## ***2. Proposal (8 pages maximum)***

The proposal should contain sufficient information that anyone not familiar with it would understand exactly what the applicant wants to do. You may use your own proposal format, but it must include all the items below.

- **Proposal Summary:** Short narrative that outlines the proposed project, including project objectives and anticipated impact.
- **Introduction to the Organization applying:** A description of past and present operations, showing ability to carry out the program, including information on all previous grants from the State Department and/or U.S. government agencies as well as experience with and expertise in areas related to those described in the NOFO. Applicants are encouraged, but not required, to use the attached Applicant Organization Information Survey form to provide this information ([Applicant Organization Information Survey form](#)). If the applicant chooses not to use the attached form, all of the requested information from the form will still need to be addressed in the application package.
- **Problem Statement:** Clear, concise and well-supported statement of the problem to be addressed and why the proposed program is needed
- **Program Methods, Design, Activities, and Deliverables:** The “goals” describe what the program is intended to achieve. The “objectives” refer to the intermediate accomplishments on the way to the goals. These should be achievable and measurable. Describe the program activities and how they will help achieve the objectives.
- **Proposed Project Schedule and Timeline:** The proposed timeline for the program activities. Include the dates, times, and locations of planned activities and events.
- **Key Personnel:** Names, titles, roles and experience/qualifications of key personnel involved in the program. What proportion of their time will be used in support of this program?
- **Project Partners:** List the names and type of involvement of key partner organizations and sub-awardees (if applicable).
- **Future Funding or Sustainability** Applicant’s plan for continuing the program beyond the grant period, or the availability of other resources, if applicable.
- **Monitoring & Evaluation Plan:** Proposals must include a draft Monitoring and Evaluation (M&E) Performance Monitoring Plan (PMP). The M&E PMP should show how applicants intend to measure and demonstrate progress towards the project’s objectives and goals. [M&E PMP form](#) of this funding opportunity contains a template that may be used to fulfill this requirement. While the grantee is free to create their own template, completing [M&E PMP form](#) will ensure a thorough PMP.

The key components to the PMP are as follows:

- **Monitoring and Evaluation Narrative:** In narrative form, applicants should describe how they intend to monitor and evaluate the activities of their award. In addition, the

applicant should describe any M&E processes, including key personnel, management structure (where M&E fits into the overall program's staff structure), technology, and as well provide a brief budget narrative explaining any line-item expenditures for M&E listed in the program's budget. If the proposal is from a prior grantee, the proposal discusses how the grantee has adapted, improved or otherwise modified their approach based on learning from previous experience. This narrative is limited to two pages.

- **Theory of Change Diagram:** Applicants are expected to submit either a Theory of Change diagram or an If-Then Statement that illustrates how project activities will lead to intended outcomes. [M&E PMP form](#) includes a suggested format for these requirements.
- **Monitoring and Evaluation Datasheet:** The applicant must include their proposed activities and their expected outputs and outcomes as well as the goals and objectives as written in the NOFO. The datasheet's purpose is to explicitly illustrate how a project's activities lead to tangible results (such as increased beneficiary skills, knowledge, or attitudes) that ultimately address a PDS objective. For more information, please see [M&E PMP form](#): Instructions.
- The selected applicant's M&E PMP is subject to review and approval before any award will be issued under this NOFO. The selected applicant will be required to work with the Public Diplomacy Section's Monitoring and Evaluation Specialist to ensure the applicant's M&E PMP achieves an expected level of expertise and meets PDS objectives.
- Expenses directly associated with monitoring and evaluation are considered allowable. The suggested template includes a space to list the portion of the total budget amount directly associated with monitoring and evaluation activities.

### **3. Budget Justification Narrative**

- **Detailed Budget** - Applicants must submit a detailed line-item budget. Applicants are encouraged to utilize the template provided with the funding opportunity but are not required to do so. Line-item expenditures should be listed in the greatest possible detail. The budget must identify the total amount of funding requested, with a breakdown of amounts to be spent in the following budget categories: personnel; fringe benefits; travel; equipment; supplies; consultants/contracts; other direct costs; and indirect costs. See Annex Section I for a description of the types of costs that should be included in each category. Personnel salaries should include the level of effort and the rate of pay, which should cover the percentage of time each staff member will dedicate to grant-based activities. If an organization is charging an indirect cost rate without a NICRA, it must apply it to the modified total budget costs (MTDC), refer to 2CFR§[200.1](#). **Budgets shall be submitted in U.S. dollars** and final grant agreements will be conducted in U.S. dollars.
- **Budget Justification Narrative** – Applicants must submit a budget justification narrative to accompany the detailed line-item budget. The purpose of the budget justification

narrative is to supplement the information provided in the detailed budget spreadsheet by justifying how the budget cost elements are necessary to implement project objectives and accomplish the project goals. The budget justification narrative is a tool to help Embassy staff fully understand the budgetary needs of the applicant and is an opportunity to provide descriptive information about the requested costs beyond the constraints of the budget template. Together, the detailed budget spreadsheet, the budget justification narrative, and the SF-424A should provide a complete financial and qualitative description that supports the proposed project plan and should be directly relatable to the specific project components described in the applicant's proposal.

Additional Budget Notes:

- Audit Requirements: Please note the audit requirements for Department of State awards in the Standard Terms and Conditions <https://www.state.gov/m/a/oep/index.htm> and [2CFR200](#), Subpart F – Audit Requirements. - Visa Fees: Include all visa application and related fees in your budget as applicable. Please note DS-2019s for post-funded programs must be submitted directly by the award recipient. ## **I. OTHER INFORMATION**

### **Guidelines for Budget Justification**

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least \$10,000 per unit.

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than \$10,000 per unit, then put it in the budget under Equipment.

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in [2 CFR 200.1](#).

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.
