The “objectives” refer to the intermediate accomplishments on the way to the goals. These should be specific, measurable, and realistically achievable in a set time frame.
4. **American Content:** Projects must have an American Content element in order to be eligible for funding. Examples of American Content include involvement of American experts in a specific field as a speaker or trainer or similar; partnership with an American organization, educational institution or Peace Corp volunteers; use of USG facilities such as American Spaces; the application or adaptation of U.S. models

## **E. REVIEW AND SELECTION PROCESS**

**Evaluation Criteria:** The U.S. Embassy Mozambique Public Affairs Section will use the criteria outlined below to evaluate all applications. The proposals will be reviewed by a Selection Committee made up of regional and exchange program experts located at the Department of State in Washington, DC. Panelists will use the criteria below to review and evaluate applications.

### **Relevance to Application Theme**

The proposal provides sufficient information on how the activities will support the theme(s) of the competition. The narrative explains any relevant local context the D.C. Selection Committee may not be aware of in relation to this project. Proposed project ideas must be public diplomacy in nature (i.e. not development or military).

### **Purpose and Summary, Description, and Implementation Plan**

When developing the purpose, summary, description, and implementation plan, applicants should aim to make all descriptions clear, concise, and compelling. Reviewers will judge the proposals based on the likelihood for the project to exert a sustained, powerful influence on the community where it is undertaken. Does the project address an important gap of understanding or need? If the aim of the project is achieved, how will existing knowledge or practice be

improved? What audience do the applicants hope to reach with this project? How many will participate? How will they be selected?

**Degree of Alumni Involvement**

Projects must include the involvement of at least two exchange alumni. They may be the project team leaders or collaborate directly with PAS in formulating the project. More than two alumni may comprise the team, however, the minimum is two. As the team leaders, the alumni must be closely involved in project planning, implementation, etc. Applicants should ensure that the proposal includes the following information for each alumni team member: first name, last name, e-mail address, exchange program, country of citizenship, and roles and responsibilities.

**Participation and Support from Local Partners**

The proposal demonstrates buy-in and support from the community where the project will take place. Local partner involvement is a strong sign that there is community support and that the project will engage a broad array of experts, such as subject matter experts, community centers, academic institutions, businesses, local/national government, non-governmental organizations, American Spaces, etc.

**Evaluation and Impact of the Project**

A monitoring & evaluation (M&E) plan is pivotal to project implementation and important tracking progress towards the project's objectives and goals. An M&E plan should consider the data needed to effectively monitor progress toward specific outputs and outcomes as well as how that data collection will be accomplished. Well-crafted indicators should be used to understand a program's progress toward the desired results. An M&E plan should be reviewed for the following:

- Completion
- Applicability and logic of objectives and indicators
- Clear approach to monitoring
- Adherence to SMART criteria
- Feasibility of baselines and targets
- Data quality plan
- Capacity to implement plan

**Sustainability**

Have the applicants considered how the project will continue to have positive impact after the end of the project.

**Communication, Media, and Outreach Plan**

The project should include a clear plan and timeline for how and when the team will share information about the project. It is important to ensure that the U.S. Embassy gets recognition throughout the process, if circumstances permit.

**Budget and Budget Narrative**

The budget and narrative justification are sufficiently detailed. Costs are reasonable in relation to the proposed activities and anticipated results. The budget is realistic, accounting for all necessary expenses to achieve proposed activities. The results and proposed outcomes justify the total cost of the project. Budget items are reasonable, allowable, and allocable.

**Disclaimer:** This notice is subject to availability of funding. U.S. Embassy Mozambique does not guarantee availability of funding by receiving applications under this announcement. Only successful applicants will be contacted.
