I. INTRODUCTION

1. Background

The National Institute of Food and Agriculture (NIFA) is an agency within the U.S. Department of Agriculture (USDA), part of the executive branch of the federal government. Congress created NIFA through the Food, Conservation, and Energy Act of 2008 (also known as the 2008 Farm Bill). NIFA replaced the former Cooperative State Research, Education, and Extension Service (CSREES), which had been in existence since 1994.

2. Purpose and Scope

This instruction document will help you prepare and submit applications to NIFA via Grants.gov. Where appropriate, relevant sections of the Grants.gov User Guide have been incorporated by reference.

3. Intended Audience

Any individuals, organizations, etc. that is interested in submitting an application to NIFA in response to a funding opportunity.

4. Document Symbols

The following symbols are used throughout this document to highlight information that is of particular interest or importance:

[Symbol] This symbol indicates NIFA-specific instructions.

[Symbol] This symbol represents a link to an important reference material.

[Symbol] This symbol and yellow highlights represents a required field.

5. Referenced Documents

5.1 NIFA Funding Opportunity

A NIFA Funding Opportunity (e.g., request for applications, full announcement) provides information specific to a NIFA funding opportunity. A request for applications (RFA) includes, among other things, eligibility information and guidance for preparing and submitting applications to NIFA. NIFA makes active funding opportunities available via Grants.gov (http://www.grants.gov) or the NIFA web site.

II. GENERAL INSTRUCTIONS FOR SUBMISSION VIA GRANTS.GOV

1. Registration Process

Before using Grants.gov for the first time, each organization must register to create an institutional profile. Once registered, your organization may apply for a NIFA grant—any government grant—on the Grants.gov website. Because of the time required to register, you should initiate this process well in advance of submitting an application.

The registration process includes Central Contractor Registration (CCR). CCR is the official, FREE on-line registrant database for the U.S. Federal Government. CCR collects, validates, stores and disseminates data in support of agency acquisition and award missions. CCR validates the registrant information and electronically shares the secure and encrypted data with the finance offices of federal agencies to facilitate paperless payments through electronic funds transfer (EFT). Registrants must update or renew their registration at least once per year to maintain an active status.

Entities (private non-profits, educational organizations, state and regional agencies, etc.) that apply for assistance awards from the federal government through Grants.gov must register with CCR. Each entity that applies and does not have an exemption under Sec. 25.110 of 2 CFR must: (1) Register in CCR prior to submitting an application or plan; (2) Maintain an active CCR registration with current information at all times while it has an active federal award or an application or plan under consideration by an agency; and (3) Provide its DUNS number in each application or plan it submits to an agency (DUNS number are assigned by Dun & Bradstreet, Inc. (D&B) to identify unique business entities).

Registration in no way guarantees that the award of a contract or assistance award. Note that any information provided in your registration may be shared with authorized federal government offices.

The Grants.gov validation process includes a check for an active CCR registration (applicants with expired CCR registrations will be rejected).

The System for Award Management (SAM) combines eight federal procurement systems, including CCR, and the Catalog of Federal Domestic Assistance into one new system. CCR activities are conducted through SAM (the CCR website will redirect users to SAM).

2. Software Requirements

2.1 Adobe Reader

You must have a version Adobe Reader that is compatible with Grants.gov in order to access, complete and submit applications. This software is essential to apply for NIFA federal assistance awards. See the Grants.gov User Guide for basic system requirements and download instructions.

Grants.gov has a test package that can help you determine if you have a compatible version of Adobe Reader.

1 Note: Contact your organization’s system administrator if you have problems setting up software on your machine.
III. NIFA-SPECIFIC INSTRUCTIONS FOR SUBMISSION VIA GRANTS.GOV

1. Comments on NIFA Instructions
   To submit comments to NIFA regarding the content of the NIFA Grants.gov Application Guide send an e-mail to: policy@nifa.usda.gov (this e-mail address is intended only for receiving comments). Please include “NIFA Grants.gov Application Guide” in the subject line of the e-mail and detailed information regarding the comment.

2. Components of a NIFA Application
   The documents listed in Table 1 may be part of a NIFA application. The Grants.gov Application Package will identify which forms you must submit as part of the application and which one(s), if any, are optional.

3. Conformance with Application Preparation Requirements
   Applications must conform to the application preparation and submission instructions. All attachments to an application must comply with NIFA font, spacing and margin requirements and MUST be in .pdf (portable document format) (see Part III., 3.1) otherwise the application is at risk of being excluded from NIFA consideration. Note that NIFA RFAs may include specific requirements; in these instances, it is critical to follow the language in the RFA. NIFA may exclude from consideration applications that are not consistent with these special instructions.
3.1 Attachments (Required to be in pdf)

A. **Format of Contents:** Attachments to an application should be a typed or word processed document using font no smaller than 12 point, regardless of line spacing, and with at least 1-inch margins. Number each page of an attachment sequentially. These specifications apply unless the RFA specifies otherwise. This guide or the RFA will indicate if a page limitation applies to a specific attachment.

B. **File Format:** NIFA **REQUIRES** that attachments be in .pdf. Using pdf format allows applicants to preserve the formatting of their documents.

C. **File Name Restrictions:** File names of .pdf attachments must be limited to 50 characters, may not include special characters (e.g., &, ~/%,/#), periods (.), blank spaces or accent marks, and must be unique (i.e., no other attachment may have the same file name). An underscore (example:my_Attached_File.pdf) may be used to separate a file name.

D. **File Protections:** The pdf attachment must **NOT** be password protected. Lead institutions of multi-organization applications must ensure that documents from collaborators are **NOT** password protected.

**ANY APPLICATION CONTAINING ATTACHMENTS THAT ARE NOT COMPLIANT WITH A. THROUGH D. ABOVE ARE AT RISK OF BEING EXCLUDED FROM CONSIDERATION.**

**ATTENTION:** There is a paper clip icon on the left side of the page in every application. Do NOT attach documents with this function. If you attach documents under this function your application will be incomplete and cause errors.

4. **Submission of Same Application to Multiple Agencies**

Concurrent submission of an application to other organizations for simultaneous consideration will not prejudice its review.

5. **Submission of an Application for NIFA Review**

You may submit an application only once. Duplicate or substantially similar applications that are submitted concurrently for review by more than one program will be excluded from consideration.

6. **Application Status**

6.1 **Grants.gov Application Status and Viewing the Application Manifest**

Within 2 days of submitting a grant application, Grants.gov will send you two email messages:

- The first email will confirm receipt of the application.
- The second email will indicate whether the application has been validated by the system OR has been rejected due to errors.
- If the application was successfully validated, Grants.gov will send you a third e-mail notifying you the application has been passed to the agency.

There are two ways to verify the status of an application submitted to Grants.gov. One way is to use the “Track My Applications” tool under the Applicants section of Grants.gov. This does not require a user name or password. The second way is to “Check My Application Status” under Applicant Login located under the Applicants section of Grants.gov. This tool requires a user name and password. This option gives you the opportunity to view a “manifest” of submitted forms and files within Grants.gov. This manifest will allow you to review the list of forms and file attachments that were properly uploaded and received.
OPTION 1 – Check status of application

Check Grants.gov Application Status on the Track My Application Page:

Once on the Track My Application page, enter up to five Grants.gov tracking numbers (one per line) and select the Track button. The system will display general information about the status of each application in a chart format as shown below.

OPTION 2 – Check status of application and view manifest of submitted forms and files

Check Grants.gov Application Status on the Track My Application Status Page:

Once logged in using the above link you will be in the Applicant Center where you should select the “Check My Application Status” link. You will be given the option to search for your application(s) in several different ways. Choose the one you are searching for and how the information should be displayed. Your selection(s) will be presented in a chart as shown below. One of the columns in the chart is entitled, Submission Name/Files. You may view the list of particular application's file(s) and attachment(s) (i.e., the manifest) by selecting the link in the Submission Name/Files column for that application.

It is important that you thoroughly review the manifest to ensure that required attachments outlined in the RFA are included and follow .pdf requirements (see Part III Section 3.1 of this guide for NIFA attachment specifications). Submitted applications that do not contain the required forms and file attachments will not be reviewed.

If issues are found with the manifest, you should submit the application:

PRIOR to the deadline – We prefer that you correct the application and submit it prior to the established deadline. You MUST notify the Agency Contact (identified in Part VII of the applicable request for applications) via telephone or email so s/he is aware that there are two applications and that one is to be accepted and the other removed from consideration. Without this notification, both applications may be excluded from consideration per Section 5. of this Part.

FOLLOWING the deadline – We advise you to correct the application and submit it as soon as possible. Note, however, you must provide documentation of the extenuating circumstance (e.g., hurricane, flood, fire) along with the late application (see “meeting the deadline” under Part IV, 1.9 of this Guide). You MUST notify the
NIFA-Specific Instructions for Submission via Grants.gov

Agency Contact (identified in Part VII of the applicable request for applications) via telephone or email so s/he is aware that there are two applications and that one was submitted prior to the deadline with issues and a corrected version submitted following the deadline. Without this notification, both applications may be excluded from consideration per Section 5. of this Part. If the late application is not accepted for consideration, it is possible that the one submitted prior to the deadline may be accepted for consideration if it meets Grants.gov and agency validation processes.

6.2 USDA/NIFA Application Status

We will send you two email messages.

• The first will confirm NIFA’s receipt of your application.
• The second will indicate whether NIFA has accepted OR declined to review the application.

IV. GRANT APPLICATION PACKAGE INSTRUCTIONS

1. Grant Application Package
A Grant Application Package is tied to a particular funding opportunity. You may submit an application ONLY to the particular funding opportunity to which the Grant Application Package is associated.

1.1 Verify Grant Information
Verify the required information corresponds to the grant to which you are applying. Grants.gov will auto-populate the following information:

- Opportunity Title
- Offering Agency
- Catalog of Federal Domestic Assistance (CFDA) Number
- CFDA Description
- Opportunity Number
- Competition ID (NIFA does not use this field, therefore, no information will be pre-populated in the field; the field will be blank. Do not enter any information in the field.
- Opportunity Open Date
- Opportunity Close Date
- Agency Contact

This electronic grants application is intended to be used to apply for the specific Federal funding opportunity referenced here.

If the Federal funding opportunity listed is not the opportunity for which you want to apply, close this application package by clicking on the “Cancel” button at the top of this screen. You will then need to locate the correct Federal funding opportunity, download its application and then apply.

You may submit an application only to the federal funding opportunity from which it is obtained. For example, you may NOT use a Grant Application Package downloaded for a funding opportunity in one fiscal year to submit an application to another funding opportunity in another year even if it is the same program.
1.2 Enter a Name for the Application
A. Check the box indicating that you will be submit an application on your own behalf (if applicable). The check box will only be shown on funding opportunities that are open to individuals.

B. Enter a name for the application in the *Application Filing Name* field. **This field is required.** This name is solely for you to track the application through the Grants.gov submission process; NIFA will not use the filing name. You may use any combination of letters and/or numbers to name the application file.

1.3 Complete Mandatory Documents
Complete all of the documents listed in the “Mandatory” section. Complete the SF-424 (R&R) first. Data on the SF-424 (R&R) will populate other mandatory and optional forms where possible.

To access a form or document, click on the form/document name. Alternatively, you need only scroll up or down, as appropriate, to locate the desired form/document.

1.4 Add and Complete Optional Documents
These documents can be used to provide additional support for the application or may be required for specific types of funding opportunities.

To add an “Optional” form/document to the application package→ simply check the box to the left of the desired form/document.

1.5 Navigating the Forms
The SF-424 (R&R) Cover Sheet and R&R Budget forms/documents are two or more pages in length. You must complete the mandatory fields on each page of the form/document. To navigate to the next page of a form/document, simply scroll down the screen.

To go back to the first page of the form/document or to the Grant Application Package screen, simply scroll up the screen. You must save the application package from the Grant Application Package screen. More information on saving the application package is available in Section 1.7, Saving the Application.

You may enter up to five budget periods on the R&R Budget form/document. To add a new budget period, you must first complete Budget Period 1 including attaching a budget narrative. The “Next Period” button at top of page 3 of the R&R Budget form/document will become active once all the required fields in Budget Period 1 are completed.
Many of the forms/documents in the application package require you to attach files. As stated in Section 3.1, Portable Document Format (.pdf), NIFA REQUIRES that ALL attachments be submitted in pdf format. All attachments also must have a unique name to identify them. Attachment file names should indicate the file contents (e.g., Project Summary).

1.6 Accessing Help Tips

To access help tips scroll over a field on the form/document to reveal the help text for that field. Not every field has a help tip.

1.7 Saving the Application

The application package can only be saved from the Grant Application Package screen. We recommend you save the application package after you complete each form/document. You may save the application package by clicking on the “Save” button at the top of the Grant Application Package Screen. Note that the application package will be saved to the last active directory on your computer. Therefore, you should save the application package to your hard drive where it can be easily accessed. You may save your application package at any time and should save it with the same file name each time.

1.8 Check Package for Errors

To initiate the Grants.gov edit check process, simply click on the “Check Package for Errors” button at the top of the screen.

This process will identify all mandatory fields that you have not been completed. These errors will be displayed one at a time.

ATTENTION: There is a paper clip icon on the left side of the page in every application. Do NOT attach documents with this function. If you attach documents under this function your application will be incomplete and cause errors.

1.9 Submitting an Electronic Application

REMEMBER: See Part III, 3.1 for pdf attachment requirement information. ANY APPLICATION WITH ATTACHMENTS THAT ARE NOT COMPLIANT WITH ITEMS A. THROUGH D. OF PART III, 3.1 IS AT RISK OF BEING EXCLUDED FROM CONSIDERATION.

The AR must open the browser, open the application and then press the Submit button. To submit the application:

1. Close all open browser(s) and running applications.
2. Open the internet browser.
3. Navigate to the physical location where the application file is located. Select the application to open.
4. The internet browser will open the application. This may take a few moments.
5. Once the application is completely open, click the **Save** button. (The Save and Submit button will not become active until all mandatory documents have been properly completed, there are no errors in the application, and you have saved the file after opening the internet browser.)
6. Click **Save and Submit**.
7. A dialog box will appear and you will need to enter your Grants.gov username and password.
8. Click **Login**.

Once you have saved the application using the **Save & Submit** button, a dialog box will appear and you will need to enter your Grants.gov username and password. Follow all onscreen instructions for submission.

Only the AR has the authority and user rights to **Sign and Submit** an application to Grants.gov. Additional application tips are available at the Grants.gov website.

---

You must complete all of the following steps for an application to be considered for competitive peer review:

1) **Meeting the deadline:** A date and time stamp is attached to the application when you click on the Submit button to electronically send the application to Grants.gov. The date and time stamp determines whether the application was received by Grants.gov before the deadline, which is 5:00 p.m. Eastern Time (ET) on the date identified in the applicable RFA. An application submitted or resubmitted after the deadline is late (an application is considered on time at 5:00:59 pm ET but it is late at 5:01 pm ET). Consideration of late applications is only given in extenuating circumstances (e.g., natural disasters, confirmed Grants.gov outage) with proper documentation and support of the Agency Contact (see Part VII of the request for applications; for the Small Business Innovation Research program (SBIR) the Program Contacts are specified under subsection 1.5 of the SBIR Program Solicitation). The occurrence of one of these situations does not automatically ensure that a late application will be accepted. You should contact the Agency Contact if you want a late application considered under an extenuating circumstance. Also see [http://nifa.usda.gov/resource/late-application-consideration](http://nifa.usda.gov/resource/late-application-consideration).

Successful Grants.gov validation: The Grants.gov system performs a limited check of the application (see Section 1.8 above), and Grants.gov will notify you of the outcome of the initial review. The Grants.gov validation process includes a check for an active CCR registration ([applicants with expired CCR registrations will be rejected](http://nifa.usda.gov/resource/late-application-consideration)). **The System for Award Management conducts CCR registration activities.** See Part II.1. for more information.

2) **Grants.gov sends applications that are successfully validated to NIFA for further processing.** Applications that fail Grants.gov validation may be resubmitted to Grants.gov if NIFA’s deadline has not passed. (Note that the Grants.gov system may allow applications to be submitted after the deadline, but the application is considered late by NIFA.)

3) **Successful agency validation:** NIFA staff perform precursory review of the application. The agency validation process includes meeting eligibility requirements and following NIFA application guidelines (e.g., formatting, page limitations, limits on budget requests). NIFA will notify you of the outcome of this review.
Checking the List of Forms and File Attachments in Grants.gov

After submitting an application, you may review a "manifest" of forms and file attachments that were properly uploaded and received by Grants.gov.

For information about how to check an application’s status within Grants.gov, how to view its manifest, and what to do should there be issues with the manifest, see Part III, 6.1.

It is important for you to thoroughly review the manifest to ensure you include all of the required attachments outlined in the RFA and follow .pdf requirements (see Part III Section 3.1 of this guide for NIFA attachment specifications).
V. RESEARCH AND RELATED (R&R) FORMS AND INSTRUCTIONS

1. Overview

This section contains both the SF-424 (R&R) instructions and any applicable NIFA-specific instructions (NIFA-specific and cross-agency forms and instructions are included in Part VI). The NIFA-specific instructions are identified by the USDA logo. Conformance is required and will be strictly enforced unless a deviation has been approved. NIFA may exclude from consideration applications that are not consistent with these instructions. The following SF 424 (R&R) forms are required as part of the application package:

- SF 424 (R&R) Cover Sheet;
- SF 424 (R&R) Performance Site Locations;
- SF 424 (R&R) Other Project Information;
- SF 424 (R&R) Senior/Key Person (Expanded);
- SF 424 (R&R) Personal Data; and
- SF 424 (R&R) Budget

The SF 424 (R&R) Subaward Budget Attachment form is optional and only should be submitted when appropriate:

Detailed instructions for other forms that may be part of the application package are included in Part VI or may be included in the RFA. The following sections contain detailed instructions for each of the application forms.
2.2.1 Enter a Type of Submission (Field 1 on the Form)

Select a type of submission. If this submission is to change or correct a previously submitted “New” application, click the Changed/Corrected Application box and enter the Grants.gov tracking number in the Federal Identifier field. If this submission is to change or correct a “resubmission”, “renewal”, “continuation”, or “revision” application, leave the Federal identifier field as previously filled with the existing identifier (e.g. Award number).
Research and Related (R&R) Forms and Instructions

Do NOT insert the Grants.gov tracking number in these cases. Unless requested by the agency, applicants may not use this to submit changes after the closing date. This field is required.

You should submit a changed/corrected application only after the appropriate NIFA program contact has been contacted. Use the changed/corrected application to modify an application you have ALREADY submitted through Grants.gov and that the original application was submitted PRIOR to the established deadline.

Unless specifically required by a NIFA RFA, pre-applications are not required and should not be submitted.

2.2 Enter Date Submitted and Applicant Identifier (Field 2 on the Form)
Enter the date the application is submitted to Federal agency (or State if applicable). Please use mm/dd/yyyy format (e.g., 08/13/2009). Enter the Applicant’s control number (if applicable) in the Applicant Identifier field.

Use the Applicant Identifier field when an institution has its own system for tracking applications. This field allows the applicant to enter their application identifier on the application, if applicable.

2.3 Enter Date Received by State and State Application Identifier (Field 3 on the Form)
Enter the date received by state (if applicable). Enter the state application identifier (if applicable) in the State Application Identifier field.

NIFA does not use this information; therefore, leave the Date Received by State and State Application Identifier field blank.

2.4 Federal Identifier (Field 4 on the Form)

<table>

<tr>
<th>Field Name</th>
<th>Input</th>
</tr>
</thead>
<tbody>
<tr>
<td>Federal Identifier</td>

</tr>
<tr>
<td>Identifier</td>
<td></td>
</tr>
<tr>
<td>Previous Grants.gov Tracking ID</td>

</tr>
</tbody>
</table>

New project applications should leave these fields blank unless you are submitting a changed/corrected application. When submitting a changed/corrected “New” application, enter the Grants.gov tracking number in Field 4c. If you are submitting a renewal application (see 2.8 of this section), enter the NIFA-assigned award number of the previously-funded application in the Federal Identifier field (Field 4a. on the form). If you are submitting a resubmission application (see 2.8 of this section), enter the NIFA-assigned proposal number of the previously-submitted application in the Federal Identifier field (Field 4a. on the form). If you are submitting a resubmission renewal application (see 2.8 of this section), enter the NIFA-assigned proposal number of the previously-submitted application in the Federal Identifier field (Field 4a. on the form). If you are submitting a continuation application (see 2.8 of this section), enter the NIFA-assigned award number of the previously-funded application in the Federal Identifier field (Field 4a. on the form).

NIFA does not use the Agency Routing Identifier field; it may be left blank.

2.5 Enter Applicant Information (Field 5 on the Form)
Enter the DUNS or DUNS+4 number of the applicant organization in the *Organizational DUNS field. This field is required.

For the Legal Name field enter the legal name of the applicant organization or individual (i.e., in whose name an award, if appropriate, should be made).

If you check the box on the Grant Application Package main page to indicate that you are submitting an applicant on your own behalf (see Part IV section 1.2), the Organizational DUNS field will prepopulate.

Select the type from the following list. Check only one.
- New - An application that is being submitted to an agency for the first time.
- Resubmission - An application that has been previously submitted, but not funded, and is being resubmitted for new consideration.
Research and Related (R&R) Forms and Instructions

- **Renewal** - An application requesting additional funding for a period subsequent to that provided by a current award. A renewal application competes with all other applications and must be developed as fully as though the applicant is applying for the first time.
- **Continuation** - A non-competing application for an additional funding/budget period within a previously approved project period.
- **Revision** - An application that proposes a change in - 1) the Federal Government's financial obligations or contingent liability from an existing obligation; or, 2) any other change in the terms and conditions of the existing award.

This field is required.

Check Part II, B. of the RFA for the types of applications that you submit in response to the RFA. If you are submitting a renewal application, enter the NIFA-assigned award number of the previously-funded application in the Federal field (Field 4 on the form). If you are submitting a resubmission application, enter the NIFA-assigned proposal number of the previously-submitted application in the Federal field (Field 4 on the form). The type of application accepted may vary by funding opportunity. The RFA will stipulate the type of application that you may submit in response to the funding opportunity.

* Is this application being submitted to other agencies? – Enter yes or no. This field is required If yes, enter Agency name.

List the names or acronyms of all other public or private sponsors including other agencies within USDA to which your application has been or might be sent. In the event you decide to send your application to another organization or agency at a later date, you must inform the identified NIFA Program Contact as soon as practicable. Submitting your application to other potential sponsors will not prejudice its review by NIFA; however, submitting the same application to another NIFA program is not permissible.

**2.9 Name of Federal Agency (Field 9 on the Form)**

* **Name of Federal Agency** – This is the name the Federal agency from which assistance is being requested by this application. This information is pre-populated from the opportunity package.

* **Descriptive Title of Applicant's Project** - Enter a brief descriptive title of the project. This field is required.

The title should be a brief (140-character-maximum including spaces), clear, and specific designation of the proposed project. Project titles are read by a variety of nonscientific people; therefore, you should avoid highly technical words or phraseology where possible. In addition, you should not use introductory phrases such as “investigation of,” “research on,” “education for,” or “outreach that.”
2.12   Enter Proposed Project (Field 12 on the Form)

* Start Date – Enter the proposed start date of the project. This field is required. Please use mm/dd/yyyy format (e.g., 08/13/2009).

* Ending Date – Enter the proposed end date of the project. This field is required. Please use mm/dd/yyyy format (e.g., 08/13/2009).

The proposed duration for which support is requested must be consistent with the nature and complexity of the proposed activity. In some situations, a funding opportunity may limit the duration of requested support. In such cases, RFA will address the limitations. Specification of a desired starting date for the project is important and helpful to our staff; however, we may not always be able to meet the requested dates. In such cases, we will consult with you.

2.13   Enter Congressional Districts (Field 13 on the Form)

* Applicant - Enter the applicant's Congressional District. Enter the Congressional District in the format: 2 character State Abbreviation - 3 character District Number. The Project Director/Principal Investigator (PD/PI) means the single individual designated by the awardee in the application and approved by the Authorized Departmental Officer who is responsible for the direction and management of the project. To facilitate communication with NIFA, the person designated in Field 14 will be considered the contact PD/PI. The contact PD/PI will be responsible for relaying communications between all of the PD/PIs and NIFA (other PD/PIs are identified on the R&R Senior/Key Person Profile; see Part V 5.4.).

The Grants.gov validation process includes a check for an active CCR registration (applicants with expired CCR registrations will be rejected).

2.21 Enter Pre-Application (Field 20 on the Form)

If submitting a pre-application, provide a summary description of the project in accordance with the announcement and/or agency-specific instructions and attach here.
Research and Related (R&R) Forms and Instructions

Infrequently, a NIFA funding opportunity will require or request submission of a preliminary application in advance of submission of a full application. The two predominant reasons for requiring you to submit a preliminary application are to:

- Reduce the unnecessary effort in application preparation when the chance of success is very small. This is particularly true of exploratory initiatives where the community senses that a major new direction is being identified, or competitions that will result in a small number of actual awards; and
- Increase the overall quality of the full submission.

The NIFA RFA will specify the content and submission requirements in Section V.A of the RFA when preliminary applications are to be used. Note that a pre-application is not the same as a Letter of Intent which NIFA, in some cases, may be used. The RFA will state when you need to submit a pre-application or a Letter of Intent, if appropriate; the RFA will remain silent if the items are not required.

4.1 Are Human Subjects Involved? (Field 1 on the Form)

If activities involving human subjects are planned at any time during the proposed project at any performance site, check yes. Check yes, even if the proposed project is exempt from Regulations for the Protection of Human Subjects. If no, skip the rest of block 1. This field is required.
Projects that involve research with human subjects must ensure that subjects are protected from research risks in conformance with the relevant federal policy known as the Common Rule (Federal Policy for the Protection of Human Subjects, 45 CFR 690). All projects that involve human subjects must either (1) have approval from the organization’s Institutional Review Board (IRB) before issuance of a NIFA award or, (2) must affirm that the IRB or an appropriate knowledgeable authority previously designated by the organization (not the PD) has declared the research exempt from IRB review in accordance with the applicable subsection, as established in section 101(b) of the Common Rule. The box for "Human Subjects" must be checked "yes" with the IRB approval date (if available) or exemption subsection from the Common Rule identified in the space provided. Check "yes" even if the proposed project is exempt from Regulations for the Protection of Human Subjects. If "no", skip the remaining questions about Human Subjects. If "no" is checked at the time of submission and subsequently it is determined that human subjects are necessary, then contact the applicable Program Contact (identified in Block 14. of Form NIFA-2009, Award Face Sheet, of the award document) for instructions on submitting updated human subject information.

Exemption Number – If human subject activities are exempt from Federal regulations, provide the exemption numbers corresponding to one or more of the exemption categories. The six categories of research that qualify for exemption from coverage by the regulations are defined in the Common Rule for the Protection of Human Subjects. These regulations can be found at: http://www.gpo.gov/fdsys/pkg/CFR-2014-title45-vol3/xml/CFR-2014-title45-vol3-part690.xml.

NOTE: This is required information if the applicant selected “NO” to “Is the IRB review Pending?”

Human Subject Assurance Number – Enter the approved Federal Wide Assurance (FWA), Multiple Project Assurance (MPA), Single Project Assurance Number or Cooperative Project Assurance Number that the applicant has on file with the Office for Human Research Protections, if available. If the applicant has a FWA number, enter the 8-digit number. Do not enter the FWA before the number.

It should be informative to other persons working in the same or related fields and, insofar as possible, understandable to a scientifically or technically literate lay reader. This Summary must not include any proprietary/confidential information. To attach a Project Summary/Abstract, click “Add Attachment”.

A suggested template for the Project Summary/Abstract is available at: http://nifa.usda.gov/resource/application-support-templates. The summary should be approximately 250 words.

List the names and affiliated organizations of all Project Directors/co-PDs and the title of the project at the top of the page. The summary should be a self-contained, specific description of the activity to be undertaken and should focus on: overall project goal(s) and supporting objectives; plans to accomplish project goal(s); and relevance of the project to the goals of the program. We cannot overemphasize the importance of a concise, informative Project Summary. See Part III Section 3.1 of this guide for NIFA attachment specifications.

### 4.8 Attach Project Narrative (Field 8 on the Form)

Provide Project Narrative in accordance with the announcement and/or agency-specific instructions. To attach a Project Narrative, click “Add Attachment”.

You must prepare the Project Narrative in accordance with the guidelines specified under Part IV.B. in the applicable RFA (for SBIR the guidelines are specified under subsection 2.3.2. of the SBIR Program Solicitation). See Part III Section 3.1 of this guide for NIFA attachment specifications.

### 4.9 Attach Bibliography & References Cited (Field 9 on the Form)

Provide a bibliography of any references cited in the Project Narrative. Each reference must include the names of all authors (in the same sequence in which they appear in the publication), the article and journal title, book title, volume number, page numbers, and year of publication. Include only bibliographic citations. Proposers should be especially careful to follow scholarly practices in providing citations for source materials relied upon when preparing any section of the application. To attach Bibliography and References Cited, click “Add Attachment”.

Bibliography and References are not part of the Project Narrative page limitation, if any, unless noted otherwise. See Part III Section 3.1 of this guide for NIFA attachment specifications.

### 4.10 Attach Facilities & Other Resources (Field 10 on the Form)

This information is used to assess the capability of the organizational resources available to perform the effort proposed. Identify the facilities to be used (Laboratory, Animal, Computer, Office, Clinical and Other). If appropriate, indicate their capacities, pertinent capabilities, relative proximity, and extent of availability to the project. Describe only those resources that are directly applicable to the proposed work. Provide any information describing the Other Resources available to the project (e.g., machine shop, electronic shop) and the extent to which they would be available to the project. To attach Facilities and Other Resources, click “Add Attachment”.

See Part III Section 3.1 of this guide for NIFA attachment specifications.

### 4.11 Attach Equipment (Field 11 on the Form)

List major items of equipment already available for this project and, if appropriate, identify location and pertinent capabilities. To attach Equipment, click “Add Attachment”.

Page 33
See Part III Section 3.1 of this guide for NIFA attachment specifications. Refer to Field C. of the R&R Budget you plan to request funds to purchase items of nonexpendable equipment necessary to conduct and successfully complete the proposed project.

4.12 Add Other Attachments (Field 12 on the Form)
Attach a file to provide any other project information not provided above or in accordance with the announcement and/or agency-specific instruction.

See Part III Section 3.1 of this guide for NIFA attachment specifications. MULTIPLE FILES MAY BE ATTACHED. Include the following items in Other Attachments as appropriate.

(1) Felony and Tax Certification. REQUIRED for applications where, if funded, NIFA would issue a new award agreement (i.e., NIFA would issue an award with a newly assigned award number; NIFA would not extend an existing award). In order to meet the requirements of Sections 744 and 745 of the Omnibus Bill, “Making consolidated appropriations for the fiscal year ending September 30, 2015, and for other purposes” (H.R. 83, Pub. L. 113-235 (Dec. 16, 2014), 128 STAT. 2130), applicants are to indicate whether they are a corporation and, if so, must certify that: 1) they have not been convicted of a felony criminal violation under Federal [or State law (applies if any funds from FYs 2012 or 2013 are used to fund the project)] in the 24 months preceding the date of signature, [nor has any officer or agent, (applies if any funds from FYs 2012 or 2013 are used to fund the project]), and 2) they do not have any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability. A suggested template for accomplishing the felony and tax requirement is located at http://nifa.usda.gov/resource/application-support-templates. Information is to be included in field 12, Other Attachment, of the application. See Part III Section 3.1 of this Guide for NIFA attachment specifications.

(2) Cooperation and Institutional Units Involved. Identify each institutional unit contributing to the project and designate the lead institution or institutional unit when submitting a cooperative, multi-institutional or multidisciplinary application. Clearly define the programmatic roles, responsibilities, and budget for each institutional partner.

(3) Appendices to Project Narrative. Appendices to the Project Narrative are allowed if they are directly germane to the proposed project. Do not use the addition of appendices to circumvent the text and/or figures and tables page limitations.

(4) Collaborative Arrangements. Fully explain and justify formal consulting or collaborative arrangements with others, should such arrangements be necessary. Provide a vitae or resume for any consultant(s) or collaborator(s) if known at the time of application. In addition, provide evidence (e.g., letter of support) that the identified collaborators involved have agreed to render these services. You must also provide additional information on consultants and collaborators in the budget portion of the application.

**Additional Current and Pending Support(s)** Add Attachment Delete Attachment View Attachment

Beginning with the PD/PI, provide a profile for each proposed Senior/Key Person. Unless otherwise specified in NIFA’s announcement, Senior/Key Personnel are defined as all individuals who contribute in a substantive, measurable way to the scientific development or execution of the project whether or not salaries are requested. Include consultants if they meet this definition.
Research and Related (R&R) Forms and Instructions

Complete a R&R Senior/Key Person Profile for, at a minimum, the PD, each co-PD, senior associate, and other professional personnel. A co-PD serves the same role as a PD (defined in 2.15 of this Part); however, the PD is the named contact to facilitate communications with NIFA. A paraprofessional is an individual who, through formal education, work experience, and/or training, has the knowledge and expertise to assist a professional person.

Save the information in a single file and attach here. This field is required.

The Biographical Sketch should be limited to 2 pages each in length, excluding publications listings. The vitae should include a presentation of academic and research credentials, as applicable (e.g., earned degrees, teaching experience, employment history, professional activities, honors and awards, and grants received). Include a chronological list of all publications in refereed journals during the past 4 years, including those in press. Also, list only those non-refereed technical publications that have relevance to the proposed project. List
all authors in the same order as they appear on each paper cited, along with the title and complete reference as these usually appear in journals. **See Part III Section 3.1 of this Guide for NIFA attachment specifications.**

### 5.3 Attach Current and Pending Support

Provide a list of all current and pending support for the PD/PI (even if they receive no salary support from the project(s)) for ongoing projects and pending proposals. Show the total award amount for the entire award period (including indirect costs) as well as the number of person-months per year to be devoted to the project by the senior/key person, regardless of source of support. Concurrent submission of a proposal to other organizations will not prejudice its review.

A suggested template for the Current and Pending support is available at [http://nifa.usda.gov/resource/application-support-templates](http://nifa.usda.gov/resource/application-support-templates). Include a current and pending support list for the PD/PI. **Even if no other funding is currently reported as “Active,” list this application as “Pending” in the information submitted.** Identify the proposed project as pending in the attached document. The percent of time committed should not exceed 100% of effort for concurrent projects. NIFA will not fund an application that duplicates or overlaps substantially with an application already funded (or to be funded) by another organization or agency. Prepare the Current and Pending support list(s) following the instructions and format noted below. **See Part III Section 3.1 of this Guide for NIFA attachment specifications.**

**Instructions:**

1. Record information for active and pending projects, including this proposal. (Concurrent submission of a proposal to other organizations will not prejudice its review by NIFA.)
2. All current efforts to which project director(s) and other senior personnel have committed a portion of their time must be listed, whether or not salary for the person involved is included in the budgets of the various projects.
3. Provide analogous information for all proposed work which is being considered by, or which will be submitted in the near future to, other possible sponsors including other USDA programs.

### 5.4 Enter Profile – Senior/Key Person 1

Enter information for Senior/Key Person 1 following the instructions included in Sections in 5.1, 5.2, and 5.3.

Select “Next Person” to enter the next senior/key person entry. Complete the same information noted in Sections 5.1 through 5.3 for additional senior/key persons.

A PD/PI is the individual(s) a research organization designates as having an appropriate level of authority and responsibility for the proper conduct of the project, including the appropriate use of funds and administrative requirements such as the submission of progress reports to the agency. When an organization designates more than one PD/PI, it identifies them as individuals who share the authority and responsibility for leading and directing the project, intellectually and logistically. NIFA does not infer any distinction in scientific stature among multiple PD/PIs. NIFA will consider the PD/PI entered on the SF-424 R&R Cover Sheet (see Part V 2.15) as the contact PD/PI.

NIFA will recognize, on any award that is issued as a result of the application, all the PD/PI co-PD/PIs entered on this form (any individual listed as a “co-investigator” is not identified on the award). **You must attach “Current and Pending Support” information for each key person identified. Even if no other funding is currently reported as “Active,” this application is to be identified as “Pending” in the information submitted.**
6. **R&R Personal Data**

The Federal government has a continuing commitment to monitor the operation of its review and award processes to identify and address any inequities based on gender, race, ethnicity, or disability of its proposed PDs/PIs and co-PDs/PIs. To gather information needed for this important task, the applicant should submit the requested information for each identified PD/PI and co-PD/PIs with each proposal. Submission of the requested information is voluntary and is not a precondition of award. However, information not submitted will seriously undermine the statistical validity, and therefore the usefulness, of information received from others. Any individual not wishing to submit some or all the information should check the box provided for this purpose. Upon receipt of the application, this form will be separated from the application. This form will not be duplicated, and it will not be a part of the review process. Data will be confidential.

To meet the responsibilities of the U.S. Department of Agriculture, 7 U.S.C. 3121, NIFA must collect certain information to maintain its Privacy Act Record System, Privacy Act of 1974, 5 U.S.C. 552a. Such information includes the race and ethnicity of the PD/PI and Co-PDs/PIs. This information is used only for tracking and statistical purposes necessary to meet the demands of NIFA and will not be part of the review process. This information is purely voluntary in which case the failure or refusal to provide the information would not deny an individual any right, benefit, or privilege provided by law. However, we strongly encourage you to provide the requested information to increase the quality of the NIFA database, aid in verification of eligibility for certain programs and to have a unique identifier for PD/PIs to aid in tracking grantees from one institution to another.

7.2 Enter Senior/Key Person (Field A on the Form)

This section identifies names of Senior/Key Personnel. Each person identified in the Senior/Key Person profile who is an employee of the applying organization must be listed in this section if funds are requested.

Salaries of the PD/PI(s) and other personnel associated directly with the project should constitute direct costs in proportion to their effort devoted to the project. Charges by academic institutions for work performed by faculty members during the summer months or other periods outside the base salary period are to be at a monthly rate not in excess of that which would be applicable under the base salary and other provisions of the applicable cost principles. All requested salaries must be consistent with the regular institution practices.

You may not use award funds to augment the total salary or rate of salary of project personnel or to reimburse them for consulting or other time in addition to a regular full-time salary covering the same general period of employment.

The Prefix, First Name, Middle Name, Last Name, Suffix, and Project Role fields for the PD/PI will be pre-populated from the SF-424 R&R. For the PD/PI, complete the remaining fields following the instructions below. You should also use the instructions below to complete information for up to seven more Senior/Key Persons.

Trainee costs are the costs associated with educational projects that support trainees (pre-college, college, graduate and post graduate). List total costs for each budget item and the number of participants/trainees. In the budget justification, identify the purpose of the conference/training, dates, and places and justify costs.

1. **Tuition/Fees/Health Insurance** - List total funds requested for Participant/Trainee Tuition/Fees/Health Insurance.

**Total Participant/Trainee Support Costs** – Total Funds requested for all participant/trainee costs. This total will auto-calculate.
7.7 Enter Other Direct Costs (Field F on the Form)

1. **Materials and Supplies** - List total funds requested for materials and supplies. In the budget justification, indicate general categories such as glassware, chemicals, animal costs, including an amount for each category. Categories less than $1,000 are not required to be itemized.

   In general terms, indicate the types of required expendable materials and supplies and their estimated costs.

2. **Publication Costs** - List the total publication funds requested. The proposal budget may request funds for the costs of documenting, preparing, publishing or otherwise making available to others the findings and products of the work conducted under the award. In the budget justification, include supporting information.

   You may include anticipated costs of preparing and publishing the results of the proposed project, including costs of reports, reprints, page charges or other journal costs, and necessary illustrations.

3. **Consultant Services** - List the total costs for all consultant services. In the budget justification, identify each consultant, the services he/she will perform, total number of days, travel costs, and total estimated costs.

   Applicants normally are expected to the services of their own staff to the maximum extent possible in managing and performing the activities supported by awards. If you anticipate the need for consultant services, you must provide in the “Other Attachments” (Field 11. of the SF-424 R&R Other Project Information) a justification for the use of such services, a statement of work to be performed, and a resume or curriculum vitae for each consultant. The proposal budget should indicate the amount of funds required for this purpose. The budget narrative should list the name(s) of the consultant(s), the name(s) of their organization(s), and a breakdown of the amount being charged to the award (e.g., number of days of service, rate of pay, travel, per diem). If this information is not available at the time of award, funds for this purpose will be withheld until the information is provided to and approved by NIFA.

4. **ADP/Computer Services** - List total funds requested for ADP/Computer Services. The cost of computer services, including computer-based retrieval of scientific, technical and education information may be requested.

7.8 **Verify Total Direct Costs (Field G on the Form)**

**Total Direct Costs (A thru F)** – Total Funds requested for all direct costs. This total will auto-calculate.

7.9 **Enter Indirect Costs (Field H on the Form)**

**Indirect Cost Type** - Indicate the type of base; e.g., Salary & Wages, Modified Total Direct Costs, Other (explain). Also indicate if off-site. If more than one rate/base is involved, use separate lines for each. If you do not have a current indirect rate(s) approved by a Federal agency, indicate, "None--will negotiate" and include information for a proposed rate. Use the budget justification if additional space is needed.

**Indirect Cost Rate (%)** - Indicate the most recent Indirect Cost rate(s) (also known as Facilities & Administrative Costs [F&A]) established with the cognizant Federal office, or in the case of for-profit organizations, the rate(s) established with the appropriate agency. If you have a cognizant/oversight agency and are selected for an award, you must submit your indirect rate proposal to that office for approval. If you do not have a cognizant/oversight agency, contact the awarding agency.

**Indirect Cost Base** - Enter the amount of the base for each indirect cost type.

* **Funds Requested ($)** - Enter funds requested for each indirect cost type. This field is required.

**Total Indirect Costs** - Total Funds requested for indirect costs. This total will auto-calculate.

**Cognizant Federal Agency** - Enter the name of the cognizant Federal agency, name and phone number of the individual responsible for negotiating your rate. If no cognizant agency is known, enter "None".

Many NIFA programs have statutory limits on the amount of F&A/indirect cost recovery. This limitation flows down to subcontracts. Check Part IV, D. of the RFAs for the limitations, if any, on F&A/indirect costs. If indirect costs are allowed under the program, then the following applies as appropriate:

- **When NIFA is not the cognizant Federal agency.** You should use the current negotiated indirect cost rate established by your cognizant Federal agency (the agency that provides the most funds). If awarded, you will be required to produce a negotiated indirect cost rate agreement from the cognizant agency in order to recover indirect costs. You may request (i.e., budget) indirect costs using the lesser of: (a) the negotiated rate; or (b) the maximum statutory rate stated in the Request for Application, if any. If unable to obtain a negotiated rate from your cognizant agency, you are not permitted indirect cost reimbursement. Rather, you may only be reimbursed for allowable direct costs. Violation of cost accounting principles is not permitted when re-budgeting or charging costs to awards. Rather, costs must be consistently charged as either indirect or direct costs. Also see 10% de minimus information in this section.
If the cognizant agency issues a negotiated rate subsequent to award, the negotiated rate may not be retroactively applied.

- **When NIFA is the cognizant Federal agency.** If you do not have a negotiated rate, and NIFA is the cognizant agency, you must calculate an indirect cost rate in order to request indirect costs. NIFA’s indirect cost website provides several sample indirect cost rate calculations. NIFA’s website is found at: [http://nifa.usda.gov/indirect-costs](http://nifa.usda.gov/indirect-costs). During the application process, you are not required to complete the entire indirect cost package identified on NIFA’s website. Rather, you need only calculate an indirect cost rate to serve as a basis for requesting indirect costs. If awarded, you will be required to submit a complete Indirect Cost Proposal (ICP) package as explained on NIFA’s indirect cost website. Also see 10% de minimus information in this section.

- **10% de minimus indirect cost rate.** If you are new to Federal awards, and have never received a negotiated rate, you may elect to forgo calculation of an indirect cost rate and request a 10% de minimus indirect cost rate. The 10% de minimus rate is applied to modified total direct costs (MTDC). MTDC means total direct costs related to the award, such as direct labor, fringe benefits, materials and supplies, publications, consultant services and travel costs. MTDC excludes the following costs: equipment, capital expenditures, participant support costs and the portion of each subaward and subcontract in excess of $25,000. Violation of cost accounting principles is not permitted when charging costs to awards. Rather, costs must be consistently charged as either indirect or direct costs.

  If the 10% de minimus option is chosen, it must be used consistently for all Federal awards until such time you choose to negotiate for a rate, which you may apply to do at any time. NIFA will revisit its cognizant agency responsibilities at that time. If cognizant, NIFA will establish a negotiated rate. The negotiated rate may not be retroactively applied.

On this form, you will attach the R&R Subaward Budget files for your grant application. Only subaward budgets are to be attached to this form. Complete the subawardee budget(s) in accordance with the R&R budget instructions (this includes the preparation of a budget justification for the subaward and attaching it in Field K. of the subaward budget). All file(s) you attach must be in .pdf documents. See Part III Section 3.1 of this guide for NIFA attachment specifications.

The R&R Subaward Budget Attachment(s) Form allows no more than 30 R&R Subaward Budget Files for a grant application. Include any remaining subaward budget(s) (beyond the 30 subaward budget attachments) under Field K. "Budget Justification" of the applicant organization, incorporating them as part of the required PDF attachment.

Annual budget(s) including a budget justification and a cumulative budget are required for each subcontractual arrangement.
Research and Related (R&R) Forms and Instructions

To extract or download, fill, and attach the additional R&R Subaward Budget Attachment(s) Form:
1. On the R&R Subaward Budget Attachment(s) Form, press the “Click here to extract the R&R Subaward Budget Attachment” button to download the form.

2. Save the subawardee budget file(s) with the name of the subawardee organization. Each file name attached to the R&R Subaward Budget Attachment(s) Form must be unique.
3. Open the form that you have just saved.
4. Enter your subawardee organization information in this supplemental form. Complete the subawardee budget(s) in accordance with the R&R budget instructions (see Section 7. of this Part).
5. When you have completed the supplemental form, save it and close it.
6. Return to the “R&R Subaward Budget Attachment(s) Form.”
7. Attach the saved supplemental form that you just completed and saved to one of the blocks provided on this “attachment(s)” form.
8. Extract and attach additional R&R Subaward Budget Attachment forms for the subaward organizations as necessary using the process outlined above. The files you attach must be a previously extracted R&R Subaward Budget Attachment form. Attaching any other type of file may result in the inability to submit your application to Grants.gov.

Annual budget(s) including a budget justification and a cumulative budget are required for each subcontractual arrangement. If there are more than 10 subcontractual arrangements, you must add the budgets—including the budget justification for the subcontractual arrangements that are not included in the R&R Subaward Budget Attachment(s) Form—to the application by including them in the primary applicant’s budget justification or by attaching them to Field 11, Other Attachments, of the R&R Other Project Information form (see Part V., 4).
