

FWS Youth Corps – *updated October 11, 2023*

The Public Lands Corps allows the Service to partner with organizations through a financial assistance/cooperative agreement or Memorandum of Understanding. Interested partner organizations may then request membership in the FWS Youth Corps by submitting a proposal. Once approved the partner may then provide the benefit of non-competitive hiring eligibility through the Public Lands Corps Act. For additional information and instructions, see the [Request for Membership in the FWS Youth Corps](#). Partners may also utilize the [MOU Template](#) and [MOU Instructions](#) as a resource.

National Partner Organizations – Awarded within last 3 years
