Title: State 911 Plan Information Collection Instrument

OMB Control No. 0660-0041

Expiration Date: 11/30/2020

5. **Describe the activities the State or Tribal Organization will undertake to achieve the implementation and operation of 911 services, E-911 services, migration to an IP-enabled emergency network, and adoption and operation of NG911 services and applications; the implementation of IP-enabled emergency services and applications enabled by NG911 services, including the establishment of IP backbone networks and the application layer software infrastructure needed to interconnect the multitude of emergency response organizations; and training public safety personnel, including call-takers, first responders, and other individuals and organizations who are part of the emergency response chain in 911 services.**

Public Burden Statement: According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a currently valid OMB number. Public reporting burden for this collection of information is estimated to average 94 hours per response. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to Yuki Miyamoto, Grant Program Specialist, Office of Public Safety Communications, National Telecommunications and Information Administration, U.S. Department of Commerce, 1401 Constitution Avenue, NW, HCHB, Room 4076, Washington, DC 20230, or to Laurie Flaherty, Coordinator, National 911 Program, Office of Emergency Medical Services, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, NPD-400, Washington, DC 20590.
