Notice of Funding Opportunity**

Funding Opportunity Title: Ambassador's Special Self-Help Program 2021

Funding Opportunity Number: DOS-KAM-AMBSSH-FY20

Deadline for Applications: 31 March 2021

Assistance Listing Number: 19.700

Total Amount Available: \$50,000

A. PROJECT DESCRIPTION

The U.S. Embassy Kampala Small Grants Office announces an open competition for registered organizations interested in submitting applications for the Ambassador's Special Self-Help (SSH) Program, which supports small-scale, community-based initiatives that promote self-reliance, foster development, and promise an immediate and dramatic effect on local communities. Projects should also include significant community contributions in cash, labor, or materials. The purpose of the program is to support different types of community-initiated and community-led capacity-building projects, including development projects (schools, health clinics, wells), as well as projects that increase employment and help communities to develop marketable skills (village craft centers, agricultural cooperatives), and projects that address concerns such as women's empowerment. For the SSH Program in 2021, U.S. Embassy Kampala will prioritize projects that address gender equality and women's empowerment. All applications will be accepted, but priority will be given to those two focus areas.

B. FEDERAL AWARD INFORMATION

U.S. Embassy Kampala expects to have approximately \$50,000 available to support five to eight organizations, subject to the availability of funding. Grants are typically between \$5,000 and \$10,000 per project. Project proposals should include a period of performance starting after September 2021 and concluding by September 2022. The SSH Program receives hundreds of funding applications each year. All submissions are reviewed in a competitive and transparent manner. Given the limited funding available through the SSH Program, the U.S. Embassy can only fund a few projects each year. Those projects that are short-listed will be contacted with additional details. All other projects will receive a form letter response via email. Unfortunately, detailed feedback for unsuccessful applicants will not be available.

This notice is subject to availability of funding.

As noted in section C.4, the Small Grants Office may not make a Federal award to an applicant until the applicant has complied with all applicable UEI and SAM requirements and, if an applicant has not fully complied with the requirements by the time the Small Grants Office is ready to make an award, the Small Grants Office may determine that the applicant is not qualified to receive a Federal award and give the award to another applicant.

The process for obtaining all these registrations can be lengthy and cumbersome. We suggest any entity interested in receiving funding from the government of United States begin the process shortly after submitting their application, if possible.

If this is your first time to register, please request DUNS number first, then register with SAM.gov and request NCAGE code. You need to have DUNS number in order to register with SAM.gov AND obtain NCAGE code. All the information entered in DUNS/SAM/NCAGE must be exactly the same. E. APPLICATION REVIEW INFORMATION

E.1 Criteria

Only complete applications will be evaluated. The Proposal Review Committee will evaluate proposals according to several criteria, including: Quality of project idea and impact on target

group; Community participation and contribution in the project design, implementation, and monitoring and evaluation; Project outreach/impact (i.e. cost per beneficiary); Feasibility of successful project implementation/impact (over a 1-year grant period); Sustainability; and Transparent and participatory beneficiary selection process. Organizational capacity and past performance will also be considered.

E.2 Review and Selection Process

The Small Grants Office strives to ensure each application receives a balanced evaluation by a Review Panel. The Small Grants Office will determine technical eligibility for all applications. Proposals that meet the evaluation criteria and move on to the next level will be informed of next steps in the application process. Non-eligible applicants will be notified that they are not being considered for funding

F. FEDERAL AWARD ADMINISTRATION INFORMATION

F.1 Federal Award Notices

The Small Grants Office will provide a separate notification to applicants on the result of their applications. Successful applicants will receive a letter electronically via email requesting that the applicant respond to panel questions, conditions, and recommendations. This notification is not an authorization to begin activities and does not constitute formal approval or a funding commitment. Final approval is contingent on the applicant successfully responding to the panel's conditions and recommendations, being registered in required systems, including SAM registration, unless an exemption is provided, and completing and providing any additional documentation requested by the Small Grants Office.

The notice of Federal award signed by the Department's warranted grants officers is the sole authorizing document.

F.2 Administrative and National Policy Requirements

The Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards set forth in 2 CFR Chapter 200 (Sub-Chapters A through F) shall apply to all non-Federal entities, except for assistance awards to Individuals and Foreign Public Entities (for more information on these exceptions, see Chapters 5, Federal Assistance to Individuals, and 6, Federal Assistance to Foreign Public Entities Directive.) Sub-Chapters A through E shall apply to all foreign organizations, and Sub-Chapters A through D shall apply to all U.S. and foreign for-profit entities.

The applicant/recipient of the award and any sub-recipient under the award must comply with all applicable terms and conditions, in addition to the assurance and certifications made part of the Notice of Award. The Department's Standard Terms and Conditions can be viewed at

<https://www.statebuy.state.gov/fa/Documents/2015DeptTermsAndConditionsForUSandForeignOrg.pdf>.

F.3 Reporting

Applicants should be aware that the Small Grants Program awards will require that all reports (financial and progress) are submitted on a quarterly basis. SSH requires grantees to adhere to specific procurement, reporting, and record-keeping requirements. The Embassy will transfer the SSH funds to grantees via electronic funds transfer in two tranches, in U.S. dollars (the receiving bank will convert the funds to UGX at the current exchange rate). Grantees are responsible for identifying reliable suppliers and obtaining invoices. SSH encourages grantees to purchase materials from local vendors to the extent possible.

Information on this reporting will be forthcoming to final applicants.
