporting during and after the project. In addition, Embassy Sarajevo will regularly monitor the project’s performance to assess whether project activities are on track and targets are being achieved.

Outcome indicators for the project are provided below. The recipient is expected to identify targets for these indicators based on what it can reasonably achieve within the performance period of the project, and based on the expected overall project results described above.

<table>
<thead>
<tr>
<th>Outcome Indicators</th>
<th>Illustrative targets:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Teacher competencies in the field of judicial system increased by 20 % (competencies for the trainees)</td>
<td>Ratio of scores pre and post-test</td>
</tr>
<tr>
<td>Youth demonstrate 30% increase in knowledge about the judicial system in BiH</td>
<td>Ratio of scores pre and post-test</td>
</tr>
<tr>
<td>Youth demonstrate 30% increase in understanding of their legal rights and the judicial system.</td>
<td>ratio of scores pre and post-test</td>
</tr>
<tr>
<td>20 Percent of community youths reporting increased knowledge of and familiarity with their judicial system as a result of media campaign.</td>
<td>Polling</td>
</tr>
</tbody>
</table>

Output indicators and illustrative targets for the project are provided below. The recipient should review these and either confirm the illustrative targets or propose alternative targets, as appropriate.

<table>
<thead>
<tr>
<th>Output Indicators</th>
<th>Illustrative targets:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Number of teachers receiving training</td>
<td>TBD</td>
</tr>
<tr>
<td>Number of after-school programs targeting at-risk youth implemented.</td>
<td>TBD</td>
</tr>
<tr>
<td>Number of judges, lawyers, community resource people engaged</td>
<td>TBD</td>
</tr>
<tr>
<td>Number of youth participating in the Mock trial(s)</td>
<td>TBD</td>
</tr>
<tr>
<td>Number of at-risk youth placed in apprenticeship positions.</td>
<td>TBD</td>
</tr>
</tbody>
</table>

The recipient may propose additional outputs, indicators, and/or targets as appropriate. The recipient will be required to collect baseline data for all the PMP indicators during the first year of the project. In addition, certain terms included in the outcomes and indicators will need to be defined at the very beginning of the project so that it is possible to measure the change during and at the end of the project. Examples of such are “capacity”, “spread effect”, etc. Baseline information will be critical for both monitoring and evaluation of project progress and results.

[END OF SECTION I]
SECTION II – FEDERAL AWARD INFORMATION

INL expects to award one grant agreement(s) based on this NOFO. The anticipated total federal funding amount is not to exceed $125,000. The period of performance is one year with an anticipated start date of August 2017. INL may extend the award up to two additional years contingent on INL priorities, good performance of the recipient, and funding availability.

The U.S. government may issue one award resulting from this NOFO to the responsible applicant(s) whose application(s) conforming to this NOFO are the most responsive to the objectives set forth in this NOFO. The U.S. government may (a) reject any or all applications, (b) accept other than the lowest cost application, (c) accept more than one application, (d) accept alternate applications, and (e) waive informalities and minor irregularities in applications received.

The U.S. government may make award on the basis of initial applications received, without discussions or negotiations. Therefore, each initial application should contain the applicant's best terms from a cost and technical standpoint. The U.S. government reserves the right (but is not under obligation to do so), however, to enter into discussions with one or more applicants in order to obtain clarifications, additional detail, or to suggest refinements in the program description, budget, or other aspects of an application.

Applicants please be advised that the following may be required if your organization is selected for this announcement.

State Department Leahy Amendment Vetting Requirements:

Funds provided under this award are subject to Section 620M of the Foreign Assistance Act of 1961, as amended, a provision titled “Limitation on Assistance to Security Forces” (the “Leahy Amendment”). Subsection (a) of that provision states: “(a) In General.—No assistance shall be furnished under this Act [the Foreign Assistance Act] or the Arms Export Control Act to any unit of the security forces of a foreign country if the Secretary of State has credible information that such unit has committed a gross violation of human rights.” Accordingly, none of the funds under this award may be used to provide training or other assistance to any unit or member of the security forces of a foreign country if the Department of State has credible information that such unit or individual has committed a gross violation of human rights. In signing this agreement, the Recipient agrees to exercise due diligence to ensure compliance with the Leahy provision and State Department policy, and to cooperate with the State Department in implementation of the Leahy requirement for funds under this award. The Department implements the Leahy requirement by vetting units or individuals proposed for training or other assistance to check for credible information of a gross violation of human rights by such units or individuals. To facilitate State Department vetting, the Recipient must provide the following information for proposed participants at least ninety (90) calendar days prior to commencing award activities. This information should be submitted to the U.S. Embassy in the country where the award will be implemented in order to initiate Leahy vetting procedures:

Information needed: Full name, date of birth, country of birth, country of citizenship, gender, rank, title, and organizational affiliation. Please also include the activity and date that the
activity will take place—if the person will participate throughout an extended program, please note the timeframe. Participant information should be submitted in the format attached.

**Information required for “security forces” personnel:** The above information is needed for each member of a foreign police or military unit (security forces, broadly defined) who will participate in any activity under this award. This includes both civilian and military employees of security forces participating in any activities funded under this award, including training, workshops or meetings, conferences, or other activities.

The Recipient must collaborate with the relevant U.S. Embassy on a case-by-case basis to determine if the Leahy requirement applies to specific activities or proposed participants. Individuals who are not members of the security forces but who participate in activities under the award (e.g., politicians, academics, etc.) generally do not need to be vetted.

**Submission Deadline:** Each candidate must be cleared under Leahy vetting in advance of participation in activities funded under this award. The vetting process typically takes approximately one month, but may take longer if there are a large number of candidates or if issues arise. Thus, all information on proposed candidates must be received by the Embassy at least sixty (60) days in advance of the training event or other activity.

The Recipient agrees that it will not include any security forces candidate in training or other activities funded under this award until the State Department advises that the candidate has cleared Leahy vetting and is approved for participation.

[END OF SECTION II]
SECTION III – ELIGIBILITY INFORMATION

(1) Eligibility for this NOFO is limited to:

- Applicants that qualify to receive U.S. grants (such as U.S. not-for-profit/non-governmental organizations (NGOs) or U.S. based educational institutions subject to section 501(c)(3) of the U.S. tax code; foreign not-for-profits/non-governmental organizations (NGOs) or foreign based educational institutions, with the ability to develop and successfully implement a project in BiH and meet INL’s reporting requirements. Organizations must also be able to demonstrate current (or pending) country registration in BiH, if required by the country of project implementation.

AND

- Applicants should have demonstrated experience implementing similar education or capacity building programs, preferably in BiH. INL reserves the right to request additional background information on organizations that do not have previous experience administering similar programs and/or federal grant awards.
- Applicants must have the ability to produce course materials, deliver training, and conduct evaluations in local language and English. The applicant’s staff should be proficient in English in order to fulfill reporting requirements.
- Applicants must have existing, or the capacity to develop, active partnerships with stakeholders in order to successfully carry out the proposed program.
- Organizations may form a consortium and submit a combined proposal. However, one organization should be designated as the lead applicant.
- Applicants must be able to respond to the NOFO and be able to mobilize in a short period of time.

PLEASE NOTE: Public International Organizations (PIOs) and For-Profit Organizations are excluded from applying to this grant announcement.

To be eligible for a grant award, in addition to other conditions of this NOFO, organizations must have a commitment to non-discrimination with respect to beneficiaries and adherence to equal opportunity employment practices. Non-discrimination includes equal treatment without regard to race, religion, ethnicity, gender, and political affiliation.

Applicants are reminded that U.S. Executive Orders and U.S. law prohibits transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of the Recipient to ensure compliance with these Executive Orders and laws. This provision must be included in any sub-awards issued under this grant award.

(2) INL encourages applications from potential new partners.

[END OF SECTION III]
INL urges prospective applicants to immediately confirm their organization has a current Unique Entity Identifier (Dun and Bradstreet (DUNS) number) as well as a current Central Contractor Registration via www.sam.gov. Additionally, please ensure that registration in the following systems is in a **current/active status** prior to your organization’s application submission.

**Unique Entity Identifier (DUNS Number)**  
All organizations (foreign and domestic) must obtain a DUNS number. **US-based organizations** may request a DUNS number by calling 1-866-705-5711; the DUNS number is usually provided immediately. **Foreign organizations** that do not have a Unique Entity Identifier (DUNS number) will need to go to the Dun & Bradstreet website at [http://fedgov.dnb.com/webform/pages/CCRSearch.jsp](http://fedgov.dnb.com/webform/pages/CCRSearch.jsp) to obtain the number. *The webform requests generally takes 1-2 business days.*

**CAGE/NCAGE Registration**  
For US-based organizations, a CAGE code will automatically be assigned to your entity once you submit your entity’s registration in SAM.gov and the TIN validation has been returned. NCAGE Codes are required for all foreign entities prior to starting a SAM registration. **PLEASE NOTE: The organization’s name, address, and email information used to request your NCAGE Code must match what you used to request your Unique Entity Identifier (DUNS Number).** Otherwise, you will receive error messages when applying for the NCAGE code. You can submit your request for an NCAGE Code using the NCAGE Request Tool at [https://eportal.nsdp.nato.int/AC135Public/scage/CageList.aspx](https://eportal.nsdp.nato.int/AC135Public/scage/CageList.aspx). Detailed instructions are posted at that site. For additional information, please call 1-269-961-4623 or send an email message to NCAGE@dlis.dla.mil.

**SAM.gov Registration**  
SAM.gov registration is required of all INL applicants prior to registering with Grants.gov. If your organization was previously registered in the Central Contractor Registry (CCR), you must still create a new Individual User Account in SAM prior to receiving a future federal grant. Applicant organizations can obtain assistance for SAM.gov registration by using the following link: [https://www.fsd.gov](https://www.fsd.gov) or by calling 1-866-606-8220 (U.S. calls)/or 1-324-206-7828 (international calls). **PLEASE NOTE: The organization’s name, address, and email information used to request your organization’s Unique Entity Identifier (DUNS number) and the NCAGE Code must match what is used to request the SAM.gov validation.** Otherwise, you will receive error messages when registering in SAM.gov. US-based organizations that already have a TIN (taxpayer identification number), your SAM registration will take 3-5 business days to process. US-based organizations applying for an EIN (employer identification number), please allow up to 2 weeks.

Foreign organizations **must** have a DUNS number and an NCAGE code prior to completing the SAM.gov registration process.

**Please note:** If your organization is registered with SAM.gov and your status is NOT listed as ACTIVE, you will need to update your registration prior to submitting an application through grants.gov. SAM.gov requires ALL organizations (foreign and domestic) to register on an **ANNUAL basis.** Sub grantee/s must have DUNS Number/s.
**Grants.gov Registration**

In order to apply for a grant, your organization must complete the Grants.gov registration process. Registration can take between three-five business days or as long as two weeks if all steps are not completed in a timely manner. Please log into [http://www.grants.gov/web/grants/applicants/organization-registration.html](http://www.grants.gov/web/grants/applicants/organization-registration.html) to obtain complete instructions on the registration process.

Foreign Registrants: Anyone residing and doing business outside of the United States is still required to complete the five steps of the Grants.gov registration process, in addition to fulfilling supplementary requirements for doing business with the United States government. Please ensure that you have obtained a DUNS number, an NCAGE code, and an “ACTIVE” status in SAM.gov prior to registering in Grants.gov.

**TECHNICAL FORMAT REQUIREMENTS**

For all application documents, please ensure:
A. All pages are numbered, including budgets and attachments,
B. All documents are formatted to 8 ½ x 11 paper, and
C. All Microsoft Word documents are single-spaced, 12 point Times New Roman font, with a minimum of 1-inch margins.
D. All documents must be submitted in English. *(Please note: Per Department policy, English is the official and controlling language for all submitted application/award documents.)*

Complete applications must include the following for proposal submissions:

2. A copy of your organization’s most recent audit (as required per 2 CFR 200.500 – Subpart F). If an audit cannot be provided, an explanation must be submitted with the proposal submission.
3. Cover Page that sets forth proposal title, name of lead applicant, names of any other participating organizations, name and number of the Target Themes to which the proposal responds, and requested funding amount in U.S. dollars (see the award amount ceiling as stated in the NOFO)
4. Table of Contents (not to exceed one [1] page in Microsoft Word) that includes a page-numbered contents page, including any attachments.
5. Executive Summary (not to exceed two [2] pages in Microsoft Word) that includes:
   a) the target country(ies),
   b) name and contact information for the project’s main point of contact,
   c) a statement of work or synopsis of the program, including a concise breakdown of the project’s objectives, activities, and expected results,
   d) the total amount of funding requested and program length, and
   e) a brief statement on how the project is innovative, sustainable, and will have a demonstrated impact.
6. Proposal Narrative (not to exceed fifteen [15] pages in Microsoft Word). Please note the fifteen [15] page limit does not include the Table of Contents, Executive Summary, Attachments, Detailed Budget, Budget Narrative or NICRA.
7. **Summary and Detailed Line-Item Budget** (preferably in Microsoft Excel) that includes three [3] columns including the request to INL, any cost sharing contribution, and total budget (see below for more information on budget format). A summary budget should also be included using the OMB approved budget categories (see SF-424 as a sample). Costs must be in U.S. dollars.

8. **Budget Narrative** (preferably in Microsoft Word) that includes an explanation and justification for each line item in the detailed budget spreadsheet, as well as the source and a description of all cost-share offered. For ease of review, INL recommends applicants order the budget narrative as presented in the detailed budget. Personnel costs should include a clarification of the roles and responsibilities of key staff and percentage of time devoted to the project. The budget narrative should communicate to INL any information that might not be readily apparent in the budget, not simply repeat with words what is stated numerically in the budget.

9. **NICRA:** If your organization has a negotiated indirect cost rate agreement (NICRA) and will include NICRA charges in the budget, your latest NICRA must be included as a .pdf file. This document will not be reviewed by the panelists, but rather used by program and grant staff if the submission is recommended for funding and therefore does not count against the submission page limitations, as described above. If your proposal involves subgrants to organizations charging indirect costs, please submit the applicable NICRA also as a .pdf file (see “INDIRECT COST RATE” below for more information on indirect cost rates). If your organization does NOT have a negotiated indirect cost rate agreement (NICRA) please specify if your organization elects to charge the de minimis rate of 10% of the modified total direct costs. The de minimis rate must be included in the detailed budget and an explanation must be provided in the budget narrative.

10. **Monitoring and Evaluation Plan**; (see TAB B below for more information on this section).

11. **Roles and responsibilities of key program personnel with short bios** that highlight relevant professional experience. This relates to the organization’s capacity. Given the limited space, CVs are not recommended for submission.

12. **Timeline of the overall proposal** - Components should include activities, evaluation efforts, and program closeout

13. **A list of previous and/or current federal assistance awards received**; please include the awarding agency, point of contact, name of the project, start and end dates, and amount of the award.

14. **Risk Analysis:** Please provide the required risk analysis information as noted in TAB B of this NOFO.

15. **INL Risk Assessment Form** – template provided by INL that reviews the organization’s financial capacity and infrastructure.

16. **Attachments** (not to exceed three (3) pages total, preferably in Microsoft Word) that include the following in order:
   a) **Additional optional attachments**. Attachments may include further timeline information, letters of support, memoranda of understanding (MOU)/agreement, etc. For applicants with a large number of letters/MOUs, it may be useful to provide a list of the organizations or government agencies that support the program rather than the actual documentation.

Note: INL retains the right to request additional documentation for those items not included on this form.

Organizations should be familiar with 2 CFR 200 on cost accounting principles. For a copy of the OMB circular cited, please contact Government Publications or download from http://www.ecfr.gov/cgi-bin/text-index?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl. Overseas-based nonprofit organizations are legally required to comply with 2 CFR 200.

AUDITS
The recipient’s proposal should include the cost of an audit that:
1) Complies with the requirements of 2 CFR 200 Subpart F “Audit Requirements;”
2) Complies with the requirements of American Institute of Certified Public Accountants (AICPA) Statement of Position (SOP) No. 92-9, "Audits of Not-for-Profit Organizations Receiving Federal Awards;"
3) Complies with AICPA Codification of Statements on Auditing Standards AU Section 551, "Reporting on Information Accompanying the Basic Financial Statements in Auditor-Submitted Documents," where applicable. When the U.S. Department of State is the largest direct source of Federal financial assistance (i.e., the cognizant Federal Agency) and indirect costs are charged to Federal grants, a supplemental schedule of indirect cost computation is required;
4) A non-Federal entity that expends $750,000 or more during the non-Federal entity's fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR 200 subpart F. The audit costs shall be identified by 2 CFR 200.435.

INDIRECT COST-RATE
An organization with a negotiated indirect cost rate agreement (NICRA) negotiated with a cognizant federal government agency other than the U.S. Department of State must include a copy of the cost-rate agreement. Applicants should indicate in the proposal budget how the rate is applied and if any of the rate will be cost-shared. Per 2 CFR 200.414. any non-Federal entity that has never received a negotiated indirect cost rate, except for those non-Federal entities described in Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals, paragraph D.1.b, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in 2 CFR 200.403, factors affecting allowability of costs, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

[END OF SECTION IV]
TAB A: PROPOSAL GUIDELINES

Proposals should include the following components:
• Introduction and Problem Statement
• Planned Activities
• Indicators

Problem Statement and Rationale: Describe the problem and how the project will achieve or contribute to achieving a sustainable solution and a measurable outcome. The applicant should explain the extent of existing assistance within the particular geographic area, and how the proposed intervention may complement (or differ from) other similar interventions. The implementer should also explain, as necessary, the particular experience and qualifications they bring to the project. The rationale should also reflect understanding of the priorities and policies of the bureau/post or program with which this agreement is associated.

Planned Activities and Indicators: Describe the planned activities, and relevant stakeholders for implementation. The implementer should highlight key stakeholders and their expected role in the project, along with any contingencies. The implementer should list assumptions that are dependent on the ultimate success of the project. This could include elements like geographic location, coordination efforts with other international organizations, or political will from host governments, private sector, and NGOs. As appropriate, limited contingency possibilities should be included in the proposal, in case the initial planning assumptions are not met. Example of a planned activity and contingency:

<table>
<thead>
<tr>
<th>Planned Activity</th>
<th>Contingency</th>
</tr>
</thead>
<tbody>
<tr>
<td>Energy efficiency workshops in collaboration with the government of Mexico and other representatives from the Latin America region, focused on raising awareness of energy efficiency standards.</td>
<td>If government of Mexico doesn’t engage at the expected level, project team will look to other regional stakeholders, such as the OAS, to assist in convening key stakeholders.</td>
</tr>
</tbody>
</table>

In the proposal, there should be a clearly defined link between each of the following elements as delineated:

Problem Statement → Planned Activities/Inputs → Process Indicators → Output Indicators → Outcome Indicators → Impact

Process Indicators measure the activity that has been completed. Please delineate the specific activities to be conducted, such as workshops, roundtables, trainings, forums, exchanges, policy dialogues, etc. All indicators must include targets. Example of a process indicator:

| Process Indicator | 50 women trained in energy efficiency standards |

Output Indicators, otherwise known as deliverables associated with the agreement, should be included. Unlike process indicators, outputs are what is produced, and are often tangible. At this
level, it is the measurement of ability, knowledge, skills, or access. All indicators must include targets. Example of an output indicator involving the same participants:

<table>
<thead>
<tr>
<th>Output Indicator</th>
<th>80 percent of participants demonstrate at least 75 percent cognizance of efficiency standards</th>
</tr>
</thead>
</table>

**Outcome Indicators** measure the change in system or behavior or practice. Expected outcomes are the results that come from a series of activities that are necessary to achieve impact. All indicators must include targets. Example of an outcome indicator:

<table>
<thead>
<tr>
<th>Outcome Indicator</th>
<th>30 percent of efficiency standards being implemented in a participant’s country as a result of participant’s participation.</th>
</tr>
</thead>
</table>

All indicators **must** include measurable, numerical targets, which should serve as the foundation for monitoring and evaluation efforts. Ultimately, proposed activities and achievement of indicator targets will lead to impact.
TAB B: PROGRAM MONITORING AND EVALUATION PLAN and RISK ANALYSIS

INL will work with recipient organizations to implement the appropriate monitoring and evaluation plan that meets both the needs of the bureau and the implementing partner. Incorporating a well-designed monitoring and evaluation component into a project is one of the most efficient methods of documenting the progress and potential success of a program. Successful monitoring and evaluation depend on the following:

- Setting objectives that are specific, measurable, attainable, results-focused, and placed in a reasonable time frame (SMART);
- Linking project activities to stated objectives;
- Developing key performance indicators that measure realistic progress towards the objectives.

INL expects implementing organizations will track participants or partners as appropriate and be able to respond to key evaluation questions, including satisfaction with the program/training, information learned as a result of the program/training, changes in attitude and behavior as a result of the program, and effects of the program on institutions in which participants work or partner with. Applicants should include the monitoring and evaluation process in their timeline.

Recipients will be required to provide reports with an analysis and summary of their findings, both quantitative and qualitative, in their regular quarterly progress reports to INL.

The monitoring and evaluation plan should include, at a minimum, the following elements:

- A results “Logic Model” planning document (see sample Logic Model template attached as a sample document)
- Indicators, as described in Tab A, as well as details on how each indicator will be measured, frequency of the measurements, units of measure, etc. Provide indicators at the output and outcome levels. Monitoring and evaluation plans should include a chart component that clearly delineates indicators and targets. All indicators must include measurable, numerical targets.
- Establish, where possible, performance baseline data and expected performance targets for each indicator/outcome. In some cases, the baseline may be zero.
- Describe monitoring and evaluation tools, such as rapid assessment surveys, site visits, key stakeholder interviews, etc., that will be used.
- Plans should describe how the project’s impact and effectiveness will be monitored and evaluated throughout the project.

**INL has included a sample Monitoring and Evaluation template as an attachment to the NOFO.**

**RISK ANALYSIS**

Risks are unavoidable – all programs inherently contain both internal and external risks. However, with proper identification and management, risks can be prepared for, minimized or mitigated. The purpose of a risk analysis is to identify the internal and external risks associated with the proposed program in the application, rate the likelihood of the risks, rate the potential impact of the
risks on the program, and identify actions that could help mitigate the risks. A risk analysis should not be considered a one-time exercise or a static document. INL defers to organizations to conduct adequate risk analysis and remediation for all of its operations and advises that risk analysis and remediation occur throughout the life of a program and should result in revisions to risk analysis documents and processes as necessary. Applicants should include all assumptions and external factors identified in the logic model in the risk analysis. Applicants should rate the likelihood of a risk and potential impact of the risk as “High,” “Medium,” or “Low.”
## TAB C: BUDGET GUIDELINES

Complete budgets will provide a detailed line-item budget outlining specific cost requirements for proposed activities. A minimum of three columns should be used to delineate the bureau funding request, cost-share by applicant, and total project funding. Complete applications will include a budget narrative to clarify and justify individual line-items (i.e. calculations of how the costs were derived per month or year, their necessity, and overall contribution to the program’s cost-effectiveness).

The three-column proposal line item budget should include the following components, in the suggested format below:

**Note:** This budget is designed to serve as an example of the format for complete budget submissions and is NOT exhaustive. Individual line items included in each applicant’s budget should reflect specific program activities. (pax = participants)

Before grants are awarded, INL reserves the right to reduce, revise, or increase proposal budgets in accordance with the needs of the INL program and availability of funds.

As mentioned above, the detailed budget should also include an accompanying budget narrative document that explains and justifies each line item, in the suggested format below:

**LINE-ITEM BUDGET NARRATIVE –**

**A. Personnel** – Identify staffing requirements by each position title and brief description of duties. For clarity, please list the annual salary of each position, percentage of time and number of months devoted to the project. (e.g., Administrative Director: $30,000/year x 25% x 8.5 months; calculation: $30,000/12 = $2,500 x 25% x 8.5 months = $5,312.).

**B. Fringe Benefits** - State benefit costs separately from salary costs and explain how benefits are computed for each category of employee - specify type and rate. Fringe benefit application must be consistent with organization’s written policy.

**C. Travel** - Staff and any participant travel (Note: Staff refers to grantee staff only, and not subgrantee staff or contractors):

1) international and/or domestic airfare - Please indicate origin and destination (country/city), number of travelers and unit cost per round trip

   NOTE: All travel must be booked with economy class fares only. Applicants must explain differences in fares among travelers on the same routes. Note that all travel, where applicable, must comply with the Fly America Act. For more information see [http://www.gsa.gov/portal/content/103191](http://www.gsa.gov/portal/content/103191).

2) in-country travel - Please indicate origin and destination (city), type of transportation, number of travelers and unit cost per traveler per trip.
3) per diem/maintenance: includes lodging, meals and incidentals for both participant and staff travel. Rates of maximum allowances for U.S. and foreign travel are available from the following website: http://www.policyworks.gov/. Per diem rates may not exceed the published U.S. government allowance rates; however, institutions may use per diem rates lower than official government rates.

NOTE: Per diem rates must be prorated and/or removed if applicant will pay for refreshments and/or meals for participants during a workshop/conference.

D. Equipment – please provide justification for any equipment purchase/rental, defined as tangible personal property having a useful life of more than one year and an acquisition cost of $5000 or more.

E. Supplies - list items separately using unit costs (and the percentage of each unit cost being charged to the grant) for photocopying, postage, telephone/fax, printing, and office supplies (e.g., Telephone: $50/month x 50% = $25/month x 12 months).

F. Contractual –
a) Subgrants - For each subgrant/contract please provide a detailed line-item budget breakdown explaining specific services. Please provide a subgrant budget using the approved OMB budget format. (See Tab C: Budget Guidelines, above.)

b) Consultant Fees - For example lecture fees, honoraria, travel, and per diem for outside speakers or independent evaluators: list number of people and rates per day (e.g., 2 x $150/day x 2 days). Consultant/outside expert fees/honoraria should be consistent with the level of experience and based on a fair market value. (NOTE: Consultant Fees and Honorarium should NOT EXCEED $610/day)

G. Other Direct Costs - these will vary depending on the nature of the project. The inclusion of each should be justified in the budget narrative. All costs must be allowable, allocable, and reasonable, and consistent with OMB guidelines. Line items such as “Miscellaneous,” “Other,” “Contingency Fund,” and “Reserve Fund” are not permitted.

H. Indirect Charges - See 2 CFR 200.414, "Indirect Costs”

1) If your organization has an indirect cost-rate agreement with the U.S. Government, please include a copy of this agreement. Please specify if your organization elects to charge the de minimis rate of 10% of the modified total direct costs. This does not count against submission page limitations.

2) If your organization is charging an indirect rate, please indicate how the rate is applied—to direct administrative expenses, to all direct costs, to wages and salaries only, etc.

3) Do not include indirect costs against participant expenses in the Bureau budget, as it generally does not pay for these costs.

Cost Share/Cost-Effectiveness - Explanation of contributions should be included in the budget narrative, whether cash or in-kind. Assign a monetary value in U.S. dollars to each in-kind contribution. If the proposed project is a component of a larger program, identify other funding sources for the proposal and indicate the specific funding amount to be provided by those sources. In addition, it is recommended that budget narratives address the overall cost-effectiveness of the proposal, including leveraging of institutional or other resources. Cost sharing or matching refers to a portion of project or program cost that is not
borne by the Federal Government. Grantees must follow cost sharing or matching policy as stipulated in 2 CFR 200.306. Cost sharing amounts proposed will be incorporated as part of the allowable budget items. If selected for an award, your organization will have to provide the minimum amount of cost sharing as stipulated in the budget approved by the Grants Officer. If your organization does not meet its cost share amount stipulated in the approved budget by the end of the period of performance INL will have the option to (1) reduce its contribution in proportion to your organization’s contribution in the event that you do not provide the minimum amount of cost sharing stipulated in the budget or (2) hold your organization accountable for the amount specified in the approved budget. When applicant furnishes the services of an employee, these services must be valued at the employee's regular rate of pay plus an amount of fringe benefits that is reasonable, necessary, allocable, and otherwise allowable. Volunteer services furnished by applicant’s professional and technical personnel, consultants, and other skilled and unskilled labor may be counted as cost sharing or matching if the service is an integral and necessary part of an approved project or program. Rates for third-party volunteer services must be consistent with those paid for similar work in the labor market in Bosnia and Herzegovina. Paid fringe benefits that are reasonable, necessary, allocable, and otherwise allowable may be included in the valuation. The costs specified as cost sharing should meet the following criteria:

(1) Costs are verifiable from the applicant’s records;
(2) Costs are not included as contributions for any other United States Government award;
(3) Costs are necessary and reasonable for accomplishment of project or program objectives;
(4) Costs are allowable under Subpart F—Budget Guidelines of this NOFO;

**BUDGET CONDITIONS AND RESTRICTIONS:**
The Recipient is reminded that funds provided under this agreement must be used in a manner fully consistent with U.S. law. The recipient agrees that none of the funds provided by this award shall be used to lobby for or against abortion. The recipient agrees that none of the funds provided by this award shall be used to pay for the performance of abortion as a method of family planning or to motivate or coerce any person to practice abortions.

Per 22 CFR 200.307 ((e) (1), (2) and (3) of this section please note the following guidance concerning use of Program Income:

- Program income earned during the project period shall be retained by the recipient and, in accordance with the terms and conditions of the award, shall be used in one or more of the ways listed in the following:
  1) Added to funds committed to the project by the Department and recipient and used to further eligible project or program objectives.
  2) Used to finance the non-Federal share of the project or program.
  3) Deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

- It is emphasized, however, that the above three alternatives are applicable only when the grantee is a non-profit entity. Any grant to a commercial firm must state that the first of the alternatives is not available for program income earned by the grantee. (GAO noted in its Principles of Federal Appropriations Law at 10-57, that “This approach [option (1)] increases program size. Both OMB and GAO have expressed preference for the deduction method [option (3)] since it results in savings to the federal government and to grantees.”)
INL will consider budgeted line-items for the following:

- External evaluations to assess the project’s impact (costs must be built into the overall original budget proposal and must be reasonable);
- Costs associated with an internal evaluation conducted by the grantee (costs must be built into the overall original budget proposal and must be reasonable);
- Visa fees, immunizations, and medical insurance associated with program travel;
- A-133 Audit or internal audit for the INL program (or prorated costs that is shared among other Federal Assistance grants/contracts)
- English translation (cost must be built into the original budget proposal and must be reasonable)

The following cost elements will not be reimbursed and are not allowable in this program:

- Publication of materials for distribution within the U.S.;
- Administration of a project that will make a profit;
- Expenses incurred before or after the specified dates of award period of performance (unless prior written approval received);
- Projects designed to advocate policy views or positions of foreign governments or views of a particular political faction;
- Entertainment and/or Alcoholic beverages;
- Costs of entertainment, including amusement, diversion, and social activities and any associated costs are unallowable, except where specific costs that might otherwise be considered entertainment have a programmatic purpose and are authorized either in the approved budget for the Federal award or with prior written approval of the Federal awarding agency;
- Land;
- Construction;
- Direct support or the appearance of direct support for individual or single party electoral campaigns;
- Duplication of services immediately available through municipal, provincial, or national government;
- Expenses listed as “miscellaneous”, “other”, or “contingencies”;
- Expenses made prior to the approval of a proposal or unreasonable expenditures will not be reimbursed.

INL may make conditions and recommendations on proposals to enhance proposed programs. Conditions and recommendations are to be addressed by the applicant before approval of the award. To ensure effective use of INL funds, conditions or recommendations may include requests to increase, decrease, clarify and/or justify budget costs.

[END OF SECTION IV]
SECTION V – APPLICATION REVIEW INFORMATION

The technical applications and proposal submissions will be evaluated in accordance with the Technical Evaluation Criteria set forth below. Technical evaluation of applications will be based on the extent and appropriateness of proposed approaches and feasibility of achieving the strategic objectives, in accordance with the following criteria.

If award is not made on the initial applications, INL may request clarification and supplemental materials from applicants whose applications have a reasonable chance of being selected for award. The entry into discussion is to be viewed as part of the evaluation process and shall not be deemed by INL or the applicants as indicative of a decision or commitment upon the part of INL to make an award to the applicants with whom discussions are being held.

I. TECHNICAL EVALUATION CRITERIA

A technical evaluation committee, using the criteria shown in this Section, will evaluate the technical applications. The various functional elements of the technical criteria are assigned weighted scores, so that the applicants will know which areas require emphasis in the preparation of applications.

Where technical applications are considered essentially equal, cost may be the determining factor. Applicants should note that these criteria serve as the standard against which all applications will be evaluated and serve to identify the significant matters which applicants should address in their applications.

The relative importance of each criterion is indicated by the number of points assigned. A total of 100 points is possible.

Quality of Program Idea (Total Points - 25):
- Responsive to the solicitation
- Appropriate in the country/regional context
- Exhibits originality, substance, and precision

Program Planning/Ability to Achieve Objectives (Total Points – 25):
- Includes a clear articulation of how the proposed program activities contribute to the overall program objectives
- Each activity is clearly developed and detailed
- Provides a comprehensive quarterly work plan for project activities that demonstrates substantive undertakings within the logistical capacity of the organization
- Objectives are clear, specific, attainable, measurable, results-focused, and placed in a reasonable time frame
- Addresses how the program will engage or obtain support from relevant stakeholders and identifies local partners where appropriate
- Describes the division of labor among the direct applicant, any partners and any potential subgrantees
- Proposal clearly articulates understanding of the security situation/operating environment and plans for ensuring safety of participants
- Includes contingency plans for potential difficulties in executing the original work plan
Cost Effectiveness/Cost Sharing (Total Points - 15):
- The overhead and administration of the proposal, including salaries and honoraria, are explained and justified for the work involved
- All budget items are necessary, appropriate, and linked to program objectives
- Personnel costs are reasonable for the work involved

Program Monitoring and Evaluation (Total Points - 15):
The Monitoring and Evaluation (M&E) Plan includes:
- Narrative explaining how monitoring and evaluation will be carried out and who will be responsible for monitoring and evaluation activities
- Table listing by program objectives the output- and outcome-based performance indicators with baselines and (yearly and cumulative) targets; data collection tools; data sources; types of data disaggregation, if applicable; and frequency of monitoring and evaluation
- Includes an external midterm and/or final evaluation or justification for why one is not included

Multiplier Effect/Sustainability of Impact Rating (Total Points - 10):
- Clearly delineates how elements of the program will have a multiplier effect
- Clearly delineates how impact will be sustainable beyond the life of the grant

Institution’s Record and Capacity Rating (Total Possible Points - 10):
- The proposal demonstrates an institutional record of successful programs in the proposed country and the content area, and draws on lessons learned from prior experiences, if any
- Personnel and institutional resources are adequate and appropriate to achieve the project’s objectives
- Roles, responsibilities, and brief bios/resumes are included for primary staff, and demonstrate relevant professional experience
- Applicant is a current/past Department of State grantee where performance was/is on target showed/shows responsible fiscal management
  OR
- The proposal is from a NEW APPLICANT and proposal demonstrates capacity for responsible fiscal management, and illustrates success in similar sized projects

COST EVALUATION

Cost will be evaluated for realism, reasonableness, allowability, allocability, and cost effectiveness. The pre-award evaluation of cost effectiveness will include an examination of the application’s budget detail to ensure it is a realistic financial expression of the proposed project and does not contain estimated costs which may be unallocable, unreasonable, or unallowable. Applications that have more efficient operational systems that reduce operation costs will be favorably considered.
Applications that maximize direct activity costs including cost sharing and that minimize administrative costs are encouraged. Other considerations are the completeness of the application, adequacy of budget detail and consistency with elements of the technical application. In addition, the organization must demonstrate adequate financial management capability, to be measured by a responsibility determination.

Federal Award Notices: The successful applicant(s) will be notified via email that its proposal has been selected to move forward in the review process; this email IS NOT an authorization to begin performance. The Grants Officer is the Government Official delegated the authority by the U.S. Department of State Procurement Executive to write, award, and administer grants and cooperative agreements. The assistance award agreement is the authorizing document and it will be provided to the Recipient through email transmission. The recipient may only incur obligations against the award beginning on the start date outlined in the DS-1909 award document that has been signed by the INL Grants Officer. Organizations whose applications will not be funded will also be notified via email by INL. Please refer to the anticipated time to award information in Section E.

Substantial Involvement (for Cooperative Agreements only): INL shall be substantially involved during the implementation of the award agreement in the following ways:

1) Approval of the Recipient’s annual work plans, including: planned activities for the following year, travel plans, planned expenditures, event planning, and changes to any activity to be carried out under the Cooperative Agreement;
2) Approval of specified key personnel;
3) Approval of sub-award Recipients (if any), and concurrence on the substantive provisions of the sub-awards; and coordination with other cooperating agencies; and
4) Approval of Monitoring and Evaluation Plan
5) Other country specific approvals will be included in the award documents

Terms and Conditions: Recipients will be held to the applicable terms and conditions found at https://www.statebuy.state.gov/fa/Pages/TermsandConditions.aspx. It is the Recipient’s responsibility to ensure they are in compliance with all applicable terms, conditions, and OMB guidance and requirements. Those organizations found to be in non-compliance may be found ineligible for funding or designated high risk.

2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards: All applicants must adhere to the regulations found in 2 CFR 200 Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards.

Branding Requirements: As a condition of receipt of a grant award, all materials produced pursuant to the award, including training materials, materials for recipients or materials to communicate or promote with foreign audiences a program, event, project, or some other activity under an agreement, including but not limited to invitations to events, press materials, and backdrops, podium signs, etc. must be marked appropriately with the standard, rectangular U.S. flag in a size and prominence equal to (or greater than) any other logo or identity. Note: Exceptions to the branding requirement are allowable under certain conditions. If an applicant is notified that their award has been chosen for funding, the Grants Officer will determine, in consultation with the applicant, if an exception is applicable.

Reporting Requirements:
1. Recipients are required to submit quarterly program progress and financial reports throughout the project period. Progress (SF-PPR and narrative) and financial reports (SF 424 and a
detailed financial expenditure report) are due 30 days after the reporting period. Final certified programmatic and financial reports are due 90 days after the close of the project period.

- First Quarter (October 1 – December 31): Report due by January 30
- Second Quarter (January 1 – March 31): Report due by April 30
- Third Quarter (April 1 – June 30): Report due by July 30
- Fourth Quarter (July 1 – September 30): Report due by October 30

All reports are to be submitted electronically via Grantsolutions.gov or via email to the Grants Officer and Grants Officer Representative noted in the award agreement.

2. Awardees that are deemed to be high risk may be required to submit more extensive and frequent reports until their high risk designation has been removed by the Grants Officer.

3. The Awardee must provide to INL an inventory of all the U.S. government provided equipment purchased with grant funds using the SF428 form on an annual basis.
