Introduction

I. INTRODUCTION

1. Background

The National Institute of Food and Agriculture (NIFA) is an agency within the U.S. Department of Agriculture (USDA), part of the executive branch of the Federal Government. Congress created NIFA through the Food, Conservation, and Energy Act of 2008. NIFA replaced the former Cooperative State Research, Education, and Extension Service (CSREES), which had been in existence since 1994.

2. Purpose and Scope

This instruction document is intended to assist applicants in the preparation and submission of applications to NIFA. It is also the primary document for use in preparation of applications via Grants.gov. Where appropriate, relevant sections of the Grants.gov User Guide have been incorporated by reference.

3. Intended Audience

Individuals, organizations, etc. that meet the eligibility requirements of a NIFA funding opportunity and are interested in submitting an application to NIFA in response to a funding opportunity.

4. Document Symbols

The following symbols are used throughout this document to highlight information that is of particular interest or importance:

 This symbol indicates NIFA-specific instructions.

This symbol represents a link to an important reference material.

*

This symbol represents a required field. Required fields in application forms are further indicated by a yellow highlight.

5. Referenced Documents

5.1 NIFA Funding Opportunity

A NIFA Funding Opportunity (e.g., request for applications) provides information specific to an opportunity for funding through NIFA. A request for applications (RFA) includes, among other things, eligibility information and guidance for the preparation of applications for submission to NIFA. NIFA makes active funding opportunities available via Grants.gov (<http://www.grants.gov>) or the NIFA web site.

NIFA Funding Opportunities via the NIFA web site: <http://www.nifa.usda.gov/fo/funding.cfm>

5.2 Grants.gov User Guide

The Grants.gov User Guide is a comprehensive reference to information about Grants.gov. Applicants can download the User Guide as a pdf document.

II. GENERAL INSTRUCTIONS FOR SUBMISSION VIA GRANTS.GOV

1. Registration Process

Before using Grants.gov for the first time, each organization must register to create an institutional profile. Once registered, the applicant's organization can then apply for any government grant on the Grants.gov website, including NIFA grants. **Because of the time needed for the registration process, the process should be initiated well in advance of the electronic submission of an application.**

Grants.gov Registration: http://www.grants.gov/applicants/get_registered.jsp

2. Software Requirements¹

2.1 Adobe Reader

In order to access, complete and submit applications, applicants must download and install a version of Adobe Reader compatible with Grants.gov. **This software is essential to apply for NIFA Federal assistance awards.** For basic system requirements and download instructions, please see the Grants.gov User Guide.

To verify that you have a compatible version of Adobe Reader, Grants.gov established a test package that will assist you in making that determination.

Grants.gov Adobe Versioning Test Package: <http://www.grants.gov/applicants/AdobeVersioningTestOnly.jsp>

¹ Note: If the applicant has problems setting up software on their machine, the applicant may not have security permissions to install new programs on their system. If that is the case, they should contact their organization's system administrator.

III. NIFA-SPECIFIC INSTRUCTIONS FOR SUBMISSION VIA GRANTS.GOV

1. Comments on NIFA Instructions

To submit comments to NIFA regarding the content of the NIFA Grants.gov Application Guide send an e-mail to: RFP-OEP@nifa.usda.gov (this e-mail address is intended only for receiving comments). Please include “NIFA Grants.gov Application Guide” in the subject line of the e-mail and detailed information regarding the comment.

2. Components of a NIFA Application

The documents listed in Table 1 are components that may be part of a NIFA application. The Grants.gov Application Package for the funding opportunity will identify which forms are required (must be submitted to NIFA as part of the application) and which one(s), if any, are optional (may, as necessary, be submitted to NIFA as part of the application). Detailed instructions for completing the documents can be found on the page indicated in the table.

Table 1: Components of a NIFA Application

Document	Instructions

R&R Project/Performance Site Location(s)	See Part V.
R&R Other Project Information	See Part V.
R&R Personal Data	See Part V.
R&R Budget (Fed/Non-Fed)	See Part V.

3. Conformance with Application Preparation Requirements

It is imperative that all applications conform to the application preparation and submission instructions. All attachments to an application **must** comply with NIFA font, spacing and margin requirements **and MUST be in pdf** (portable document format) (see Part III., 3.1) **otherwise the application is at risk of being excluded from NIFA consideration or handled otherwise**. Please note that a NIFA RFA may include specific requirements; therefore, it is critical to pay particular attention to any related language in the RFA. NIFA may exclude from consideration applications that are not consistent with these instructions or those included in the applicable RFA.

NIFA-Specific Instructions for Submission via Grants.gov

3.1 Attachments (Required to be in pdf)

- A. Attachments to an application should be a typed or word processed document using no type smaller than 12 point font regardless of line spacing with at least one-inch margins. Each page of an attachment should be numbered sequentially. These specifications apply unless noted otherwise in a request for applications (RFA). If a page limitation applies to a specific attachment it too will be noted in this Guide or the RFA.
- B. For attachments to electronic applications NIFA **REQUIRES** the attachments to be in **portable document format (pdf)**. Using pdf format allows applicants to preserve the formatting of their documents. In order to save a document as a pdf, the applicant will need to use pdf generator software. Grants.gov has published the following web page on tools and software that the applicant can use:

Tools and software the applicant can use for portable document format:

http://www.grants.gov/help/download_software.jsp#pdf_conversion_programs

ANY APPLICATIONS NIFA RECEIVES CONTAINING NON-PDF DOCUMENTS ATTACHED ARE AT RISK OF BEING EXCLUDED FROM NIFA CONSIDERATION.
Partial applications will be excluded from consideration.

ATTENTION: There is a paper clip icon on the left side of the page in every application. Do NOT attach documents with this function. If you attach documents under this function your application will be incomplete and cause errors.

4. Submission of Same Application to Multiple Agencies

Concurrent submission of an application to other organizations for simultaneous consideration will not prejudice its review.

5. Submission of an Application for NIFA Review

An application may be submitted only once to NIFA. The submission of duplicate or substantially similar applications concurrently for review by more than one program will result in the exclusion of the redundant applications from NIFA consideration.

6. Application Status

6.1 Grants.gov Application Status

Within two days of submitting a grant application, Grants.gov will send two email messages to the applicant:

- The first will confirm receipt of the application by the Grants.gov system.
- The second will indicate that the application has either been successfully validated by the system prior to transmission to the grantor agency OR has been rejected due to errors.
- If the application was successfully validated then Grants.gov will send a third e-mail that the application has been passed to Grants USDA (otherwise called "GIM," grants interface module) which is an interface allowing NIFA to extract NIFA proposals submitted via Grants.gov.

Applicants (those registered via Grants.gov with a user login and password) can refer to Grants.gov to check the Grants.gov status of an application at any time. Grants.gov requires a user login and password.

Check Grants.gov Application Status: http://www.grants.gov/applicants/track_your_application.jsp

NIFA-Specific Instructions for Submission via Grants.gov

6.2 USDA/NIFA Application Status

Grants USDA (i.e., "GIM," the USDA interface with Grants.gov) will send two email messages to the applicant.

- The first will confirm receipt of the application by GIM.
- The second will indicate that the application has either been accepted OR not accepted for review by NIFA.

NIFA will send an email message to the applicant to indicate that the application has either been received OR not received for review by NIFA.

7. Grants.gov and NIFA Assistance

7.1 Grants.gov Contact Center

If help is needed with the Grants.gov registration process for the applicant organization, downloading or navigating Adobe forms, or with the technical aspects of submitting to the Grants.gov system, check the resources available on the Grants.gov web site first (<http://grants.gov>). The Grants.gov Help page (<http://www.grants.gov/help/help.jsp>) contains useful information including answers to frequently asked questions (FAQs).

Grants.gov assistance is also available as follows:

Grants.gov customer support
Toll Free: 1-800-518-4726
Business Hours: 24 hours a day, 7 days a week. Closed on [Federal Holidays](#).
Email: support@grants.gov

If the Authorized Representative (AR) has not received a confirmation message from Grants.gov within 48 hours of submission of an application, please contact Grants.gov customer support.

When Grants.gov is contacted, a ticket number is issued to track the response. The applicant should maintain the ticket number as documentation of electronic issues associated with the application.

Grants.gov Help Desk Operations Process is described below

Tier 1: Grants.gov Contact Center Operator

- Handles the initial contact and attempts to resolve the call.
- If not, files a research request (escalation).

Tier 2: Research Analyst

- Escalations go to the research analyst who does further research on the issue.
- Unable to resolve, issue escalated to Grants.gov Program Management Office (PMO).

Tier 3: Grants.gov PMO

- Research Analyst works with PMO to resolve issue.
- Typical escalations: Policy questions/System bugs/Training or Meeting requests.

IV. GRANT APPLICATION PACKAGE INSTRUCTIONS

1. Grant Application Package

A Grant Application Package is tied to a particular funding opportunity. Applications prepared using the Grant Application Package may ONLY be submitted to the particular funding opportunity to which the Grant Application is associated. 1.1 Verify Grant Information

Verify that the information shown corresponds to the grant for which the applicant wishes to apply. Grants.gov will auto-populate the following information:

- Opportunity Title

- Catalog of Federal Domestic Assistance (CFDA) Number
- CFDA Description
- Opportunity Number
- Competition ID (NIFA does not utilize this field, therefore, no information will be pre-populated in the field; the field will be blank. Do not enter any information in the field.)
- Opportunity Open Date

V. RESEARCH AND RELATED (R&R) FORMS AND INSTRUCTIONS

1. Overview

This section contains both the SF-424 (R&R) instructions and any applicable NIFA-specific instructions. The NIFA-specific instructions are identified by the NIFA logo. It is important that all applications conform to these SF-424 (R&R) General Instructions and, where specified, with the NIFA-specific instructions. Conformance is required and will be strictly enforced unless a deviation has been approved in advance of submission. Applicants are advised that NIFA may exclude from consideration applications that are not consistent with these instructions. The NIFA applicant is required to complete and submit the following SF 424 (R&R) forms as part of the application package:

- SF 424 (R&R) Cover Sheet;
- SF 424 (R&R) Performance Site Locations;
- SF 424 (R&R) Other Project Information;
- SF 424 (R&R) Senior/Key Person (Expanded);
- SF 424 (R&R) Personal Data;
- SF 424 (R&R) Budget (Fed/Non-Fed)

The following SF 424 (R&R) form is optional and only should be submitted when appropriate:

- SF424 (R&R) Subaward Budget (Fed/Non-Fed) Attachment

Detailed instructions for other forms that may be part of the application package are included in Part VI.

Detailed instructions for the completion of each of the SF 424 forms are explained in the following sections.

NIFA-Specific Instructions for Submission via Grants.gov

2. SF-424 (R&R) (Cover Sheet)

2.1 Enter a Type of Submission (Field 1 on the Form)

Select a type of submission. If this submission is to change or correct a previously submitted “New” application, click the Changed/Corrected Application box and enter the Grants.gov tracking number in the Federal Identifier field. If this submission is to change or correct a “resubmission”, “renewal”, “continuation”, or “revision” application, leave the Federal identifier field as previously filled with the existing identifier (e.g. Award number). Do NOT insert the Grants.gov tracking number in these cases. Unless requested by the agency, applicants may not use this to submit changes after the closing date. This field is required.

A changed/corrected application should **only** be submitted **after** the appropriate NIFA program contact has been contacted. The changed/corrected application is when an applicant needs to modify an application they have ALREADY submitted through Grants.gov and that the latter submission is done PRIOR to the established deadline.

Unless specifically required by a NIFA request for application, pre-applications are **not** required and

NIFA-Specific Instructions for Submission via Grants.gov

should **not** be submitted to NIFA.

2.20 Enter Pre-Application (Field 20 on the Form)

If submitting a pre-application, provide a summary description of the project in accordance with the announcement and/or agency-specific instructions and attach here.

Infrequently, a NIFA funding opportunity will require or request submission of a preliminary application in advance of submission of a full application. The two predominant reasons for requiring submission of a preliminary application are to:

- Reduce the applicant's unnecessary effort in application preparation when the chance of success is very small. This is particularly true of exploratory initiatives where the community senses that a major new direction is being identified, or competitions that will result in a small number of actual awards; and
- Increase the overall quality of the full submission.

The NIFA RFA will specify the content and submission requirements in Section V.A of the RFA when preliminary applications are to be utilized. Note that a pre-application is not the same as a Letter of Intent which NIFA, in some cases, may utilize. The RFA will state when a pre-application or a Letter of Intent is to be submitted, if appropriate; the RFA will remain silent if the items are not utilized.

2.21 Attach an Additional List of Project Congressional Districts if needed (Field 21 on the Form)

1. * Are Human Subjects Involved? Yes No

Projects involving research with human subjects must ensure that subjects are protected from research risks in conformance with the relevant Federal policy known as the Common Rule (*Federal Policy for the Protection of Human Subjects, 45 CFR 690*). All projects involving human subjects must either (1) have approval from the organization's Institutional Review Board (IRB) before issuance of a NIFA award or, (2) must affirm that the IRB or an appropriate knowledgeable authority previously designated by the organization (not the Project Director) has declared the research exempt from IRB review in accordance with the applicable subsection, as established in section 101(b) of the Common Rule. Check "yes" even if the proposed project is exempt from Regulations for the Protection of Human Subjects. If "no", skip the remaining questions about Human Subjects. To meet the responsibilities of the Department of Agriculture, 7 U.S.C. 3121, NIFA must collect certain information to maintain its Privacy Act Record System, Privacy Act of 1974, 5 U.S.C. 552a. Such information includes the race and ethnicity information of the PD/PI and Co-PDs/PIs. This information is used only for tracking and statistical purposes necessary to meet the demands of the agency and will not be part of the review process. This information is purely voluntary in which case the failure or refusal to provide the information would not deny an individual any right, benefit, or privilege provided by law. However, it is strongly encouraged that applicants provide the requested information to increase the quality of the NIFA database, aid in verification of eligibility for certain programs and to have a unique identifier for principal investigators/project directors to aid in tracking grantees from one institution to another.
