2. Executive Summary

The U.S. Department of State’s Embassy Doha announces an open competition to implement a program to advance concrete U.S. economic, technological, and security interests in Qatar. This is not a call for traditional cultural programming.

What We Fund: Projects that position U.S. firms and technologies as Qatar's preferred partners; demonstrate how America's open society drives innovation; strengthen U.S.-Qatar security cooperation; and use Freedom250 to showcase American excellence in ways that support strategic objectives.

What We Require: Clearly defined target audiences, specific measurable objectives, concrete impact metrics, and strategic alignment with U.S. interests.

Four Themes (choose at least one):

1. Strategic Economic and Technology Partnership
2. Open Information, Free Inquiry, and Innovation
3. Sovereignty, Security, and the U.S. as High-Trust Partner
4. American Heritage, Excellence, and Freedom 250 (*must connect to contemporary U.S. strengths*)

The overarching goal of this NOFO is to make America safer, stronger, and more prosperous by focusing public diplomacy resources on initiatives that directly support U.S. national interests while deepening U.S.–Qatar cooperation.

C. PROGRAM DESCRIPTION

1. Project Background, Goals, and Objectives

Overall Goals

This funding opportunity supports projects that:

- Strengthen U.S.–Qatar Strategic Relations: Enhance diplomatic, educational, economic, and security ties between the United States and Qatar in ways that directly advance U.S. strategic interests.
- Advance U.S. Economic and Technological Leadership: Expand opportunities for U.S. exports, investment, and commercial partnerships—particularly in AI, energy, advanced manufacturing, and critical infrastructure.

Applicants should have considerable, practical, and relevant experience in the implementation of the proposed activities to be seriously considered for this project. Previous experience working with Qatari audiences is required. Proposals must identify a clearly defined target audience that the project seeks to influence and specify the changes in knowledge, understanding, attitudes, or behavior that they seek with the project – and how they plan to measure these outcomes.

See Annex Section I for a description of the types of costs that should be included in each category. Personnel salaries should include the level of effort and the rate of pay, which should cover the percentage of time each staff member will dedicate to grant-based activities. If an organization is charging an indirect cost rate without a NICRA, it must apply it to the modified total budget costs (MTDC), refer to 2CFR§[200.1](#). **Budgets shall be submitted in U.S. dollars** and final grant agreements will be conducted in U.S. dollars.

Together, the detailed budget spreadsheet, the budget justification narrative, and the SF-424A should provide a complete financial and qualitative description that supports the proposed project plan and should be directly related to the specific project components described in the applicant’s proposal.

2. *Indirect Costs*

If two or more applications receive equivalent scores based on the evaluation criteria outlined in this NOFO, preference will be given to the applicant with the lower indirect cost rate, as consistent with Executive Order 14332, Section 4(b)(iii). This preference will only be applied as a tie-breaking mechanism and does not supersede the primary evaluation criteria.

3. *Review and Selection Process*

- a. Acknowledgement of receipt. Applicants will receive acknowledgment of receipt of their proposal.
- b. Review. All submissions are screened for technical eligibility. **If a submission is missing any required forms/documents listed above in [Section D. Application Contents and Format](#), it will be considered ineligible and will not be reviewed by the grants review committee.** A technical review panel will review eligible proposals based upon the criteria noted in this NOFO.
- c. Follow up notification. Applicants will generally be notified within 120 days after the NOFO deadline regarding the results of the review panel.

2. *Risk Review*

- i. Under the merit review as required by 2 CFR 200.206, prior to making a Federal Award the Department will review and consider the following risk factors:
 - a. Financial stability
 - b. Management systems and standards
 - c. History of performance

- d. Audit reports and findings
- e. Ability to effectively implement project requirements

ii. High Risk Designation

Awardees that are deemed to be high risk based on the above risk factors will be held to special award conditions. At a minimum, the recipient and/or project designated as High Risk will be required to submit monthly narrative reports and/or quarterly detailed financial reports. Recipients may also be required, upon request of the Grants Officer or Grants Officer Representative, to provide electronic copies of receipts or other supporting documentation (e.g., timesheets, travel documents) for costs incurred. The Grants Officer may withhold 10% of the award amount until final reports have been reviewed and approved by the GO. The recipient may be required to pay all salaries supported by the grant via electronic funds transfer. Other special award conditions may also be included if deemed appropriate by the Grants Officer.

G. AWARD NOTICES

The award or cooperative agreement will be written, signed, awarded, and administered by the Grants Officer. The award agreement is the authorizing document, and it will be provided to the recipient for review and countersignature. The recipient may only start incurring project expenses beginning on the start date shown on the award document signed by the Grants Officer.

If a proposal is selected for funding, the Department of State has no obligation to provide any additional future funding. Renewal of an award to increase funding or extend the period of performance is at the discretion of the Department of State.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of proposals. Further, the U.S. government reserves the right to reject any or all proposals received.

Payment Method:

Recipients will be required to request payments by completing form SF-270—Request for Advance or Reimbursement and submitting the form to the Grants Officer and Grants Officer Representative.

Recipients may not draw down funds without the affirmative authorization of the Department of State. In addition, recipients must submit, with each SF-270 payment request, a detailed explanation justifying the request.

In cases of more than one FADR Data Element, typically program or sector and/or regions or country, the successful applicant will be required to maintain separate accounting records.

I. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least \$10,000 per unit.

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than \$10,000 per unit, then put it in the budget under Equipment.

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in [2 CFR 200.1](#).

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.
