G.4 5X252.201.602-2-91 CONTRACTING OFFICER'S REPRESENTATIVE (COR) (JAN 2004)

The following contracting officer's representative(s) (COR) are appointed to this contract: (use for Awards)

PRIMARY:

☐

☐

ALTERNATE:

☐

☐

For ordering contracts, the COR(s) will be identified on each delivery/task order.

The COR(s) has a written designation memorandum on file with the procurement office. This memorandum, as directed by DFARS 252.201-7000(b), specifies the extent of the COR's authority to act on behalf of the contracting officer. This authority cannot be re-delegated to any other person. The alternate COR acts in behalf of the primary COR in absence of the primary COR and is appointed through a separate memorandum.

The primary responsibilities of CORs are:

1) Technical Liaison. Oversees the contractor's technical effort to ensure that performance is in strict accordance with the terms and conditions of the contract. Is the primary interface between the contractor and the contracting officer on matters pertaining to the contractor's technical performance. Answers technical questions, furnishes technical instruction and guidance to the contractor relating to contract specifications, and any other instructions of a technical nature necessary to perform the work as specified in the contract. CORs are not to tell the Contractor how

to perform, but only what is required of a technical nature. If doubt exists as to whether information to be furnished falls within the scope of the contract, the COR is to coordinate action with the contracting officer prior to transmitting the information to the Contractor. Promptly responds to contracting officer queries for technical information and directs the contractor to submit requests for change, deviation or waiver in writing to the contracting officer. Keeps the contracting officer informed regarding communications with the contractor in order to prevent possible misunderstandings or situations that could affect contract terms and conditions and become the basis for future claims against the Government.

2) Monitoring contractor performance. Ensures delivery schedules are adhered to and provides quality assurance. Provides status to the contracting officer and other program personnel to ensure compliance with the technical requirements of the contract. If performance is not proceeding satisfactorily, or if problems are anticipated, promptly notifies the contracting officer and may provide a recommended technical course of correction action. Reviews and approves progress reports, technical reports, financial/management reports and other items requiring approval. Notifies the contracting officer if such reports or items should be rejected, stating the basis for rejection.

3) Technical Evaluation of Contractor Proposal. Evaluates contractor proposals for modifications and provides a written technical evaluation, to include price or cost elements, to the contracting officer.

4) Reviewing and Approving Payments and Acceptance. Reviews invoices and progress payments for accuracy and appropriateness and reports any discrepancies and provides concurrence (or non-concurrence) to the Contracting Officer. Approves payments and accepts work on the appropriate forms for services performed or supplies delivered.

5) Administration of Government Property. Submits to the contracting officer and property specialist a written evaluation of the disposition of any material/property furnished by the Government that is accountable to the contract.

6) Security. Coordinates all security requirements of the contract with the contractor and the agency security office, to include DD254s and contractor access to NGA networks. Ensures AIS accounts of departing NGA contractor on-site personnel are cancelled expeditiously. Keeps track of any classified documents or data provided and ensures return or destruction upon completion of the contract.

7) Maintenance of Files. Keeps a file of all records related to the contract to include, but not limited to, the contract, e-mail correspondence, formal written correspondence, reports, receiving and acceptance reports/forms, technical evaluations, trip reports, meeting notes, status reports, past performance reports, government property reports and closeout records.

8) Administration of On-Site contractor personnel information. Maintains information on contractors, prime and subs, performing on-site at NGA facilities. Coordinates with the contractors and the Human Resource Office (HR) all contractor data changes, to include arrival and departure, names, physical location(s), NGA organization code of office responsible for contractor-occupied-space, and employer name, address and phone. Approves badging of contractors upon contractor completion and submittal of Contractor Data Input Record Form to HR and a standardized NGA non-disclosure statement.

CORs shall not direct the contractor in any manner that would be of the type of supervision or control that converts an individual who is an independent Contractor (such as a contractor employee) into a Government employee.

Notwithstanding the delegated duties listed herein, the COR does not possess the authority of a contracting officer and, therefore, shall not alter the terms and conditions of the contract in any way, to include any commitments or changes that will affect cost, price, quality, quantity, delivery, or any other term or condition of the contract. The contracting officer is the only official with the authority to enter into or modify contractual agreements or commitments. Unauthorized acts could result in personal liability.

The duties and responsibilities set forth herein are not intended to be all-inclusive. The contracting officer may delegate additional functions as deemed necessary.

SECTION H - Special Contract Requirements

H.1 DORMANT ACCOUNT REVIEW-QUARTERLY PARTICIPATION

The Dormant Account Review, Quarterly (DAR-Q) process, is the Department of Defense (DoD) requirement to increase the Department's and NGA's ability to use available appropriations before they expire and ensure remaining open obligations are valid and liquidated before the cancellation of the appropriation. NGA disseminates and receives DAR-Q information to and from NGA's Industry Partners using the National Reconnaissance Office (NRO) unclassified Acquisition Research Center (ARC) website. NGA provides consolidated lists of lines of accounting for validation, of which contractor participation is mandatory.

Contractors holding NGA contracts and/or orders are required to support the NGA DAR-Q process. Each contractor must select two points of contact (POCs) to establish and maintain active accounts on the unclassified NRO ARC at <https://acq.westfields.net>.

Contractor POCs use the following information to register:

- 1.) Full name;
- 2.) SSN (Optional);
- 3.) Unclassified email address;
- 4.) DUNS number; and
- 5.) Unclassified telephone number.

From the <https://acq.westfields.net> homepage, click on "Register" in the upper-right-hand corner of the page; follow the instructions, and enter the requested data. Although not required for DAR-Q compliance, POCs possessing a classified email account may enter that information during registration to also create a classified ARC account.

POCs should be aware that account activation requires the registered user to validate the account by email within 24 hours of registration. Questions or problems related to the website or the registration process should be directed to

UNCLASSIFIED

UNCLASSIFIED

the unclassified Acquisition Center of Excellence (ACE) Help IT Desk at 703-230-6300 or acehelpdesk@westfields.net.

NGA will conduct quarterly DAR-Q reviews in accordance with the DoD Financial Management Regulations (FMR). Contractors with dormant Unliquidated Obligations appearing on any specific quarterly DAR-Q review will be notified via the NRO ARC. Once notified, contractor POCs are required to validate and upload the contractors' responses, including supporting documentation, to the NRO ARC by the due date set forth in the relevant timelines outlined by NGA and the FMR.

H.2 Special Contract Requirements

KEY PERSONNEL CLAUSE

(a) The Contractor shall assign to perform this contract those persons whose resumes were submitted with its proposal and who are identified below or in the Contractor's proposal as Key Personnel. No substitutions of these Key Personnel shall be made except in accordance with this clause.

(b) The Contractor agrees that during the first twelve months of contract performance, no key personnel substitutions will be made unless necessitated by an individual's sudden illness, death, or termination of employment. In any of these events, the Contractor shall promptly notify the Contracting Officer and provide the information required by paragraph (d) below on the proposed replacement for Government approval.

(c) After the initial twelve-month period, the Contractor must obtain Government approval of the substitution prior to removing the approved Key Personnel from performance. All proposed substitutions/additions must be submitted, in writing, to the Contracting Officer at least 30 days (60 days if security clearances are involved) in advance of the proposed substitution and provide the information required by paragraph (d) below.

(d) All requests for substitutions/additions must include a detailed explanation of the circumstances necessitating the proposed substitution or addition, a complete resume for the proposed substitute or addition including skills, experience, education, training, and security level. As determined by the Contracting Officer, all proposed substitutes/additions must have qualifications that meet or exceed the qualifications of the person to be replaced.

(e) The Contracting Officer or his authorized representatives will evaluate the request(s) and the Contracting Officer will notify the Contractor, in writing, of approval or disapproval. Disapproval of the proposed individual(s) shall not provide grounds for nonperformance by the Contractor or form the basis of any claim for monies, delivery schedule extension, or any other equitable adjustment.

(f) The personnel set forth as proposed by the Contractor as identified in the Contractor's proposals as Key Personnel, comprise the list of Key Personnel required to perform under these contracts. The list may be modified in accordance with the above, to substitute or add personnel:

- **Insert Name - Principal Investigator**

I.81 52.232-32 PERFORMANCE-BASED PAYMENTS. (APR 2012)

(a) *Amount of payments and limitations on payments.* Subject to such other limitations and conditions as are specified in this contract and this clause, the amount of payments and limitations on payments shall be specified in the contract's description of the basis for payment.

(b) *Contractor request for performance-based payment.* The Contractor may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The Contractor's request shall contain the information and certification detailed in paragraphs (l) and (m) of this clause.

(c) *Approval and payment of requests.* (1) The Contractor shall not be entitled to payment of a request for performance-based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The Contracting Officer shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable.

(2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the 30th day after receipt of the request for performance-based payment by the designated payment office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or into any of the conditions listed in paragraph (a) of this clause, or into the Contractor certification. The payment period will not begin until the Contracting Officer approves the request.

(3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract.

(d) *Liquidation of performance-based payments.* (1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either predesignated liquidation amounts or a liquidation percentage.

(2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments.

(e) *Reduction or suspension of performance-based payments.* The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions:

(1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (h) and (i) of this clause).

(2) Performance of this contract is endangered by the Contractor's (i) failure to make progress or (ii) unsatisfactory financial condition.

(3) The Contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business.

(f) *Title.* (1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract,

(2) *Property*, as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices:

(i) Parts, materials, inventories, and work in process;

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iii) Nondurable (*i.e.*, noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under subparagraph (f)(2)(ii) of this clause; and

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract (*e.g.*, the termination clauses) shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officer's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer.

(5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officer's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not-

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.

(g) *Risk of loss.* Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(h) *Records and controls.* The Contractor shall maintain records and controls adequate for administration of this clause. The Contractor shall have no entitlement to performance-based payments during any time the Contractor's records or controls are determined by the Contracting Officer to be inadequate for administration of this clause.

(i) *Reports and Government access.* The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by the Contracting Officer for the administration of this clause and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The Contractor shall give the Government reasonable opportunity to examine and verify the Contractor's records and to examine and verify the Contractor's performance of this contract for administration of this clause.

(j) *Special terms regarding default.* If this contract is terminated under the Default clause, (1) the Contractor shall, on demand, repay to the Government the amount of unliquidated performance-based payments, and (2) title shall vest in the Contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided by the Default clause.

(k) *Reservation of rights.* (1) No payment or vesting of title under this clause shall (i) excuse the Contractor from performance of obligations under this contract or (ii) constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause (i) shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract and (ii) shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(l) *Content of Contractor's request for performance-based payment.* The Contractor's request for performance-based payment shall contain the following:

- (1) The name and address of the Contractor;
- (2) The date of the request for performance-based payment;
- (3) The contract number and/or other identifier of the contract or order under which the request is made;
- (4) Such information and documentation as is required by the contract's description of the basis for payment; and
- (5) A certification by a Contractor official authorized to bind the Contractor, as specified in paragraph (m) of this clause.

(m) *Content of Contractor's certification.* As required in paragraph (l)(5) of this clause, the Contractor shall make the following certification in each request for performance-based payment:

(b) In accordance with 10 U.S.C. 3802(c), the Contractor's financial statements shall be in compliance with Generally Accepted Accounting Principles in order to receive performance-based payments.

(c)(1) The Contractor shall, in addition to providing the information required by FAR 52.232-32, submit information for all payment requests using the following format:

Current performance-based payment(s) event(s) addressed by this request:		
Contractor shall identify-	Amount	Totals

(2) Incurred cost is determined by the Contractor's accounting books and records, to which the Contractor shall provide access upon request of the Contracting Officer. An acceptable accounting system in accordance with DFARS 252.242-7006 is not required for reporting of incurred costs under this clause. If the Contractor's accounting system is not capable of tracking costs on a job order basis, the Contractor shall provide a realistic approximation of the allocation of incurred costs attributable to this contract in accordance with the Contractor's accounting system. FAR 52.232-32(m) does not require certification of incurred costs.

(d) *Security for financing.* (1) Title to the property described in paragraph (f) of the clause at FAR 52.232-32, Performance-Based Payments, is the preferred security for receipt of performance-based payments.

(A) A paramount lien on assets.

(B) An irrevocable letter of credit from a federally insured financial institution.

(C) A bond from a surety, acceptable in accordance with FAR part 28.

(ii) Paragraph (f) of the clause at FAR 52.232-32 does not apply to the extent that the Contractor and the Contracting Officer agree on alternative forms of security. In the event the Contractor fails to provide adequate security, as required in this contract, no financing payment will be made under this contract. Upon receipt of adequate security, financing payments will be made, including all previous payments to which the Contractor is entitled, in accordance with the terms of the provisions for contract financing. If at any time the Contracting Officer determines that the security provided by the Contractor is insufficient, the Contractor shall promptly provide such additional security as the Contracting Officer determines necessary. In the event the Contractor fails to provide such additional security, the Contracting Officer may collect or liquidate such security that has been provided and suspend further payments to the Contractor; and the Contractor shall repay to the Government the amount of unliquidated financing payments as the Contracting Officer at his sole discretion deems repayable.

(a) The Contractor shall engage in a collaborative/iterative process with NGA [specifically the National Center for Geospatial Intelligence Standards (NCGIS) and the NGA Architecture and Standards Board's (NASB) Integrated Architecture Working Group (IAWG)], to identify and assess standards selected from NSG Enterprise Architecture Standards Views (StdV-1 and StdV-2) in order to implement mandated

(e) The Contractor shall provide the Government access to the CSPs and required architecture views, and present status of CSP and standards conformance at Government readiness reviews if requested.

(f) The Contractor shall obtain Government approval for changes to the NPX CSP. At a minimum, approval shall come from the Program Office/NCCB and the NASB for impacts to the Architecture and NSG interoperability.

(g) The Contractor shall obtain final approval from the cognizant NGA contracting officer prior to implementing NPX CSP changes that affect the requirements of the contract.

Once a stop-work notice is received, contractors should implement an orderly shutdown (e.g., secure files, make preparations to preserve work, etc...). Unless otherwise directed by the Contracting Officer, the stop-work order will automatically lift when Congress appropriates funds and work performance should resume provided there is funding on the contract.
